INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
the Rouse Estate 403(b) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Rouse Estate 403(b) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Rouse Estate 403(b) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Rouse Estate 403(b) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the

design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Rouse Estate 403(b) Retirement Savings Plan's ability to continue as a going-concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Rouse Estate 403(b) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Rouse Estate 403(b) Retirement Savings Plan's ability to continue as a going-concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT
(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and of assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

Note A - Description of Plan

The following brief description of the Rouse Estate 403(b) Retirement Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Rouse Estate 403(b) Retirement Savings Plan, established January 1, 1996, and most recently amended and restated effective January 1, 2019, is a defined contribution retirement plan which covers substantially all full-time employees of the Rouse Estate.

Eligibility - Employees are eligible to begin making elective deferrals and receiving matching contributions to the Plan on their date of hire, regardless of their age, except that per diem employees are not eligible to receive matching contributions.

Employee Contributions - Contributions are directed by each participant within specific funds chosen by the Plan. Participants may make elective deferrals to the Plan up to the maximum amount allowed by the Internal Revenue Code (IRC).

Employer Contributions - The employer matches participant contributions up to three percent of the participant's compensation based on the following schedule:

<u>Years of Service</u>	<u>Matching Contribution Formula</u>
4 or less	\$0.25 per dollar
5 - 9	0.50 per dollar
10 - 14	0.75 per dollar
15 or more	1.00 per dollar

Participants' Accounts - Each participant's account is credited with (a) the participant's contributions, (b) the employer's matching contributions, (c) rollover contributions, (d) an allocation of investment income (loss) and appreciation (depreciation) in the fair value of investments, and each participant's account is reduced by participant withdrawals and related fees.

Vesting - Participants are immediately vested in their elective deferrals plus actual earnings thereon. Participants are vested in the employer's matching contributions plus actual earnings thereon based on years of continuous service. Participants become fully vested, regardless of their years of service, upon attainment of normal retirement age, or upon disability, death, or termination of the Plan. Employer contributions are vested as follows:

Years of service	1	2	3	4	5	6
Vested amount	0%	20%	40%	60%	80%	100%

THE ROUSE ESTATE 403(b) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

Note A - Description of Plan (Continued)

Participant Loans - Participants may borrow from their plan account a minimum amount of \$1,000 and a maximum amount of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the effective rates at the time of the application.

Payment of Benefits - Upon termination of service, a participant receives a distribution equal to the value of the participant's vested interest in his or her account.

Withdrawals - Hardship distributions may be made under specific conditions as defined in the Plan. A participant may make a withdrawal of his or her vested account balance after the participant attains the age of 59½. A participant may also make a withdrawal after incurring a disability, as defined in the Plan.

Plan Termination - Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue contributions and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their allocation of employer contributions.

Note B - Summary of Significant Accounting Policies

Notes Receivable from Participants - Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income from participant loans is recorded on the accrual basis.

Investment Valuation and Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements - The Plan follows the provisions of ASC Topic 820, *Fair Value Measurement*. It defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

It establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's judgments about the assumptions that market participants would use in pricing the asset or liability based on the best information available in the circumstances.

The hierarchy is broken down into three levels based on the reliability of inputs, as follows:

Level 1 - Valuations are based on quoted prices in active markets for identical assets or

NOTES TO FINANCIAL STATEMENTS

Note B - Summary of Significant Accounting Policies (Continued)

Fair Value Measurements (Continued)

liabilities that the Plan has the ability to access. Valuation adjustments are not applied to level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

Level 2 - Valuations are based on quoted prices in markets that are not active, or for which all inputs are observable, directly or indirectly.

Level 3 - Valuations are based on inputs that are not observable and are significant to the overall fair value measurement.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits - Benefit payments to participants are recorded when paid.

Administrative Expenses - Plan administrative expenses are paid by the plan sponsor. Certain administrative functions are performed by officers and employees of the plan sponsor. No such officer or employee received compensation from the Plan.

Income Taxes - The Plan follows ASC Topic 740, *Income Taxes*, which prescribes a recognition threshold and measurement principles for the financial statement recognition and measurement of uncertain tax positions.

Note E - Tax Status

The Plan adopted a standardized form of prototype plan sponsored by Definiti, LLC, successor to Boetger Retirement Plan Services. The prototype plan obtained its latest advisory letter on March 31, 2017, in which the Internal Revenue Service stated that the prototype plan, as then designed, was acceptable under Section 403(b) of the Internal Revenue Code for use by eligible employers for the benefit of their employees. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified.

Note F - Party-in-interest Transactions

Various companies provide investment advisory, recordkeeping, custodial, and auditing services to the Plan, and therefore, are considered parties-in-interest. Northwest Bank, the custodian, Definiti, LLC, the third-party administrator, and Kersey & Associates, PC, the independent auditor, qualify as parties-in-interest. Fees paid for such services comprise administrative expenses that are customary and usual for the types of services provided. Administrative costs are paid by the plan sponsor rather than by the Plan. There were no amounts due from or payable to parties-in-interest as of December 31, 2022 and 2021.

THE ROUSE ESTATE 403(b) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

Note G - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The COVID-19 pandemic continues to bring uncertain economic conditions to every industry sector. An estimate of the financial effect or range of loss related to the COVID-19 pandemic cannot be made at this time.

Note H - Benefits Payable

There were no benefits payable as of December 31, 2022. One participant had elected to withdraw \$18,171 from the plan but had not yet been paid as of December 31, 2021.

Note I - Subsequent Events

Subsequent events were evaluated through October 15, 2023, which is the date the financial statements were available to be issued.
