Independent Auditor's Report

Trustees and Board of Directors
Miracapo Pizza Company LLC Employee Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Miracapo Pizza Company LLC Employee Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2022 and the schedule of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the Miracapo Pizza Company LLC Employee Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and covers employees of Miracapo Pizza Company LLC (the Company) who have met the eligibility requirements as defined by the Plan. Employees are eligible to participate in the Plan upon their hire date. However, an employee is not eligible to participate if: (a) represented by a bargaining unit that has bargained with us in good faith on the subject of retirement benefits; (b) a nonresident alien with no U.S. income or all such income is exempt from U.S. income tax; (c) a leased employee; or (d) considered an independent contractor who is later determined by the Internal Revenue Service (IRS) to be an employee of the Company.

Contributions: Each year, participants may contribute but cannot exceed the lesser of 100% of pre-tax annual compensation or the annual dollar limit on salary deferral contributions, as defined by the Plan. The Plan excludes post-severance compensation from contributions. All employees who are eligible to make elective deferrals under this Plan and who have attained age 50 before the close of the plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of, the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make a matching contribution each year in an amount to be determined by the Company. For 2022, the Company's matching contribution was equal to the participant's contribution up to a limit of 3% of eligible compensation. Contributions are subject to certain limitations. The Company may also, at its own discretion, make profit sharing contributions to the Plan to be allocated to each eligible participant, as defined, in proportion to the employee's compensation for all eligible employees. The Company did not make discretionary profit-sharing contributions during 2022 and 2021.

Rollovers: The Plan accepts rollovers from a qualified retirement plan of a prior employer with approval from the Plan Sponsor.

Participant accounts: Each participant's account is credited with the participant's contribution and Company matching contributions, if any, and an allocation of plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon.

Participants vest in the Company matching contribution and earnings thereon in the following manner:

<u>Years of Service</u>	<u>Vested Interest</u>
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Investment options: Upon enrollment in the Plan, a participant may direct employee contributions and Company matching contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Note 1. Plan Description (Continued)

Payment of benefits: Vested benefits are payable as soon as practicable after termination of service or plan termination. On termination of service, a participant may receive a lump-sum cash distribution.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. Each note will bear interest at the prime rate on the date that the note is originated. Notes must be paid within five years by equal bi-weekly payments. However, notes used to buy a participant's principal residence may be paid over a reasonable period which may exceed five years. Interest rates on participant loans ranged from 3.25% to 7.00% and 3.25% to 5.50% at December 31, 2022 and 2021, respectively. Principal and interest are paid ratably through payroll deductions.

Forfeited accounts: At December 31, 2022, forfeited nonvested accounts totaled \$11,431. At December 31, 2021, forfeited nonvested accounts totaled \$13,904. These accounts will be used to reduce plan expenses or future Company contributions. Company contributions were reduced by \$11,730 from forfeited nonvested accounts during the year ended December 31, 2022.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) in accordance with the Financial Accounting Standards Board Accounting Standards Codification (ASC).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported as net assets available for benefits and changes therein. Actual results could differ from those estimates.

Valuation of investments and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Any capital gains or losses are included in net appreciation or depreciation.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted participant loans are reclassified as distributions if the participant met criteria for payment of benefits (Note 1) based upon the terms of the plan document. During 2022, \$2,522 of defaulted loans were deemed distributions.

Payment of benefits: Benefits are recorded when paid.

Contributions: Participant contributions are recognized when earned. Company matching contributions are recognized concurrently with participant contributions. Company discretionary nonelective contributions are recognized annually, as applicable.

Note 2. Significant Accounting Policies (Continued)

Excess contributions: The Plan failed the Average Deferral Percentage (ADP) test for the 2022 and 2021 plan years. As of December 31, 2022 and 2021, excess contributions due to participants totaling \$41,681 and \$4,853, respectively, were included as liabilities in the accompanying statements of net assets available for benefits related to these issues.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 11, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Principal Trust Company (Principal), the Custodian

The following is a summary of the asset information as of December 31, 2022 and 2021, and income (loss) information for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the Custodian that the information provided to the Plan Administrator by the Custodian related to the following assets and income (loss) is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets and income:

	2022	2021
Shares of registered investment companies	\$ 2,406,626	\$ 14,904,016
Shares of common/collective trusts	10,361,433	-
Notes receivable from participants	685,294	596,009
Net depreciation in fair value of investments	(2,446,992)	
Interest income on notes receivable from participants	65,274	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

**Miracapo Pizza Company LLC
Employee Retirement Savings Plan**

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of common/collective trusts at practical expedient: Valued at the total of the NAV of shares of mutual funds and cash held by the account. The Plan's interest is valued based on the information reported by the investment advisor. The NAV is used as a practical expedient to estimate fair value. The NAV of the common/collective trust account itself is not publicly quoted but the values are not dependent on the input of any significant judgements or assumptions by management.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 2,406,626	\$ -	\$ -	\$ 2,406,626
Total assets in fair value hierarchy	\$ 2,406,626	\$ -	\$ -	\$ 2,406,626
Investments measured at NAV ^(a)				10,361,433
Total investments, at fair value				\$12,768,059

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 14,904,016	\$ -	\$ -	\$ 14,904,016
Total assets in fair value hierarchy	\$ 14,904,016	\$ -	\$ -	\$ 14,904,016

- (a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and the size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of Level 3.

The table below discloses the fair value and redemption frequency for those assets whose fair value is estimated using the NAV per unit as of December 31, 2022 and 2021:

	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2022	2021	2022	2021		
Shares of common/collective trusts	\$ 10,361,433	\$ -	None	None	Immediate	None

Note 5. Related-Party Transactions

Certain plan investments were shares of registered investment companies held by Principal. Principal is the Custodian of the plan assets and, therefore, these transactions qualify as party-in-interest. Principal receives fees from the Plan for their services, which amounted to \$15,058 for the year ended December 31, 2022.

Notes to Financial Statements

Note 5. Related-Party Transactions (Continued)

Certain employees of the Company provide trustee and administrative services to the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

The Company adopted a Principal Life Insurance Company pre-approved plan effective February 17, 2022. The pre-approved plan's latest Internal Revenue Service (IRS) opinion letter, dated June 30, 2020, stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable provisions of the IRC.

Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2019.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Prohibited Transactions

For the year ended December 31, 2022, the Plan Sponsor inadvertently failed to deposit \$52,478 of participant deferrals and loan repayments within the required timeframe as stated by the United States Department of Labor regulations. The Plan Sponsor deposited lost earnings totaling \$72 to correct this failure in 2023. The Plan Sponsor intends to file Form 5330 and pay the applicable excise tax to the IRS. The correction was made from the Plan Sponsor's assets and not from assets of the Plan.

For the year ended December 31, 2021, the Plan Sponsor inadvertently failed to deposit \$996 of participant deferrals and loan repayments within the required timeframe as stated by the United States Department of Labor regulations. The Plan Sponsor deposited lost earnings totaling \$37 to correct this failure in 2023. The Plan Sponsor intends to file Form 5330 and pay the applicable excise tax to the IRS. The correction was made from the Plan Sponsor's assets and not from assets of the Plan.
