INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Eye Consultants of Atlanta, P.C.
Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Eye Consultants of Atlanta, P.C. Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution, as described in Note 3, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information described in Note 3, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 and the supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Eye Consultants of Atlanta, P.C. Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Plan Administration

Eye Consultants of Atlanta, P.C. serves as the Sponsor of the Plan. Nationwide Trust Company, FSB (Nationwide), serves as a custodian of the Plan. Pension Financial Services, Inc. (PFS), serves as the recordkeeper for the Plan.

General

The Plan is a defined contribution plan covering all employees of Eye Consultants of Atlanta, P.C. (the Sponsor) except for those covered by a collective bargaining agreement and nonresident aliens. The Plan administrator is responsible for oversight of the Plan. The Plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's trustees.

Eligibility

Employees are eligible to participate in the Plan on January 1 or July 1 coinciding with or following the date on which the employee has completed a year of service, providing they worked at least 1,000 hours during the year and have attained 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year participants may make elective pre-tax and Roth salary deferral contributions subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Each year the Sponsor may make a discretionary profit sharing contribution or a "Qualified Nonelective Contribution" as further described in the Plan document. This amount is determined annually and is allocated based on employee groups and compensation.

The Sponsor's profit sharing contribution for 2022 was as follows:

<u>Employment Status</u>	<u>Percentage</u>
Shareholders with over four years of service	17.29%
Shareholders with less than four years of service	12.00%
Non-shareholder physicians	12.00%
Administrator and shareholders under the age of 40	12.00%
Employees with over 20 years of service	12.00%
Managers	10.00%
Staff	5.70%

1. DESCRIPTION OF PLAN – CONTINUED

Participant Accounts

Individual accounts are maintained for each of the Plan's participants which reflect the participant's share of the Plan's income, expenses, contributions, withdrawals and net realized and unrealized gains and losses on investments. Participants may choose investments for their accounts from offered investment funds or elect to manage their investments through brokerage accounts.

Vesting

Participants are vested at all times in amounts contributed to their accounts in the form of voluntary salary deferrals as well as any earnings on those deferrals. Vesting in Sponsor contributions and related earnings accrues using a graduated scale based on years of service. Participants with six or more years of service are fully vested.

Notes Receivable from Participants

A participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance subject to a minimum of \$1,000. Loans bear a reasonable rate of interest as provided in the Plan document and are repayable through payroll deductions over periods ranging up to 60 months. If the loan is for the purchase of a principal residence, the Plan administrator may permit a longer repayment term.

Payment of Benefits

On termination of service due to death, disability, termination of employment or retirement, participants become eligible to receive the vested percentage of their account balance. Participants may elect to have their vested benefit distributed as soon as administratively feasible following termination of employment. Participants who have not separated from service may take in-service distributions once the participant has attained age 65. Hardship distributions are permitted from pre-tax elective deferral funds. Participant account balances that are less than \$5,000, excluding rollovers, are automatically distributed as a single lump-sum payment. Participants who maintain account balances in excess of \$5,000 may elect to have their vested benefit distributed as a single lump-sum payment in cash or in installments over a period of no more than the participant's life expectancy or the assumed life expectancies of the participant's beneficiaries.

Forfeitures

Separated participants who are not 100% vested forfeit the non-vested portion of their accounts arising from Sponsor contributions at the end of the Plan year in which the termination of employment occurs. Forfeited accounts will be used to pay Plan expenses as well as to reduce future Sponsor contributions. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$26,841 and \$56,500, respectively. The Sponsor's contributions receivable at December 31, 2022 and 2021 of \$1,733,294 and \$1,723,563, respectively, are net of the 2022 and 2021 forfeitures of \$26,841 and \$56,500, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, which is in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Realized gains and losses from the sale of investments in investment accounts, and changes in unrealized depreciation and depreciation of investments are recorded in the accompanying statement of changes in net assets available for benefits as net depreciation in fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments. In addition, the Plan pays recordkeeping and investment management fees. See Note 5.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2023 which is the date the financial statements were available to be issued and has determined that there are no subsequent events that require disclosure under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 855, *Subsequent Events*.

3. CERTIFICATION OF CUSTODIAN

Certain information related to investments from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held by Nationwide as of December 31, 2022 and 2021, and net depreciation in fair value of investments and interest and dividend income for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Nationwide.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820, *Fair Value Measurement*, are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2022 and 2021:

Money market funds (held in participant-directed brokerage accounts): Valued at cost, which approximates fair value.

4. FAIR VALUE MEASUREMENTS – CONTINUED

Mutual funds: Valued at fair value based on quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Certificates of deposit (held in participant-directed brokerage accounts): Valued at original cost plus accrued interest, which approximates fair value.

Common stocks traded on national securities exchanges (held in participant-directed brokerage accounts): Valued at the closing price on the last day of the Plan year. Stocks traded in over-the-counter markets and listed securities for which no sale was reported on that date are valued at the last reported bid price.

Limited partnership interests (held in participant-directed brokerage accounts): Valued utilizing the equity method which approximates fair value.

U.S. government securities and corporate bonds (held in participant-directed brokerage accounts): Valued at the closing price reported on the active market on which the individual securities are traded on the last day of the Plan year.

Other assets (held in participant-directed brokerage accounts): Consist of coins valued at the underlying metal valuation.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021:

4. FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth a summary of purchases and issuances of the Plan's Level 3 assets for the year ended December 31, 2022. There was \$22,705 transferred out of Level 3 assets during 2021.

Purchases	\$ -
Issuances	(97,166)

5. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

During the year ended December 31, 2022, total expenses of \$276,605 were paid by the Plan to various service providers for plan administration, recordkeeping, investment management and advisory services. These transactions are considered party-in-interest transactions under ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Sponsor contributions.

7. TAX STATUS

The Plan has adopted a prototype defined contribution pre-approved plan sponsored by Pension Financial Services Inc. The underlying prototype plan has received an opinion letter from the IRS dated June 30, 2020, stating that the prototype plan is designed in accordance with applicable sections of the IRC. The prototype plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC; and therefore, no provision for taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management does not believe there are any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. DELINQUENT PARTICIPANT CONTRIBUTIONS

During the Plan years ended December 31, 2022, 2021 and 2020, certain participant contributions totaling \$21,519, \$26,131, and \$1,050, respectively, were not remitted within the appropriate time period by the Sponsor. The Sponsor is aware of the occurrences and intends to correct the lost earnings owed to participants. In addition, participant accounts will be credited with the amount of investment income that would have been earned had the participant loan repayment been remitted on a timely basis.
