Independent Auditor's Report

To the SPS Commerce, Inc. 401(k) Retirement Savings Plan
Plan Employees and Participants therein:

Opinion

We have audited the accompanying financial statements of SPS Commerce, Inc. 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ABC Company Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ABC Company Employee Benefit Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

401(K) RETIREMENT SAVINGS PLAN
Notes to Financial Statements**

NOTE A – Plan Description

The following description of the SPS Commerce, Inc. 401(k) Retirement Savings Plan (the “Plan”) is provided for general informational purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, established on December 20, 1995, is a defined contribution plan subject to the provisions of ERISA and was most recently restated on January 1, 2018 when the Plan adopted the Fidelity Volume Submitter Defined Contribution Plan document. SPS Commerce, Inc. is the Plan administrator and sponsor (further referred to herein as the “Company,” “Plan Administrator,” or “Plan Sponsor”).

In May 2022, and in connection with the Company’s merger with and corresponding acquisition of all of the outstanding equity ownership interests of Genius Central Systems Inc. (“Genius Central”), the Company transferred the net assets from the defined contribution retirement plan that Genius Central’s eligible employees were participating in (the “Genius Central Plan”) into the Plan. Total net assets transferred into the Plan were \$0.7 million, included as the ‘Transfer in’ in the Statement of Changes in Net Assets Available for Benefits. Participants in the Genius Central Plan became eligible in the Plan in December 2021.

Eligibility

All regular employees, upon attaining age 21, may become participants in the Plan on the first day of each Plan month for both participant deferrals and Company matching contributions. Additionally, participants are eligible to receive Company discretionary nonelective contributions on the first day of the month following one year of eligible service if they are employed as of the last day of the plan year.

Funding Policy

Pretax and Roth contributions made pursuant to participant election deferrals are permitted in whole percentages from 1% to 80% of the participant’s compensation, subject to limits established by law. Participants who will be age 50 or older by the end of the Plan year are permitted to make catch-up contributions. Participants may also make rollover contributions to the Plan from other qualified plans.

The Company matches half of the participant’s elective deferrals, up to the first 6% of the participant’s pre-tax compensation for each pay period. Half of the match is in Company stock, which is purchased in the open market by Fidelity Management Trust Company (“Fidelity”) and immediately deposited into the participant’s 401(k) account. The other half of the match is allocated in the same manner as the participant investment election(s).

The Company may make discretionary nonelective contributions at the discretion of the Company’s Board of Directors. No discretionary employer contributions were made during the year ended December 31, 2022.

Participants’ 401(k) Accounts

Participants’ accounts are credited with their contributions, employer matching contributions, discretionary employer contributions, earnings or losses thereon, and charged with an allocation of administrative expenses. Expense allocations are either pro-rata to each participant or based on each participant’s account balance, as defined by the Plan. The benefit to which a participant is entitled is the benefit which can be provided from the participant’s vested account.

Vesting

Each participant is fully vested in the portion of the participant's account that relates to participant contributions and earnings thereon. Vesting in the employer matching contribution portion of participant accounts, plus actual earnings thereon, is based on hire date and years of vesting service, as defined in the Plan document as follows:

Hire Date and Years of Service	Vesting Percentage
Hire date prior to January 1, 2018	
immediately	100 %
Hire date January 1, 2018 or after	
less than two years of service	0 %
two years or more of service	100 %

Plan participants from the defined contribution retirement plan of a Company acquired entity, D Masons Software, LLC, are fully vested in their discretionary profit sharing and employer matching contributions on balances transferred into the Plan. All contributions made after entering the Plan follow normal Plan vesting terms, as noted above.

Forfeitures

Upon a participant's termination, the unvested portion of the participant's employer account is forfeited. Forfeitures remain in the Plan and are used to pay administrative expenses. Any remaining amounts are used to reduce future employer contributions payable under the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years and are secured by the balance in the participant's account. A participant may have longer payment terms as determined by the Plan Administrator if the note is for the purchase of a principal residence. Participant notes receivable bear fixed interest based on the prevailing interest rates charged by other lending institutions for loans which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions for active participants. A participant may only have one outstanding loan at one time.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants shall be 100% vested in their accounts.

Benefits Paid to Participants

Upon termination of service due to death, disability, retirement, termination of employment, or other reasons as defined in the Plan, the participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in the form of a lump-sum amount, in approximately equal installment payments, or rollover the entire vested portion to a qualified plan, depending on the participant's account balance.

If the vested account balance does not exceed \$1,000, a lump-sum distribution will be made. If the value of a separated participant's vested balance is between \$1,000 and \$5,000, the Plan requires the vested balance to be transferred to an individual qualified retirement account. If the vested balance exceeds \$5,000, a participant may elect to keep the vested account balance in the Plan, receive a lump-sum distribution, or rollover the entire vested portion to a qualified plan.

Participants are permitted withdrawals from their Plan accounts for financial hardships. Hardship withdrawals must be approved by the Plan Administrator.

Investment Options

Except for the Company stock portion of the Company matching contribution, all Plan investments are participant directed. Participants may direct the investment of their account balance into various funds and may transfer assets in their accounts between funds on a daily basis, including the Company stock portion of the Company matching contribution.

NOTE B – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income (Loss) Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

Plan administrative expenses, including investment fees, transaction fees, and investment management services, are charged to participant accounts as a percentage of assets invested. Plan administration fees, including audit and legal fees, are paid by the Plan Sponsor.

Benefits Paid to Participants & Contributions

Benefits paid to participants are recorded by the Plan when paid. Effective January 2022, contributions are recorded by the Plan when paid. Prior to January 2022, contributions were recorded on an accrual basis. The change does not have a material impact on the Statements of Net Assets Available for Benefit or the Statement of Changes in Net Assets Available for Benefits.

Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' balances and the amounts reported in the statements of net assets available for benefits.

Concentration of Market Risk

At December 31, 2022 and 2021, 9% of the Plan's net assets were invested in the common stock of the Company. The underlying value of the Company's common stock is entirely dependent upon the performance of the Company and the market's evaluation of such performance. It is possible that changes in the fair value of the Company's common stock in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions in the quarter subsequent to when a participant misses a scheduled repayment. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Accounting Pronouncements Recently Adopted

For the year ended December 31, 2022 there were no new accounting pronouncements that were adopted.

Subsequent Events

Except for that noted in Note F, the Plan is not aware of any subsequent events, which would require recognition or disclosure in the financial statements, through June 29, 2023, the date the financial statements were available to be issued.

NOTE C – Fair Value Measurements

Fair Value Measurements

The Plan measures certain financial assets at fair value on a recurring basis based on a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of inputs that may be used to measure fair value are:

- Level 1 – quoted prices in active markets for identical assets or liabilities.

- Level 2 – observable inputs other than Level 1 prices, such as: (a) quoted prices for similar assets or liabilities, (b) quoted prices in markets with insufficient volume or infrequent transactions (less active markets), or (c) model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – unobservable inputs to the valuation methodology that are significant to the measurement of fair value of assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common Stock: Valued at quoted market prices, as they are actively traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the NAV of shares held by the Plan based on the fair value of its underlying assets reported in the fund’s audited financial statements. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it was determined to be probable that the funds will sell the underlying investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Common stock	\$ 11,303,519	\$ —	\$ —	\$ 11,303,519

NOTE D – Income Tax Status

The Plan uses a volume submitter plan document created by Fidelity Management & Research Co. (“FMR”), an affiliate of the Plan’s recordkeeper, Fidelity. The Internal Revenue Service (“IRS”) has determined and informed FMR by a letter dated June 30, 2020, that the volume submitter plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been restated since receiving the FMR opinion letter, the Plan’s management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E – Party-in-Interest Transactions

The Plan held 88,013 shares and 76,631 shares of common stock of the Company, the sponsoring employer, valued at \$11.3 million and \$10.9 million at December 31, 2022 and 2021, respectively. The investment and transactions in this investment qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

Plan investments include shares of mutual funds and a collective trust managed by Fidelity, the custodian as defined by the Plan; therefore, transactions in these investments qualify as exempt party-in-interest transactions.

Certain employees of the Plan Sponsor provide administrative services to the Plan. These services are provided at no cost to the Plan.

Party-in-interest transactions also include loans made to participants.

NOTE F – Subsequent Event

In February 2023, and in connection with the Company's acquisition of all of the outstanding equity ownership interests of GCommerce Inc. ("GCommerce"), the Company transferred the net assets from the defined contribution retirement plan that GCommerce's eligible employees were participating in (the "GCommerce Plan") into the Plan. Total net assets transferred into the Plan were approximately \$2.8 million. Participants in the GCommerce Plan became eligible in the Plan in August 2022.
