INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ColCal Colorado, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the ColCal Colorado, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2018. The Plan is a defined contribution plan covering all employees of ColCal Colorado, Inc. (the Company) who are at least twenty-one years of age, have attained at least 1,000 hours of service in a 12 month period with the Plan, and are not included in a unit of employees covered by a collective bargaining agreement, leased employees, U.S. citizens working abroad that earn no U.S. income, interns, or certain nonresident aliens with no earned income from sources within the United States. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Under the terms of the Plan, participants may elect to make both pre-tax and after-tax contributions. The total of each participant's annual pre-tax and after-tax contributions are subject to applicable Internal Revenue Code (IRC) limits. Each year, the Plan makes a safe harbor matching contribution equal to 100% of the matched contributions that are not in excess of 4% of the employee's compensation. The total amount that can be contributed each year to a participant's account, which includes contributions made by the participant and the Plan on the participant's behalf, is subject to restrictions imposed by the IRC. Transfers and rollover contributions from qualified plans are allowed under provisions of the Plan. For the years ended December 31, the Company made matching contributions of $121,072 (2022) and $108,958 (2021).

The Plan also includes an automatic enrollment feature. The automatic enrollment feature is a mechanism under which an eligible employee who does not make an affirmative election to make pre-tax or Roth after-tax contributions to the Plan is automatically enrolled in the Plan to make a 4% pre-tax contribution, unless the employee specifically elects not to participate in the Plan. The Plan is a qualified automatic contribution agreement (QACA) where a safe harbor automatic escalation is in effect to periodically increase the deferral percentage of participants who are automatically enrolled and do not make alternative deferral elections. Participants are initially automatically enrolled at a 4% pre-tax contribution deferral rate. If a participant makes no other affirmative elections after being automatically enrolled, then after the initial period of one year after the end of the plan year in which the participant was automatically enrolled, their deferral rate automatically escalates to 5%. One year subsequent to the first automatic escalation a second automatic escalation occurs to 6% and one year subsequent to the second automatic escalation a third automatic escalation occurs to 8%, at which no further automatic escalations occur.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan's contributions made on the participant's behalf, and an allocation of Plan earnings. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Plan's contributions plus earnings thereon is based on years of continuous service. The Plan is a QACA safe harbor plan, and participants are 100% vested after two years of credited service (two year cliff vesting). As defined in the plan agreement, to earn a year of service, a participant must be credited with at least 1,000 hours of service during the plan year. In addition, a participant becomes 100% vested in the Plan's contributions in the event of a participant's death, disability, or attainment of normal retirement age of 65.

Investment Elections

Each participant may direct that salary reductions to his or her account be invested in one or more of the investment options offered by the Plan. Participants may change such allocations at any time directly with TAG Resources, LLC (TAG), the Plan's third party administrator (TPA).

Payment of Benefits

Upon separation of service, a participant will receive a lump-sum payment equal to the value of his or her account, provided the account does not have a value greater than $1,000. Participants may elect to either receive the distribution in cash or to roll over the distribution to an individual retirement account or the qualified plan of the participant's new employer. If the vested amount of the participant's account exceeds $1,000, but does not exceed $5,000, the vested amount will be distributed from the Plan. However, if the participant does not timely return their election forms, the Plan Administrator must transfer the participant's vested account to an individual retirement account established in the participant's name; unless the distribution occurs after the age of 70 ½.

Forfeitures

If a participant terminates service prior to being fully vested in their account under the Plan, they will forfeit the amount in which they are not vested. These forfeitures can be used to reduce reasonable Plan expenses or employer contributions. As of December 31, there were $6,583 (2022) and $6,124 (2021) of unallocated forfeitures. During the year ended December 31, 2022 there were no forfeitures used to reduce Plan expenses. During the year ended December 31, 2021 there were $10 of forfeitures used to reduce Plan expenses.

Administrative Expenses

Administrative expenses shown in the Plan's statements of changes in net assets available for benefits include professional fees and other expenses paid to third party administrators performing various services such as recordkeeping, transaction processing, and custodial services for the Plan.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.
Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Investment Contract with Insurance Company

The Plan holds a fully benefit-responsive investment contract (insurance company/general account or Transamerica Stable Fund Account) with Transamerica Life a Life Insurance Company ("Transamerica"), listed in the statements of net assets available for benefits as stable value fund, at contract value. Transamerica maintains the contributions in a general account. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. Contract values represent contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The group annuity contract held by the Plan meets the five conditions to be considered fully benefit-responsive. A Plan merger or termination would limit the Plan from transacting at contract value. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. As of December 31, the contract value was $6,782 (2022) and $6,323 (2021).

Payment of Benefits

Benefits are recorded when paid by the trustee.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company, Inc., trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2022, and related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan accounts for fair value in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). ASC 820 defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Under ASC 820, assets and liabilities are grouped into three levels, based on the markets in which the assets and liabilities are traded, and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect Plan management's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

Under ASC 820, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based primarily upon the Plan's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability, and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique and changes in the underlying assumptions used, including discount rates and estimates of future cash flows that could significantly affect the results of current or future values.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Valued based on the units of such pooled separate accounts held by the Plan at year end multiplied by the respective unit value. As of December 31, 2022 and 2021, pooled separate accounts held by Transamerica are valued at their "accumulation unit value" (AUV). These are valued daily as the number of accumulation units held multiplied by the AUV. The AUV is determined daily based on the net asset value (NAV) of shares of the underlying fund, the fund's dividends and the contract's separate account charges.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2022, are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Investments measured at NAV (a):				
Pooled Separate Accounts	$ -	$ -	$ -	$ 1,389,550
Total Investments, at Fair Value	$ -	$ -	$ -	$ 1,389,550

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2021, are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Investments measured at NAV (a):				
Pooled Separate Accounts	$ -	$ -	$ -	$ 1,281,274
Total Investments, at Fair Value	$ -	$ -	$ -	$ 1,281,274

(a) In accordance with FASB guidance, investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 - TAX STATUS

The Plan obtained its latest determination letter on August 17, 2021, in which the Internal Revenue Service stated that the prototype plan adopted by the Plan and effective as of January 1, 2018, as then designed, was acceptable for use by employers for the benefit of their employees under Section 401 of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements as of December 31, 2022 and 2021.

NOTE 6 - PLAN TERMINATION

Although it has expressed no intention to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and any collective bargaining agreements in effect at the time. In the event of Plan termination, participants will become 100% vested in employer contributions allocated to their accounts. Any unallocated assets of the Plan then held by the trustee shall be allocated among the appropriate participant accounts.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - RELATED PARTY TRANSACTIONS

The Company absorbs certain administrative expenses, such as accounting fees, on behalf of the Plan.

Certain Plan investments are managed by Transamerica Financial Life Insurance Company, Inc. (Transamerica). Transamerica is the Plan's trustee, which holds all of the Plan's investments. Therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 12, 2023, the date at which the financial statements were available to be issued, and determined that no events have occurred that would require disclosure.
