Independent Auditors' and Accountants' Report

To the Plan Administrator
CXP Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of CXP Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of CXP Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by Nationwide Life Insurance Company, a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section -

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator
CXP Retirement Plan

- The information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of CXP Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CXP Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may

To the Plan Administrator
CXP Retirement Plan

involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CXP Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about CXP Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required

To the Plan Administrator
CXP Retirement Plan

by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2021 Financial Statements

Plan management is responsible for the accompanying financial statement of CXP Retirement Plan, which comprises the statement of net assets available for benefits as of December 31, 2021. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statement.

CXP RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1: DESCRIPTION OF PLAN

The following description of the CXP Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Cross X Platform, LLC (the “Company”). The Plan was initially effective January 1, 2015, and most recently restated January 1, 2021. The Plan is intended to meet the requirements of Section 401(k) of the IRC and is structured to comply with the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company is responsible for oversight of the Plan. The Company determines the appropriateness of the Plan’s investment offerings and monitor investment performance with the help of investment advisors.

Eligibility - Eligible employees are all employees of the Company excluding collectively bargained employees, non-resident aliens who receive no US-sourced income, and leased employees. Eligible employees may participate in the Plan upon attaining 21 years of age, are eligible to participate in the plan. Once eligible, employees may enter on the first day of the month following eligibility requirements are met.

Contributions - Each year, participants may contribute up to the maximum allowed by law of annual compensation, as defined in the Plan. Participant’s may choose to contribute on a pre-tax or after-tax Roth basis. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Upon enrollment, participants may direct their contributions to the various investment options offered by the Plan. The Company may contribute a discretionary matching and/or profit-sharing contribution limited to a percentage of a participant’s compensation and/or a dollar amount. Company contributions are allocated to all employees eligible to participate in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts - Each participant’s account is credited with the participant’s contribution and an allocation of the Company’s employer contribution, if any, investment results, and charged with an allocation of administrative expenses, as provided by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s discretionary matching and profit-sharing contributions portion of their accounts, plus earnings thereon, is based on years of service. A participant is 25% vested after one year of service, 50% after two years of service, 75% vested after three years of service, and 100% after four or more years of service.

CXP RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Participant and Employer Contributions Receivable - As of December 31, 2022 and 2021, participant contributions receivable amounted to \$21,570 and \$0, respectively.

As of December 31, 2022 and 2021, employer contributions receivable amounted to \$8,457 and \$0, respectively.

Notes Receivable from Participants - Participants may borrow from the funding vehicles authorized by the Company for use under the Plan from a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced to the extent that the participant's highest outstanding loan balance during the preceding 12-month period exceeds the current balance, or 50% of their vested account balance. A participant can have one loan outstanding from the Plan. Loan terms may not be greater than five years unless the loan is for the purchase of a primary residence, in which case it may be repaid up to 15 years. Loans are secured by the balance in the participant's account and accrue at a rate as specified in the plan agreement, depending on how the participant's account balance is invested. Principal and interest are paid ratably through payroll deductions. Loan interest is based on the prime rate plus 1%. In the event of termination of employment, the loan becomes payable in full unless directly rolled over to another employer's plan.

Payment of Benefits - The benefit to which a participant is entitled is the benefit that is provided from the participant's vested account. Upon termination of service due to termination of employment, death, disability, retirement (age 65), a participant may elect a lump-sum payment. If a terminated participant's account balance does not exceed \$5,000, then a distribution will be paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, the Company will direct the custodian to immediately distribute such benefit in a lump sum without the participants consent. For any distribution exceeding \$5,000, the participant shall be given the option to elect to have such distribution paid directly to an eligible retirement plan specified by him or her in a direct rollover or to receive the distribution directly. If neither option is selected, the Company shall make such distribution in a direct rollover to an individual retirement plan designated by the Company and shall provide written notice to the participant informing the participant that he or she has the option to transfer such amount into another individual retirement plan of his or her own choice. A participant may receive an in-service withdrawal upon reaching age 59 ½.

As required under Section 401(a)(9) of the IRC, a participant must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the calendar year following the year in which the participant reaches age 72, or (ii) the calendar year in which the participant retires. Each year the minimum is recomputed based on the participants and spouses, if married, current life expectancies and the value of the then-remaining account. The participant may elect a larger payment.

CXP RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Hardship Withdrawals - Participants may withdraw their pre-tax elective deferrals, Roth deferrals, and rollover account balances in the form of a hardship withdrawal to satisfy an immediate and heavy financial need as defined by the Plan. The participant must first exhaust all other assets reasonably available prior to obtaining a hardship withdrawal. The hardship distribution cannot be in excess of the need.

Forfeitures - As of December 31, 2022 and 2021, the forfeiture account balance was \$14,953 and \$7,078, respectively. Forfeitures may be used to pay Plan expenses or reduce Organization contributions. During 2022, there was no use of forfeitures.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received for the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. The plan administrator will treat a participant loan as in default if any scheduled payment is missed, any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment, or the participant makes or furnishes any false representation or statement to the plan administrator. Upon default, participants have the opportunity to repay the loan, resume current status of the loan by paying any missed payment plus interest, or request distribution of the note. If the loan remains in default, the plan administrator will offset any vested account balances by the outstanding balance of the loan to the extent permitted by law.

CXP RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Corrective Distributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding deduction to corrective distributions.

Payment of Benefits - Benefit payments to participants, or their beneficiaries, are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Expenses for participant-initiated transactions and some administrative expenses are charged to participant accounts. Investment-related expenses are included in net depreciation of fair value of investments.

Subsequent Events - The Company's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. The Company has evaluated events and transactions through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under the Financial Accounting Standards Board's Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

Level 2 - Continued

- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used as of December 31, 2022 and 2021.

Registered Investment Companies (Mutual Funds) - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 within the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4: INFORMATION CERTIFIED BY CUSTODIAN

As of December 31, 2022 and 2021, the Plan's investments were held by Nationwide. The plan administrator elected the method of annual reporting compliance permitted by DOL Regulation Section 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Nationwide Life Insurance Company has certified the following data included in the accompanying financial statements and supplemental schedule as complete and accurate.

	2022	2021 (Unaudited)
Investments, at Fair Value		
Registered Investment Companies	<u>\$ 2,415,553</u>	<u>\$ 2,307,025</u>

NOTE 5: RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Nationwide. Nationwide is the plan's custodian and recordkeeper for the Plan and, therefore, those transactions qualify as party in interest transactions.

The Company has not considered normal plan operations such as participant and employer contributions or benefits paid to participants as party-in-interest transactions that require separate disclosure. Certain plan investments are shares of registered investment companies (mutual funds) managed by Nationwide. Fees paid during the year for certain professional services rendered by parties in interest included serviced fees paid by the Plan for investment advisory services. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 7: TAX STATUS

The underlying Atlantic Pension Services, Inc. Non-Standardized Pre-Approved Profit-Sharing Plan with Cash or Deferred Arrangement (CODA) has received an opinion letter from the IRS dated June 30, 2020, stating that the Plan and related trust was designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is being currently operated, in accordance with the applicable requirements of the IRS and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or the IRS. The Company has analyzed the positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's federal Form 5500 is subject to examination by the IRS and DOL, generally for three years after it is filed.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9: COMMITMENTS AND CONTINGENCIES

In the normal course of business, there may be various commitments and contingencies outstanding, which are not reflected in these financial statements. In the opinion of the Organization, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations.

NOTE 10: PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Company is required to segregate employee contributions to the Plan from its general assets as soon as practicable. Deferrals amounting to \$43,427 for 2022 and \$31,680 for 2021 were not remitted timely. These contributions are considered prohibited transactions. The Company had not fully corrected the prohibited transaction as of December 31, 2022.
