INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
The Meadows School Defined Contribution Plan
Seattle, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Meadows School Defined Contribution Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Meadows School Defined Contribution Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Meadows School Defined Contribution Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements

relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Meadows School Defined Contribution Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Meadows School Defined Contribution Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Meadows School Defined Contribution Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subject to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statement themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE MEADOWS SCHOOL DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of The Meadows School Defined Contribution Plan (the Plan) provides only summarized information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under section 403(b) of the Internal Revenue Code (IRC) established for the benefit of eligible employees of The Meadows School (the Employer, School, or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

In general, unless specifically excluded by provisions of the Plan, employees of the School who have reached 18 years of age are eligible to participate in the Plan upon the completion of one consecutive month of employment.

Contributions

Participant Contributions - Each year, participants may elect to defer as pre-tax contributions to what is known as a regular Section 403(b) deferral, up to 100% of compensation, as defined by the Plan, subject to limits established by the Internal Revenue Service (IRS). Participants who have attained the age of 50 before the close of the Plan year may make "Catch-up" contributions, also subject to the limits established by the IRS. Participants are also allowed to contribute amounts representing distributions from other qualified plans (rollovers from other qualified plans).

Employer Contributions - The Employer is currently required to contribute to each eligible participant's account (excluding those of certain employees as defined in the Plan document) a specified percent ranging from 8% to 10% of each participant's eligible compensation, as also defined in the Plan document. The required percent contributed depends on the years of service with the Employer. The Employer, at the discretion of its Board of Trustees, also may make additional contributions to participants' accounts.

Contributions are subject to certain other limitations in accordance with the IRC.

Participant Accounts

Each participant account is credited with the participant's contribution, the Employer's required contributions, allocations of Plan earnings and losses, and is charged with an allocation of administrative expenses. Allocations are based on participant eligible compensation, participant contributions, or account balances, as defined.

Participants direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions to the Plan, employer contributions to the Plan, and related earnings at all times.

Plan Loans

Participants may borrow a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans may not be made of employer contributions and/or investment return allocated thereto. Participant loans are collateralized by their account balances.

Loans are not considered Plan assets; and therefore, are not included in the accompanying statements of net assets available for benefits; accordingly, interest thereon is not part of Plan income. As of December 31, 2022 and 2021, the loans secured by the participants' accounts amounted to \$35,743 and \$69,293, respectively.

THE MEADOWS SCHOOL DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of service a participant may elect to receive an amount equal to the value of the participant's account in either a single lump-sum benefit payment or a qualified joint survivor or single annuity, unless the participant's account is \$1,000 or less, in which case only a single lump-sum benefit payment is available to the participant. Under certain circumstances, participants may receive a hardship or in-service benefit payment, prior to termination, for a part or all of their vested account balance as set for in the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Annual Reporting Requirements

Prior to January 1, 2009, TIAA and CREF maintained records at contract, not Plan level. TIAA and CREF administratively decided not to maintain accounting records and supporting documentation at the participant or plan level relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As such, TIAA and CREF have not been able to produce sufficient records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As a result, the completeness and accuracy of the annuity and custodial accounts, related investment income, and distributions related to these accounts, if any, could not be determined.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments, with the exception of the fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan administrator determines the Plan's valuation policies utilizing information provided by the custodians. See Note 3 for discussion of fair value measurements.

The Plan's fully benefit-responsive investment contracts are valued at contract value. Contract value equals accumulated cash contributions and interest less distributions. See Note 4 for additional discussion.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of Benefits

Benefits paid to participants are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenses

Administrative expenses related to operating and maintaining the Plan and certain investment and transaction fees are paid by the Plan. Additionally, the School pays certain expenses of the Plan.

Expenses paid by the School are excluded from these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through the date these financial statements were available to be issued, which was October 10, 2023.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable, are supported by little or no market activity, and are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to methodologies used as of December 31, 2022 and 2021:

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are valued using Level 1 inputs.

THE MEADOWS SCHOOL DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 3 - FAIR VALUE MEASUREMENTS

Registered Investment Companies - These investments are separate accounts that are registered with the SEC. These investments are valued at the NAV which is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is published daily on NASDAQ; however, these investments are not publicly traded. Units in the registered investments are revalued daily to reflect performance of the underlying investments minus any fees and charges, and transactions occur at this published price. In efforts to reduce market timing and excessive trading, participants will not be permitted to make electronic transfers back into the same account through purchase or exchange for 90 days if a purchase, sale, and repurchase within that account is made within a 60-day period. These investments are classified as Level 1 as the prices are published in active markets.

Variable Annuities - TIAA Access Annuities are variable annuity products that are funded through TIAA separate accounts that are registered under the Investment Company Act of 1940 but are not publicly traded. The separate account invests in proprietary and nonproprietary mutual funds through various subaccounts. Subaccount unit values are calculated daily and are available on the TIAA and CREF website. The underlying investments are generally priced using market quotations obtained from independent pricing services. The TIAA Access Annuities are reported at the NAV as a practical expedient to measuring fair value. There are no trading restrictions or unfunded commitments related to the TIAA Access Annuities at the NAV.

Pooled Separate Accounts - Units held in the pooled separate account (PSA) are valued at the NAV based on the fair market value of the underlying investments of the account less liabilities. The NAV is published daily on NASDAQ; however, the PSA is not publicly traded. The PSA holds between 15% and 25% of its net assets in investments other than real estate and real estate-related investments, comprised of publicly traded, liquid investments. Valuation of the PSA's real estate properties are based on real estate appraisals, which are estimates of property values based on a professional's opinion and may not be accurate predictors of the amount the PSA would actually receive if it sold a property. Appraisals can be subjective in certain respects and rely on a variety of assumptions (included comparable property sales and historic pricing) and conditions at that property or in the market in which the property is located, which may change materially after the appraisal is conducted.

Further, as the PSA generally obtains appraisals on a quarterly basis, there may be circumstances in the period between appraisals or interim valuation adjustments in which the true realizable value of a property is not reflected in the PSA's daily NAV calculations or in the PSA's periodic financial statements.

Pooled Separate Accounts (continued) - The PSA provides participants with a liquidity guarantee enabling the account to have funds available to meet participant redemption, transfer, or cash withdrawals. TIAA guarantees that participants can redeem their accumulation unit value determined after their transfer or cash withdrawal request is received in good order. Withdrawals from the PSA are limited to once per calendar quarter. TIAA limits the ability of participants to transfer funds into the TIAA Real Estate Account. Specifically, individual participants are limited from making internal transfers into their account if, after giving effect to such transfer, the total value of such participant's account (under all contracts issued to such participant) would exceed \$150,000. These investments are classified within Level 2 of the fair value hierarchy.

Non-Fully Benefit-Responsive Investment Contracts - Non-fully benefit-responsive investment contracts represent investments in fixed annuity contracts with TIAA. Fair value is determined using the discounted cash flow method, which is approximated by contract value. These investments are classified within Level 3 of the fair value hierarchy. See Note 4.

The following tables present information about the Plan's assets that have been measured at fair value on a recurring basis, and indicate the general classification by level of input within the fair value hierarchy described above:

The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following is a summary of changes in the fair value of the Plan's Level 3 assets:

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a summary of quantitative information about significant unobservable inputs used in Level 3 fair value measurements:

Type	Fair Value	Technique	Unobservable	Crediting Rate
TIAA Traditional Annuity Contracts (RA and RC)	\$4,085,307	Discounted cash flow / theoretical transfer (exit value)	Risk – adjusted discount rate applied	RA 3.00% to 3.50% RC 3.00% to 3.75%

NOTE 4 - FIXED ANNUITY CONTRACTS

As discussed in Note 3, fixed annuity contracts consist of investment options known as the TIAA Traditional Annuity Contracts and TIAA Stable Value Fund (together, fixed annuity). Fixed annuity contracts are established between the participants and TIAA. The investment options offered by the Plan are commonly known as the Retirement Annuity (RA), Retirement Choice (RC), Supplemental Retirement Annuity (SRA), and Group Supplemental Retirement Annuity (GSRA). The return of fixed annuity contributions plus interest to participants is subject to TIAA's claims paying ability.

Fixed annuity contracts are credited with a minimum rate of interest that is determined annually.

Participants may also earn interest in addition to the guaranteed rate at the discretion of TIAA. Such discretionary interest, if any, is declared by TIAA on a year-by-year basis and remains in effect for the subsequent twelve-month "declaration year".

Contributions to the fixed annuity accounts are grouped by TIAA into "vintages" comprised of premiums received over defined time periods or one or more contiguous calendar months. The interest crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA assets supporting that vintage, minus a charge for administrative expenses and an amount set aside for contingency reserves. Crediting rates are also determined by the performance of investments contained in TIAA's general account.

During the year ended December 31, 2022, the crediting rates of the fixed annuity contracts were as follows:

RA	3.00% to 3.50%
RC	3.00% to 3.75%
SRA	3.00%
GSRA	3.00%

RA account balances may only be withdrawn over 10 annual installments. RC account balances may require withdrawals in installments and may only be allowed at certain points in time. RAs and RCs are not considered to be fully benefit-responsive investment contracts as defined by ASC 960 because this provision is considered to restrict participants' "reasonable access" to their contract balances.

SRAs and GSRA are considered fully benefit-responsive investment contracts because they are fully liquid and immediately cashable once a participant terminates employment with the School.

THE MEADOWS SCHOOL DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 4 - FIXED ANNUITY CONTRACTS (CONTINUED)

The TIAA Stable Value Fund is a fixed rate group annuity contract issued by TIAA. Contributions are deposited into a non-unitized separate account. There is a guaranteed minimum rate of interest provided by the contract that falls between 1% and 3%. Any amount credited above the minimum guaranteed rate is determined by TIAA. These rates are subject to change every six months and TIAA guarantees that the declared crediting rate will not decline by more than 0.75% each time it is reset. TIAA prohibits direct transfers to competing funds. Transfers may be made to a competing fund after a 90-day waiting period after being transferred to a noncompeting fund. Additionally, transfers into TIAA Stable Value Fund may not be made for 30 days following a transfer out. The fund is considered a fully benefit-responsive investment contract because it is fully liquid and immediately cashable once a participant terminates employment with the School.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY THIRD-PARTY SERVICE PROVIDERS

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians of the Plan, TIAA and CREF, have certified as to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022, and 2021.
- Net appreciation in fair value of investments and interest and dividend income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment values disclosed in Note 3 and reflected on the supplemental schedule of assets (held at end of year).

The Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

NOTE 6 - TAX STATUS

The plan has adopted a volume submitter prototype sponsored by its third-party administrator. The prototype received a favorable opinion letter from the Internal Revenue Service dated August 7, 2017, which stated that the prototype plan is designed in accordance with the provisions of the IRC. The Plan has since been amended; however, in the opinion of the Plan administrator, the Plan is designed and is currently being operated in accordance with the applicable requirements of the IRC and that the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

THE MEADOWS SCHOOL DEFINED CONTRIBUTION PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 7 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments as of December 31, 2022 and 2021, consist of investments managed or sponsored by TIAA and CREF. Certain investment related fees are recorded net of investment gains and losses in the statement of changes in net assets available for benefits and qualify as exempt party-in-interest transactions. Direct administrative expenses paid by the Plan to TIAA and CREF and other service providers also qualify as exempt party-in-interest transactions.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA and its related regulations. In the event of Plan termination, participants would remain 100% vested in their employer contributions.
