FINANCIAL STATEMENTS

**WITH REPORT OF
CERTIFIED PUBLIC ACCOUNTANTS**

INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Winterthur Employee Retirement Plan
Winterthur, Delaware

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Winterthur Employee Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Principal Trust Company, a qualified institution, as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in the Information Certified by Custodian note to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022 and schedule of delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not required parts of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WINTERTHUR EMPLOYEE RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

DESCRIPTION OF PLAN

The following description of the Winterthur Employee Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Henry Francis du Pont Winterthur Museum, Inc. (the “Museum”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The custodian and third-party administrator of the Plan is Principal Trust Company as of and for the years ended December 31, 2022 and 2021. The employer and plan sponsor is the Museum, which also serves as the Plan Administrator, as defined by ERISA. The Plan Administrator, among other things, has the authority to prescribe regulations for the administration of the Plan, review all claims for benefits under the Plan, and to determine the size and type of any contract to be purchased from any insurer. The term Employer, as used in these financial statements, will also mean Plan Administrator, as that term is used in ERISA.

Eligibility

An eligible employee becomes an active participant in the Plan on the date of hire for purposes of 403(b) elective deferral contributions. Employees who have completed one year of service and have attained the age of 21 are eligible for contributions other than 403(b) elective deferral contributions.

Contributions

The Plan permits participants to make tax-deferred contributions to the Plan through a salary deferral election of up to a percentage of eligible compensation subject to certain Internal Revenue Code limitations.

- Participant contributions are matched 50% by the Museum up to 3% of a participant’s eligible compensation for participants who have met the above eligibility requirements for contributions other than 403(b) elective deferrals.
- An additional contribution equal to 5% of annual pay is made as of December 31 for active participants of the Plan on that date who have worked 1,000 hours or more in the Plan year.
- The Plan also allows for discretionary contributions for eligible participants.
- Employees who were hired prior to January 1, 2005 who elected to continue participation in the defined benefit plan are not eligible for the employer matching, additional, or discretionary contributions.

DECEMBER 31, 2022 AND 2021

DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

- New employees are automatically enrolled to contribute 3% of eligible compensation, with an opt-out option available. The Plan was also amended on November 18, 2014 to provide an automatic increase to any auto-enrolled participant of 1% at the beginning of each Plan year up to a maximum elective deferral contribution of 6%. This amendment became effective on January 1, 2015.
- The Plan was amended on March 11, 2014 to allow participants to make after-tax (“Roth”) contributions to the Plan. This amendment became effective on March 15, 2014.

Participant Accounts

The amount contributed for each participant is invested as directed by the employee in available funds and investment contract offered by the Plan. Participants may change their investment options at any time, subject to the terms of the funding vehicles. Each participant’s account is credited with the participant’s contributions, the employer contributions, and investment gains or losses. Plan earnings are credited to a participant’s account according to the type of funding vehicle in which the balances are invested. Allocations are based on participant earnings or account balances, as defined.

Vesting

Participants are immediately vested in any voluntary elective deferral contributions. Participants acquire a vested interest in all employer contributions according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participant Loans

There is no provision for participant loans.

DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Forfeited contributions plus their earnings will be used to first restore participant balances and then to offset the Plan's administrative expenses or to reduce future employer contributions. During the years ended December 31, 2022 and 2021, there were forfeitures of \$13,454 and \$17,113, respectively. The balance of forfeitures remaining in the Plan was \$1,219 and \$157 at December 31, 2022 and 2021, respectively. \$12,332 and \$17,929 was used to reduce employer contributions during the years ended December 31, 2022 and 2021, respectively.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive his or her benefit in any one of the following optional forms of retirement benefit: (i) the form of a fixed period annuity for any period of whole months that is not less than 60; (ii) a fixed period installment option; or (iii) a fixed payment installment option. A participant may elect to receive a single sum distribution of the account balance at any time after termination of employment for transfer to a qualified plan of another employer or to an individual retirement account. If a participant's vested account is \$5,000 or less, the balance will be paid out in a single lump sum. A participant who terminates prior to their normal retirement date may postpone distributions to age 72, when distributions would then be required to be taken from the Plan.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully-benefit responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution attributable to fully-benefit responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Payment of Benefits

Benefits are recorded when paid. There are no benefits processed and approved for payment, but not paid as of December 31, 2022 and 2021.

**WINTERTHUR EMPLOYEE RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Museum determines the Plan's valuation policies utilizing information provided by the investment advisors, recordkeeper, and trustee. See Investments for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the settlement-date basis. Dividends are recorded on the settlement date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Costs

All recordkeeping and custodian fees of the Plan are paid by the Plan Sponsor or with forfeited contributions. Brokerage fees, transfer taxes, investment fees, and other expenses incident to the purchase and sale of securities and investments in the various funds are included in the cost of such securities and investments or deducted from the sales proceeds, as the case may be. General administrative costs, such as audit and information reporting fees, legal expenses, human resource support, and other clerical expenses are borne by the Plan Sponsor. The Plan Sponsor paid fees on behalf of the Plan of \$31,482 and \$35,035 during the years ended December 31, 2022 and 2021, respectively.

Contributions Receivable

The Museum's funding policy is to transfer contributions to the custodian at least twice monthly. There were no employee contributions receivable as of December 31, 2022 and 2021.

The employer additional contributions for the year ended December 31, 2022 were paid to the custodian on March 1, 2023 and accordingly, an employer contribution receivable in the amount of \$388,960 was recorded on the statement of net assets available for benefits as of December 31, 2022. The Plan recorded other employer contributions receivable in the amount of \$2,259 at December 31, 2022 for corrective contributions for a 2021 plan participant.

**WINTERTHUR EMPLOYEE RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions Receivable (Continued)

The employer additional contributions for the year ended December 31, 2021 were paid to the custodian on April 4, 2022 and accordingly, an employer contribution receivable in the amount of \$364,788 was recorded on the statement of net assets available for benefits as of December 31, 2021. The Plan recorded other employer contributions receivable in the amount of \$8,926 at December 31, 2021 for corrective contributions for 21 plan participants.

Fair Value Hierarchy

FASB ASC 820-10 establishes a fair value hierarchy and specifies that a valuation technique used to measure fair value shall maximize the use of observable inputs and minimize the use of unobservable inputs. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Subsequent Events

Subsequent events were evaluated through October 13, 2023, which is the date the financial statements were available to be issued.

The Board approved an amendment effective January 1, 2023 to ensure that employees whose benefits under the defined benefit pension plan cease to accrue as a result of the pension plan freeze shall become eligible for employer contributions under the Plan in the same manner as employees who are not affected by the defined benefit pension plan freeze.

INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA (“DOL Rules and Regulations”). Accordingly, the investment assets, transactions, income (loss), and the supplemental schedule of assets held at year end have been compiled from financial information certified as complete and accurate by Principal Trust Company in accordance with Section 2520.103-5 of the DOL Rules and Regulations, and no auditing procedures were performed thereon.

INVESTMENTS

The tables below set forth information about the level within the fair value hierarchy at which the Plan’s investments were measured at fair value on a recurring basis as of December 31:

WINTERTHUR EMPLOYEE RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

INVESTMENTS (CONTINUED)

As required by FASB ASC 820-10, investments are classified within the level of the lowest significant input considered in determining fair value. In evaluating the level at which the Plan's investments have been classified, management has assessed factors including, but not limited to, price transparency, subscription activity, redemption activity and the existence or absence of certain restrictions.

All of the Plan's investments measured at fair value are valued using Level 1 inputs and are deemed to be actively traded and based on quoted market prices of the securities at year-end.

INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with Principal Trust Company. The *Principal Fixed Income Option* ("PFIO") is a Group Annuity Contract - Custodial Guaranteed Fund Contract available through Principal Life Insurance Company ("PLIC"). PLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. This contract meets the fully benefit-responsive investment contract criteria and therefore is included in the financial statements at contract value as reported to the Plan by PLIC. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by PLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

**WINTERTHUR EMPLOYEE RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

By definition, the PFIO group annuity contract is an insurance contract. As a result, the Plan may transact according to the terms defined in the contract at any time. Certain events limit the Plan's ability to transact at contract value with PLIC. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Article V of the contract defines the circumstances and amounts for which the contract may be terminated by the Plan. The issuer, PLIC, has the right to no longer receive deposits under Article VI, Section 3. However, the circumstances for termination of the contract are still subject to Article V.

EARNINGS ON INVESTMENTS

Participants do not hold mutual fund shares because contributions are held in the custodian's pooled separate account, which, in turn, purchases shares of the mutual funds. There are no dividends or realized gains with respect to separate account units of participation. Instead, the dividends and realized and unrealized gains for the underlying funds are factored into the value of the separate account funds. The change in the account's value is used to determine the earnings on investments.

RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Principal Trust Company. Principal Trust Company was the custodian of Plan assets as of and during the years ended December 31, 2022 and 2021, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions under ERISA. Fees paid directly to Principal Trust Company by the Plan for administrative services amounted to \$2,940 and \$3,379 for the years ended December 31, 2022 and 2021, respectively, which were not covered by revenue sharing.

The Plan sponsor pays directly any other fees related to the Plan's operations.

WINTERTHUR EMPLOYEE RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

TAX STATUS OF THE PLAN

The Plan has not received a determination letter since the Plan is designed based on a prototype plan document, which has applied for an opinion letter with the Internal Revenue Service. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements under Section 403(b) of the Internal Revenue Code, and therefore believe the plan is qualified and tax exempt. No provision for income taxes has been included in the Plan's financial statements.

The Plan's policy is to expense all interest and penalties, if any, as incurred. No amounts of interest or penalties were recognized by the Plan during the years ended December 31, 2022 and 2021. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and current economic conditions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
