INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and the Participants of
Latch 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Latch 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Latch 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Latch 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Latch 401(k) Plan's ability to continue as a going concern for one year from the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Latch 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Latch 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following brief description of the Latch 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan qualifying under Section 401(a) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of Latchable, Inc. (the "Company" or "Employer") and their beneficiaries funds for retirement. The Board of Trustees is responsible for oversight of the Plan.

Eligibility

Employees are immediately eligible to participate in the Plan after the attainment of 21 years of age.

Employee Contributions

An employee participating in the Plan may annually contribute through payroll deductions up to 100% of their pretax or post tax compensation, not exceeding the limits determined by the Internal Revenue Service ("IRS"). Participants may contribute amounts representing distributions from other qualified plans. Any participant, age 50 or over, may make an additional "catch-up" contribution as determined by the IRS. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions at any time or may increase or decrease their level of participation at any time.

Employer Contributions

The Company may elect to make discretionary matching and profit-sharing contributions each year as determined annually. For the Plan year ended December 31, 2022, management elected not to make a discretionary matching or profit-sharing contribution.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of mutual funds as investment options. Each participant's account is credited with the participant's pre-tax and post-tax contributions, the Company contributions, if any, and the proportionate share of dividends, interest, and investment gains since the preceding valuation date. The participant's account is reduced by withdrawals, an allocation of expenses, losses on investments, and any forfeitures. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant is always 100% vested in their own contributions to the Plan. Participants vest 20% each year after two years of vesting service until fully vested in the Company's discretionary matching and profit-sharing contributions.

Distributions and Withdrawals

Prior to age 59-1/2, distributions and withdrawals are not permitted from the Plan except in the instances of hardship, death, disability, or termination of employment. After attaining age 59-1/2, participants may elect to withdraw an amount equal to any whole percentage not to exceed 100% of the participant's vested account for any reason. In the event of termination of employment, a participant shall receive, as a lump-sum distribution, their participant contributions, and earnings thereon and vested Company contributions and earnings thereon.

Hardship Withdrawals
The Plan allows for "hardship withdrawals" of employee benefits based upon any of the following criteria: (1) to pay all or a portion of the cost of purchase of principal residence (2) to pay tuition and related educational fees for the next 12 months of post-secondary education of the employee or immediate family or primary beneficiary (3) to pay all or a portion of expenses incurred by the employee because of illness, accident or disability of the employee, immediate family or primary beneficiary (4) to prevent eviction or foreclosure of the employee's principal residence (5) to pay for funeral expenses of an employee's (or primary beneficiary's) deceased parent, spouse, children or dependents or (6) to pay for certain repairs of damage to the employee's principal residence.

Forfeited Accounts
On December 31, 2022 and 2021, the Plan had $5,517 and $6,056, respectively, of forfeited, non-vested accounts. The Company may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. During 2022, none of the forfeited, non-vested accounts were utilized to reduce amounts otherwise required to be contributed to the Plan.

Notes Receivable from Participants
The Plan allows for participants to have one outstanding loan at any given time. All loans are considered a direct investment of the participant, and payments of principal and interest are credited to the participant's account. The outstanding loan matures in 2025. The minimum a participant may borrow is $1,000, and the maximum is 50% of their vested account balance, not to exceed $50,000. The notes receivable is secured by the balance in the participant's account and bears interest of 4.25%, which is commensurate with local prevailing rates at the time of the loan as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accounting records of the Plan are maintained on the accrual basis of accounting.

Valuation of Investments and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note 3.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative Expenses
The expenses necessary to administer the Plan are either paid by the Company or allocated to each participant at the Company's option. They include, but are not limited to, retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment advisor. Expenses paid by the Company are excluded from these financial statements. Investment related fees are included in net depreciation in fair value of investments as they are not readily determinable.

Participants are charged service fees for any loan and distribution transactions they request. For the year ended December 31, 2022, the Plan paid administrative fees of $6,475.

Notes Receivable from Participants
Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Risks and Uncertainties
The Plan invests in investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Registered Investment Companies and Interest-Bearing Cash: Valued at the closing price reported on the active market on which the individual securities are traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ 39,035	$ -	$ -	$ 39,035
Registered investment companies	7,868,899	-	-	7,868,899
Investments, at fair value	$ 7,907,934	$ -	$ -	$ 7,907,934

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ 74,482	$ -	$ -	$ 74,482
Registered investment companies	8,018,661	-	-	8,018,661
Investments, at fair value	$ 8,093,143	$ -	$ -	$ 8,093,143

4. PARTIAL TERMINATION OF THE PLAN

During the Plan year, the Company notified employees and implemented workforce reductions. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated due to actions taken by the Plan Sponsor. The Company has determined that a partial termination of the Plan had occurred as a result of this workforce reduction, which occurs if 20% or more of plan participants are terminated. Partial plan terminations result in affected participants becoming fully vested in the accrued benefits at the termination date. Plan contributions consist solely of employee deferrals which are fully vested, therefore, partial plan terminations have no significant effect on the Plan or its participants.

5. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Ascensus Trust Company (the "Trustee") has certified the completeness and accuracy of all investments and notes receivable from participants as of December 31, 2022 and 2021 in the accompanying statements of net assets available for benefits and the related investment income and notes receivable from participants activity for the year ended December 31, 2022 in the accompanying statement of changes in net assets available for benefits, as well as the supplementary schedule, schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022. No auditing procedures were performed by the independent auditors as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Trustee, except for comparing such information with the related information included in the financial statements and supplementary schedule. Based on information provided and certified by the Trustee, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2022 and 2021.

The following information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, was prepared from reports certified by the Trustee:

	2022	2021
Investments, at fair value		
Interest bearing cash	$ 39,035	$ 74,482
Registered investment companies	7,868,899	8,018,661
	$ 7,907,934	$ 8,093,143
Notes receivable from participants	$ 25,541	$ 61,884
Net depreciation in fair value of investments	$ (1,807,040)	
Interest and dividend income	$ 153,875	
Interest on notes receivable from participants	$ 2,004	

6. INCOME TAX STATUS

The Plan adopted a prototype non-standardized profit-sharing plan. By letter dated January 1, 2018, the Internal Revenue Service ("IRS") has determined that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has not been amended since the date of the opinion letter.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there are no tax related interest or penalties for the periods presented in these financial statements.

7. RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Ascensus Trust Company, the Trustee as defined in the Plan. Administrative fees paid by the Plan for account maintenance amounted to $6,475 for the year ended December 31, 2022, which have been included in administrative expenses. Additionally, the Plan has loans receivable from participants. These transactions qualify as party-in-interest transactions.

8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the statement of net assets available for benefits date through the date of October 11, 2023, the date that the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no additional subsequent events have occurred which would require disclosure in the financial statements.
