**INDEPENDENT AUDITOR'S REPORT**

To the Administrative Committee of  
Individual FoodService 401(K) Plan  
Bell, California

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Individual FoodService 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Individual FoodService 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Individual FoodService 401(K) Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Individual FoodService 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Individual FoodService 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Individual FoodService 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## INDIVIDUAL FOODSERVICE 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022 AND 2021

---

### NOTE 1. DESCRIPTION OF PLAN

The following description of the Individual FoodService (the "Company") 401K Plan (the "Plan") provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering all employees of the Company who have completed three months of service and are age twenty-one or older. The Plan is subject to the provisions of ERISA. All Plan investments are self-directed by the Plan participants.

**Administrative services and insurance products:** The trustee for the Plan's investments is John Hancock Life Insurance Company ("John Hancock"). John Hancock provides administrative services and insurance products to the Plan.

**Contributions:** Each year, participants may contribute a percentage of pretax compensation as limited by the law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans. The Company may make matching contributions and required minimum contributions. All contributions to the Plan, including any matching funds by the Company, are invested at the discretion of the participants. The Company is matching a percentage of elective contributions for each participant up to 4%, which amounted to \$530,965 and \$413,821 for the years ended December 31, 2022 and 2021, respectively.

**Participant accounts:** Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Administrative expenses are allocated to participant's accounts based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution to the participants' accounts is based on years of continuous service and are 100% vested after six years of credited service.

**Notes receivable from participants:** Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear a reasonable interest rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. Interest rates on outstanding loans ranged from 5.25% to 8.374% at December 31, 2022 and 2021.

**Payment of benefits:** Upon termination of employment, a participant may withdraw his or her accumulated balances in the Plan. If a participant has reached the age of 59 ½, distributions may be made, at the participant's election, from any account which are 100% vested without requiring the participant to terminate employment. Only lump sum cash distributions are permitted. Hardship withdrawals are allowed from the participant's elective account only, consistent with ERISA requirements.

**Investment options:** The Plan currently offers pooled separate accounts and an investment contract with an insurance company as investment options for participants. These pooled separate account investments generally invest in a mix of stocks, bonds, cash equivalents, and potentially other asset classes, either directly or via underlying investments. The participants may change their investment options at any time.

**Forfeited accounts:** Forfeitures are based on the nonvested portion of the Company's contribution upon employee termination. The balance of unallocated forfeitures available to offset future employer contributions and expenses amounted to \$39,299 and \$22,011 at December 31, 2022 and 2021, respectively.

## INDIVIDUAL FOODSERVICE 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022 AND 2021

---

### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of accounting:** The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, income is recognized when earned, and expenses are recorded when incurred.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Notes receivable from participants:** Participant loan receivables are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loan receivables from participants are reclassified as distributions based upon the terms of the plan agreement.

**Payment of benefits:** Distributions to the participants of the Plan are recorded when paid.

**Operating expenses:** The Company absorbs a significant portion of the Plan's administrative expenses.

**Investment valuation and income recognition:** Investments are reported at fair value or net asset value as determined by John Hancock based on factors such as quoted market prices in active markets and prevailing interest rates. Insurance company general accounts are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 3-Year and 10-Year Compound Guaranteed Interest Accounts, which are insurance company general accounts, are reported at fair value. Contract value represents the accumulated contributions plus accrued and net earnings, less distributions. Fair value of the investment is estimated to be the same as contract value. See Note 3 for discussion of fair value measurements. Participant loans are valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as held during the year.

### NOTE 3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Plan Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### NOTE 3. FAIR VALUE MEASUREMENTS (Continued)

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology are observable other than level 1 prices, such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
Level 3	Inputs to the valuation measurement are unobservable, supported by the little or no market data, and are significant to the fair value of the assets and liabilities.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

*Pooled separate accounts:* Valued at the number of shares of the underlying fund multiplied by the closing net asset value per share quoted by that fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value of assets measured on a recurring basis at December 31, 2022:

	<u>Assets at Fair Value as of December 31, 2022</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

### NOTE 3. FAIR VALUE MEASUREMENTS (Continued)

Fair value of assets measured on a recurring basis at December 31, 2021:

	<u>Assets at Fair Value as of December 31, 2021</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts	\$ 15,513,557	\$ -	\$ -	\$ 15,513,557

	<u>\$ 15,599,976</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,599,976</u>

In regards to the classification of investment options offered by the plan, there were no reclassifications in or out of levels 1, 2 or 3 during the years ended December 31, 2022, and 2021. The nature, risks and investment objectives of the investments described above, including those for which fair value is estimated using NAV as a practical expedient, can be found in the plan's enrollment literature. These investments can be redeemed immediately and without a redemption notification period. For the years ended December 31, 2022 and 2021, there were no unfunded commitments associated with any of these investments

### NOTE 4. INSURANCE COMPANY GENERAL ACCOUNT

The Plan has entered into a benefit-responsive investment contract with John Hancock Life Insurance Company (John Hancock). The 3-Year Compound Guaranteed Interest Account investment choice is invested in the insurance company general account of John Hancock. The account is credited with earnings based upon interest rates set monthly and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by John Hancock. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

As described in Note 2, because the 3-Year Compound Guaranteed Interest Account is fully benefit-responsive whereby contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the John Hancock contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Contract value, which approximates the fair value of the investment contract, was \$95,536 and \$86,419 at December 31, 2022 and 2021, respectively. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

## INDIVIDUAL FOODSERVICE 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022 AND 2021

### NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest is defined under Department of Labor regulations as any fiduciary (including, but not limited to, any administrator, officer, trustee or custodian), counsel or employee of the Plan, any party rendering services to the Plan, the employer and certain others. The independent auditor of the Plan's financial statements is a service provider to the Plan and a party-in-interest. Certain plan investments are managed by John Hancock. John Hancock is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Loan receivables from participant also reflect party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee received compensation from the Plan.

### NOTE 6. CERTIFIED INVESTMENT INFORMATION

Management has elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, John Hancock, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment income (loss) and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2022, as shown in the supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such investment information to the related information included in the financial statements and ERISA-required supplemental schedule.

### NOTE 7. TAX STATUS

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan's administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the federal or state tax authorities. The Plan's administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

## **INDIVIDUAL FOODSERVICE 401(K) PLAN**

NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022 AND 2021

---

### **NOTE 8. PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

### **NOTE 9. RISKS AND UNCERTAINTIES**

The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's concentration of credit risk and market risk is dictated by the Plan's provisions as well as those of ERISA and the participants' investment preferences. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements.

### **NOTE 10. DELINQUENT PARTICIPANT CONTRIBUTIONS**

In accordance with CFR 2510.3-102, participant contributions that have been withheld by an employer from a participant's wages for contribution to the plan are required to be remitted to the plan on the earliest date that they can reasonably be segregated from the employer's general assets, but in no event later than the 15<sup>th</sup> business day of the month following the month in which the participant contributions are withheld or received by the employer. During the years ended December 31, 2022 and 2021, the Company failed to remit employee contributions totaling \$5,574 and \$24,201, respectively, in a timely fashion as described by CFR 2510.3-102. The late transmissions of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. As of October 2023 and 2022, the Plan corrected the contributions for 2022 and 2021, which include the lost earnings related to the late 2022 and 2021 deposits, respectively. The related excise taxes were paid by the Company.

### **NOTE 11. SUBSEQUENT EVENTS**

The Plan Committee has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued. There were no subsequent events that have arisen that would require disclosure in these financial statements.
