Independent Auditor's Report

The Plan Administrator
Retail Capital, LLC 401(k) Plan
Troy, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Retail Capital, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at Year End) as of December 31, 2022 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves,

and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Retail Capital, LLC 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following brief description of the Retail Capital, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering substantially all employees of Retail Capital, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Participation Requirements

All employees of the Company who are age 18 or older and have completed three months of service become eligible to make contributions as well as receive discretionary Company match and non-elective contributions.

Contributions

There are three types of contributions to the Plan:

- *Salary Reduction Contribution* - Participants may elect to have their salary reduced and have the amount of the reduction contributed to the Plan by the Company. Generally, the salary reduction contribution amount may be from 1% to 90% of eligible earnings but may not exceed the legal maximum contribution allowed under tax regulations. Participants may also contribute rollover contributions from other qualified plans. Catch-up contributions for those age 50 and over during the Plan year are also allowed by the Plan, subject to certain limitations.

The Plan also allows Roth contributions. This option allows individuals eligible for the Plan to make after-tax contributions to their retirement accounts.

During 2021, the Plan implemented an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The rate is set to increase by 1% annually, not to exceed 10% of eligible compensation.

- *Company Matching Contribution* - The Company may contribute a matching contribution to the Plan. Employer matching contributions were paused in June 2020 until September 2021, when the match was reinstituted. Prior to March 1, 2022, the Plan provided for employer matching contributions equal to 50.0% of elective deferrals up to 4% of eligible earnings. Effective March 1, 2022, the Plan provides for employer matching contributions equal to 50.0% of elective deferrals up to 6% of eligible earnings. Employer matching contributions totaled \$305,532 and \$59,641 during the 2022 and 2021 Plan years, respectively.

Retail Capital, LLC 401(k) Plan

Notes to Financial Statements

- **Non-Elective Contribution** - The Company may decide to make a non-elective contribution to the Plan, although the Company is not required to do so. The non-elective contribution will be allocated to all employees eligible to participate in the Plan. The employee must be an eligible participant employed by the employer on December 31 and have completed at least 1,000 hours of service to receive this allocation. There were no non-elective contributions during the 2022 and 2021 Plan years.

Participant Accounts

Each participant's account is credited with the participant's and the Company's contributions and a uniform allocation of investment earnings or losses and plan expenses. Allocations to participants' accounts are based on compensation or account balances, as specified in the Plan Agreement. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Participants may direct the investment of their account balances into various investment options. Participants may change the direction of their investment accounts and the manner in which they are invested on a daily basis.

Vesting of Benefits

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on the following schedule:

Years of Service	Vested (%)
Less than 1	-
1 but less than 2	50
2 or more	100

Forfeitures

Forfeitures resulting from the nonvested portions of participants' accounts who terminate prior to being fully vested generally are used to reduce future Company contributions or pay for Plan expenses. For the years ended December 31, 2022 and 2021, forfeitures of \$4,460 and \$1,582, respectively, were used to offset Company contributions. The total balance in the forfeitures account as of December 31, 2022 and 2021 was \$20 and \$58, respectively.

Payment of Benefits

Upon termination, retirement, death, or disability, participants or their beneficiaries will receive the entire value of their individual accounts, subject to vesting provisions. All vested account balances less than \$5,000 may be distributed automatically to the participant. The Plan allows for in-service withdrawals of participant contributions prior to retirement, if the participant meets certain hardship withdrawal or age requirements. Such withdrawals are subject to approval by the Plan Administrator.

Retail Capital, LLC 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum note amount is \$500. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate, which is the prevailing rate charged by other lenders for similar loans. Interest rates on notes receivable outstanding at December 31, 2022 ranged from 5.25% to 9.00%. The notes are repaid ratably through payroll deductions over a period of five years or less, unless for the purchase of a principal residence, in which case the note terms should not exceed 30 years.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company. Other administrative expenses, such as expenses for Plan loans, distribution fees, and participant investor services, are allocated directly to the accounts of the participants requesting those services.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to certain risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Retail Capital, LLC 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and are measured at the unpaid principal balance plus unpaid accrued interest. Defaulted loans, if any, are reclassified as deemed distributions based upon the terms of the Plan Agreement.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

In accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Mutual Funds - Mutual funds are valued at quoted market prices in an exchange and active market, which represent the net asset value (NAV) of shares held by the Plan.

Collective Investment Trust (CIT) - The collective investment trust is valued at the NAV of the shares held by the Plan at year-end, which is provided by the trustee and was determined based on the fair value of the underlying investments. The NAV is used as a practical expedient to estimate fair value. The CIT provides for daily redemptions by the Plan at reported NAV with no advance notice requirements. This practical expedient is not used when it is determined to be probable that the CIT will sell for an amount different than the reported NAV. There is no restriction in place with respect to the daily redemption of the CIT. There are no unfunded commitments or redemption obligations for the CIT held in the Plan at year-end.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Retail Capital, LLC 401(k) Plan

Notes to Financial Statements

The tables below set forth the Plan's investments by level within the fair value hierarchy measured at fair value on a recurring basis.

4. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee, Reliance Trust Company, a qualified institution, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income (loss) and interest income on notes receivable from participants, as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the direction of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedules.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Retail Capital, LLC 401(k) Plan

Notes to Financial Statements

6. Tax Status

The Company has adopted the Automatic Data Processing (ADP) Non-Standardized Pre-Approved Defined Contribution Plan. ADP obtained an opinion letter from the Internal Revenue Service (IRS) dated October 6, 2020 that the Plan is in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party Transactions and Party-in-Interest Transactions

Expenses paid to ADP and Reliance Trust Company, the current recordkeeper and trustee, respectively, as defined by the Plan, qualify as party-in-interest transactions. Fees paid by the Plan for trustee and recordkeeping services amounted to \$24,457 and \$19,444 for the years ended December 31, 2022 and 2021, respectively. Notes receivable from participants are also party-in-interest transactions.

8. Reconciliation to Form 5500

9. Subsequent Events

Subsequent events have been evaluated by management through October 12, 2023, the date these financial statements were available to be issued.

Effective March 2023, the Plan merged into the The RetireReady 401(k) Plan, a pooled employer plan. The net assets of the Plan totaling approximately \$3,813,000 were transferred, which included approximately \$24,000 of outstanding loans.

10. Delinquent Participant Contributions

During the Plan year ended December 31, 2022, participant contributions totaling \$242 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute prohibited transactions as defined by ERISA. The related lost earnings are expected to be remitted to the Plan during 2023.
