INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Maplevale Farms, Inc., Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Maplevale Farms, Inc., Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Maplevale Farms, Inc., Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022, and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Maplevale Farms, Inc., Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Responsibilities of Management for the Financial Statements (Continued)

Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Maplevale Farms, Inc., Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Maplevale Farms, Inc., Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Maplevale Farms, Inc., Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and of assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MAPLEVALE FARMS, INC., RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note A - Description of Plan

The following description of the Maplevale Farms, Inc., Retirement Plan (Plan) provides only general information. Participants should refer to the plan adoption agreement and subsequent amendments for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan with employees eligible to participate upon completion of 1,000 hours of service within a 12-month period and having attained the age of 20. The Plan was adopted March 17, 1992, and was most recently restated effective January 1, 2021, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has an Eligible Automatic Contribution Arrangement (EACA), with a designated automatic pre-tax deferral amount of 4%. Employees who are hired, rehired, or whose entry date for elective deferrals is on or after July 1, 2016, are eligible for the EACA.

Contributions: The Company matches 25 percent of each participant's elective deferral contribution, limited to 25 percent of the first four percent contributed by each participant, and the company also makes an additional discretionary contribution that is determined annually. Employee contributions are allowed to the maximum percentage of compensation and dollar amount permissible under the Internal Revenue Code. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of plan earnings and employer contributions.

Vesting: Participants are immediately vested in their elective deferral contributions.

Employer contributions are vested according to the following schedule:

Years of service	1	2	3	4	5	6
Vested amount	0%	20%	40%	60%	80%	100%

Payment of Benefits: Upon termination of service due to death, disability, retirement, or other separation, a participant may receive the value of the vested interest in the participant's account as a lump-sum distribution or in substantially equal installments. Partial withdrawals or installments are only permitted for participants and beneficiaries who must receive required minimum distributions. Hardship distributions are permitted by the Plan beginning January 1, 2022. The Plan allows early retirement at age 62 for fully vested participants and permits in-service distributions to participants who have attained age 59½.

Forfeited Accounts: As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$32,734 and \$39,014, respectively. These amounts were used to reduce employer contributions for the years 2022 and 2021, respectively.

Participant Loans: Loans to participants are permitted. The minimum participant loan amount is \$1,000. Participants may only have one outstanding participant loan at a time; refinancing is allowed.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note B - Significant Accounting Policies

Plan Termination: Although it has not expressed any intent to do so, the plan sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement: The Plan follows ASC Topic 820, *Fair Value Measurements*, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

ASC Topic 820 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's judgments about the assumptions that market participants would use in pricing the asset or liability based on the best information available in the circumstances.

The hierarchy is broken down into three levels based on the reliability of inputs, as follows:

Level 1 - Valuations are based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

Level 2 - Valuations are based on quoted prices in markets that are not active, or for which all inputs are observable, directly or indirectly.

Note B - Significant Accounting Policies (Continued)

Fair Value Measurement (Continued)

Level 3 - Valuations are based on inputs that are not observable and are significant to the overall fair value measurement.

Payment of Benefits: The Plan records benefits to participants when paid.

Administrative Expenses: The plan sponsor absorbs all significant costs of plan administration.

Income Taxes: The Plan follows ASC Topic 740, *Income Taxes*, which prescribes a recognition threshold and measurement principles for financial statement recognition and measurement of uncertain tax positions

Note C - Information Prepared and Certified by the Trustees

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note E - Group Annuity Contract with Insurance Company

The Plan has entered into a group annuity contract with Empower Retirement. The contract is a fully benefit-responsive investment contract that provides a stated rate of return that insulates participants' accounts from daily fluctuations in the market. Under the terms of the contract, participants may direct permitted withdrawal or transfer transactions of all or a portion of their balance at contract value. Contract value represents contributions, plus credited interest, less participant withdrawals and fees. This investment is presented on the face of the statement of net assets available for benefits at contract value. The contract value was \$2,464,388 and \$3,648,890 at December 31, 2022 and 2021, respectively.

Certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, an amendment to the Plan document, or a change in the administration or operation of the Plan.

Note F - Parties-in-interest Transactions

Various companies provide investment advisory, recordkeeping, trustee, and auditing services to the Plan, and therefore are considered parties-in-interest. During 2022 and 2021 trustee services were provided to the Plan by Reliance Trust Company, Great-West Life & Annuity Insurance Company, Empower Annuity Insurance Company of America, and Empower Trust Company, LLC. Third-party administration services were provided by Empower Retirement, LLC, and Definiti, LLC. Some fees paid for such services comprise administrative expenses that are customary and usual for the types of services provided and qualify as party-in-interest transactions. There were no amounts due from or payable to parties-in-interest as of December 31, 2022 and 2021.

The following amounts were paid by the Plan to parties-in-interest.

	2022	2021
Empower Retirement, LLC	\$ 12,563	\$ 7,063

Note G - Tax Status

On January 1, 2021, the Plan adopted a standardized form of prototype plan sponsored by Definiti, LLC, and was most recently amended effective January 1, 2022, to make participant loans and hardship distributions available to the participants and beneficiaries of the Plan. The IRS has informed Definiti, LLC, by letter dated June 30, 2020, that the Plan was designed in accordance with the applicable sections of the IRC. Although the Plan has been amended subsequent to the date of this letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is exempt. The Plan's information returns are open to Internal Revenue Service examination for the 2019 tax year and all subsequent years.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that those changes could materially affect the amounts reported in the statements of net assets available for benefits.

The COVID-19 pandemic continues to bring uncertain economic conditions to every industry sector. An estimate of the financial effect or range of loss related to the COVID-19 pandemic cannot be made at this time.

Note I - Benefits Payable

As of December 31, 2022 and 2021, no participants had elected to withdraw from the Plan but had not yet been paid.

Note J - Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation. Those reclassifications have no effect on the previously reported change in net assets available for benefits.

Note K - Subsequent Events

Subsequent events were evaluated through October 14, 2023, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Maplevale Farms, Inc., Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Maplevale Farms, Inc., Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Maplevale Farms, Inc., Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022, and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Maplevale Farms, Inc., Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Responsibilities of Management for the Financial Statements (Continued)

Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Maplevale Farms, Inc., Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Maplevale Farms, Inc., Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Maplevale Farms, Inc., Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and of assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MAPLEVALE FARMS, INC., RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note A - Description of Plan

The following description of the Maplevale Farms, Inc., Retirement Plan (Plan) provides only general information. Participants should refer to the plan adoption agreement and subsequent amendments for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan with employees eligible to participate upon completion of 1,000 hours of service within a 12-month period and having attained the age of 20. The Plan was adopted March 17, 1992, and was most recently restated effective January 1, 2021, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has an Eligible Automatic Contribution Arrangement (EACA), with a designated automatic pre-tax deferral amount of 4%. Employees who are hired, rehired, or whose entry date for elective deferrals is on or after July 1, 2016, are eligible for the EACA.

Contributions: The Company matches 25 percent of each participant's elective deferral contribution, limited to 25 percent of the first four percent contributed by each participant, and the company also makes an additional discretionary contribution that is determined annually. Employee contributions are allowed to the maximum percentage of compensation and dollar amount permissible under the Internal Revenue Code. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of plan earnings and employer contributions.

Vesting: Participants are immediately vested in their elective deferral contributions.

Employer contributions are vested according to the following schedule:

Years of service	1	2	3	4	5	6
Vested amount	0%	20%	40%	60%	80%	100%

Payment of Benefits: Upon termination of service due to death, disability, retirement, or other separation, a participant may receive the value of the vested interest in the participant's account as a lump-sum distribution or in substantially equal installments. Partial withdrawals or installments are only permitted for participants and beneficiaries who must receive required minimum distributions. Hardship distributions are permitted by the Plan beginning January 1, 2022. The Plan allows early retirement at age 62 for fully vested participants and permits in-service distributions to participants who have attained age 59½.

Forfeited Accounts: As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$32,734 and \$39,014, respectively. These amounts were used to reduce employer contributions for the years 2022 and 2021, respectively.

Participant Loans: Loans to participants are permitted. The minimum participant loan amount is \$1,000. Participants may only have one outstanding participant loan at a time; refinancing is allowed.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note B - Significant Accounting Policies

Plan Termination: Although it has not expressed any intent to do so, the plan sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement: The Plan follows ASC Topic 820, *Fair Value Measurements*, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

ASC Topic 820 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's judgments about the assumptions that market participants would use in pricing the asset or liability based on the best information available in the circumstances.

The hierarchy is broken down into three levels based on the reliability of inputs, as follows:

Level 1 - Valuations are based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

Level 2 - Valuations are based on quoted prices in markets that are not active, or for which all inputs are observable, directly or indirectly.

Note B - Significant Accounting Policies (Continued)

Fair Value Measurement (Continued)

Level 3 - Valuations are based on inputs that are not observable and are significant to the overall fair value measurement.

Payment of Benefits: The Plan records benefits to participants when paid.

Administrative Expenses: The plan sponsor absorbs all significant costs of plan administration.

Income Taxes: The Plan follows ASC Topic 740, *Income Taxes*, which prescribes a recognition threshold and measurement principles for financial statement recognition and measurement of uncertain tax positions

Note C - Information Prepared and Certified by the Trustees

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustees.

	2022	2021

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note E - Group Annuity Contract with Insurance Company

The Plan has entered into a group annuity contract with Empower Retirement. The contract is a fully benefit-responsive investment contract that provides a stated rate of return that insulates participants' accounts from daily fluctuations in the market. Under the terms of the contract, participants may direct permitted withdrawal or transfer transactions of all or a portion of their balance at contract value. Contract value represents contributions, plus credited interest, less participant withdrawals and fees. This investment is presented on the face of the statement of net assets available for benefits at contract value. The contract value was \$2,464,388 and \$3,648,890 at December 31, 2022 and 2021, respectively.

Certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, an amendment to the Plan document, or a change in the administration or operation of the Plan.

Note F - Parties-in-interest Transactions

Various companies provide investment advisory, recordkeeping, trustee, and auditing services to the Plan, and therefore are considered parties-in-interest. During 2022 and 2021 trustee services were provided to the Plan by Reliance Trust Company, Great-West Life & Annuity Insurance Company, Empower Annuity Insurance Company of America, and Empower Trust Company, LLC. Third-party administration services were provided by Empower Retirement, LLC, and Definiti, LLC. Some fees paid for such services comprise administrative expenses that are customary and usual for the types of services provided and qualify as party-in-interest transactions. There were no amounts due from or payable to parties-in-interest as of December 31, 2022 and 2021.

The following amounts were paid by the Plan to parties-in-interest.

	2022	2021
Empower Retirement, LLC	\$ 12,563	\$ 7,063

Note G - Tax Status

On January 1, 2021, the Plan adopted a standardized form of prototype plan sponsored by Definiti, LLC, and was most recently amended effective January 1, 2022, to make participant loans and hardship distributions available to the participants and beneficiaries of the Plan. The IRS has informed Definiti, LLC, by letter dated June 30, 2020, that the Plan was designed in accordance with the applicable sections of the IRC. Although the Plan has been amended subsequent to the date of this letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is exempt. The Plan's information returns are open to Internal Revenue Service examination for the 2019 tax year and all subsequent years.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that those changes could materially affect the amounts reported in the statements of net assets available for benefits.

The COVID-19 pandemic continues to bring uncertain economic conditions to every industry sector. An estimate of the financial effect or range of loss related to the COVID-19 pandemic cannot be made at this time.

Note I - Benefits Payable

As of December 31, 2022 and 2021, no participants had elected to withdraw from the Plan but had not yet been paid.

Note J - Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation. Those reclassifications have no effect on the previously reported change in net assets available for benefits.

Note K - Subsequent Events

Subsequent events were evaluated through October 14, 2023, which is the date the financial statements were available to be issued.
