INDEPENDENT AUDITOR'S REPORT

The Plan Administrator of
DLA Piper LLP (US) Profit Sharing and 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DLA Piper LLP (US) Profit Sharing and 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PROFIT SHARING AND 401(k) SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The DLA Piper LLP (US) Profit Sharing and 401(k) Savings Plan (the “Plan”) was established by DLA Piper LLP (US) (the “Firm”) to provide participants with a method to fund their retirement on a tax-deferred basis. The following description of the Plan provides only general information. Participants should refer to the Plan agreement and any amendments thereto for a more complete description of the Plan’s provisions.

General—The Plan is a defined contribution plan with a salary deferral arrangement qualified under Section 401(k) of the Internal Revenue Code (the “Code”) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Firm is the Plan Sponsor. The Plan Committee, consisting of certain partners and chiefs of the Firm, serves as the Plan Administrator. BOKF, NA d/b/a Bank of Oklahoma (“BOK Financial”) was the custodian and trustee of the Plan from January 1, 2021 through March 31, 2022. Effective April 1, 2022, custody and trust services are provided by Principal Trust Company (“Principal”). Principal Trust Company is a trade name of Delaware Charter Guarantee & Trust Company. Principal serves as the trustee of the Plan from April 1, 2022 through December 31, 2022. BOK Financial and Charles Schwab maintain optional self-directed brokerage accounts for participants who desire greater investment flexibility from January 1, 2021 through March 31, 2022 and from April 1, 2022 through December 31, 2022, respectively.

Eligible Participants—Eligible employees, as defined, become eligible to participate in the Plan on the employee’s date of hire. Participants may immediately make salary deferral contributions (including catch-up contributions and eligible rollover contributions) to the Plan. Partners in the Firm receive the Firm’s profit-sharing contributions if employed as of the last day of the year. All other eligible participants receive the Firm’s profit-sharing contributions on their entry date after they have completed one year of service. Entry dates are December 31 and July 1.

Contributions—Participants may make contributions to the Plan through pre-tax salary reductions of up to 100% of eligible compensation, as defined, and after-tax contributions. Participants who have reached the age of 50 may elect to withhold additional catch-up contributions. Participants may also contribute amounts representing distributions from other tax-qualified plans (rollovers).

The Firm may make a discretionary profit-sharing contribution in an amount based on a percentage of each participant’s annual compensation. Effective January 1, 2021, the Firm’s profit-sharing contribution for each participant, equals the sum of (i) 9.0% of eligible compensation (as defined by the Plan) for the Plan year, plus (ii) 5.5% of eligible compensation for the Plan year over the maximum wages covered by social security (covered compensation), plus (iii) an additional percentage of total eligible compensation in the Plan year in excess of 150% of covered compensation, based on each participant’s age at the end of the Plan year. During 2022, the Company made a profit-sharing contribution of \$38,114,867 to the Plan.

Grandfathered participants of the predecessor Rudnick & Wolfe Employees' and Partners' Profit Sharing Plan are subject to an alternate calculation percentage, as defined by the Plan agreement.

Contributions are subject to certain limitations under the Code.

Participant Accounts—A participant account balance may be comprised of the following sub-accounts: salary deferral, after-tax contribution, Firm profit-sharing contribution, rollover contribution, and after-tax rollover accounts from other qualified plans. Each account is credited with contributions, withdrawals, earnings, and losses thereon, and charged with an allocation of Plan administrative expenses.

Each participant may elect to invest all contributions, including employer contributions, and his or her account balance in a variety of core investment options, that are designed to provide a full range of investment options. Each participant may authorize transfers among investment options at any time, except for investments in limited partnerships. The limited partnerships are no longer an active investment option. The Plan offers mutual funds, collective trust funds, a stable value fund, and a participant directed brokerage account feature (self-directed brokerage account), which offers the option to invest in a wider variety of stocks, mutual funds, bonds, and other securities permitted by the Plan Committee.

Vesting—Participants are immediately vested in their contributions, plus actual earnings and losses thereon. Vesting in the Firm's profit-sharing contribution is based on years of service. A participant is fully vested after three years of service. No vesting occurs during the first and second years of service.

Notes Receivable from Participants—Participants may borrow up to one-half of their vested account balance, not to exceed \$50,000, for a period not to exceed five years, except for notes used to purchase a primary residence for which periods of up to ten years are permitted. Participant notes are evidenced by a written note, collateralized by the vested participant account balance, and bear interest at rates that range from 3.75% to 8.50% during 2022, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through biweekly or monthly payroll deductions.

Payment of Benefits—Generally upon termination of service and at any point in time thereafter, a participant or his or her designated beneficiary may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may also elect to withdraw from their accounts in the event of proven financial hardships.

Forfeitures—The forfeited non-vested account balances of terminated participants are retained in the Plan and are used to reduce future Firm contributions and/or to pay Plan expenses. In accordance with the Plan agreement, forfeitures are first used to reduce Firm contributions for participants who are not partners, and then used to reduce Firm contributions for participants who are partners. As of December 31, 2022 and 2021, the total balance of forfeited accounts was \$1,018,319 and \$949,981 respectively. \$807,000 were used to reduce the 2022 employer contribution receivable balance.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates—The preparation of financial statements in conformity with US GAAP requires the Plan’s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Risks and Uncertainties—The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Overall market volatility includes global events which could impact the value of investment securities, such as a pandemic or an international conflict events. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants’ account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan’s investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for additional information related to fair value measurements.

Purchases and sales of securities are recognized on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at the unpaid principal balances, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits—Benefits are recorded when paid.

Plan Expenses—Many of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in each fund’s prospectus. All such fees are charged directly against the fund’s investment performance and, thus, are not separately disclosed in the accompanying financial statements. Trustee, investment management and recordkeeping expenses are paid by the Plan, and are passed through to participants on a quarterly basis and reflected in accounts approximately 45 days after the end of each quarter. Loan processing fees are deducted from the participant’s account balance. Investment fees for self-directed investment accounts are charged to participant accounts. All other expenses incurred in the administration of the Plan are paid by the Firm and are not reflected in the Plan’s financial statements.

3. CONCENTRATIONS OF SIGNIFICANT INVESTMENTS

As of December 31, 2022 and 2021, the Plan’s investment in the Vanguard Institutional Index Fund accounted for 16% and 17% of the Plan’s total investments, respectively.

4. INFORMATION CERTIFIED BY THE TRUSTEES

The following is a summary of the information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan’s financial statements and supplemental schedule that were prepared by or derived from information prepared by Principal, the

trustee of the Plan as of December 31, 2022 and for the period April 1, 2022 to December 31, 2022, and BOK Financial, the trustee of the Plan as of December 31, 2021 and for the period January 1, 2022 to March 31, 2022, and furnished to the Plan Administrator. The Plan has obtained certifications from the trustees that the information provided to the Plan Administrator by the trustees is complete and accurate.

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual Funds, Including the Money Market Fund—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The money market fund was liquidated during 2022.

Self-Directed Brokerage Account—Valued at the fair value of the underlying securities. The brokerage account is comprised of common stocks, mutual funds, corporate bonds, preferred stocks, government and foreign obligations, and certificates of deposits permitted by the Plan Committee. Common and preferred stocks are valued at the quoted market prices. Corporate bonds are valued using pricing models maximizing the use of observable inputs for similar securities. Government and foreign obligations are valued at quoted market prices, if available, or using pricing models maximizing the use of the observable inputs for similar securities. Certificates of deposits are valued by discounting the related cash flows based on current yields of similar instruments with similar durations considering the creditworthiness of the issuer.

Limited Partnerships—Valued by the general partner using a variety of valuation approaches, including market and income approaches.

Collective Trust Funds—Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities, and then divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities' liquidations will be carried out in an orderly business manner.

Stable Value Fund—A collective trust fund that is composed primarily of fully benefit-responsive investment contracts and is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to confirm that securities liquidations will be carried out in an orderly business manner.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

Total	<u>\$ 550,358,366</u>			

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Firm.

Administrative revenues arise when investment managers return a portion of the investment fees to the trustees. These amounts are allocated, as received, on a pro rata basis to participants who invest in the respective funds and are used to offset the administrative expenses. For the year ended December 31, 2022, \$207,471 was used to offset Plan expenses.

The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

8. FEDERAL INCOME TAX STATUS

The IRS has determined and informed the Firm by a letter dated October 31, 2016, that the Plan was designed in accordance with applicable sections of the Code. In December 2016, the IRS began publishing a Required Amendments List for individually designed plans which specifies changes in qualification requirements. The list is published annually and requires plans to be amended for each item on the list, as applicable, to retain its tax-exempt status.

Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to reduce or discontinue its contributions on behalf of the participants at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

10. SUBSEQUENT EVENTS
