INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Rod & Reel, Inc. 401(k) Profit-Sharing Plan
Chesapeake City, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rod & Reel, Inc. 401(k) Profit-Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rod & Reel, Inc. 401(k) Profit-Sharing Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rod & Reel, Inc. 401(k) Profit-Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rod & Reel, Inc. 401(k) Profit-Sharing Plan's ability to continue as a going concern for one (1) year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rod & Reel, Inc. 401(k) Profit-Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rod & Reel, Inc. 401(k) Profit-Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control - related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets held for investment purposes at end of year December 31, 2022 and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Rod & Reel, Inc. 401(k) Profit-Sharing Plan

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROD & REEL, INC. 401(K) PROFIT-SHARING PLAN NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note 1: Description of Plan

The following description of Rod & Reel, Inc. 401(k) Profit-Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Rod & Reel, Inc. and Chesapeake Amusements, Inc. (collectively the Employer). The Plan originally became effective April 1, 1998 and was restated and amended on January 1, 2022. The Plan is subject to the provisions of ERISA. Plan management is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

All employees of the Employer who have reached age twenty-one (21) years and have completed two (2) months of continuous service are eligible to participate in the Plan and receive safe harbor matching contributions. The participant can enter the Plan on the Plan entry date which is the earlier of the first day of the Plan year or the first day of the seventh month of the Plan year coinciding with or next following the date the employee meets the eligibility requirements. Union employees and leased employees are not eligible to participate in the Plan.

Contributions

Each year, participants may contribute an amount up to the maximum percentage allowable not to exceed the limits of the applicable Internal Revenue Service Code (IRC). Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan is a safe harbor plan and the Employer makes safe harbor matching contributions to all eligible participants up to four percent (4%) of compensation. The first three percent (3%) of elective deferrals are matched one hundred percent (100%) by the Employer. Any amount of elective deferral over three percent (3%), up to five percent (5%), is matched fifty percent (50%) by the Employer. For the year ended December 31, 2022, the Employer safe harbor match totaled \$86,016.

The Employer may, in its sole discretion, make matching contributions in addition to those described above based on the first six percent (6%) of compensation deferred not to exceed four percent (4%) of compensation. All participants share in allocations regardless of service completed during the Plan year or employment status at the end of the year.

The Employer may also, in its sole discretion, make a profit sharing contribution. Such contribution, if made, will be allocated in the manner described in the Plan Agreement in the ratio that each participant's compensation bears to the compensation of all eligible participants. Participants must complete at least one thousand (1,000) hours of service during the Plan year and be employed by the Employer on the last day of the Plan year in order to receive a profit sharing contribution.

ROD & REEL, INC. 401(K) PROFIT-SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note 1: Description of Plan (Continued)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's safe harbor, discretionary and profit sharing contributions, if any, (b) Plan earnings (losses) and (c) charged with an allocation of any administrative expenses paid by the Plan. Expense allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions (including rollovers), as well as Employer's safe harbor matching contributions plus actual earnings thereon. Vesting in the Employer's profit sharing contribution is based on years of continuous service. A participant is one hundred percent (100%) vested after four (4) years of credited service. Regardless of the vesting schedule, participants become fully vested upon death.

Payment of Benefits

Payments from the Plan will be allowed upon retirement, death, upon attaining age fifty-nine and one-half (59 ½), employment termination or hardship. Normal distributions from the Plan will be paid out in a lump sum payment.

Forfeitures

Periodically, the Plan will have forfeited, non-vested funds by terminated employees. Monies from forfeitures are used to pay administrative expenses or to reduce the Employer contribution. At December 31, 2022 and 2021, the balance in the forfeited nonvested account was \$50.

Hardship Withdrawals

Hardship withdrawals are permitted in accordance with the Plan Agreement, subject to a \$500 minimum amount.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

ROD & REEL, INC. 401(K) PROFIT-SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees and custodian. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Employer and are excluded from these financial statements. Fees related to the administration of the Plan are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Date of Management's Review

The Plan has evaluated events and transactions that occurred during the period from the date of the financial statements through October 16, 2023, the date the Plan's financial statements were available to be issued. There were no events or transactions that occurred during the period that materially impacted the amounts or disclosures in the Plan's financial statements.

December 31, 2022 and 2021

Note 3: Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become one hundred percent (100%) vested in their Employer contributions.

Note 4: Tax Status

The Plan is a qualified non-standardized pre-approved profit sharing plan under the Internal Revenue Code (IRC), as per the opinion letter dated June 30, 2020. The Plan has since been amended, however the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The previous three (3) tax years remain subject to examination by the IRS.

Note 5: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6: Related Party Transactions and Party-in-Interest Transactions

The trustees of the Plan are participants in the Plan.

The Plan's investment in the money market fund is managed by LT Trust Company (for the period January 1, 2021 through April 22, 2022) and American Trust Company (for the period April 23, 2022 through December 31, 2022). LT Trust Company (for the period January 1, 2021 through April 22, 2022) and American Trust Company (for the period April 23, 2022 through December 31, 2022) are the custodians as defined by the Plan, and therefore, this transaction qualifies as a party-in-interest transaction. Certain fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investment, as they are paid through revenue sharing rather than a direct payment.

The Plan made a direct payment for certain administrative expenses of \$23,061.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7: Information Prepared and Certified by the Plan's Custodians

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by LT Trust Company (for the period January 1, 2021 through April 22, 2022) and American Trust Company (for the period April 23, 2022 through December 31, 2022), the custodians of the Plan, except for comparing such information certified by the custodians to information included in the Plan's financial statements as of December 31, 2022 and 2021, and the supplemental schedule of assets held for investment purposes at end of year December 31, 2022.

	<u>2022</u>	<u>2021</u>
INVESTMENTS AT FAIR VALUE:		
Money Market Fund	\$ 514,458	\$ 509,465
Funds Held in Registered Investment Companies -		
Mutual Funds	<u>4,032,438</u>	<u>4,706,271</u>
TOTAL INVESTMENTS AT FAIR VALUE	<u>\$ 4,546,896</u>	<u>\$ 5,215,736</u>
Cash, Noninterest-Bearing	<u>\$ -</u>	<u>\$ 20,111</u>

The custodians also certified to the completeness and accuracy of \$(879,736) of net appreciation (depreciation) in fair value of investments and \$95,695 of interest and dividend income related to the aforementioned investments for the year ended December 31, 2022.

Note 8: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three (3) levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 8: Fair Value Measurements (Continued)

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money Market Funds: Valued at cost, which approximates fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Investments at Fair Value	
	Total	Level 1
DECEMBER 31, 2022		
Money Market Fund	\$ 514,458	\$ 514,458
Mutual Funds	4,032,438	4,032,438
TOTAL	<u>\$ 4,546,896</u>	<u>\$ 4,546,896</u>
DECEMBER 31, 2021		
Money Market Fund	\$ 509,465	\$ 509,465
Mutual Funds	4,706,271	4,706,271
TOTAL	<u>\$ 5,215,736</u>	<u>\$ 5,215,736</u>

Gains and losses (realized and unrealized), included in changes in net assets available for benefits for the year ended December 31, 2022, are reported in net appreciation (depreciation) in fair value of investments.
