INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
TSC Acquisition Corporation 401(k) Plan
Los Angeles, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of TSC Acquisition Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of TSC Acquisition Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of TSC Acquisition Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TSC Acquisition Corporation 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TSC Acquisition Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TSC Acquisition Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year the ended December 31, 2022, and of assets (held at end of year) as of December 31, 2022, (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TSC Acquisition Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of the TSC Acquisition Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by TSC Acquisition Corporation (the "Company" or "employer") pursuant to Section 401(a) and related provisions of the Internal Revenue Code ("IRC"), was adopted and became effective January 1, 2000, and most recently restated effective January 1, 2022. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, or termination of employment. The Plan covers all eligible employees of the Company who meet certain eligibility requirements. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reports and Disclosure under the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates for the provisions within SECURE 2.0 vary from January 1, 2023, to December 31, 2026. The Plan Sponsor has until the end of the first Plan year beginning on or after January 1, 2025, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statement were available to be issued.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Custodial services are provided by The Standard Insurance Company (the "Custodian" or "Standard").

Eligibility

The Plan covers eligible employees of the Company who are at least 21 years of age and who complete two months of service. Entry dates for participation in the Plan are the first day of the month or next coinciding with satisfaction of eligibility requirements. Participants direct the investment of their contributions and any Company contributions into various investment options offered by the Plan.

December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN (continued)

Participant contributions

Participants may elect to contribute through payroll deductions amounts up to 100% of their annual compensation, as defined by the Plan, on a tax-deferred basis, up to a maximum amount allowed by the IRC. The maximum allowed deferral amount was \$20,500 for 2022. Participants age 50 or over may also contribute an additional \$6,500 in catch-up contributions to the Plan for 2022. Participants may also contribute amounts representing distributions from other qualified employer-sponsored retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Newly eligible participants are automatically enrolled to defer 1% of their eligible compensation on a pre-tax basis, unless the participant makes a contrary election.

Company contributions

The Company is authorized to make discretionary matching and discretionary profit sharing contributions. For the period from January 1, 2022 to December 31, 2022, the Company made a discretionary matching contribution of 50% of the amounts contributed by each participant. Total discretionary matching contributions made by the Company in 2022 were \$274,231. In addition, the Company can make a discretionary, non-elective contribution. The Company did not make a qualified non-elective contribution and discretionary profit sharing contribution for the year ended December 31, 2022.

Participant accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's matching contributions, the discretionary profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings or account balances, as defined in the plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions, including rollover contributions plus actual earnings thereon.

Employer matching contributions and Discretionary profit sharing contributions, plus earnings thereon, vest according to the following schedule:

TSC Acquisition Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN (continued)

Vesting (continued)

The vesting schedule for the employer discretionary base contribution is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0 %
1	33 %
2	67 %
3 or more	100 %

Forfeitures

The non-vested portion of a terminated participant's account balance remains in the Plan and is to be used (a) to reduce the Company's contributions to the Plan, (b) to pay Plan administrative expenses, or (c) as a supplemental contribution allocated to qualifying participants, as defined in the plan document. As of December 31, 2022 and 2021, the forfeitures account had a balance of \$8,288 and \$8,024, respectively. For the year ended December 31, 2022, forfeitures of \$1,000 were used to pay Plan expenses.

Payment of benefits

Distributions and withdrawals are payable to participants upon retirement, termination, attainment of age 59½, financial hardship, disability, or death. Participants (or their beneficiaries) may receive the full value of their salary deferrals, rollovers, employer contributions, and the net earnings thereon in a single lump-sum payment, substantially equal installments, or partial withdrawals of \$1,000 or more.

The Plan provides that participants who have terminated employment and who have account balances less than or equal to \$5,000 may be automatically distributed without participant consent. If the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover, or to receive the distribution directly, the Plan administrator may pay the distribution in a direct rollover to an Individual Retirement Account ("IRA") designated by the Plan administrator or as a lump-sum payment. For balances of more than \$5,000 upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan or may postpone payment until a later date and remain in the Plan.

Participants are permitted to request in-service distributions from their vested Plan accounts at any time after having attained age 59 1/2. Participants with an immediate and heavy financial need may be eligible for a hardship withdrawal, subject to certain restrictions as described in the plan documents. Immediate and heavy financial needs include: (1) medical expenses; (2) purchase of a principal residence; (3) to prevent eviction from principal residence; (4) to pay for education expenses; (5) funeral expenses; or (6) repair damage on principal residence.

TSC Acquisition Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The \$50,000 is reduced by the highest outstanding loan balance in the immediately preceding 12-month period. A participant may generally only have one loan outstanding at a time. The repayment of principal plus interest is generally required by the Plan to be made through semimonthly payroll deductions within five years unless the loan is used for the purchase of a principal residence, which may be paid over a ten year period. The loans are secured by the balance in the participant's account and bear an interest rate established by the Plan administrator in a nondiscriminatory manner. All outstanding loans bear interest at rates between 3.25% and 6.25%, mature at various dates through October 31, 2027, and become immediately payable in the event of default, death, disability or termination of employment.

Administrative expenses

Certain administrative expenses of the Plan, including custodial services and audit fees, were paid directly by the Company for the year ended December 31, 2022. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan. The Company does not require reimbursement from the Plan for these expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value, as determined by quoted market prices, except for the fully benefit-responsive investment contract, which is reported at contract value. See Note 3 for a description of fair value measurements and Note 4 for a description of the fully benefit-responsive investment contract valuation.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold during the year as well as held at year-end.

TSC Acquisition Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and changes therein.

Contributions and contributions receivable

Participant contributions are recorded based on the date the contributions or repayments have been separated from a participants' pay which is the pay date. Discretionary employer matching contributions, if any, are recorded in the year they are earned. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions are recorded when they are received by the Plan and allocated to participants' accounts.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits paid to participants are recorded when paid.

Administrative expenses

Administrative expenses paid by the Plan are recorded when incurred.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards define fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Such standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value within a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

- *Level 1* - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- *Level 2* - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; or
- *Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets or liabilities.

Pooled separate accounts: valued daily based on the market value of the underlying net assets in each separate account but is valued using two sources: (1) the market price of the fund, and (2) the unitized pricing model. Inputs for both are available to the Plan and its participants. The majority of the underlying net assets have observable Level 1 and/or 2 quoted market pricing inputs which are used to determine the unit value of the pooled separate accounts.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Pooled-separate accounts	<u>\$ -</u>	<u>\$ 5,103,157</u>	<u>\$ -</u>	<u>\$ 5,103,157</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Pooled-separate accounts	<u>\$ -</u>	<u>\$ 6,061,912</u>	<u>\$ -</u>	<u>\$ 6,061,912</u>

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment in the Guaranteed Interest Fund, under a group annuity contract with the Custodian, the "contract issuer". This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1 percent. The crediting rate is reviewed on a quarterly basis for resetting. The crediting rate for the year ended December 31, 2022 is 3.03%. The contract cannot be terminated before the scheduled maturity date.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the IRC or the failure to qualify for exemption from federal income taxes under section 501(a) of the IRC; (2) premature termination of the contracts; (3) failure to meet any required or prohibited transaction exemption under ERISA; (4) amendments to the plan documents (including complete or partial Plan termination or merger with another plan); or (5) bankruptcy of the Plan sponsor or other Plan sponsor events that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

Notes to Financial Statements
December 31, 2022 and 2021

5. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by the Custodian, determined to be a qualified institution by the plan administrator, as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule. The Custodian has certified that the following investment information included in the financial statements is complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net depreciation in fair value of investments, interest income and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2022.

6. TAX STATUS

The Plan adopted the Standard Retirement Services, Inc. Defined Contribution Volume Submitter Plan (the "Volume Submitter Plan"). The Internal Revenue Service issued an opinion letter on the Volume Submitter Plan and informed Standard by a letter dated June 30, 2020 stating that the Volume Submitter Plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan, is currently designed and being operated in accordance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the full value of each participant's account shall become fully vested and non-forfeitable.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similar to a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be party-in-interest.

TSC Acquisition Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in pooled separate accounts and a Guaranteed Interest Fund managed by Standard Insurance Company ("Standard"). The Plan also permits employees to borrow from the Plan. Also, the Company pays certain fees and expenses on behalf of the Plan. Transactions in such investments, loans and Company paid expenses qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
