INDEPENDENT AUDITOR'S REPORT

To the 401(k) Plan and Investment Committee
DD Hotels I, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the DD Hotels I, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter- Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of assets (held at end of year), on a modified cash basis, as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

DD HOTELS I, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of DD Hotels I, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of the following companies that are related through common ownership: DD Hotels I, LLC; DDH Hotel Somerville, LLC; DDH Hotel Natick/Speen, LLC; DDH Hotel Natick/Worcester, LLC; Skybokx 109 Natick, LLC; DDH Hotel Mystic, LLC, Madison Beach Hotel of Florida, LLC and Distinctive Hospitality Management, LLC (collectively, the Companies). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The 401(k) Plan and Investment Committee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Eligibility:

Employees of the Companies are eligible to participate in the Plan on the first of the month after completing 1,000 hours of service within a year, as defined; and once they have reached the age of 21, excluding employees covered by a collective bargaining agreement which does not expressly provide for participation in the Plan. Participants are also eligible for a discretionary matching contribution and non-elective discretionary contributions.

Contributions:

Participants may make voluntary pre-tax or Roth contributions to the Plan up to 100% of eligible compensation, as defined. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated blend fund until changed by the participant. Automatically enrolled participants' deferrals will increase by 1% the first day of the second Plan year following the Plan year during which the initial automatic enrollment became effective, up to a maximum of 6%. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

At its discretion, the Companies can make discretionary matching contributions each pay period or a non-elective discretionary contribution to all participants employed as of the last day of the Plan year. The Companies did not make any discretionary contributions related to the 2022 or 2021 Plan year.

Prior to May 1, 2021, participant contributions could only be made on a pre-tax basis up to 25% of their eligible compensation.

DD HOTELS I, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Contributions (continued):

Prior to May 1, 2021, at its discretion, the Companies could contribute an amount to each participant's account based on a percentage of the participant's contributions into the Plan for participants that are employed on the last day of the Plan year. For the year ended December 31, 2020, the Companies matched 50% of the first 1% of compensation contributed by the participant and 20% of the remaining compensation contributed by the participant, up to 3% of a participant's eligible compensation, as defined. This resulted in a \$33,296 contribution in 2021 related to the 2020 Plan year.

Contributions are subject to certain limitations of the Internal Revenue Code (the Code). Participants direct the investment of contributions into various investment options offered by the Plan.

Participant accounts:

Each participant's account is credited with the participant's contributions, the Companies' discretionary contributions, an allocation of Plan earnings, reduced for benefits paid, and charged directly for loan origination and benefit processing fees, if applicable. Allocations of Plan earnings are based on the investments held by the participant. The benefit to which a participant is entitled is limited to that which can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. The Companies' discretionary contributions become 20% vested after two years of service, as defined, with vesting increasing at 20% increments each year thereafter, to 100% after six years of service.

Forfeitures:

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$1,567 and \$5,180, respectively. Forfeitures of non-vested contributions made by the Companies are used to pay administrative expenses of the Plan or to reduce the Companies' contributions. Forfeitures were used for these purposes in the amount of \$5,505 and \$15,970 in 2022 and 2021, respectively.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant or a participant's beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Terminated participants with a vested account balance less than \$5,000 will receive a lump sum distribution. Distributions are also permitted in the event of financial hardship, as defined by the Plan, and for participants who have attained age 59½.

DD HOTELS I, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Notes receivable from participants:

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 less the participant's highest outstanding loan balance in the prior 12 months, or 50% of their vested account. A participant may not have more than one loan outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Loans must be repaid at least quarterly over a maximum term of 5 years for personal loans and 30 years for the purchase of a participant's primary residence. Principal and interest are paid ratably through payroll deductions.

Administrative expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Fees related to the origination of notes receivable from participants and benefit processing fees are charged directly to the participant's account. The Plan also pays for certain recordkeeping and audit fees. Investment expenses related to fund management are included in net appreciation (depreciation) in fair value of investments.

Note 2. Summary of Significant Accounting Policies

Basis of presentation:

The financial statements have been prepared using a modified cash basis of accounting.

Income is recorded on the basis of cash receipts. Expenses are recorded on the basis of cash disbursements. Investments are reported at fair value. Therefore, receivables, payables, accrued income and expenses which would be recognized under accounting principles generally accepted in the United States of America, and which may be material in amount, are not recognized in the accompanying financial statements.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Plan and Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

DD HOTELS I, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Related fees are charged to the participant and recorded as administrative expenses when paid. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Excess contributions:

Contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as corrective distributions when paid. The Plan distributed \$12,736 and \$-0- for excess contributions in 2022 and 2021 related to contributions and earnings thereon, for the years ended December 31, 2022 and 2021, respectively.

The Plan distributed \$3,329 in 2023 related to excess contributions for the year ended December 31, 2022.

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through October 16, 2023, which is the date the financial statements were available to be issued.

DD HOTELS I, LLC 401(K) PLAN**NOTES TO FINANCIAL STATEMENTS****Note 3. Information Certified by the Plan's Custodian or Trustee**

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by John Hancock Life Insurance Company of New York (John Hancock), the current custodian of the Plan or Reliance Trust Company (Reliance Trust), the former trustee of the Plan. The Plan Administrator has obtained a certification from John Hancock or Reliance Trust that information provided to the Plan Administrator by John Hancock or Reliance Trust related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets certified by John Hancock:

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority level to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Valued at the net asset value (NAV) of units of the pooled separate account. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised primarily of shares of registered investment companies held through sub-accounts of a separate account of an insurance company. The Plan has concluded that the NAV, as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company, can be used as a practical expedient to estimate fair value. The investments are redeemable daily at the adjusted NAV under agreements with the insurance company. However, it is possible that the redemption rights may be restricted or eliminated in the future. Were the Plan to initiate a full redemption of the underlying investments, the investment advisor has reserved the right to temporarily delay withdrawal from the pooled separate accounts to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4. Fair Value Measurements (Continued)

As of December 31, 2022 and 2021, the Plan invests solely in pooled separate accounts that were measured at NAV per share (or its equivalent) as a practical expedient. In accordance with Financial Accounting Standards Board Accounting Standards Codification Subtopic 820-10, investments that were measured at NAV per share (or its equivalent) as a practical expedient are not required to be classified in the fair value hierarchy. Accordingly, the Plan has not presented a fair value hierarchy.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021:

Investment	Fair value at December 31, 2022	Fair value at December 31, 2021	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 2,560,225	\$ 3,218,684	Daily	***

*** John Hancock's short-term trading policy permits a maximum of two exchanges per calendar month. After the exchange limit, participants may move 100% of their account to a money market fund where it must remain for thirty days. Trading can resume once the thirty days has expired. Also, additional restrictions may be imposed if it is determined that any exchange activity may disrupt or be potentially disruptive to an investment option, even though in compliance with their policy.

There were no unfunded commitments related to the pooled separate accounts at December 31, 2022 and 2021.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 6. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by CCH Incorporated DBA ftwilliam.com. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status dated June 30, 2020. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

In 2022, the Plan Sponsor discovered administrative errors in the calculation of employee withholding elections from payroll. The errors resulted in withholdings from payroll that were not in accordance with participant elections.

Note 6. Tax Status (Continued)

The IRS maintains the Employee Plans Compliance Resolution System (EPCRS) that provides sponsors of tax-qualified retirement plans with a system to correct operational errors that could otherwise cause the tax-qualified status of a plan to be adversely affected. The Plan Sponsor is in the process of identifying and quantifying the errors identified and developing a plan for communicating to participants and correcting the errors. The Plan Sponsor intends to take corrective action in accordance EPCRS and has initiated new processes to prevent reoccurrence of the errors, which will be completed as soon as administratively possible.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 7. Party-In-Interest Transactions

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. The Plan allows participants to take loans from their accounts in the Plan. Certain notes receivable from participants and income thereon qualify as party-in-interest transactions.

Prior to May 1, 2021, ADP was the recordkeeper and Merrill Lynch was the investment advisor, as defined by the Plan. Subsequent to May 1, 2021, Compass 360, LLC provides certain administrative services and Morgan Stanley is the investment advisor, as defined by the Plan. Therefore, transactions with ADP, Merrill Lynch, Compass 360, LLC and Morgan Stanley qualify as party-in-interest transactions.

Subsequent to May 1, 2021, John Hancock is the recordkeeper and custodian of the Plan. Additionally, Plan investments consist of units of pooled separate accounts managed by John Hancock. Therefore, transactions with John Hancock qualify as party-in-interest transactions.

Dopkins & Company, LLP is the auditor of the Plan and, therefore, transactions with Dopkins & Company, LLP qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).
