INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Participants of
Blueground US, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Blueground US, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Blueground US, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Blueground US, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Blueground US, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Blueground US, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Blueground US, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

General

The following description of Blueground US, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan, established on September 1, 2019 in accordance with the provisions of Internal Revenue Code ("IRC") Section 401. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration of the Plan

Blueground US, Inc. (the "Company") is the Plan administrator and is responsible for providing the participants and their beneficiaries with information about their rights and benefits under the Plan.

Eligibility

All employees of the Company, other than nonresident aliens with scheduled service of less-than 1000 hours of service in a year, part-time or temporary employees, and employees covered by a collective bargaining agreement, are eligible to participate in the Plan provided they have attained the age of 18.

Contributions

Participants are allowed to make pre-tax and Roth contributions of a percentage of their compensation up to the limitation contained in the Internal Revenue Code ("IRC") in effect for each taxable year. In 2022, participants were permitted to contribute up to a maximum of $20,500 with an additional $6,500 catch-up contribution for employees over 50 years old. The Plan automatically enrolls eligible participants at a rate equal to 3% of compensation, unless otherwise directed by the participant. The automatic deferral percentage will increase by 1% on the first day of each Plan year, up to a maximum of 10% of compensation, unless otherwise directed by the participant.

The Company has the option to contribute discretionary matching contributions and/or discretionary non-elective contributions. Participants must be employed on the last day of the plan year to be eligible to receive discretionary non-elective contributions. For the year ended December 31, 2022, the Company elected to not provide discretionary matching or discretionary non-elective contributions.

Participant Accounts

Each participant directs participant and Company contributions, if any, to the investment options offered by the Plan. Each participant's account is credited with the participant's contribution, Company contributions, if any, and the Plan's earnings (losses), participant withdrawals, and administration expenses, if applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in both employee and employer, if any, contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants are allowed to borrow from their accounts an amount equal to no less than $500 and no greater than $50,000 or 50% of the participant's vested balance. The loans are secured by the balance in the participant's account and bear interest, and principal and interest are repaid ratably through payroll deductions. The loans bear interest at the prime rate at the time of the loan plus one percentage point. General purpose loans must be repaid within five years, and loans used to purchase a primary residence may be paid over 30 years. Interest rates ranged from 4.25% to 7.25% per annum for loans outstanding at December 31, 2022.

Payment of Benefits
In the event of retirement, disability, or termination of employment, participants may elect a lump-sum distribution equal to the value of the participant's vested balance. Participants may also request in-service distributions upon attaining age 59 ½ , or due to certain hardships. The Plan will make a mandatory distribution following severance from employment if a participant has not attained the age of 62 and has an account balance less than $5,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared in compliance with the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires the Company to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Payment of Benefits
Benefit payments are recorded when paid.

Notes Receivable from Participants
Interest income is recorded on the accrual basis. Loans are considered in default if any missed payments are not repaid by the end of the calendar quarter following the calendar quarter in which the missed payment was due. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Investment Valuation and Income Recognition
Investments in registered investment companies and self-directed brokerage accounts are recorded at fair value. See Note 4 Fair Value Measurements for further disclosure of fair value measurements. The Plan's investment in the guaranteed investment contract is fully benefit-responsive investment contract and is valued at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for further information on the guaranteed investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes realized and unrealized gains and losses on investment bought and sold as well as held during the year. Capital gain distributions are included in dividend income. Certain investment related expenses are reflected in net depreciation and are not readily determinable.

Plan Expenses
Certain administrative expenses incurred in the operation of the Plan are paid by the Company and are not reflected in the accompanying financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Administrative expense paid by the Plan for the year ended December 31, 2022 were $904.

The Plan invests in various investment securities. These investments are exposed to risks such as interest rate, market, and credit risk. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in risks in the near term could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election the trustees of the Plan, Empower Annuity Insurance Company of America and Empower Trust Co, LLC have certified the completeness and accuracy of all investments and notes receivable from participants and related investment activity and interest income on notes receivable from participants in the accompanying statement of net assets available for benefits as of December 31, 2022, the statement of changes in net assets available for benefits for the year ended December 31, 2022 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company have certified the completeness and accuracy of all investments and notes receivable from participants in the accompanying statement of net assets available for benefits as of December 31, 2021 As such, Empower Annuity Insurance Company of America, Empower Trust Co, LLC, Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company were the Plan's trustees (collectively the "Trustees") during 2022 and 2021. No auditing procedures were performed with respect to the information certified by the Trustees, except for comparing such information with the information reported in the financial statements.

4. FAIR VALUE MEASUREMENTS

The Plan's investments are recorded in accordance with FASB ASC 820, *Fair Value Measurement*, which established a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Registered Investment Companies: The fair value of the registered investment companies is based on the net asset value of the shares held by the Plan at year end as reported on the active market on which the funds are traded.

Common Stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate Bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual Funds: Values at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

US Government Securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

Self-directed Brokerage Account: Investments include common stocks, US government securities, corporate bonds, and mutual funds and interest-bearing cash: valued as noted above.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 1,582,862	$ -	$ -	$ 1,582,862
Self Directed Brokerage Accounts	76,790	-	-	76,790
Total investments, at fair value	$ 1,659,652	$ -	$ -	$ 1,659,652

	Assets at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 859,093	$ -	$ -	$ 859,093
Self Directed Brokerage Accounts	186,877	-	-	186,877
Total investments, at fair value	$ 1,045,970	$ -	$ -	$ 1,045,970

5. FULLY BENEIFIT RESPONSIVE INVESTMENT CONTRACT

The Plan holds a fully benefit-responsive investment contract (guaranteed investment contract) issued by Empower Annuity Insurance Company of America at December 31, 2022 and Great-West Life & Annuity Insurance Company at December 31, 2021, that guarantees a minimum rate of interest for the life of the annuity contract. The contract value of the fund is determined based on the contributions plus interest and transfers into the fund less amounts distributed, transferred out and any premium taxes paid, if any. The fund if held in a general account with the issuer of the contract. Stability of principal is the primary objective of this investment option.

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The guaranteed annual interest rate is guaranteed for the life of the contract, but may be higher from time to time, and is compounded daily.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) premature termination of the contracts by the plan, (b) bankruptcy of the Company or other events (for example, plant closings, layoffs, plan termination, mergers, and early retirement incentives) that cause a significant withdrawal from the Plan, or (c) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA of 1974. The Company does not believe that any events that would limit the Plan's ability to transact at contract value with the issuer are probable of occurring.

6. PARTIES-IN-INTEREST TRANSACTIONS

The Plan's investment in the guaranteed investment contract is issued by certain of the Plan's Trustees. Therefore, the related investment transactions are considered party in interest transactions. Notes receivable from participants are also considered party-in-interest transactions. All such party-in-interest transactions are exempt from the prohibited transaction rules.

7. TAX STATUS

The Plan adopted a prototype profit sharing 401(k) plan which obtained its latest opinion letter on June 30, 2022, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Furthermore, no provision for income taxes has been included in the Plan's financial statements.

Accounting standards requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA.

9. SUBSEQUENT EVENTS

Management of the Plan has evaluated events and transactions that occurred after December 31, 2022, through October 13, 2023, for potential recognition or disclosure in the financial statements. Plan management has determined that there are no subsequent events requiring recognition or disclosure in the financial statements.
