GDI 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of GDI 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2022, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of GDI 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GDI 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GDI 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GDI 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Participant Contributions and Schedule of Assets Held at Year End, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of GDI 401(k) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 12, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

Effective March 28, 1996, Glass & Door International Inc. (the "Sponsor") adopted the GDI 401(k) Plan (the "Plan") to provide retirement benefits for all eligible employees. Other employers electing to become a participating employer in the Plan include Houston Art Glass Enterprises Inc. dba Houston Craft Supply, GlassCraft Door Manufacturing Corporation, Houston Glasscrafters Inc., Glasscraft Millwork Corporation, Glass & Door International LLC, and GlassCraft Door LP, (collectively with the Sponsor, referred to as the "Company"). The Plan was amended and restated effective January 7, 2021. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General: The Plan is a defined contribution plan covering most full-time employees of the Company that are at least 18 years old. An employee may enter the Plan on the first payroll date upon meeting the eligibility requirements. Employees who are at least 18 years old and who have met a one year service requirement are eligible for Company matching contributions. Employees are eligible for Company matching contributions semi-annually on the first day of the Plan year or the first day of the seventh month of the Plan year after meeting Company matching eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Custodian and administration: The Plan's assets are invested through participant-directed accounts in various pooled separate accounts and a fixed account. Empower Retirement, LLC ("Empower"), upon acquisition of Massachusetts Mutual Life Insurance Company ("Mass Mutual"), effective December 31, 2020, acts as the asset manager and custodian for the Plan's group annuity contract and as recordkeeper and service provider for the Plan. Empower and Mass Mutual are referred to herein as the "Custodian". Duties of the Custodian include, among others, recordkeeping, receiving and investing cash contributions and investment income and making payments from the Plan funds as directed by the participants and the Plan administrator.

Administrative functions are performed by officers or employees of the Company. Certain administrative services and costs are incurred by the Company without cost to the Plan. No officer or employee of the Company receives compensation from the Plan.

Contributions: Participants may make contributions to the Plan under a 401(k) salary deferral arrangement up to the maximum percentage (100%) of annual compensation, as defined by the Plan, and the dollar amount permitted under section 402(g) of the Internal Revenue Code ("IRC") not to exceed $20,500 in 2022. Additionally, participants who are at least 50 years of age as of December 31, 2022, are permitted to make catch-up contributions of up to an additional $6,500 for 2022. Participants are also allowed to contribute amounts representing distributions from other qualified defined benefit or contribution plans as rollover contributions.

During 2022, the Company made a safe harbor matching contribution equal to the employee's elective salary deferral up to 100% of the first 3% and 50% of the next 2%. The Company may also make a discretionary employer contribution. No discretionary employer contributions were made for 2022.

Participant Accounts: Each participant's account is valued on a daily basis and is credited with the participant's contribution, his or her portion of the Company's matching and profit sharing contributions and account earnings and is charged with applicable withdrawals, account losses, and an allocation of certain administrative expenses as determined by the different investment options he or she directs the Plan Custodian to make on his or her behalf. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of the Plan - Continued

Vesting: Participants are immediately fully vested in their contributions and Company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary employer contributions of their accounts, plus actual earnings thereon, is based on continuous service. Participants are vested in the Company discretionary employer contributions based on the following table:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

The Plan provides for a participant to be fully vested upon death, permanent disability, or the participant's normal retirement date if the participant is an active employee at the time of the event.

Investments: Upon enrollment in the Plan, a participant may direct the allocation of their contributions and Company contributions among various investment funds offered by the Plan's Custodian. Each participant can choose to deposit all contributions in one fund or allocate the investment among several funds in any whole percentages. The funds are invested in a broad range of stocks and bonds with varying risks. The allocation of investment income for each of the investment options is based on the ratio that each participant's account balance bears to the total account balance of all eligible participants.

Notes Receivable from Participants: Under provisions of the Plan, participants may borrow from their fund accounts up to a maximum of the lesser of $50,000 or 50% from the vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Generally, loan terms may not exceed five years unless the loan is for the purchase of a primary residence, in which case the Plan administrator may permit a longer repayment term. The loans are collateralized by the vested balance in the participants' accounts and bear interest at the prime interest rate plus 1%. Interest rates on participant loans outstanding as of December 31, 2022 and 2021 ranged from 3.25% to 6.50%. Principal and interest are repaid ratably through periodic payroll deductions.

Payment of Benefits: On termination of service, a participant who has a vested interest in their account which is less than or equal to $5,000 shall receive a lump sum equal to the vested interest of their account. Participants who have a vested interest in their account which exceeds $5,000 may elect to leave their account balance in the Plan or receive a single or partial lump sum payment equal to the vested interest of their account.

Under the terms of the Plan, participants who attain retirement age will receive a distribution equal to the value of his or her vested account. Upon the death of the participant while actively employed, the distribution is paid to the participant's designated beneficiary. All participants will receive their account balance in a lump sum equal to the vested interest of their account.

Withdrawals: Participants may make early withdrawals up to the full balance of their elective deferral contributions in their account under the hardship provision of the Plan. A participant may make unrestricted withdrawals of the vested interest of their accounts on or after age 59 1/2. Vested contributions and earnings are automatically distributable under the required minimum distribution rules at the later of the date the participant attains age 70 1/2 or terminates employment.

Note 1. Description of the Plan - Continued

Forfeited Accounts: Forfeitures consist of the non-vested portion of terminated participant account balances and may be used by the Plan to pay for Plan expenses or reduce any employer matching contributions. As of December 31, 2022 and 2021, the forfeiture account balance totaled $206 and $196, respectively. During 2022, no employer contributions or Plan expenses were funded from the forfeiture account.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Benefits are recorded when paid.

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to use estimates that affect certain amounts reported in the financial statements, accompanying notes, and supplemental schedules. Actual results could differ from those estimates.

Investment valuation and income recognition
The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which are reported at contract value) as further described in Note 4 and 5. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contract, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Loans to participants are reported as notes receivable from participants at the unpaid principal balance plus any accrued but unpaid interest.

Federal income tax
GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the Internal Revenue Service ("IRS"). The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. As of December 31, 2022, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2019 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Reclassification
Certain prior year amounts have been reclassified to conform to current year presentation.

Note 3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest income on notes receivable from participants, and investment income for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Custodian.

Note 4. Fair Value Measurements

GAAP provides the framework for measuring fair value and expands disclosures about fair value measurement.

Financial assets recorded at fair value in the statements of net assets available for benefits are categorized by the level of objectivity associated with the inputs used to measure their fair value. The Plan categorizes its fair value measurements into a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

    - Quoted prices for similar assets and liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals);
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measurement in its entirety.

Pooled separate accounts are valued at the net asset value of units of the underlying funds at the reporting date ("NAV"). NAV is calculated each business day with issuances and redemptions of units of the funds made based on the net asset value per unit as determined on the valuation date. Information reported in the audited financial statements of the respective funds, if available, was used by Empower in the determination of NAV. No adjustments to the net asset values provided by Empower have been made by the Plan Sponsor. Participant transactions (purchases and sales) may occur daily.

Note 4. Fair Value Measurement - Continued

The following tables set forth, by level within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2022 and 2021:

	2022			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 4,290,247	$ -	$ 4,290,247
Totals	$ -	$ 4,290,247	$ -	$ 4,290,247

	2021			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 5,576,408	$ -	$ 5,576,408
Totals	$ -	$ 5,576,408	$ -	$ 5,576,408

Note 5. Fully Benefit-Responsive Investment Contract (Fixed Account)

The plan has a traditional fully benefit-responsive guaranteed investment contract. The contract issuer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by the contract issuer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the contract issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Note 6. Related Party-Transactions

Certain plan investments of the Plan are managed by the Custodian, as defined by the Plan and, therefore, these qualify as party-in-interest transactions. The Plan also has notes receivable from participants. As a result, these investments, the notes receivable from participants and all related transactions qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Fees paid by the Plan to the Custodian and the third-party administrator for administrative services amounted to $20,861 and $28,606 for the year ended December 31, 2022 and 2021, respectively.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants will have a 100% vested interest in their accounts at the date of termination, and benefits will be distributed in accordance with the provisions of the Plan.

Note 8. Tax Status

The Plan was established under a non-standardized prototype profit sharing 401(k) Plan which received its most recent opinion letter dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. The Sponsor has determined that it is eligible to, and has chosen to, rely on the current IRS opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Sponsor has indicated that it will take the necessary steps, if any, to ensure the Plan and trust's operations are in compliance with the Code.

Note 9. Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Form 5500 as of December 31, 2022 and 2021:

	2022	2021
Net assets available for plan benefits per the financial statements	$ 4,810,253	$ 6,043,856
Participant loans deemed distributions	(5,001)	(23,720)
Net assets available for plan benefits per the Form 5500	$ 4,805,252	$ 6,020,136

Note 11. Subsequent Events

Plan management has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued. Effective January 1, 2023, the Plan was amended to add a participation eligibility requirement of one year of service. No other subsequent events occurred which would require adjustment or disclosure to the financial statements as of December 31, 2022.
