INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Yauco Health Care Corporation, Hospital Metropolitano
Dr. Tito Mattei/Sistema de Salud Metropolitano
Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Yauco Health Care Corporation, Hospital Metropolitano Dr. Tito Mattei/Sistema de Salud Metropolitano (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements – (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Other Matter – Supplemental Schedule Required by ERISA – (continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022 and 2021

Note 1- Description of the plan

The following brief description of the Yauco Health Care Corporation, Hospital Metropolitano Dr. Tito Mattei/Sistema de Salud Metropolitano Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Yauco Healthcare Corporation (the Company or the Plan Sponsor) who have completed 90 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a percentage of their compensation, as defined in the Plan, not exceeding the maximum deferral amount specified by local law. The Company contributes 25% of the first 6% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed by the Company at the option of its Board of Directors and subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's matching contribution and Plan earnings. Allocations are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service.

Retirement Plan

Notes to Financial Statements (Continued)

December 31, 2022 and 2021

Note 1- Description of the plan – (continued)

Vesting – (continued)

A participant is 100% vested after five years of credited service.

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 2 full years	0%
2 years less than 3	40%
3 years less than 4	60%
4 years less than 5	80%
5 years or more	100%

Investment options

Participants direct the investment of their account balances into various investment options offered by the Plan. The Plan currently offers mutual funds and a money market account as investment options for its participants.

Notes receivable from participants

Notes receivable from participants are not permitted.

Payment of benefits

On termination of service due to death, disability or retirement, a participant or the participant's beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or periodic installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In addition, the Plan provides for in-service distributions in certain circumstances, including financial hardship withdrawals, subject to certain limitations. Also, in-service distributions may be available to participants as special disaster distributions, as determined by the Puerto Rico Treasury Department.

Notes to Financial Statements (Continued)

December 31, 2022 and 2021

Note 1- Description of the plan – (continued)

Forfeited accounts

Upon termination from employment or withdrawal from the Plan for any reason other than death, retirement or disability, the Company's contributions on behalf of the participants not then vested are forfeited and used to reduce future Company contributions. During the year ended December 31, 2022, the Plan used forfeited balances to pay administrative expenses amounting to \$5,940. At December 31, 2022 and 2021, forfeited accounts totaled \$2 and \$2,519, respectively.

Administration expenses

Administrative expenses, unless paid directly by the Plan Sponsor, will be paid from the trust fund and will be charged against participants' accounts.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Shares of mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received.

Notes to Financial Statements (Continued)

December 31, 2022 and 2021

Note 2 - Summary of significant accounting policies – (continued)

Investment valuation and income recognition – (continued)

Net appreciation (depreciation) in fair value of investments, includes the Plan's gain and losses on investments bought and sold as well as held during the year. During the year ended December 31, 2022, the Plan's investments depreciated in value by \$227,126.

Risks and uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Benefits payable

The Plan accounts for benefits payable in accordance with the guidance provided by the American Institute of Certified Public Accountants (AICPA), *Audit and Accounting Guide, Audits of Employee Benefit Plans*. This guidance requires that benefits payable to persons who have withdrawn from participation in a defined contribution plan be disclosed in the notes to the financial statements rather than recorded as a liability of the Plan. As of December 31, 2022 and 2021, there were \$10,944 and nil benefits payable to participants who have elected to withdraw from the Plan.

Payment of benefits

Benefits are recorded when paid.

Note 3 - Information certified by trustee (unaudited)

The plan administrator has elected the method of compliance permitted by Section 103(a)(3)(C) and 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan, Banco Popular de Puerto Rico (the Trustee), has certified as to the completeness and accuracy of all investment related information reflected in the accompanying financial statements as of December 31, 2022 and 2021, and for the year ended December 31, 2022, and the related notes to the financial statements, and the schedule H, part IV, line 4i – schedule of assets (held at end of year). The Trustee maintains all records, executes investment transactions, and holds all the assets of the Plan.

Note 4 - Fair value measurements

In accordance with the provisions of Financial Accounting Standards Board, Accounting Standards Codification (ASC) No. 820, *Fair Value Measurements*, the Plan uses valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible to estimate fair values.

The Plan determines fair values based on assumptions that market participants would have used in pricing an asset or liability in the principal or most advantageous market.

ASC 820 provides a fair value hierarchy that prioritizes the use of observable inputs in the valuation techniques used to measure fair value, as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan for investments measured at fair value at December 31, 2022 and 2021:

Mutual funds – Investments in mutual funds consist of shares of mutual funds that are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan consist of open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and were classified as Level 1.

Money market - Money market accounts are valued at cost, plus accrued interest, which approximates fair value. These investments are classified as Level 1.

Note 4 - Fair value measurements – (continued)

The preceding methods described may have resulted in fair values that may have not been indicative of net realizable values. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in different fair value measurements at the reporting date. The Plan management believes its valuation methods are appropriate and consistent with other market participants. There were no changes in the Plan's valuation methodologies used during 2022 and 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets recorded at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds - Fixed income	\$ 89,979	\$ -	\$ -	\$ 89,979
Mutual funds - Equities	1,170,962	-	-	1,170,962

Note 6 - Non-discrimination test

The Plan Sponsor is part of a Controlled Group as defined by the Internal Revenue Code of Puerto Rico (the Code). As such, the discrimination test was performed taking into consideration all members of the Controlled Group. This test requires compliance with a determined percentage of contributions to the Plan, as established in the Code.

For the years ended December 31, 2022 and 2021, the Controlled Group failed the discrimination test. The Controlled Group elected to correct such non-compliance by reimbursing highly compensated participants the excess contributions made during the years ended December 31, 2022 and 2021 amounting to \$90,819 and \$117,475, respectively. Only those members of the Controlled Group identified to reimburse the excess contributions will record their corresponding portion as a liability in their statements of net assets available for benefits, including related earnings thereon. The Plan had no reimbursable amounts for the years ended December 31, 2022 and 2021.

Note 7 - Tax status

The Plan constitutes a qualified plan, exempt from income taxes under the provisions of the Code. The Plan obtained a favorable determination letter on April 19, 2016, in which the Commonwealth of Puerto Rico tax authorities stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code and the Plan and related trust continue to be tax-exempt.

Note 8 - Subsequent events

The Plan has evaluated subsequent events through October 4, 2023, which is the date the financial statements were available to be issued. No events have occurred subsequent to the statement of net assets available for benefits date and through the date the financial statements were available to be issued, that would require additional adjustments to, or disclosure in, the financial statements.
