REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Optimus Industries Collective Bargaining Unit Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Optimus Industries Collective Bargaining Unit Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Optimus Industries Collective Bargaining Unit Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Optimus Industries Collective Bargaining Unit Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available for eligible employees of Optimus Industries, LLC (the "Company" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is administered by the Company. Lincoln Financial Group Trust Company, Inc. ("Lincoln" or "Trustee") serves as the Trustee.

Plan Merger

The Company was acquired by The Babcock & Wilcox Company ("B&W") on February 28, 2022. Effective December 31, 2022, the Plan merged with, and into, The B&W Thrift Plan ("B&W Plan"). The transfer of \$4,606,262 of assets of the Plan is included within transfer of assets due to Plan merger within the Statements of Changes in Net Assets Available for benefits for the Plan year ended December 31, 2022.

Eligibility

All permanent, non-salaried employees who are included under the collective bargaining agreement (the "Agreement") and have completed one year of service are eligible to participate in the Plan. A year of service requires at least 1,000 hours of service during any Plan year on the basis of actual hours for which an employee is paid or entitled to payment. Leased employees are not allowed to participate in the Plan. Entry dates are on the first day of the month coinciding with or following the date an employee completes the eligibility requirement.

Contributions

The Plan provides for pre-tax employee and Roth contributions up to 100% of eligible compensation, as defined in the Plan agreement, not to exceed the maximum amount allowable under the Internal Revenue Code ("IRC"). The Plan provides for a Company matching contribution of 50% of the first 6% of eligible compensation contributed.

Investment Options

A participant may direct investment of their funds which have been contributed through salary deferral into one of the investment options or a combination of them. Company contributions are allocated in the same proportion as participant contributions.

Investment options available include various mutual funds and an investment contract with the Trustee.

Participant Accounts

Each participant's account is credited or charged, as applicable, with the participant's contributions, the participant's allocable share of Company contributions, allocations of investment earnings and losses, and an allocation of certain Plan expenses. Allocations of investment earnings or losses are based on the ratio of each participant's account balance to the total Plan account balances for all participants for those investments.

Forfeitures

Forfeitures may be used to reduce future Company contributions. At December 31, 2022 and 2021, there were no unused forfeited non-vested accounts. For the year ended December 31, 2022, \$7,037 of forfeitures were used to reduce Company contributions.

Vesting

Participants are immediately vested in their salary deferral and voluntary contributions plus or minus any earnings or losses thereon. Participants vest in Company contributions at the rate of 20% per year of service, beginning after the second year, until fully vested after six years in the Plan.

All participants become fully vested upon retirement, death, permanent and total disability, or termination of the Plan.

Withdrawals and Benefit Payments

Participants or their designated beneficiary receive 100% of their individual account balance upon retirement, death, or disability.

Participants who have not separated from service may withdraw all or part of their voluntary contributions and earnings thereon in the event of a defined hardship.

Distributions are made in cash in the form of a lump-sum payment if the vested balance is less than \$5,000. For accounts over \$5,000, cash payments may be in the form of lump-sum or installment payments.

Notes Receivable from Participants

Participants may have a maximum of one loan outstanding at a time. Participants may borrow a minimum of \$1,000 and a maximum of the lesser of \$50,000 or 50% of the vested interest in the participant's account. The non-residential loan maximum payment period is five years, and the residential loan maximum payment period is 15 years. Loans are repaid via payroll deductions.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the Lincoln Financial Group Stable Value Account, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note D for further discussion of investment fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their principal plus any accrued, unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. The loans are secured by the balance in the participant's account and bear interest equal to the quarterly prime interest rate adjusted by 1% as of the loan date. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Distributions Paid to Participants

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations and Disclosure under ERISA. Accordingly, Lincoln Financial Group has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments, at fair value, fully benefit-responsive investment, at contract value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021; and
- Investment income (loss) as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE D - FAIR VALUE MEASUREMENTS

The framework used for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest

Optimus Industries Collective Bargaining Unit Plan

priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following methods and assumptions were used in estimating fair value as of December 31, 2021. As of December 31, 2022, the Plan's assets were zero due to the plan merger. Refer to Note A for additional information regarding the Plan merger:

Mutual funds: Valued at fair value based on published market prices as of the close of business on the last business day of the Plan year, which represents the net asset value ("NAV") of shares held by the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ -	\$ -	\$ -	\$ -
Total net assets in fair value hierarchy	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>-</u>

There were no transfers between levels of assets during the years ended December 31, 2022 and 2021.

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a fully benefit-responsive guaranteed fixed annuity contract (“Annuity”) issued by Lincoln National Life Insurance Company (“Lincoln National”). The Annuity gives the right to earn the rates of interest that were periodically declared and guaranteed on amounts deposited in the Annuity. Lincoln maintains the contributions to the Annuity in a general account, which is credited daily with interest calculated on the amounts a participant has outstanding in their account. Current interest rates are calculated periodically but will never be less than the lifetime minimum guaranteed interest rate. Withdrawals for participant benefits are permitted as specified in the contract and are not subject to any market value adjustment

Investments in the accompanying statements of net assets available for benefits include fully benefit-responsive investment contracts recognized at contract value. Contract value represents net contributions plus crediting interest, less funds used to pay terminated participants. Crediting interest rates are based on an external index and are adjusted to market quarterly. The contract does not specify any events which would limit the ability of the Plan to transact at contract value with the issuer, or any events which would allow the issuer to terminate the contract and settle for an amount different from contract value. The crediting interest rate is based on a formula agreed upon with the issuer and is guaranteed for five contract years. The Plan entered into a fixed annuity contract with Lincoln National with a guaranteed interest rate of 1.0%.

NOTE F - FEDERAL INCOME TAX STATUS

The Company adopted a master prototype plan in November 2009. This master prototype plan received a favorable opinion letter from the Internal Revenue Service (“IRS”) dated March 31, 2014. The Plan administrator believes that the master prototype plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt for the years ended December 31, 2022 and 2021. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

NOTE G - RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee and record-keeper. Therefore, these transactions qualify as party-in-interest transactions. The transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC. The Plan has notes receivable from certain of its participants. These transactions also qualify as party-in-interest transactions, as defined by ERISA. Additionally, the Company provides certain administrative services at no cost to the plan.

NOTE H - RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.
