Report of Independent Auditors

To the Administrator of Select Equity Group, L.P. 401(k) PSP and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Select Equity Group, L.P. 401(k) PSP and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Select Equity Group, L.P. 401(k) PSP and Trust
Notes to Financial Statements
December 31, 2022

1. Description of the Plan

The following description of the Select Equity Group, L.P. 401(k) PSP and Trust (formerly known as Select Equity Group, Inc. Overtime 401(k) Profit Sharing Plan And Trust) (the "Plan") provides only general information. Participants should refer to the Plan and Trust Agreement for a more complete description of the Plan's provisions. Terms used in this description have the same meaning as in the Plan Agreement. A Plan year commences on January 1st and ends on December 31st (the "Plan Year").

The Plan is a defined contribution, combination profit sharing and 401(k) plan established on August 1, 1996 (amended and restated effective as of January 1, 2020). The Plan's principal purpose is to allow participants to defer receiving some of their compensation until their retirement and, in the event of death, provide for their dependents and beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is a single-employer plan that was adopted by Select Equity Group, Inc. (the "Plan Sponsor" and "Plan Administrator") and continued by its successor in interest Select Equity Group, L.P.

The Plan's custodian is Charles Schwab Trust Bank (formerly known as Charles Schwab Bank) (the "Custodian") and the record-keeper is Sentinel Benefits & Financial Group (the "Record-keeper"). The Plan is administered by the Plan Sponsor. The Plan Sponsor has the discretion to determine eligibility, interpret the plan, trust, and other plan documents, and decide administrative and operational issues. The Plan has designated EisnerAmper LLP to handle the annual compliance services of the Plan. The Trustees are three principals of the Plan Sponsor (as noted in the Plan Agreement).

All employees meeting age and service requirements are eligible to participate in the plan on their date of employment. Eligible employees may elect to make contributions up to the annual maximum set forth by the Internal Revenue Service ("IRS") or 50% of their base salary, whichever is lower. The Plan Sponsor matches 50% of employee contributions (capped at the annual IRS contribution limit) after one year of employment. Employees are not eligible to participate if they are classified by the Plan Sponsor as an independent contractor, consultant, temporary employee, or intern.

The Plan Sponsor may make discretionary contributions on the employee's behalf to the Plan each year. This amount is determined by the Chairman based on recommendation from the CFO of the Plan Administrator. A participating employee will be eligible for discretionary contributions upon completing a year of employment. The employee will be notified each year of the total amount contributed to the Plan on their behalf. The total discretionary contribution amounts for each of the years ended December 31, 2022 and 2021 were \$3,000,000 and \$3,000,000, respectively.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was signed into law in the U.S., which included several relief provisions available to tax qualified retirement plans and their participants.

1. Description of the Plan (Continued)

Rollover Contributions

The Plan provides for employee rollover contributions to be made by the employee from amounts received from any other qualified retirement plan subject to the provisions of applicable tax laws.

Participant Accounts

Participants self-direct their accounts in various investments such as a long-only managed account, equity mutual funds, fixed income mutual funds, collective investment trusts, and money market funds, as permitted by the Plan Agreement.

Each participant's account is credited with the participant's contributions and rollovers, the employer contributions on the participant's behalf, if any, and an allocation of the Plan's earnings, and charged with an allocation of administrative expenses (if applicable). Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their compensation deferrals and rollover contributions. Employer contributions vest over a five-year period, as noted below:

Years of Vesting Service	Vested Percentage
One but less than Two	20%
Two but less than Three	40%
Three but less than Four	60%
Four but less than Five	80%
Five or more	100%

Payment of Benefits

Benefit payments are made to participants or beneficiaries upon death, disability, termination of employment, retirement or under a grant of financial hardship. The Plan Sponsor, pursuant to the election of the participant, shall direct the Record-keeper to distribute to a participant or such participant's beneficiary any amount to which the participant is entitled under the Plan in one lump-sum payment in cash.

1. Description of the Plan (Continued)

Notes Receivable from participants

Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of (1) \$50,000 reduced by the highest outstanding loan balance during the one-year period on the day before the new loan is made or (2) 50% of the fair market value of the participant's vested account balance, reduced by any outstanding loan balance on the date the new loan is made. All loans shall bear a reasonable rate of interest and must be repaid over a period of one, two, three, four or five years, unless the loan is for the purchase of a principal residence which must be repaid over a period of ten, fifteen or twenty years from the original date of the loan. The current interest rate for loans is determined at the prime rate. All Plan loans must be repaid within ninety days after the participant's date of termination of employment with the employer or an affiliated employer. Loans are secured by the participants' account balances.

Forfeitures

Forfeitures represent non-vested amounts of participants who have severed employment with the employer. All forfeitures may be used to offset both expenses and employer contributions. Any forfeiture amounts which are unallocated at year-end will be used for the payment of expenses and to reduce future employer contributions to the Plan.

During 2022 forfeited non-vested amounts totaled \$93,911. During 2022, the forfeitures balance was invested in a money market fund which earned dividends in the amount of \$326. During 2022, \$17,547 of the forfeitures were used for the payment of expenses, \$55,660 of the forfeitures were used towards profit-sharing contributions, and \$21,030 of the forfeitures were unallocated at year-end.

2. Summary of significant accounting policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared in compliance with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA and the accrual basis of accounting in accordance with generally accepted accounting principles in the U.S. ("GAAP") and all values are stated in U.S. Dollars.

Cash

Cash consists of deposits held at a major financial institution. The Plan is subject to credit risk should the financial institution be unable to fulfill its obligations.

2. Summary of significant accounting policies (Continued)

Fair Value

The Plan Sponsor measures and reports its investments at fair value for securities held in the Plan. The Record-keeper measures and reports Plan investments at fair value for investment funds held in the Plan. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

A fair value hierarchy for inputs is used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable market inputs are used when available. Valuation techniques that are consistent with the market or income approach are used to measure fair value.

In accordance with the authoritative guidance on fair value measurements and disclosures under GAAP, the Plan discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to valuations based upon unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to valuations based upon unobservable inputs that are significant to the valuation (level 3 measurements). The guidance establishes three levels of the fair value hierarchy as follows:

Level 1: Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

Level 2: Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active;

Level 3: Inputs that are unobservable.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input, individually or in the aggregate, that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the Plan Sponsor. The Plan Sponsor considers observable data to be market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

2. Summary of significant accounting policies (Continued)

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Capital gain distributions are included in dividend income.

Administrative Expenses

The Plan is responsible for administrative fees and related expenses. However, the Plan Sponsor at its discretion, can assume the Plan expenses. All expenses of administration may be paid out of the Plan unless paid by the Plan Sponsor. Such expenses shall include any expenses incident to the functioning of the Plan Sponsor, or any person or persons retained or appointed by any named fiduciary incident to the exercise of their duties under the Plan, including, but not limited to, fees of accountants, counsel, investment managers, and other specialists and their agents, and other costs of administering the Plan. Until paid, the expenses shall constitute a liability of the Plan. The amount paid by the Plan Sponsor on behalf of the plan was \$162,845 in 2022, and \$182,006 in 2021.

Income Taxes

The IRS has determined and informed the Plan Sponsor by a letter dated October 12, 2007, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Sponsor and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a tax liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. At December 31, 2022, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2019 forward (with limited exceptions).

2. Summary of significant accounting policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP and the DOL's Rules and Regulations for Reporting and Disclosures under ERISA requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein at the date of the financial statements and disclosures of contingent assets and liabilities. Actual results could differ from these estimates and the difference could be material.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued, unpaid interest. If a participant defaults on a Plan loan and such participant is not entitled to a distribution from their aggregate accounts, then the Plan Sponsor will declare a deemed distribution to have occurred with respect to such Plan loan, effective as of the date of the default. Such deemed distribution shall be applied toward the satisfaction of the participant's Plan loan at the time a distribution is made to the participant in accordance with the terms of the Plan and the balance of the participant's aggregate accounts will be reduced accordingly at such time. If a participant defaults on a Plan loan and such participant is eligible for a distribution from any of the participant's aggregate accounts in accordance with the terms of the Plan, the Plan Sponsor shall cause a distribution from the participant's aggregate accounts to be applied towards satisfaction of the participant's Plan loan default effective as of the date of default and the balance of the participant's aggregate account will be reduced accordingly.

Valuation of the Plan

The Plan Sponsor shall direct the Record-keeper, as of each valuation date, to determine the net worth of the assets comprising each investment fund in the Plan as it exists on the valuation date. In determining such net worth, the Record-keeper shall value the assets comprising each investment fund at their fair market value as of the valuation date. The Record-keeper shall, following the computation of the fair market value, compute each participant's share in each investment fund and assign a gain or loss to each participant's aggregate account. The Record-keeper shall then account for any requests for additions or withdrawals made to or from a specific designated investment fund by any participant.

In determining the fair market value of securities held in the Plan which are listed on a registered stock exchange, the Plan Sponsor shall direct the Record-keeper to value the same at the prices they were last traded on such exchange preceding the close of business on the valuation date. If such securities were not traded on the valuation date, or if the exchange on which they are traded was not open for business on the valuation

2. Summary of significant accounting policies (Continued)

date, then the securities shall be valued at the prices at which they were last traded prior to the valuation date. Any unlisted security held in the Plan shall be valued at its bid price next preceding the close of business on the valuation date, which bid price shall be obtained from a registered broker or an investment banker. In determining the fair market value of assets other than securities for which trading or bid prices can be obtained, the Plan Sponsor may appraise such assets itself, or in its discretion, employ one or more appraisers for that purpose and rely on the values established by such appraiser or appraisers.

Payment of Benefits

Benefit payments are recorded when paid. Benefits are paid in a one-time cash lump-sum payment, which leaves no balance in the participant's account.

3. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy described in Note 2, the Plan's assets at fair value as of December 31, 2022 and 2021. See Note 2 for a discussion of the Plan's fair value policies.

Investments at Fair Value as of December 31, 2022

	Level 1	NAV *	Total

Total Investments at fair value	\$ 133,172,984	\$ 12,115,177	\$ 145,288,161

The Plan's policy is to recognize transfers between levels at the beginning of the reporting period. There were no transfers between level 1, 2 and 3 during the year.

** Assets measured at NAV ("Net Asset Value") represent investments fair valued using NAV as a practical expedient. These investments are not leveled on the fair value hierarchy table in accordance with Accounting Standards Update 2015-7.*

*** Held in SEG SMID 401(k) managed account (See Note 7).*

4. Investment Options

Contributions made to the Plan shall be invested in one or more of the investment funds. Each employee shall designate the manner in which the contributions made on his behalf shall be allocated among the investment funds no later than by the date the employee becomes a participant under the Plan.

4. Investment Options (Continued)

The Plan offers participants twenty-three distinct investment options across four investment classes, including the standard equity long-only strategy the Plan Sponsor offers its clients in their individually managed account (the “SEG SMID 401(k) managed account”).

5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

The Plan Sponsor reserves the right to amend or terminate the Plan at any time for any reason. If the Plan is terminated, contributions would stop and the participant would be entitled to a distribution of the full amount in their account. If the Plan is terminated, the participant will have a fully vested or nonforfeitable right to the value of their Plan accounts.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related Parties

One of the Plan's investment options includes a long-only Managed Account, the SEG SMID 401(k) managed account, managed by the Plan Sponsor, with the objective of achieving maximum total return by primarily investing in a portfolio of a limited number of carefully selected equity securities of businesses that the Plan Sponsor believes will grow earnings at an above average rate while facing lower than average exposure to risks. Transactions involving this investment qualify as permitted party-in-interest transactions. This investment is included in the Common Stocks account line of the Fair Value measurements table.

During 2022, these investments earned net dividends of approximately \$608,311, interest of \$4,737, realized losses of \$1,543,075, and unrealized depreciation of \$27,825,058. During 2022, purchases and sales of the SEG SMID 401(k) managed account were approximately \$5,248,601 and \$1,165,672, respectively.

7. Related Parties (Continued)

In the normal course of business certain officers and employees of the Plan Sponsor (who may also be participants in the Plan) perform administrative services related to the Plan's operation, recordkeeping and financial reporting. The Plan Sponsor pays these individuals' salaries and also pays for a portion of other administrative expenses on the Plan's behalf.

The foregoing transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory and administrative exemptions from the Internal Revenue Code and ERISA's rules on prohibited transactions.
