INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Terra Holdings 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Terra Holdings 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule 1, as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TERRA HOLDINGS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Terra Holdings 401(k) Savings Plan (the "Plan") for employees of Terra Holdings, LLC and all affiliates and subsidiaries (the "Company") is provided for general information purposes only. Participants should refer to the plan agreement for a more comprehensive description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan with salary reduction features which is commonly referred to as a 401(k) plan. It covers all nonunion employees attaining age 21 who have completed three months of service. It is subject to the provisions of ERISA.

On May 3, 2017, the Company resolved to merge the Plan with Vanderbilt Properties Insurance Brokerage LLC 401(k) Plan ("Vanderbilt") and RealPlus LLC 401(k) Plan ("RealPlus"), related parties through common ownership, with the Plan being the surviving plan. All plan assets were transferred from Vanderbilt and RealPlus on July 17, 2017. At that time, all participants in Vanderbilt and RealPlus became participants in the Plan.

On January 4, 2020, the Trustees resolved to spin off, effective April 1, 2020, Real Plus II, LLC and Vanderbilt Properties Insurance Brokerage, LLC and create separate retirement plans for both companies. The participant account balances in the amount \$2,467,166 were transferred out of the Plan as of the effective date of the signoff.

The Plan has been amended to implement changes permitted by the Coronavirus Aid, Relief, and Economic Security Act and the Setting Every Community Up for Retirement Enhancement Act of 2019, which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan are in accordance with applicable law and Internal Revenue Service (IRS) guidance.

(b) Contributions

Participants may contribute up to 100% of their annual compensation, as defined by the Plan, on a tax-deferred basis, up to the maximum allowed under the provisions of the Internal Revenue Code (IRC). The Company may make matching and profit-sharing contributions to the Plan. The matching contribution would be equal to a participant's elective deferral up to \$500 for non-highly compensated employees only. The profit-sharing contribution is discretionary, with the amount being determined by the Company each year. The discretionary matching or profit-sharing contributions for 2022 were \$154,776. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants are automatically enrolled in the Plan upon meeting eligibility requirements.

(continued)

TERRA HOLDINGS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN (Continued)

(c) Participants' Accounts

Each participant's account is self-directed and is credited with the participant's contribution, any rollover contribution, allocations of the Company's contribution, allocations of plan earnings, and allocations of plan expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Participants who enter the Plan become vested with respect to the Company's contributions based upon the number of years of service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3 or more	100%

(e) Investment Options

The trustees of the Plan determine and approve investment options set up for the Plan. Upon enrollment in the Plan, a participant can direct contributions into various investment options offered by the Plan. The custodians of the Plan are Principal Life Insurance Company and Principal Trust Company. The custodians invest in monies according to participant directions.

(f) Notes Receivable from Participants

Participants may borrow from their vested fund accounts. Loans must be for a minimum of \$500, up to a maximum amount of \$50,000, or 50% of the participant's nonforfeitable account balance. A participant is limited to having two loans outstanding at any time. A participant may be granted two loans during a single period. The loans are secured by the balances in participants' accounts and bear interest at the prime rate, which varies based on the initiation period of the loan (rates on existing loans ranged from 3.25% to 7.00% and 3.25% to 5.50% for each of the years ended December 31, 2022 and 2021, respectively). However, the Plan reserves the right to change the basis. Loans must be repaid by payroll deductions, not to exceed five years, if the participant is currently employed by the Company, except when the loan is used for the purchase of a primary residence, in which case the repayment period cannot exceed 30 years.

(continued)

TERRA HOLDINGS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN (Continued)

(g) Payments of Benefits

On termination of service due to death, disability, or retirement, a participant is eligible to receive a single lump-sum amount equal to the value of his or her vested account balance, or installments only for required minimum distributions. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, either in cash, as a direct rollover, or a combination of both. The Plan permits for hardship withdrawals of the participant's vested account balance. Permissible circumstances for hardship withdrawals include education expenses, purchase of a principal residence, medical expenses, to prevent prevention of eviction or foreclosure of a principal residence, payments for burial or funeral expenses, and expenses for the repair of damage to a principal residence.

(h) Forfeited Accounts

Nonvested amounts forfeited by departing participants may be used by the Plan for employer discretionary matching contributions or the payment of plan administrative expenses. There were forfeitures of \$35,320 applied for employer discretionary matching contributions for the year ended December 31, 2022. The forfeiture balances as of December 31, 2022 and 2021 were \$11,092 and \$26,326, respectively.

(i) Administrative Expenses

The Plan is administered by the Company. Administrative expenses can be paid by both the Plan and the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The accounting and reporting policies of the Plan conform to accounting principles generally accepted in the United States of America ("GAAP"). The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

(b) Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold, as well as held, during the year. See Note 4 for discussion of fair value measurements.

(continued)

TERRA HOLDINGS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) **Payment of Benefits and Other Costs**

Benefits are recorded when paid. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to participants' accounts and are included in administrative expenses. Investment-related expenses are included in the net appreciation of fair value of investments.

(d) **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

(e) **Use of Estimates in the Preparation of Financial Statements**

The preparation of financial statements in conformity with GAAP requires the Plan's management and trustee to make estimates and assumptions that affect the reported amounts of plan assets and liabilities and the disclosure of contingencies, if any, at the date of the financial statements, and additions to and reductions from net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

(f) **Subsequent Events**

The Plan has evaluated subsequent events after December 31, 2022 through October 10, 2023, the date that the financial statements were available to be issued.

NOTE 3 - INVESTMENTS CERTIFIED BY THE PLAN'S CUSTODIANS

The plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's custodians, Principal Life Insurance Company and Principal Trust Company, have certified that the following data, included in the accompanying financial statements, is complete and accurate:

	<u>2022</u>	<u>2021</u>
Investments at fair value:		
Pooled separate accounts	\$ 31,668,051	\$ 37,795,640
Mutual funds	11,621,360	14,972,447
Common collective trust	<u>7,573,405</u>	<u>7,266,430</u>
	<u>\$ 50,862,816</u>	<u>\$ 60,034,517</u>

During the year ended December 31, 2022, the Plan's investments (including investments bought, sold, and held during the year) depreciated in fair value by (\$9,508,752).

During the year ended December 31, 2022, the Plan received interest and dividend income in the amount of \$129,021.

TERRA HOLDINGS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy gives the highest priority to unadjusted quoted market prices in an active market for identical assets (Level 1) and the lowest to unobservable inputs (Level 3). Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 - Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 - Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determinant for fair value requires significant management judgment or estimation.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

- Pooled separate accounts - Valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the investments held by the fund, less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.
- Common collective trust - A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.
- Mutual funds - Valued at the closing price reported in the active market in which the individual security is traded.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,621,360	\$ -	\$ -	\$ 11,621,360
Total assets in fair value hierarchy	\$ 11,621,360	\$ -	\$ -	11,621,360
Pooled separate accounts				31,668,051
Common collective trust				7,573,405
Investments measured at net asset value				39,241,456
				\$ 50,862,816

Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,972,447	\$ -	\$ -	\$ 14,972,447
Total assets in fair value hierarchy	\$ 14,972,447	\$ -	\$ -	14,972,447
Pooled separate accounts				37,795,640
Common collective trust				7,266,430
Investments measured at net asset value				45,062,070
				\$ 60,034,517

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trust	\$ 7,573,405	N/A	Daily	12 months
Pooled separate accounts	\$ 31,668,051	N/A	Daily	1 day

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA, at any time. Upon termination, the Company will discontinue its contributions, and all amounts credited to participants' accounts will become 100% vested. The Plan will direct the distribution of the accounts in a manner permitted by the Plan, as soon as practical.

NOTE 6 - INCOME TAX STATUS

The Plan adopted a Principal Life Insurance Company prototype nonstandardized profit-sharing plan with CODA. The IRS has determined and informed the Principal Life Insurance Company, by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the determination letter was received. However, the plan administrator and the trustees believe that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or disclosure in the financial statements.

NOTE 7 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments held during 2022 were shares of funds managed by Principal Life Insurance Company and Principal Trust Company, custodians of the Plan and, therefore, these transactions qualify as party-in-interest. Administrative expenses paid by the Plan amounted to \$97,607 for the year ended December 31, 2022.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
