Independent Auditors' Report

To the Administrative Committee of
Brewer Attorneys & Counselors 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Brewer Attorneys & Counselors 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Brewer Attorneys & Counselors 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan

The following description of Brewer Attorneys & Counselors (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan available to all eligible employees of the Company who are age twenty (20) or older. The Plan was formed on September 1, 1991 is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is defined by Section 401(k) of the Internal Revenue Code (IRC).

Eligibility

Any employee who is twenty (20) year of age is eligible to become a participant in the Plan. Entry date into the Plan will be the earlier of the first day of every quarter of the Plan year coinciding with or following the date of hire and the date on which the age requirement is met.

Employee Salary Reduction Election

A participant may elect to defer up to one hundred percent (100%) of his or her compensation each year instead of receiving that amount in cash. However, total deferred compensation may not exceed the limits set by Internal Revenue Code Sections 401(k), 404, and 415. In addition, participants who are age fifty (50) or over before the close of the plan year are eligible to make catch-up contributions subject to the limitation imposed by the IRC.

Contributions

Elective Contributions

The Company must contribute the amount of the total employee salary reduction elections of all participants made during the plan year. The Company must pay elective contributions to the Plan’s trustee as soon as they can be segregated from its general assets, but no later than the fifteenth (15th) business day after the month of receipt of the voluntary contribution.

Matching Contributions

The Company makes a matching contribution in an amount equal to twenty-five percent (25%) of the participant’s deferred compensation not in excess of four percent (4%) of the participant’s deferred compensation. The Company may make a discretionary matching contribution in amounts to be determined by the Company.

1. Description of Plan (continued)

Contributions (continued)

Rollover Contributions

The Plan may accept a rollover contribution on behalf of all participants as well as any employee, regardless whether such employee has met the age and service requirements of the Plan.

Vesting

Participants are immediately fully vested in their elective contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous services. The vesting for the Company account is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Under 1 year	0%
1 year	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

Forfeited Accounts

Forfeitures represent the portion of non-vested employer contributions remaining in the Plan for terminated employees and may be used to reduce the employer matching contribution and to cover the costs of administration of the Plan. Forfeited account balances at December 31, 2022 and 2021 were \$36,495 and \$42,399, respectively. Forfeitures applied toward employer contributions were \$5,662 for the year ended December 31, 2022.

Distribution of Benefits

Upon Retirement

Distributions may be made to a participant who has not separated from service when he or she attains age fifty-nine and one-half (59 ½). Payment may be in the form of a lump-sum distribution in cash.

Upon Termination of Employment

A participant may elect to have his or her account balance distributed as soon as administratively feasible following termination of employment. If the value of the vested account balance does not exceed \$1,000, then a distribution will be made in cash. However, if the value of the vested account balance is more than \$1,000 but less than \$5,000, he or she may elect to receive distribution in cash or to roll over to an IRA or a qualified plan of his or her new employer.

1. Description of Plan (continued)

Distribution of Benefits (continued)

Hardship Distributions

A participant may withdraw money for financial hardship if he or she satisfies certain conditions. Hardship distributions can only be made from salary deferral and rollover accounts which are fully vested and a participant must be employed with the Employer at the time of the hardship distribution.

Upon Disability

A participant's account is distributable upon a participant's disability. Payment may be in the form of a lump-sum distribution or partial withdrawal.

Upon Death

Upon the death of a participant, a distribution of the vested account balance be made to his or her designated beneficiary in a single lump-sum payment.

Administrative Fees

Distribution and loan fees are charged directly to the requesting participant's account. The Company absorbs the majority of all other administrative fees of the Plan. If expenses paid by the Plan are allocated to participants, expenses are either proportionately based on the value of the account balances or as an equal dollar amount based on the number of the participants in the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct all of his or her accounts to a variety of investments. Participant's accounts are segregated for purpose of determining the earnings or losses on their investment options.

Notes Receivable from Participants

Participants may borrow from his or her account with a maximum loan amount not to exceed the lesser of (a) \$50,000 reduced by the excess, if any, of the participant's highest outstanding balance of loans from the Plan during the one-year period or (b) fifty percent (50%) of a participant's vested account balance. The minimum amount of a loan is \$1,000. A participant may only have one (1) loan outstanding at any time. Principal and interest are repaid by payroll deductions from each regular paycheck. Loans are secured by the balance in the participant's account and bear an interest rate currently being charged on similar commercial loans by persons in the business of lending money. Interest income is recorded on the accrual basis.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Brewer Attorneys & Counselors 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

3. Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual Funds

Mutual funds for which a quoted market price is available on an active market. Review the Fair Value Methodology section of the fund's Annual Report for the types of investments included in the portfolio and the valuation methods used in pricing those investments.

Collective Investment Trusts

Collective investment trust (CIT) invests in a collective trust fund as well as a variety of separate accounts and mutual funds. The fair value of the collective investment trust and the separate accounts are not publicly quoted pricing inputs. The fair value of mutual funds are publicly quoted pricing inputs (level 1). The fair value of all these investments are used in determining the net asset value ("NAV") of the CIT, which is not publicly quoted but is available to current investors via the Employer website or when plan participants access their account values.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,267,044	\$ -	\$ -	\$ 4,267,044
Collective investment trusts	3,470,908	-	-	3,470,908
Total investment at fair value	<u>\$ 7,737,952</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,737,952</u>

3. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,406,004	\$ -	\$ -	\$ 5,406,004
Collective investment trusts	3,903,393	-	-	3,903,393
Total investment at fair value	<u>\$ 9,309,397</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,309,397</u>

4. Information Prepared and Certified by Trustee

The information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Principal Trust Company ("Principal"), the trustee of the Plan.

5. Investments at Contract Value

This is a stable value collective investment trust ("CIT") for which the net asset value ("NAV") is based on the contract value. Investments held by a CIT are required to be reported at fair value, however, contract value is the relevant measurement characteristic for that portion of the net assets of a CIT attributable to fully benefit-responsive investment contracts. This is because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined-contribution plans. Investment contract balances at December 31, 2022 and 2021 were \$355,097 and \$362,640, respectively.

6. Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by Principal. Principal is the trustee for the Plan and, therefore, these transactions qualify as party in interest transactions. Additionally, notes receivable from participants qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

Certain deemed distributions of participant loans	-	3,138
Net assets available for benefits per the Form 5500	<u>\$ 8,243,560</u>	<u>\$ 9,777,828</u>

The following is a reconciliation of loan principal payments per the financial statements for the year ended December 31, 2022, to Form 5500:

	2022
Net change per the financial statements	\$ (1,531,130)
Certain deemed distributions of participant loans	(3,138)
Net change to participants per Form 5500	<u>\$ (1,534,268)</u>

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Company and Plan administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. Subsequent Events

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a substantial decline in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

12. Date of Management's Review

Subsequent events have been evaluated through October 9, 2023, the report issuance date.
