FAUST DISTRIBUTING COMPANY, INC 401 (k) SAVINGS PLAN
Notes to Financial Statements
December 31, 2022 and 2021

A. DESCRIPTION OF THE PLAN

The following brief description of Faust Distributing Company, Inc. 401(k) Savings Plan is provided for general information purposes only. Participants should refer to their Plan agreement for more complete information.

1. **General.** The plan, Faust Distributing Company, Inc. 401(k) Savings Plan, was created effective January 1, 1993. The adopting employer was Donald F. Faust dba South Texas Distributing Company. In 2000 Faust DC, Ltd. became an adopting employer replacing South Texas Distributing Company. The plan was created for the purpose of providing retirement benefits for the employees.
2. **Contributions.** Each year the Company will match 50.00% of the participant's deferral contributions to the Plan up to an amount equal to 6.00% of the participant's gross earnings. The percentage of your deferral contributions to be matched by the Company may be increased or decreased by resolution of the Board of Trustees of the Company.

Matching contributions made for Highly Compensated Employees may be restricted by certain discrimination tests as required by law. Generally, the average rate of matching contributions made for Highly Compensated Employees may not exceed the average rate of matching contributions made for Non-Highly Compensated Employees by more than the greater of (i) 125%, (ii) 200%, if the Non-Highly Compensated average rate of matching contributions is less than 2%, or (iii) an additional 2% if the Non-Highly Compensated average rate of matching contributions exceeds 2%. In applying these limits, any matching contributions made for certain family members of a Highly Compensated Employee will be considered as if made for that Employee.

Catch-up contributions. When an employee is at least age 50 or will attain age 50 before the end of a calendar year, they may elect to defer additional amounts to the plan for that year. The maximum "catch-up contribution" that an employee can make in 2022 and 2021 is \$6,500.

3. **Participant Accounts.** Each participant's account is fixed annually at the valuation date of December 31 by the Board of Trustees. Employment on the Allocation Date is not required in order for an employee to share in the allocation of the Company's matching contribution. If an employee retires at or after his Normal Retirement Date, his account will receive a contribution allocation during the year which he retires, regardless of the number of hours he worked in that Plan year.

Notes to Financial Statements – Continued

4. **Vesting.** Vesting Service is defined as all years of employment with the employer. A year of vesting shall be credited for each year during which the employee is credited with 1000 hours of service.

Top Heavy Vesting Schedule:	Years of Vesting Service	Vested Percentage
	Less than 2 years	0%
	At least 2	20%
	3	40%
	4	60%
	5	80%
	6	100%

Termination Benefits-Vesting: Employees are vested in their Employer Account Balance in accordance with the following schedule:

Years of Vesting Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

5. **Eligibility.** An employee is eligible to participate for purposes of elective deferrals the first day of the month coinciding with or the next following thirty days of service and have attained age 21. Employees will be eligible to participate for purposes of matching contributions when they have completed six (6) months of service and have attained age 21.

6. **Participant Accounts.**

TRUST EARNINGS AND LOSSES

All accounts will be valued at the end of each Accounting Period to determine that fair market value of Plan assets and the increase or decrease in the value of those assets since the preceding valuation date. Each account will receive an allocation of the earnings or losses for each Accounting Period.

This allocation is generally based upon the ratio which the value of the account bears to the value of the Accounts of all Participants at the close of the preceding Accounting Period and after each share of all contributions are allocated to each

Account for the prior Accounting Period. However, if an employee has received a distribution or other withdrawal from his account during the period, or if some portion of his account is used to pay expenses directly attributable to him, his share of earnings or losses will be adjusted accordingly.

7. **Benefits.** Benefit payments begin upon retirement, termination, disability, or death.
- a. **Normal Retirement Benefits.** An employee will be eligible to retire and to begin receiving a Normal Retirement Benefit on the Normal Retirement Date, which is age 65 or on the employee's 5th anniversary of joining the Plan, if later.
 - b. **Late Retirement Benefits.** If an employee continues to work past his Normal Retirement Date he will be eligible to receive a benefit as of his Late Retirement Date equal to his account balance(s). His benefit must commence no later than the April 1st following the calendar year in which he attains age 72.
 - c. **Disability Benefits.** If an employee becomes disabled while in the employ of the Employer, he will be eligible for a Disability Benefit. The Plan Administrator, before approving the payment of a Disability Retirement Benefit, may require satisfactory proof, in the form of a certificate from a duly licensed physician selected or approved by the Plan Administrator, that the Participant has become disabled as provided by the Plan.
 - d. **Death Benefits.** In the event of an employee's death prior to Normal Retirement, the Plan provides for payment of a Pre-retirement Death Benefit.

The summary plan description should be reviewed for a more detailed description of the plan's benefits.

8. **Participant Loans.** Loans to Participants are allowed, subject to terms and conditions set by the Plan Administrator. Generally, the loan must bear a reasonable rate of interest, the loan shall be secured by the Participant's Vested Account Balance(s), all loan applications shall be in writing and principal and interest shall be paid no less often than quarterly. The loan must be repaid within 5 years, unless used for the purchase of a primary residence. No distributions shall be made to a Participant or a designated beneficiary until the unpaid balance of a loan, if any, has been liquidated.

The total loan shall not exceed \$50,000 or, if less, ½ of Vested Interest of the Participant's Account Balance(s). Certain restrictions may also apply if refinancing an existing participant loan. A copy of the loan guidelines currently in effect accompanies this summary. The Company reserves the right to amend, limit or terminate the availability of participant loans by amending the loan guidelines.

Note to Financial Statements – Continued

In no event, however, shall a loan be made to a Participant who is an owner-employee (an employee who is self-employed with respect to the business and who owns more than 10% of the capital or profit interest of the business). No loan shall be made to a Participant who is a shareholder-employee owning more than 5% of the stock, if the Corporation is a Sub-S Corporation.

9. **Funding Policy.** Faust Distributing Company, Inc. (the Company) has established the Faust Distributing Co., Inc. 401 (k) Savings Plan (hereafter called the Plan), the purpose of which is to provide plan participants with retirement benefits in order to supplement their social security benefits.

The Plan will also provide benefits to participants who die, who become disabled, or who terminate employment with the Company for reasons other than retirement, death or disability, provided they have accrued a vested interest in their account balance under the terms of the Plan.

Since the primary purpose of the Plan is to provide retirement benefits, the primary investment strategy to be followed by the Trustee should stress the security and long-term stability of Plan assets, combined with moderate growth that corresponds to participants' anticipated retirement dates.

Investments should be reasonably diversified in order to prevent asset erosion by inflation. Investments should also provide for sufficient liquid assets to allow the plan to make distributions on short notice to participants who have died or become disabled and are entitled to benefits.

10. **Forfeited Accounts.** At December 31, 2022 and 2021 forfeited nonvested accounts totaled \$14,364 and \$73,818 respectively. These accounts will be used to reduce future employer contributions and to pay Plan expenses.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review. Subsequent events were evaluated through September 29, 2023 which is the date the financial statements were available to be issued.

Basis of Accounting. The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The estimates included in these financial statements are those for the fair value of investments. Actual results could differ from those estimates. Estimates may change prior to December 31, 2023.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits. Benefits are recorded when paid.

C. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair values of mutual funds in trust accounts and common/collective trusts are based on quoted market prices from active markets.

D. INVESTMENTS

At December 31, 2022 and 2021, the Plan's investments were held by the custodian Fidelity. The following is a summary of the Plan's financial information that is included in the financial statements based upon information certified by the custodian as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's investments consisted of mutual funds, common collective trust, and Guaranteed Income Fund from Fidelity for 2022 and 2021.

E. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive guaranteed investment contract with Fidelity for 2018. Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participants withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value.

Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawals or transfers of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracted at December 31, 2022 was \$2,469,296. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact a contract with Fidelity. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (For example, divestitures or spin offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (D) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

F. ERISA SECTION 103(a)(3)(C) AUDIT

The trustee of the Plan is Fidelity Investments as of December 31, 2022 and 2021. In accordance with section 29 CFR 2520. 103-5(d) of the Department of Labor Regulations, Fidelity Investments certifies the investments, earning and plan activity are complete and accurate for the year ending December 31, 2022 and 2021, respectively.

G. PLAN TERMINATION

Currently there are no intentions to terminate the plan, but the company shall have the right at any time to terminate the Plan. Upon such termination, each Account Balance will become 100% vested and nonforfeitable.

Upon such termination, the Company shall arrange for the allocation of all assets among the Participants. In no event shall any amount contributed to the Plan revert to the Company, except to the extent allowed by law.

H. INCOME TAX STATUS

The plan obtained its latest determination letter on June 2, 1993, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

Generally accepted accounting principles require management to evaluate tax positions taken and recognize a tax liability if the entity has taken an uncertain position that more likely than not it would not be sustained upon examination by the Internal Revenue Service. Management has evaluated the tax positions taken by the Plan and concluded that as of December 31, 2022 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. Management believes the Plan is no longer subject to income tax examinations for years prior to the 2019.

I. CONCENTRATION OF RISK

The employers and employees who contribute to the Plan are located in southeast Texas. A down turn in the economy in this region of the state could adversely affect the Plan.

J. RELATED PARTY TRANSACTIONS

Faust DC, LTD and the employees of Faust DC, LTD are related parties in regards to Faust Distributing, 401(K) Savings Plan. Faust DC, LTD and its employees made contributions to the Plan of \$2,045,547 and \$1,867,966 for the years ending December 31, 2022 and 2021, respectively. Transactions with all related party transactions are equivalent to those that prevail in arm's-length transactions.

K. PARTY - IN - INTEREST

Transactions with parties-in-interest consisted of transactions with the Plan's investment manager and the Plan's auditor in the ordinary course of business. Transactions with all parties-in-interest are equivalent to those that prevail in arm's-length transactions.

**L. RECONCILIATION OF FINANCIAL STATEMENTS TO
INTERNAL REVENUE SERVICE FORM 5500 AMOUNTS**

The difference between the information in the financial statements and in the assets, liabilities, income, expenses, and changes in net assets reported in Form 5500 are explained below.

Total additions per Financial Statements	\$(4,329,612)
Net investment return per Form 5500	<u>\$(4,301,612)</u>

The difference is from the investment advisory fee is lumped into the Form 5500 investment return, and in the Financial Statements it is listed as administrative fees.

Difference	<u>\$ 28,000</u>

The difference is from the investment advisory fee is listed in the administrative fees on the Form 5500, and it is lumped into investment return on the Financial Statements.

The realized gain or loss per the financial statements is calculated by subtracting the cost of the investment sold from proceeds received. The realized gain or loss per the Form 5500 is calculated by subtracting from the proceeds on the sale of investments, the current value of the investment at the beginning of the Plan year, if the investment was held at the beginning of the Plan year, or the purchase price if the investment was purchased during the Plan year.

Notes to Financial Statements – Continued

The unrealized gain (loss) on the Form 5500 is obtained by subtracting the current value of assets at the beginning of the year plus the cost of any assets acquired during the Plan year from the current value of assets at the end of the Plan year excluding the assets included in realized gain (loss) on the Form 5500.

M. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

FAUST DISTRIBUTING COMPANY, INC 401 (k) SAVINGS PLAN
Notes to Financial Statements
December 31, 2022 and 2021

A. DESCRIPTION OF THE PLAN

The following brief description of Faust Distributing Company, Inc. 401(k) Savings Plan is provided for general information purposes only. Participants should refer to their Plan agreement for more complete information.

1. **General.** The plan, Faust Distributing Company, Inc. 401(k) Savings Plan, was created effective January 1, 1993. The adopting employer was Donald F. Faust dba South Texas Distributing Company. In 2000 Faust DC, Ltd. became an adopting employer replacing South Texas Distributing Company. The plan was created for the purpose of providing retirement benefits for the employees.
2. **Contributions.** Each year the Company will match 50.00% of the participant's deferral contributions to the Plan up to an amount equal to 6.00% of the participant's gross earnings. The percentage of your deferral contributions to be matched by the Company may be increased or decreased by resolution of the Board of Trustees of the Company.

Matching contributions made for Highly Compensated Employees may be restricted by certain discrimination tests as required by law. Generally, the average rate of matching contributions made for Highly Compensated Employees may not exceed the average rate of matching contributions made for Non-Highly Compensated Employees by more than the greater of (i) 125%, (ii) 200%, if the Non-Highly Compensated average rate of matching contributions is less than 2%, or (iii) an additional 2% if the Non-Highly Compensated average rate of matching contributions exceeds 2%. In applying these limits, any matching contributions made for certain family members of a Highly Compensated Employee will be considered as if made for that Employee.

Catch-up contributions. When an employee is at least age 50 or will attain age 50 before the end of a calendar year, they may elect to defer additional amounts to the plan for that year. The maximum "catch-up contribution" that an employee can make in 2022 and 2021 is \$6,500.

3. **Participant Accounts.** Each participant's account is fixed annually at the valuation date of December 31 by the Board of Trustees. Employment on the Allocation Date is not required in order for an employee to share in the allocation of the Company's matching contribution. If an employee retires at or after his Normal Retirement Date, his account will receive a contribution allocation during the year which he retires, regardless of the number of hours he worked in that Plan year.

Notes to Financial Statements – Continued

4. **Vesting.** Vesting Service is defined as all years of employment with the employer. A year of vesting shall be credited for each year during which the employee is credited with 1000 hours of service.

Top Heavy Vesting Schedule:	Years of Vesting Service	Vested Percentage
	Less than 2 years	0%
	At least 2	20%
	3	40%
	4	60%
	5	80%
	6	100%

Termination Benefits-Vesting: Employees are vested in their Employer Account Balance in accordance with the following schedule:

Years of Vesting Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

5. **Eligibility.** An employee is eligible to participate for purposes of elective deferrals the first day of the month coinciding with or the next following thirty days of service and have attained age 21. Employees will be eligible to participate for purposes of matching contributions when they have completed six (6) months of service and have attained age 21.

6. **Participant Accounts.**

TRUST EARNINGS AND LOSSES

All accounts will be valued at the end of each Accounting Period to determine that fair market value of Plan assets and the increase or decrease in the value of those assets since the preceding valuation date. Each account will receive an allocation of the earnings or losses for each Accounting Period.

This allocation is generally based upon the ratio which the value of the account bears to the value of the Accounts of all Participants at the close of the preceding Accounting Period and after each share of all contributions are allocated to each

Account for the prior Accounting Period. However, if an employee has received a distribution or other withdrawal from his account during the period, or if some portion of his account is used to pay expenses directly attributable to him, his share of earnings or losses will be adjusted accordingly.

7. **Benefits.** Benefit payments begin upon retirement, termination, disability, or death.
- a. **Normal Retirement Benefits.** An employee will be eligible to retire and to begin receiving a Normal Retirement Benefit on the Normal Retirement Date, which is age 65 or on the employee's 5th anniversary of joining the Plan, if later.
 - b. **Late Retirement Benefits.** If an employee continues to work past his Normal Retirement Date he will be eligible to receive a benefit as of his Late Retirement Date equal to his account balance(s). His benefit must commence no later than the April 1st following the calendar year in which he attains age 72.
 - c. **Disability Benefits.** If an employee becomes disabled while in the employ of the Employer, he will be eligible for a Disability Benefit. The Plan Administrator, before approving the payment of a Disability Retirement Benefit, may require satisfactory proof, in the form of a certificate from a duly licensed physician selected or approved by the Plan Administrator, that the Participant has become disabled as provided by the Plan.
 - d. **Death Benefits.** In the event of an employee's death prior to Normal Retirement, the Plan provides for payment of a Pre-retirement Death Benefit.

The summary plan description should be reviewed for a more detailed description of the plan's benefits.

8. **Participant Loans.** Loans to Participants are allowed, subject to terms and conditions set by the Plan Administrator. Generally, the loan must bear a reasonable rate of interest, the loan shall be secured by the Participant's Vested Account Balance(s), all loan applications shall be in writing and principal and interest shall be paid no less often than quarterly. The loan must be repaid within 5 years, unless used for the purchase of a primary residence. No distributions shall be made to a Participant or a designated beneficiary until the unpaid balance of a loan, if any, has been liquidated.

The total loan shall not exceed \$50,000 or, if less, ½ of Vested Interest of the Participant's Account Balance(s). Certain restrictions may also apply if refinancing an existing participant loan. A copy of the loan guidelines currently in effect accompanies this summary. The Company reserves the right to amend, limit or terminate the availability of participant loans by amending the loan guidelines.

Note to Financial Statements – Continued

In no event, however, shall a loan be made to a Participant who is an owner-employee (an employee who is self-employed with respect to the business and who owns more than 10% of the capital or profit interest of the business). No loan shall be made to a Participant who is a shareholder-employee owning more than 5% of the stock, if the Corporation is a Sub-S Corporation.

9. **Funding Policy.** Faust Distributing Company, Inc. (the Company) has established the Faust Distributing Co., Inc. 401 (k) Savings Plan (hereafter called the Plan), the purpose of which is to provide plan participants with retirement benefits in order to supplement their social security benefits.

The Plan will also provide benefits to participants who die, who become disabled, or who terminate employment with the Company for reasons other than retirement, death or disability, provided they have accrued a vested interest in their account balance under the terms of the Plan.

Since the primary purpose of the Plan is to provide retirement benefits, the primary investment strategy to be followed by the Trustee should stress the security and long-term stability of Plan assets, combined with moderate growth that corresponds to participants' anticipated retirement dates.

Investments should be reasonably diversified in order to prevent asset erosion by inflation. Investments should also provide for sufficient liquid assets to allow the plan to make distributions on short notice to participants who have died or become disabled and are entitled to benefits.

10. **Forfeited Accounts.** At December 31, 2022 and 2021 forfeited nonvested accounts totaled \$14,364 and \$73,818 respectively. These accounts will be used to reduce future employer contributions and to pay Plan expenses.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review. Subsequent events were evaluated through September 29, 2023 which is the date the financial statements were available to be issued.

Basis of Accounting. The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The estimates included in these financial statements are those for the fair value of investments. Actual results could differ from those estimates. Estimates may change prior to December 31, 2023.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits. Benefits are recorded when paid.

C. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair values of mutual funds in trust accounts and common/collective trusts are based on quoted market prices from active markets.

D. INVESTMENTS

At December 31, 2022 and 2021, the Plan's investments were held by the custodian Fidelity. The following is a summary of the Plan's financial information that is included in the financial statements based upon information certified by the custodian as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's investments consisted of mutual funds, common collective trust, and Guaranteed Income Fund from Fidelity for 2022 and 2021.

E. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive guaranteed investment contract with Fidelity for 2018. Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participants withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value.

Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawals or transfers of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracted at December 31, 2022 was \$2,469,296. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact a contract with Fidelity. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (For example, divestitures or spin offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (D) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

F. ERISA SECTION 103(a)(3)(C) AUDIT

The trustee of the Plan is Fidelity Investments as of December 31, 2022 and 2021. In accordance with section 29 CFR 2520. 103-5(d) of the Department of Labor Regulations, Fidelity Investments certifies the investments, earning and plan activity are complete and accurate for the year ending December 31, 2022 and 2021, respectively.

G. PLAN TERMINATION

Currently there are no intentions to terminate the plan, but the company shall have the right at any time to terminate the Plan. Upon such termination, each Account Balance will become 100% vested and nonforfeitable.

Upon such termination, the Company shall arrange for the allocation of all assets among the Participants. In no event shall any amount contributed to the Plan revert to the Company, except to the extent allowed by law.

H. INCOME TAX STATUS

The plan obtained its latest determination letter on June 2, 1993, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

Generally accepted accounting principles require management to evaluate tax positions taken and recognize a tax liability if the entity has taken an uncertain position that more likely than not it would not be sustained upon examination by the Internal Revenue Service. Management has evaluated the tax positions taken by the Plan and concluded that as of December 31, 2022 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. Management believes the Plan is no longer subject to income tax examinations for years prior to the 2019.

I. CONCENTRATION OF RISK

The employers and employees who contribute to the Plan are located in southeast Texas. A down turn in the economy in this region of the state could adversely affect the Plan.

J. RELATED PARTY TRANSACTIONS

Faust DC, LTD and the employees of Faust DC, LTD are related parties in regards to Faust Distributing, 401(K) Savings Plan. Faust DC, LTD and its employees made contributions to the Plan of \$2,045,547 and \$1,867,966 for the years ending December 31, 2022 and 2021, respectively. Transactions with all related party transactions are equivalent to those that prevail in arm's-length transactions.

K. PARTY - IN - INTEREST

Transactions with parties-in-interest consisted of transactions with the Plan's investment manager and the Plan's auditor in the ordinary course of business. Transactions with all parties-in-interest are equivalent to those that prevail in arm's-length transactions.

Notes to Financial Statements – Continued

The unrealized gain (loss) on the Form 5500 is obtained by subtracting the current value of assets at the beginning of the year plus the cost of any assets acquired during the Plan year from the current value of assets at the end of the Plan year excluding the assets included in realized gain (loss) on the Form 5500.

M. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.
