INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Bonnie Brae Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bonnie Brae Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bonnie Brae Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of Bonnie Brae Retirement Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Bonnie Brae Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 3 to the financial statements, the Bonnie Brae Retirement Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits.

The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management of the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bonnie Brae Retirement Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Bonnie Brae Retirement Plan 's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient and appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Bonnie Brae Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Bonnie Brae Retirement Plan (the "Plan") is provided for general information purposes. Participants should refer to the Plan document for more detailed and complete information.

General

The Plan is a defined contribution plan qualifying under Section 403(b) of the Internal Revenue Code (the "Code") and subject to the provisions of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of Bonnie Brae (the "Organization") and their beneficiaries, funds for retirement.

Eligibility

An employee of the Organization becomes eligible to make elective employee contributions to the Plan at their time of hire. Independent contractors who are considered leased employees are not considered employees and, therefore, are not eligible. Participants must attain the age of twenty-one, must be employed on the last day of the Plan year, and have at least 1,000 hours to be eligible for the discretionary employer contribution. Participants must attain the age of twenty-one and have completed one year of service, to be eligible for employer matching contributions. Participants can enter the Plan on the first payroll period following date of hire for the employee deferral and the earlier of (1) the first day of the Plan year or (2) the first day of the 7th month of the Plan year coincident with or next following the date the employee satisfies the eligibility requirements for the employer match.

Employee Contributions

An employee participating in the Plan may contribute annually, through payroll deductions, 1% to 100% of their compensation up to the Internal Revenue Service ("IRS") maximum allowance of \$20,500 in 2022. Any participant age 50 or over may make an additional "catch-up" contribution up to \$6,500 per year, increasing the maximum allowance to \$27,000 for 2022. The Plan also allows for Roth after-tax contributions. Participants may also contribute amounts representing distributions from other qualified plans effective July 1, 2022, the Plan was amended to add an automatic enrollment at 2% feature where by employees hired on or after July 1, 2022 are automatically enrolled in the Plan with a deferral rate of 2% unless the participant elects otherwise. Effective January 1, 2023, the automatic deferral provisions apply to current participants who have not entered into a salary deferral election of at least 1%.

Employer Contributions

The Organization provides a matching contribution each payroll period equal to 100% of the participant's contribution up to a maximum of 2% of the participant's compensation. The Organization may also provide a discretionary contribution equal to a percentage of the participant's compensation for the Plan year, plus an additional percentage, not to exceed the lesser of 5.7% or 100% of the base contribution percentage of each participant's compensation in excess of the social security wage limit (\$147,000 for 2022). The discretionary contribution for the year ended December 31, 2022 was 4.50% of each eligible participant's compensation.

Participant Accounts

Individual accounts are established for each participant. Contributions to the Plan are invested in one or more of the investment arrangements offered by the Plan, as directed by the participant. Each participant's account is credited with the participant's pre-tax and Roth contributions, the employer contributions, and the proportionate share of dividends, interest and investment gains since the preceding valuation date. The participant's account is reduced by withdrawals, losses on investments, allocated administrative expenses, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Plan participants are 100% vested in the account balance attributable to their contributions, including related earnings thereon. A participant becomes fully vested in the contributions made by the Organization on their behalf after the completion of six years of service.

The vesting schedule is as follows:

<u>Vested Percentage</u>	<u>Years of Service</u>
0%	1
20%	2
40%	3
60%	4
80%	5
100%	6

Distributions and Withdrawals

Prior to age 59-1/2, distributions and withdrawals are not permitted from the Plan except in the instances of hardship, death, disability, or termination of employment. Hardship withdrawal applications must be submitted to the Plan administrator in writing. Upon retirement, participants may receive a 50% Qualified Joint and Survivor Annuity or may elect to withdraw an amount equal to any whole percentage not to exceed 100% of the participant's vested account. In the event of termination of employment, a participant shall receive their participant contributions and earnings thereon and vested Organization contributions and earnings thereon, in the form of a single-sum payment. Effective July 1, 2016, for terminated participants with vested account balances less than \$1,000, an automatic withdrawal will be generated with a distribution to the participant. For terminated participants with vested account balances greater than \$1,000 but less than \$5,000, the vested account balance will be rolled over into an individual retirement account outside of the Plan unless otherwise directed by the participant.

Forfeitures

Forfeitures of nonvested employer contributions are used to reduce future employer contributions. In 2022, forfeitures of \$78,380 were used to reduce the employer discretionary contributions. Forfeiture balances were \$53,487 and \$78,380 at December 31, 2022 and 2021, respectively.

Notes Receivable from Participants

Participants are eligible for loans from the Plan subject to certain limitations and restrictions as described in the Plan document. Loans are secured by participant's vested account balance. The minimum loan allowed is \$1,000 and the maximum is \$50,000 or 50% of a participant's vested balance as of the date on which the loan is approved, whichever is less. The \$50,000 maximum amounts will be reduced by the excess, if any, of the participant's highest outstanding loan balance from the Plan during the preceding twelve-month period over the balance on the date the loan is made. All loans have maturities of sixty months or less, unless the loan is used to acquire any dwelling and are repaid through direct payments from the participants. Interest rates are based on rates available for similar loans from commercial lending institutions. Interest rates range from 4.25% to 7.25% as of December 31, 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are valued at the unpaid principal balance plus accrued, but unpaid, interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document and no allowance for losses is deemed necessary by Plan management. Interest income from notes receivable is recorded when earned.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received when selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and trustees.

The Plan holds investments in group fixed annuity contracts which meet the criteria to be classified as fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5- Investment Contracts with Insurance Company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. See Note 4- Fair Value Measurements.

Administrative Expenses

Administrative expenses of the Plan are paid by the Organization, other than investment advisory and management fees which are deducted directly from the participant accounts. The total administrative expenses paid by the Plan were \$77,554 for the year ended December 31, 2022. In addition, certain investment related expenses have been included in net appreciation in fair value of investments and are not readily determinable.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements
December 31, 2022 and 2021

3. PRE-2009 INVESTMENT CONTRACTS

The financial statements do not present information regarding certain investments in annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. The Plan administrator has elected to exclude those contracts and accounts and related activity from the Plan's financial statements for the purposes of the annual reporting requirements under ERISA as permitted by DOL Field Assistance Bulletin 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The contracts and accounts that have been excluded consist of contracts and accounts that were transferred to unallocated annuity contracts prior to January 1, 2009. Presentation of this information is required by accounting principles generally accepted in the United States of America. The value of the contracts and accounts at December 31, 2022 and 2021 that were transferred to unallocated annuity contracts prior to January 1, 2009 and the related investment income and distributions prior to January 1, 2009 is not reasonably determinable.

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the Plan's assets measured at fair value. There have been no changes in the methodology used for periods presented in these financial statements.

Registered investment companies: Investments in registered investment companies consist of shares of mutual funds that are valued at quoted prices in active markets.

Variable annuity separate accounts: Variable annuities include mutual fund investments and are valued by the number of units held at the valuation date. Each unit held is valued based on the net asset value of the underlying investments less mortality and expense fees imposed in accordance with the group annuity contract. In the event of a participant's death, the contract guarantees the greater of the current face value of the contract or the participant contributions plus an assumed rate of growth at 3%.

Bonnie Brae Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

There are no redemption restrictions or unfunded commitments with regards to investments in the variable annuity separate accounts. The fair value of the investments in the variable annuity separate accounts is measured using the net asset value practical expedient and is not required to be categorized within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	<u>\$ 14,985,310</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 14,985,310
Variable annuity separate accounts (a)				<u>645,308</u>
Total investments, at fair value				<u>\$ 15,630,618</u>

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	<u>\$ 19,216,628</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 19,216,628
Variable annuity separate accounts (a)				<u>918,265</u>
Total investments, at fair value				<u>\$ 20,134,893</u>

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. INVESTMENT CONTRACTS WITH INSURANCE COMPANY

During 2022 and 2021, the Plan held investments in group fixed annuity contracts with The Variable Annuity Life Insurance Company, ("VALIC"), which were determined to be benefit-responsive investment contracts. VALIC maintains the contributions in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the statements of net assets available for benefits at contract value, as reported to the Plan by VALIC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. VALIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Plan may surrender the contract before the annuity date; however, a market value adjustment will be incurred.

Bonnie Brae Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 2.00%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with VALIC. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. The guaranteed investment contracts do not permit VALIC to terminate the agreements prior to the scheduled maturity dates.

6. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

The Plan administrator has elected the method of compliance permitted 29 CFR 2520.103-5(c) of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, AIG Retirement Services (representing VALIC) and AIG Federal Savings Bank, the custodians of the Plan have certified the completeness and accuracy of all investments, notes receivable from participants, and related investment activity and interest earned on notes receivable from investments in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022. As a result, no auditing procedures were performed with respect to such information, except for comparing such information with the related information included in the financial statements.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan administrator has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants would become 100% vested in all Organization contributions.

8. TAX STATUS

The Plan adopted a volume submitter 403(b) plan document which obtained its latest opinion letter on April 5, 2018, in which the IRS has determined that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since that time. However, the Plan administrator believes that the Plan is designed and is currently operated in compliance with the IRS requirements. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. There are no tax-related interest or penalties reflected on these financial statements.

December 31, 2022 and 2021

9. PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of variable annuity separate accounts and group fixed annuity contracts managed by VALIC. VALIC is also a custodian of the Plan. These transactions qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan.

Participants' notes receivable qualifies as party-in-interest transactions, which are exempt from the prohibited transaction rules.

10. OPERATIONAL FAILURE

During the year ended December 31, 2022, the Organization failed to withhold employee deferrals in accordance with the Plan document. The error related to the treatment of certain bonuses which are determined to be eligible compensation as defined by the Plan. The Organization is in the process of correcting the failure by funding the missed deferrals and lost earnings to the Plan in accordance with the IRS Employee Plan Compliance Resolution System. The total amount of the correction is estimated to be \$2,520 for the missed deferrals and \$321 for lost earnings. This failure was not deemed to have a material impact in the Plan's financial statements.

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events occurring after the statement of net assets available for benefits date through the date of October 12, 2023, which is the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined there was no subsequent event, other than the one noted below, that has occurred that would require disclosure in or adjustment to the financial statements.
