Part I	Asset and Liability Statement		
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Investment Oversight Committee
Washington & Jefferson College
Washington & Jefferson College Defined Contribution Plan
Washington, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Washington & Jefferson College Defined Contribution Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The Supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2022 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WASHINGTON & JEFFERSON COLLEGE
DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - PLAN DESCRIPTION

The Washington & Jefferson College Defined Contribution Plan (Plan) is a defined contribution 403(b) Plan covering substantially all fulltime employees of Washington & Jefferson College (College). Plan participants should refer to the Plan documents for a complete description of the Plan.

Fulltime employees become eligible to join the Plan the first day of the month coinciding with or following their date of hire.

Benefits under the Plan are funded by the employee. Employee contributions to the Plan are vested immediately. All participants are vested in the College's contributions after three years of service, other than participants covered under a union agreement as described below.

Effective beginning November 1, 2018, the College entered into a collective bargaining agreement with facility service employees (Facilities Union Agreement). Employees covered by the Facilities Union Agreement can elect to contribute 2% of compensation to the Plan and the College will remit 8% of compensation to the Plan, which will not be vested until two years later. The Facilities Union Agreement is valid through November 10, 2025.

The Plan was amended during 2021 to allow for discretionary contributions. The College approved a discretionary contribution for eligible participants of 2% and 8% on July 1, 2021 and September 1, 2022, respectively.

Contributions are applied to Group Retirement Annuity certificates issued to each participant under the Group Retirement Trusts established by the Teachers Insurance and Annuity Association (TIAA) and/or the College Retirement Equities Fund (CREF). The funds are held, invested and disbursed by TIAA-CREF. Participants have the option of transferring fund balances among CREF accounts or to a TIAA annuity prior to retirement. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Loans and Notes Receivable from Participants - Effective July 1, 2018, Plan loans are no longer offered by the Plan; these have been replaced with notes receivable from participants, which are assets of the Plan. Plan loans were issued as separate contracts by TIAA as contemplated under Internal Revenue Code (IRC) Section 72(p)(5) and do not represent Plan assets. Plan loans are collateralized using a participant's TIAA Traditional Annuity (TIAA Traditional) account balance in an amount equal to 110% of the outstanding loan balance. Principal and interest is paid ratably by the participant to TIAA, and each payment reduces amounts collateralized by the borrowing participant's TIAA Traditional account balance. Plan loan balances outstanding from participants to TIAA were \$2,392 and \$6,548 as of December 31, 2022 and 2021, respectively.

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their TIAA Traditional account balance subject to annuity contract for Plan loans or 50% of a participant's vested account for notes receivable from participants and Plan provisions. Loan terms range from one to five years in one-year increments (up to 10 years for the purchase of the participant's primary residence). Loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at prime plus 1%, as defined. Principal and interest is paid ratably through monthly payroll deductions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - PLAN DESCRIPTION (Continued)

Normal retirement age is the last day of the academic year in which age 65 is attained. Upon reaching retirement age, or earlier termination of service at any age, a participant is entitled to and may elect to receive benefits from TIAA and/or CREF annuity accumulations under any of the following options: lump sum (with restrictions), lifetime annuity, fixed-period payout, irregular distribution or interest payment retirement option. Hardship distributions may also be granted in accordance with the guidelines of Employee Retirement Income Security Act of 1974 (ERISA).

All benefits under the Plan are fully funded and are provided solely through group retirement annuity certificates as selected by the participants; therefore, benefits are not subject to, or covered by, federally funded termination insurance. (See Note 5.)

The Plan provides for withdrawals, other than distributions to terminated employees, based on financial hardship. The Plan administrator may determine that a financial hardship exists based on several events outlined in the Plan document, including expenses for medical care, payment of tuition expenses, costs related to the purchase of a home, payments necessary to prevent the participant from being evicted from his or her principal residence, funeral expenses and certain expenses for repair of a principal residence.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying statements of net assets available for benefits and related statement of changes in net assets available for benefits and the related notes to the financial statements (financial statements) follows:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Oversight Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefit payments are recorded when paid.

WASHINGTON & JEFFERSON COLLEGE
DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses - Certain expenses of maintaining the Plan are paid directly by the College and are excluded from these financial statements. Payments made by the College in excess of these expenses are recognized as plan service credits on the statement of changes in net assets available for benefits and are utilized to pay future plan expenses. Certain expenses are paid by the participants directly from their accounts. Investment-related expenses are included in net depreciation of fair value of investments.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

NOTE 3 - BENEFIT-RESPONSIVE ACCOUNTS

Plan participants have entered into the TIAA Traditional Benefit Responsive Annuity Contract (TIAA Traditional Benefit Responsive) and the TIAA Stable Value Fund (Stable Value), both fully benefit-responsive annuity contracts with TIAA, the issuer. TIAA maintains TIAA Traditional Benefit Responsive contributions in a general account and Stable Value contributions in a non-unitized separate account. Both accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. TIAA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

TIAA Traditional Benefit Responsive is an unallocated fixed annuity contract that is fully and unconditionally guaranteed by TIAA. TIAA Traditional Benefit Responsive provides a guarantee of principal, a guaranteed minimum rate of interest (generally 3%, but in some recent contracts between 1% and 3%) and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. Contributions to a participant's account purchase a guaranteed amount of lifetime annuity income. When a participant's account in the TIAA Traditional Benefit Responsive is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan.

Stable Value is a fixed-rate group annuity contract issued by TIAA. The contract provides a guaranteed minimum rate of interest of between 1% and 3% before deductions for contract fees with the potential for crediting of additional interest above the guaranteed minimum. Additional interest can be declared by the TIAA Board of Trustees, remains in effect for six-month periods and is not guaranteed for future periods. Contributions to a participant's account purchase a guaranteed amount of lifetime annuity income. When a participant's account in the Stable Value is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan.

WASHINGTON & JEFFERSON COLLEGE
DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 3 - BENEFIT-RESPONSIVE ACCOUNTS (Continued)

The TIAA Traditional Benefit Responsive and Stable Value contracts meet the fully benefit-responsive contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because that is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA, represents contributions, interest credited and transfers, if any, less participant withdrawals. The TIAA Traditional Benefit Responsive and Stable Value contracts are immediately liquid to participants and do not have participant-level withdrawal restrictions (except that immediate transfers from Stable Value cannot be made to competing investment options pursuant to the contract's equity wash provisions).

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. TIAA's ability to meet its financial obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer, including: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The fully benefit-responsive contracts do not permit TIAA to terminate the agreement prior to the scheduled maturity date.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820 are described as follows:

WASHINGTON & JEFFERSON COLLEGE
DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

TIAA Traditional Non-Benefit Responsive Annuity - Reported at contract value (fair value approximates contract value). Contract value equals the accumulated cash contributions and interest credited to the Plan's contract, less any withdrawals, and approximates fair value. The valuation of the Plan's investments in the TIAA Non-Benefit Responsive Annuity requires significant judgment due to the absence of quoted market prices and heavy reliance on Level 3 inputs. There is, however, a liquidity guarantee by TIAA general account. The TIAA Non-Benefit Responsive Annuity is equal to the cumulative contributions invested plus a guaranteed rate of interest credited over the term based upon the rate declared when the contribution is made. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. When the accumulated value is converted to an annuity, it is converted to a present value annuity based upon the participant's life expectancy. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate, which correlates closely with TIAA Non-Benefit Responsive Annuity's historical crediting rates.

Mutual Funds - Includes TIAA-CREF funds and other mutual funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

WASHINGTON & JEFFERSON COLLEGE
DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

CREF Accounts - Valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments, including matrix pricing. Participants hold accumulation units in CREF Accounts, which are registered with the SEC. These accounts determine the closing accumulation unit value on any day the National Association of Securities Dealers Automated Quotations (NASDAQ) system is open and are deemed to be readily traded.

TIAA Real Estate - Value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. The daily unit values for the TIAA Real Estate Account are listed on NASDAQ.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2022				
	Level 1	Level 2	Level 3	Total
TIAA Traditional Non-Benefit Responsive Annuity	-	-	\$ 6,487,785	\$ 6,487,785
Mutual Funds	\$ 14,617,125	-	-	14,617,125
CREF Accounts	18,330,017	-	-	18,330,017
TIAA Real Estate	2,454,834	-	-	2,454,834
Total Investments at Fair Value	\$ 35,401,975	-	\$ 6,487,786	\$ 41,889,761

2021				
	Level 1	Level 2	Level 3	Total
TIAA Traditional Non-Benefit Responsive Annuity	-	-	\$ 6,447,014	\$ 6,447,014
Mutual Funds	\$ 16,357,162	-	-	16,357,162
CREF Accounts	22,948,272	-	-	22,948,272
TIAA Real Estate	2,244,100	-	-	2,244,100
Total Investments at Fair Value	\$ 41,549,534	-	\$ 6,447,014	\$ 47,996,548

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Transfers into the TIAA Traditional Non-Benefit Responsive Annuity from other funds totaled \$55,514 and \$1,086,591 for the years ended December 31, 2022 and 2021, respectively. Transfers out of the TIAA Non-Benefit Responsive Annuity into other funds totaled \$45,646 and \$1,230,613 for the years ended December 31, 2022 and 2021, respectively.

WASHINGTON & JEFFERSON COLLEGE
DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 5 - BENEFIT ANNUITIES

Upon retirement, a participant's accumulation units can be converted to annuity units based on the participant's age, his or her elected income option and the current value of the annuity units. The dollar value of the annuity, and therefore the amount of each payment, is adjusted annually based on investment performance, mortality and expense provisions.

NOTE 6 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021 and net depreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA-CREF, the trustee of the Plan, for TIAA, CREF and TIAA-CREF Investment Products and TIAA, FSB, the custodian of certain other investments.

NOTE 7 - TAX STATUS

The Plan is a prototype plan of TIAA-CREF, which received an opinion letter on August 7, 2017, in which the IRS stated that the form of the Plan document was acceptable under the applicable requirements of the IRC. The Plan has been designed to qualify under Section 403(b) of the IRC. Although the Plan has been amended since receiving this opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2019.

NOTE 8 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by TIAA, CREF and TIAA-CREF. TIAA-CREF is the Plan trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, since they are paid through revenue sharing, rather than a direct payment. The Plan sponsor pays directly any other fees related to the Plan's operations. Certain administrative functions are performed by the College at no cost to the Plan.

WASHINGTON & JEFFERSON COLLEGE
DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 - SUBSEQUENT EVENTS

Subsequent events are defined as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued.
