Independent Auditors' Report

To the Plan Trustees and Plan Administrator of
Thomas Health System 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Thomas Health System 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Thomas Health System 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Thomas Health System 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Thomas Health System 401(k) Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Thomas Health System 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Thomas Health System 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA

Thomas Health System 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of Plan

The following description of the Thomas Health System 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan which was established January 1, 2007, is a defined contribution 401(k) safe harbor plan covering all employees who have attained the age of 18 excluding leased employees. The Plan allows participation of all employees of Thomas Health System, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, (ERISA).

The Plan was most recently amended and restated January 1, 2021, to comply with the requirements for Cycle 3 Pre-Approved Plans, pursuant to Revenue Procedure 2017-41 of the Internal Revenue Service (IRS).

Contributions

Participants may elect to defer a portion of their compensation, as defined in the Plan document, limited to the maximum allowed under the Internal Revenue Code for such Plan year. The employer's matching contribution is an Enhanced Safe Harbor Matching Contribution which is an amount equal to 100% of the participant's deferral contributions up to 4% of the participant's compensation and an additional 50% of the participant's elective deferrals from 4% to 6% of the participant's compensation.

The plan has an automatic enrollment feature where once an employee becomes eligible for the plan, 3% of their eligible compensation is deferred.

Participant Investment Options

Each Plan participant has the right to direct contributions and earnings of their account among alternative investment funds provided under the Plan. Participants should refer to the most recent annual report of each investment fund for information on risk factors, asset concentrations, use of derivative financial instruments and other financial data. Participants may transfer funds between investment options at any time.

Participant Accounts

Each participant account is credited with the participant's elective deferrals, participant rollover contributions and any employer contributions. In addition, each participant's account is credited with their share of appreciation/depreciation in the value of investments and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Thomas Health System 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Vesting

Participants are immediately vested in their elective deferral and employer contributions and actual earnings thereon which are credited to their respective account.

Notes Receivable From Participants

Participants may borrow from their account balances attributable to their pre-tax and Roth elected deferrals, subject to a maximum amount which is the lesser of one-half of a participant's elective deferral account balance or \$50,000. The participant's elective deferral account balance serves as collateral for the loan. The minimum request for a loan is \$1,000 and not more than one loan can be outstanding for a participant at a time. Loans bear interest of 1% above the prime rate. Loan payments shall be repaid up to five years; however, if the loan is for the purchase of a principal residence, a longer term may be permitted.

Payment of Benefits

Upon retirement (normal retirement age is 65), attainment of age 59½, death, disability or other termination of employment, as defined in the Plan document, participants or their spouses and/or beneficiaries receive their account as a lump sum cash payment. If the participant's account balance has never exceeded \$5,000, the entire vested balance will be paid in a lump sum. Early retirement is permitted if the participant has attained age 60 and has completed five years of service. Further, upon termination of employment, the participant may elect to transfer his or her account balances to another qualified plan or individual retirement account. Minimum distributions for a participant must begin the later of April 1 of the calendar year after a participant attains age 70½ or when the participant actually retires.

The Plan allows for hardship withdrawals for certain participant needs as defined in the Plan document from participant elective contributions, Roth deferrals and related earnings. The employer has sole authority to authorize hardship withdrawals, pursuant to the Plan specifications.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Thomas Health System 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The specific valuation policy for the Plan's investments follow.

Mutual fund investments: The Plan's investments in mutual funds are stated at fair value which equals the quoted market price as of the last day of the Plan year. Transactions are recorded on the trade date, but are reported on the settlement date. All gains/losses are unrealized and are based on changes in the unit value or share value during the reporting period.

Insurance company investment contract: The Plan's investment in a fully benefit-responsive insurance company group annuity fixed interest option investment contract is stated at contract value which represents contributions made, less withdrawals and administrative expenses plus interest credited.

The Plan does not require collateral to secure investment instruments.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded upon distribution.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Notes to Financial Statements

December 31, 2022 and 2021

Subsequent Events

Subsequent events were evaluated through October 16, 2023, the date the financial statements were available to be issued.

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

3. Tax Status

Effective July 1, 2012, the Plan adopted the Variable Annuity Life Insurance Company (VALIC) Retirement Services Company Non-Standardized 401(k) Profit Sharing Plan with CODA. VALIC Retirement Services Company has received a determination letter dated June 30, 2020, that the prototype plan and related amendments qualify under Internal Revenue Code Section 401(a). An employer who has adopted the prototype plan will also be considered to have a plan qualified under Section 401(a) provided all of the terms of the plan are followed, and the eligibility requirements and contribution or benefit provisions are not more favorable for highly compensated employees than other employees. The Plan has been restated since the date of the determination letter; however, the Plan Administrator believes that the Thomas Health System 401(k) Plan is currently being operated in compliance with the aforementioned prototype plan and applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2019.

4. Related-Party and Party in Interest Transactions

Parties in interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, and certain others. The Plan Sponsor has contracted with The Variable Annuity Life Insurance Company to administer the Plan's assets. Administrative functions performed by The Variable Annuity Life Insurance Company include participant account maintenance and custodial services. During the year ended December 31, 2022, fees for these services amounted to \$236,701. Certain other administrative expenses for legal, auditing, and other professional services are paid directly by the Plan Sponsor and certain administrative functions are performed by officers or employees of the Plan Sponsor at no cost to the Plan.

5. Information Certified by Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, Variable Annuity Life Insurance Company, the Custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

6. Investment Contract With Insurance Company

Assets of the Plan include amounts held in a Fixed Interest Option during the years ended December 31, 2022 and 2021. This investment option is a general fund group fixed unallocated annuity contract (GFUA) with VALIC which is a fully benefit responsive contract featuring a current crediting interest rate.

A participant can make transfers out of the Fixed Interest Option to mutual fund options at any time or indirectly to a "competing fixed option" (subject to a 90-day equity wash provision). Plan sponsor-directed or induced transfers from the Fixed Interest Option to another investment option under the plan would be restricted to 20% per year or would be subject to the value adjustments of the surrender provisions of the contract.

The interest rate for the Fixed Interest Option is declared monthly with interest credited on a daily basis at an annual effective rate. The GFUA offers an annual minimum crediting rate set at the beginning of each year, as well as a contract minimum rate guaranteed. It is credited with interest under a portfolio interest crediting method in which all deposits receive the same return regardless of date of deposit. For the years ended December 31, 2022 and 2021, the rates are as follows:

Declared Crediting Rates		Minimum Guaranteed Interest Rate	Annualized Declared Crediting Rates	Period Covered for Declared Crediting Rates
Annualized	Average Yield		2022	
Fixed Interest Option	1.97%	1.00%	1.40%	01/01/2022-06/30/2022
			1.50%	07/01/2022-09/30/2022
			1.75%	10/01/2022-12/31/2022

Declared Crediting Rates Annualized			Annualized Declared Crediting Rates 2021	Period Covered for Declared Crediting Rates 2021

			1.40%	08/01/2021-12/31/2021

7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Thomas Health System 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 73,544,693	\$ -	\$ -	\$ 73,544,693
Total investments at fair value	\$ 73,544,693	\$ -	\$ -	\$ 73,544,693

Assets at Fair Value as of December 31, 2021	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 89,848,166	\$ -	\$ -	\$ 89,848,166
Total investments at fair value	\$ 89,848,166	\$ -	\$ -	\$ 89,848,166

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

December 31, 2022 and 2021

9. Subsequent Event and Plan Termination

Effective January 1, 2023, the Plan sponsor combined with West Virginia University Health System. Consequent to this transaction, the Plan sponsor plans to amend the Plan for the Plan's termination effective December 31, 2023 under the terms and conditions of the Plan's governing documents and the provisions of ERISA. Upon the amendment of the Plan's governing documents authorizing plan termination, participant accounts will become fully vested and nonforfeitable. Consequent to the Plan's termination, all remaining assets of the Plan will either be merged into the West Virginia University Health System 403(b) Retirement Savings Plan or distributed to Plan participants depending upon the individual participant's desire.
