Independent Auditor's Report

To the Plan Administrator and Participants of the
Pro-Tek Consulting 401(k) Profit Sharing Plan & Trust
Anaheim, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed audits of the accompanying financial statements of Pro-Tek Consulting 401(k) Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in notes to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Pro-Tek Consulting 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pro-Tek Consulting 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pro-Tek Consulting 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pro-Tek Consulting 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year (Schedule H, Line 4i) and Schedule of Reportable Transactions (Schedule H, Line 4j) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

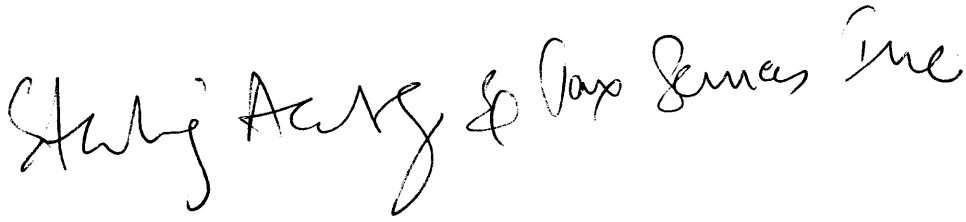

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of Pro-Tek Consulting 401(k) Profit Sharing Plan & Trust were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 12, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Description of plan:

General:

Pro-Tek Consulting (the "Company") is the sponsor of the Pro-Tek Consulting 401(k) Profit Sharing Plan & Trust (the Plan), a defined contribution retirement plan covering substantially all employees of the Company who have completed one month of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Plan Administration:

The trustees of the Plan are certain officers of the Company. The Plan Trustee holds a contract with Mid Atlantic Trust Company (the Investment trustee), which accepts and hold contributions to the Plan and pays benefits to participants based on plan provisions. Investment transactions are directed by the participants, and Paychex Inc acts as the Plan's third-party administrator.

Contributions:

Each year, participants in the Plan may contribute up to 100% of their pre-tax annual compensation, subject to limitations under the Internal Revenue Code. Participants who will be at least 50 years of age by the end of the plan year may make an additional "catch-up" contribution of up to $6,500. Participants may also contribute amounts distributed from other qualified plans (rollover contributions). Each year the Company may make a discretionary contribution to the Plan allocated to participants based on a ratio of participant's annual compensation to total compensation. As of December 31, 2022 and 2021, there have been no employer contributions to the Plan.

Participant accounts and Investment Options:

Participant accounts are all self-directed and each participant's account is credited with the participant's contributions and allocations of the Company's contributions, if any, and plan earnings. Each account is also charged with an allocation of administrative expenses not paid for by the Company. Investments in the Plan are self-directed by each Plan participant. The value of investment accounts of the terminated participants at December 31, 2022 was approximately, $5,200.

Vesting:

Participants are immediately 100% vested in their contributions plus earnings thereon. The Company's discretionary contributions are subject to a vesting schedule. Vesting is based on years of continuous service as follows:

Years of service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes to Financial Statements (continued)

Description of plan (continued):

Vesting (continued): Benefits attributable to each participant will become fully vested in the event of death, total disability, normal retirement at age 65, or upon termination or discontinuance of the Plan. A participant, whose service terminates prior to his normal retirement age, other than by reason of death or disability, is entitled to a termination benefit based upon his vested entitlement.

Notes receivable from participants: Participants are allowed to borrow against their individual vested accounts. Loan amounts are limited to 50% of a participant's vested account subject to a maximum of $50,000 with an interest rate that approximates the current market value. Participants may only have one loan outstanding at any given time. Generally, principal and interest are paid ratably through payroll deductions.

Payment of benefits: Distributions of benefits from the Plan to a participant, or his/her heirs are allowed in the case of death, disability, retirement, or termination of employment with the Company. Upon termination, a participant may elect to have their balances distributed in lump sum or minimum required payments.

Forfeited accounts: Forfeitures of non-vested employer contributions are first used to pay administrative expenses and then to offset the employer matching contribution in the plan year in which forfeiture occurs. As of December 31, 2022 and 2021, the Company has made no employer contributions to the Plan and thus, there are no forfeitures.

Plan expenses: Certain administrative costs and fees are paid by the Company. However, the Plan permits the payment of Plan expenses using the Plan assets. When expenses are paid using the Plan's assets, the expenses are allocated among the accounts of all participants of the Plan. Total administrative expenses paid using the Plan assets during the years ended December 31, 2022 and 2021 totaled $ 1,237 and $ 716, respectively.

Summary of significant accounting policies:

Basis of accounting: The Plan's financial statements are prepared using the accrual method of accounting. Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements (continued)

Summary of significant accounting policies: (continued):

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Tax status: The Company adopted a standardized prototype plan, which obtained a determination letter dated April 10, 2014, which stated that the Plan, as designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan was amended and restated in 2022. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore no provision for income taxes is included.

Disclosure or accrual of uncertain tax positions is not required when it is more likely than not that the plan is entitled to the economic benefits resulting from the positions taken in income tax returns. The Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

Investment valuation and income recognition: Investments contracts held by a defined-contribution plan are reported as fair value, defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan is funded with a group annuity contract, which offers a general account and various pooled separate accounts. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Information certified as complete and accurate by custodian (unaudited): The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's Investment trustee has certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, and 2021 and Schedule H, Line 4j – Reportable Transactions for the year ended December 31, 2022.

Notes to Financial Statements (continued)

Related-Party transactions: The trustee and participants are considered parties-in-interest under ERISA. These transactions are considered exempt party-in-interest transactions under ERISA. In addition, the Plan sponsor paid $5,000 to the auditor of this Plan during the year ended December 31, 2022. This was incurred by the Plan for the year ended December 31, 2021, audit.

Fair value measurements: The Financial Accounting Standards Board has issued Fair Value Measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 and Level 2 inputs were not available.

Valuations: All investments are in mutual funds and money market accounts. The fair values for mutual funds and money market accounts are based on quoted price in active markets and are therefore classified within Level 1 of the fair value hierarchy.

Notes to Financial Statements (continued)

Fair value of investments:

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of:

December 31, 2022	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
Cash and cash equivalents	$ 4,705	$ -	$ -	$ 4,705
Registered Investment Companies	154,050	-	-	154,050
Total fair value of investments	$ 158,755	$ -	$ -	$ 158,755

December 31, 2021	Quoted prices in active markets for identical assets (Level 1)	Significant other observable Inputs (Level 2)	Significant unobservable Inputs (Level 3)	Total
Registered Investment Companies	$ 63,736	$ -	$ -	$ 63,736
Total fair value of Investments	$ 63,736	$ -	$ -	$ 63,736

Notes to Financial Statements (continued)

Reconciliation of financial statements to Form 5500:

The following is a reconciliation of net assets available for plan benefits according to the financial statements to Form 5500 for the years ended December 31:

	2022	2021
Net Assets Available for Plan Benefits per F/S	$ 137,803	$ 63,736
Excess contribution payable	20,952	-
Net Assets Available for Plan Benefits per Form 5500	$ 158,755	$ 63,736

Year ended December 31,	2022
Deductions to Net Assets per the financial statements	$ 46,049
Excess contribution payable, end	(20,952)
Deductions to Net Assets per Form 5500	$ 25,097

Excess contribution payable:

The Plan was not in compliance with the Actual Deferral Percentage test for the plan year ended December 31, 2022 and 2021. The Plan administrator corrected these deficiencies in the respective following years by distributing the excess contributions, along with an income allocation based on the earnings rate under the Plan as a whole, in order for the Plan to pass the ADP test in all those years. The excess contributions for the year ended December 31, 2021 was included as an expense of 2022.

Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent events:

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 11, 2023, which is the date the financial statements were available for release.
