To Management of
Hoffman & Hoffman, Inc. Employee Stock Ownership Plan
Greensboro, North Carolina

We have conducted an ERISA Section 103(a)(3)(C) audit of the financial statement of Hoffman & Hoffman, Inc. Employee Stock Ownership Plan (the “Plan”), as of and for the year ended December 31, 2022 and have issued our report thereon dated October 6, 2023. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated May 17, 2023, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan’s internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of Hoffman & Hoffman, Inc. Employee Stock Ownership Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Hoffman & Hoffman, Inc. Employee Stock Ownership Plan is included in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2022. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

There were no sensitive accounting estimates affecting the financial statements.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting Hoffman & Hoffman, Inc. Employee Stock Ownership Plan's financial statements relate to: The disclosure of fair value measurements in Note 4 to the financial statements requires judgment by management related to the valuation level within the fair value hierarchy.

Significant Unusual Transactions

For purposes of this communication, professional standards require us to communicate to you significant unusual transactions identified during our audit. There were no significant unusual transactions identified during our audit.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. There were no such misstatements for the year ended December 31, 2022.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Hoffman & Hoffman, Inc. Employee Stock Ownership Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, dated October 6, 2023.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with Hoffman & Hoffman, Inc. Employee Stock Ownership Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risk of material misstatement. None of the matters discussed resulted in a condition to our retention as Hoffman & Hoffman, Inc. Employee Stock Ownership Plan's auditors.

Other Matters

The ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, was subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the management of Hoffman & Hoffman, Inc. Employee Stock Ownership Plan and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

A handwritten signature in black ink that reads "Bernard Robinson & Company, L.L.P." in a cursive script.

Independent Auditor's Report

To Hoffman & Hoffman, Inc. Employee Stock Ownership Plan
Greensboro, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits for the Financial Statements

We have performed an audits of the accompanying financial statements of Hoffman & Hoffman, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Hoffman & Hoffman, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hoffman & Hoffman, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Auditor's Responsibilities for the Audits of the Financial Statements (Continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hoffman & Hoffman, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hoffman & Hoffman, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HOFFMAN & HOFFMAN, INC. EMPLOYEE STOCK OWNERSHIP PLAN
Notes to Financial Statements

NOTE 1 - DESCRIPTION OF PLAN AND BASIS OF PRESENTATION

The following description of Hoffman & Hoffman, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Hoffman & Hoffman, Inc. (the "Company") established the Plan effective as of January 1, 1987. The Plan is a leveraged defined contribution stock ownership plan covering all eligible employees. The Plan is allowed to obtain acquisition loans to finance the acquisition of Company stock. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Retirement Committee comprised of individuals appointed by the Company. An independent, third-party limited liability corporation is the Plan's trustee for the portion of the Plan that consists of Company stock.

On December 22, 2016, the Plan purchased 2,012 shares of the Company's common stock using the proceeds of a loan from the Company (see Note 7) and holds the common stock in a trust established under the Plan. The stock was purchased at a price of \$6,652.58 per share, for an aggregate purchase price of \$13,385,000. On March 3, 2020, the Company initiated a 100-1 stock split.

On December 18, 2020, the Plan purchased 94,507.31 shares of the Company's common stock from participants using the proceeds of a loan from the Company (see Note 7) and holds the common stock in a trust established under the Plan. The stock was purchased at a price of \$153.48 per share, for an aggregate purchase price of \$14,504,982. The borrowing is collateralized by the shares of common stock held in suspense, which totaled 85,471.98 shares at year ended December 31, 2022. The lender has no rights against shares of common stock once they are released to participants in accordance with the terms of the ESOP.

All borrowings are collateralized by the unallocated shares of common stock. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, present separately the assets and liabilities and changes therein pertaining to: (a) the accounts of employees with the rights in allocated common stock (allocated), and (b) common stock not yet allocated to employees (unallocated).

Eligibility

Employees are eligible to participate in the Plan after 60 days of employment for purposes of salary reduction contributions only and employees may enter the Plan on a quarterly basis. In addition, employees that meet eligibility terms will be automatically enrolled in the Plan with an automatic deferral election amount of 3% unless opted out of or otherwise elected by the employee. Eligible employees may make a written, irrevocable election not to participate prior to the first day of the Plan year in which they would otherwise first become eligible to participate.

Notes to Financial Statements

NOTE 1 - DESCRIPTION OF PLAN AND BASIS OF PRESENTATION (Continued)

Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan.

Each year, participants may contribute from their annual pre-tax compensation up to the maximum amount established by tax laws, as defined by the Plan. Participant contributions may be made in the form of pre-tax elective deferrals and Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants direct the investment of their contributions into various investments and portfolio options offered by the Plan. The Plan currently offers various mutual funds and a stable value common collective trust as investment options for participants. At the Company's discretion and direction, participants may also be allocated shares of the Company common stock as a nonparticipant-directed investment option in the Plan.

The Company makes an annual Safe Harbor employer elective contribution of an amount equal to at least 3% of the participants' eligible compensation. The Company may also make other contributions at the discretion of the Board of Directors of the Company. Discretionary employer contributions for the years ended December 31, 2022 and 2021, were approximately \$5,027,318 and \$4,177,606, respectively. These contributions are allocated in accordance with the Plan based on the total eligible compensation of all participants for the Plan year.

Contributions are subject to certain limitations as determined by the Internal Revenue Code.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those employees who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. These allocations are based on a participant's eligible compensation, relative to total eligible compensation.

Each participant's account is also credited with the participant's contributions, including amounts rolled over from other qualified plans, the Company's Safe Harbor contribution, and the Company's discretionary contribution (if any), Plan earnings, and investment gains and losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocation of expenses are based on the participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan does not offer provisions by which participants may take a loan from any portion of their Plan account.

NOTE 1 - DESCRIPTION OF PLAN AND BASIS OF PRESENTATION (Continued)

Vesting

Participants are vested immediately in their voluntary contributions, including amounts rolled over from other qualified plans, and the Company's Safe Harbor contributions, plus actual earnings thereon. Participants are also fully vested in dividends paid on Company common stock without regard to the participant's vesting status in the Plan. Vesting in the Company's discretionary contributions and any actual earnings thereon is determined using a progressive schedule based on years of service. For vesting purposes, a year of service is based on the Plan year, as defined by the Plan. Vesting begins with two years of service and a participant is 100% vested after six years of credited service, or in the event of death, disability or retirement, as defined by the Plan.

Payment of Benefits

Distributions from a participant's account may not be made earlier than a participant's severance from employment, death, disability, attainment of age 60, termination of the Plan or upon financial hardship of the participant. Typically, upon severance of employment, distributions may begin no earlier than one year after the end of the Plan year in which the aforementioned requirements are met.

A terminated employee may elect to receive distributions from the participant's rollover account prior to a one-year break in service. The Plan administrator may cash out terminated employees with a vested balance in the Plan of \$5,000 or less without the participant's consent. If the employee's vested balance is below \$5,000 but exceeds \$1,000, the cash out will be in the form of a direct rollover into an individual retirement plan.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares of Company stock, which have been distributed under the terms of the Plan, if the shares are not publicly traded or if the shares are subject to trading limitations. The amount to be distributed is based upon the immediately preceding valuation date.

In-service withdrawals are permitted for certain financial hardships and are limited to approval by the Plan administrator. Such distributions may not be taken from earnings on elective deferral accounts, Company common stock or the employer's safe harbor contributions.

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures allocated to participants during December 31, 2022, totaled \$165,048. Forfeitures of terminated, nonvested account balances available to be allocated to remaining participants at December 31, 2022 and 2021, totaled \$90,643 and \$59,323, respectively.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTE 1 - DESCRIPTION OF PLAN AND BASIS OF PRESENTATION (Continued)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%.

Participants electing diversification must do so in writing within 90 days after the close of the Plan year during the "Qualified Election Period". Execution of the election must be effective no later than 180 days after the close of a Plan year. Participants who elect diversification receive a cash distribution based upon the shares of the employer stock in the participant's account at year-end.

Voting Rights

Each participant is entitled to exercise certain voting rights attributable to the shares of Company stock allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated"), and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income Recognition

Investments, including Company stock, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies are determined by the Retirement Committee utilizing information provided by the Plan Trustee, investment advisors, custodians and insurance companies. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes capital gain distributions and the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

The Plan allows participants to purchase individual insurance policies with Plan earnings in prior years. Plan assets in the accompanying statements of net assets available for benefits includes the cash value of these policies.

Payment of Benefits

Benefits payments to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees incurred by the Plan for asset and recordkeeping services are offset by revenue sharing investment income which are included in net appreciation of investments. Certain expenses relating to specific transactions, such as distribution processing and premiums on life insurance policies, are paid directly by the participant. To the extent that fees related to the Plan's operations exceed revenue share income, the Company pays such excess amount on behalf of the participants.

Reclassification

Certain prior year balances have been reclassified to conform to the current year presentation.

Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure through October 6, 2023, which is the date the financial statements were available to be issued.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

HOFFMAN & HOFFMAN, INC. EMPLOYEE STOCK OWNERSHIP PLAN
Notes to Financial Statements

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy under Topic 820 - Fair Value Measurement are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective investment trust: Valued using the net asset value ("NAV"), provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV, as provided by Mid-Atlantic Trust Company, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Company's common stock: The fair value of the Company's common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the asset-based and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flows and net income made available through the Company's audited financial statements, return on assets, return on equity, market comparables, long-term growth rate, and estimated fair value of Company assets and liabilities. The appraiser also applied a discount for lack of marketability and liquidity as the Company is a closely-held business.

Cash value of life insurance: Valued by insurance providers based on contract provisions and comparisons to payments under similar policies.

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2022.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Gains and losses (realized and unrealized) included in the changes in net assets for the period above are reported in net appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits.

The Hoffman & Hoffman, Inc. common stock held by the Plan is reported at fair value at December 31, 2022 and 2021, based upon an appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years as illustrated in the following table:

Investment	Fair Value at December 31, 2022	Fair Value at December 31, 2021	Valuation Technique	Significant Unobservable Inputs
Common Stock - Hoffman and Hoffman, Inc.	\$ 121,830,720	\$118,466,920	Income	Net income, Weighted average cost of capital, Discount rate, Discount for lack of marketability

The Plan uses a third-party trustee, Capital Trustee, LLC, to accumulate the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimated per share value that a participant will receive upon distribution. The Trustee reviews the appraisal for accuracy prior to approving the report.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 - INVESTMENTS MEASURED USING THE NET ASSET VALUE PER SHARE PRACTICAL EXPEDIENT

The following table summarizes the stable value collective investment trust for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

NOTE 7 - NOTE PAYABLE

The Plan entered into a \$13,385,000 promissory note agreement with the Company during the year ended December 31, 2016. The proceeds of the loan were used to purchase Company common stock. Unallocated shares are pledged as collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of the current year's payments, plus all future years' principal and interest payments. This resulted in 12,075.959 related shares being released and allocated for the Plan year ended December 31, 2022.

The 2016 promissory note agreement provides for the loan to be repaid to the Company over a period of 20 years. Annual installments plus accrued interest are payable on March 31, through the life of the loan. Interest on the loan accrues at the rate of 2.26%, compounded annually. The note may be prepaid in whole or in part at any time without premium or penalty, so long as the prepayment does not adversely affect the status of the Plan or the note under applicable IRC and ERISA regulations.

The Plan entered into a \$14,504,982 promissory note agreement with the Company during the year ended December 31, 2020. The proceeds of the loan were used to purchase participant shares of Company common stock and make distributions to participants. Shares held in suspense are pledged as collateral for the loan. Shares are released from suspense and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of the current year's payments, plus all future years' principal and interest payments. This resulted in 4,775.261 related shares being release from suspense and allocated for the Plan year ended December 31, 2022.

The 2020 promissory note agreement provides for the loan to be repaid to the Company over a period of 20 years. Annual installments plus accrued interest are payable on March 31, through the life of the loan. Interest on the loan accrues at the rate of 1.31%, compounded annually. The note may be prepaid in whole or in part at any time without premium or penalty, so long as the prepayment does not adversely affect the status of the Plan or the note under applicable IRC and ERISA regulations.

The scheduled amortization of the loans for the next 5 years is as follows:

<u>For the Year</u> <u>Ended December</u>	<u>Principal</u> <u>Payments</u>
2023	\$ 1,434,004
2024	1,459,593
2025	1,486,824
2026	1,090,994
2027	692,907
Thereafter	9,704,577

NOTE 8 - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Plan investments include shares of Hoffman & Hoffman, Inc. company common stock. Hoffman & Hoffman, Inc. is the Plan Sponsor and, therefore qualifies as a party-in-interest. Plan investments also include shares of investment accounts managed by TDA, subsidiaries, and affiliated companies, and by Mid-Atlantic, subsidiaries, and affiliated companies, therefore, these transactions qualify as party-in-interest transactions. Certain advisory services are provided by Compass Financial Partners and therefore qualifies as a party-in-interest transaction.

American Trust Company provides certain administrative and recordkeeping services to the Plan pursuant to a Service Agreement for Defined Contribution Plans ("Service Agreement") between the Company and American Trust Company. Fees paid to American Trust Company qualify as party-in-interest transactions. American Trust Company may receive revenue from mutual fund service providers for services provided to the funds. This revenue is to be used to offset certain expenses owed to American Trust Company, Mid-Atlantic, and FDA for services provided to the Plan.

The Plan receives revenue sharing payments from the mutual fund service providers, which offset fees paid by the Plan. Investment fees in excess of revenue sharing amounts are allocated to participant accounts and expensed.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. The interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

NOTE 10 - TAX STATUS

The Internal Revenue Service has informed the Plan Administrator by a letter dated March 12, 2015, that the Plan is qualified under Section 401(a) of the IRC and, therefore, the trust is exempt from federal income taxes under Section 501(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan Sponsor's tax council believes the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC, and therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

A significant portion of the Plan's investments are in stock of the Company. The Company operates primarily as a manufacturer's representative of heating and air conditioning equipment, principally in North Carolina, South Carolina and Virginia. The primary liquidity to the Plan for the Company stock comes from the Company's repurchases of the stock or additional cash contributions to the Plan.

The value of the Company's stock has been estimated by the Plan's trustee, in the absence of readily ascertainable market values. This estimate was done with the assistance of an outside appraiser. Because of the inherent uncertainty of valuation, those estimated values may differ significantly from the values that would have been used had a ready market for those securities existed, and the differences could be material.

NOTE 12 - SUBSEQUENT EVENTS

Effective January 1, 2023, when a participant's employment with the Company terminates, the Company Stock in the terminated participant's account will be subsequently exchanged for other investments. The Company Stock from the terminated participant's account will be reallocated to the accounts of active employees who are participants in the Plan.

Effective January 1, 2023, former employees who retired or terminated prior to January 1, 2023 and continue to have Company Stock in their account, will have their accounts reshuffled/exchanged. The reshuffling process will occur in installments over a three-year period.
