INDEPENDENT AUDITORS' REPORT

Board of Directors, Plan Trustees, and
Plan Administrator of
the Public Strategies Retirement Security Partnership Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Public Strategies Retirement Security Partnership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from Alerus Financial, N.A., a qualified institution, as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

INDEPENDENT AUDITORS' REPORT, CONTINUED

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(Continued)

INDEPENDENT AUDITORS' REPORT, CONTINUED

Auditors' Responsibilities for the Audit of the Financial Statements, Continued

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT, CONTINUED

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT SECURITY PARTNERSHIP PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

(1) DESCRIPTION OF THE PLAN

The following brief description of the Public Strategies Retirement Security Partnership Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions. Alerus Financial, N.A. (“Alerus”) is the custodian of the Plan.

General

The Plan is a defined contribution plan covering substantially all employees of Public Strategies, Inc. (the “Company”) who are at least 18 years of age and have completed 1 hour of service during 3 consecutive months of employment, with an immediate commencement date upon satisfaction of the eligibility conditions. If an employee does not meet the 1 hour of service each month during 3 consecutive months of employment, the employee must have completed 1,000 hours of service during the plan year. The Plan was established effective as of January 1, 2009. The Plan is designed to provide for a deferred compensation arrangement of the type described in Section 401(k) of the Internal Revenue Code (the “Code”). The purpose of the Plan is to provide retirement benefits and permit employees to systematically save a portion of their compensation and defer federal income taxes on that portion. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All of the Plan’s investment fund options are participant-directed.

Contributions

The Company, at its discretion, may elect to make a cash contribution to the account of each participant. For the years ended December 31, 2022 and 2021, the Company matched 100% of up to 5% of an employee’s elected deferrals of total compensation, as defined in the Plan. To receive a discretionary match contribution, the employee must have completed 1,000 hours of service in the plan year. The Company makes contributions to the Plan for selected participants that perform work that is covered by federal prevailing wage laws. Any such contributions are based upon the hourly contribution rate designated by the participant’s employment classification and the project at which the work was performed. The Plan permits participants to make deferrals up to the annual maximum allowed by the Internal Revenue Service and allows “rollover” contributions from other qualified plans.

Participant Accounts/Investment Options

Separate participant accounts are maintained for each fund in which the participants elect to invest. Participants’ accounts are credited with participants’ contributions, the Company’s contributions, and plan earnings. Investments are directed, at the discretion of the participant, into any of the different investment funds offered by Alerus.

See Independent Auditors’ Report.

RETIREMENT SECURITY PARTNERSHIP PLAN**

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) DESCRIPTION OF THE PLAN, CONTINUED

Notes Receivable from Participants

The Plan permits participants to borrow against their plan account a minimum of \$1,000 or up to a maximum of \$50,000 or 50% of their vested balance, whichever is less. A participant may only have one loan outstanding at any time. The loans bear interest at a fixed rate of 1% above the prime interest rate as published in the "Money Rates" section of *The Wall Street Journal*. The loans are payable no less frequently than quarterly and are secured by an irrevocable pledge and assignment of 50% of the nonforfeitable amount of the borrowing participant's account balance under the Plan. Principal and interest are paid through payroll deduction and credited to the participant's account. Upon termination of the employment with the employer or termination of the Plan, if not otherwise due and payable, the loans are due and payable. If the loans are not fully repaid within 60 days following the termination date, the loan will be reported as a taxable distribution to the participant.

Vesting

Participants are at all times 100% vested in their contributions and the earnings thereof. Participants are proportionally vested in employer contributions and earnings based upon years of service, defined as follows:

Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

The participants must complete at least 1,000 hours of service during a plan year to receive vested credit. Participants are 100% vested in prevailing wage contributions at the time of the contribution.

Distributions/Benefits

A terminating member of the Plan is paid the current value of his or her contributions to the Plan, but will forfeit all employer contributions to the extent they are nonvested. Distributions from the Plan may be made in lump sums or installments for required minimum distributions. As of December 31, 2022 and 2021, there were unpaid deferred vested benefits to participants no longer employed by the Company of approximately \$1,280,000 and \$1,702,000, respectively.

The Plan allows hardship distributions from the respective participants' elective deferral account balances.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) DESCRIPTION OF THE PLAN, CONTINUED

Forfeitures

Employer contributions and earnings thereon which become forfeited as a result of any of the benefit payment or withdrawal provisions of the Plan shall be used to pay reasonable plan expenses, and any excess shall be used to reduce the contribution of the employer for the year in which the forfeitures occur. As of December 31, 2022 and 2021, there was approximately \$9,000 and \$5,000, respectively, of unallocated forfeitures in the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments in mutual funds are recorded at estimated fair value, based on quoted market prices of the underlying investments or quoted market prices for investments similar to the underlying investments included in the respective fund. Investments in a common/collective trust fund are based on net asset value (NAV) per unit using the practical expedient for fair value.

Dividends are recorded on the ex-dividend date. Interest income is recorded when earned. Purchases and sales of investments are recorded on the trade-date basis. Net appreciation (depreciation) in investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan agreement.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Payment of Benefits

Benefits are recorded when paid.

Administrative Costs

The Company has agreed to pay any administrative expenses that may be incurred by the Plan. In addition, fees are assessed on employee-directed transactions within the Plan and are charged to the individual's account.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Tax Status

The Plan is a pre-approved plan offered through Alerus. The Internal Revenue Service has determined and informed the custodian by a letter dated March 31, 2014, that the pre-approved plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended from the pre-approved plan, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

See Independent Auditors' Report.

RETIREMENT SECURITY PARTNERSHIP PLAN**

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Risks and Uncertainties

Plan participants may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Date of Management's Review of Subsequent Events

Management has evaluated subsequent events through October 9, 2023, the date which the financial statements were available to be issued, and determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.

(3) INVESTMENTS

During 2022, the Plan's investments, including gains and losses on investments bought and sold, as well as held, during the year depreciated in value as follows:

Mutual funds	\$ <u>(1,732,509)</u>
--------------	-----------------------

(4) FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. In estimating fair value, the Plan utilizes valuation techniques that are consistent with the market approach, the income approach, and/or the cost approach. Such valuation techniques are consistently applied. Inputs to valuation techniques include the assumptions that market participants would use in pricing an asset or liability. Fair values may not represent actual values of assets and liabilities that could have been realized on the measurement date or that will be realized in the future. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

See Independent Auditors' Report.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(4) FAIR VALUE MEASUREMENTS, CONTINUED

Accounting Standards Codification (ASC) Topic 820, "Fair Value Measurement," establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1 inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.
- Level 2 inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset and liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 inputs consist of unobservable inputs which are used when observable inputs are unavailable and reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

The Plan uses appropriate valuation methods based on the available inputs to measure the fair value of its assets and liabilities.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for plan benefits, as well as the general classification of such assets pursuant to the valuation hierarchy.

Mutual Funds

The fair values of mutual funds are determined by obtaining quoted prices on nationally recognized securities exchanges.

(5) INFORMATION CERTIFIED BY PLAN CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants as shown in the statements of net assets available for plan benefits as of December 31, 2022 and 2021.
- Investment activity (net depreciation in fair value of investments, interest, and dividends) as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2022.
- Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplemental schedule.

(6) TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. As such, transactions conducted by Alerus qualify as party-in-interest transactions. Transaction and other administrative fees paid by the Plan to the Plan's custodian were approximately \$51,000 in 2022.

See Independent Auditors' Report.
