Independent Auditors' Report

To the Plan Administrator
The RoviSys Company
401(k) Retirement Plan
Aurora, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The RoviSys Company 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE ROVISYS COMPANY 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following is a summary of certain provisions of The RoviSys Company 401(k) Retirement Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participation – The Plan is a defined contribution plan, established as of January 1, 1994, covering substantially all full-time employees of the Plan sponsor, The RoviSys Company and Subsidiaries (the "Company"). Effective September 30, 2021, one of the Subsidiaries was sold to a third-party and ceased participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration – The Company is responsible for controlling and managing the operations and administration of the Plan.

Contributions – Participants may elect to defer up to 100% of their compensation, in whole percentages only, subject to certain limits imposed by the Internal Revenue Service ("IRS"). The Company matches 50% of the first 6% of the employee's deferral, after completing one year of service. Effective August 1, 2022, there is no year of service requirement for the Company match.

The Company may also make discretionary non-elective contributions. These contributions are allocated among participants eligible to share in the contribution for the Plan year. These contributions are allocated to each eligible participant's account under an integrated contribution formula as defined by the Plan. There were no such contributions made for the years ended December 31, 2022 or 2021.

Participant Accounts – The Plan maintains an individual account for each participant. These accounts are credited with the participants' contributions, Company contributions, and related earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants elect to maintain their aggregate participant contributions in the investment funds. Separate accounting for each of the funds is made pursuant to the participant's designated election. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants – The Plan allows loans to participants subject to certain regulatory restrictions. The amount of the loans cannot exceed the lesser of \$50,000 reduced by the excess, if any, of the participant's highest outstanding balance of all loans on any day during the one year period ending on the day before the loan is made, over the outstanding balance of loans from the Plan on the date the participant's loan is made, or 50% of the participant's vested balance. Interest is charged based on the prevailing rate at the time of the loan. Loan terms must provide for equal payments to be made not less frequently than quarterly over a period generally not to exceed five years; however, if the loan is for the purchase of the participant's principal residence, the administrator may permit a longer repayment term. Principal and interest are paid ratably through payroll deductions. Repayments of principal and interest are credited to the participant's separate account within the funds as elected by the participant. Until such repayments are received, the notes receivable are accounted for in the participant loan fund.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Vesting – Participants are at all times vested in their contributions and earnings thereon. Employer contributions and actual earnings thereon follow a vesting schedule as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits – Participants who terminate under the Plan are paid the current vested value of their account balances. All distributions are in the form of lump-sum cash payments. The Plan provides for the immediate payout of a participant's account upon retirement, death, or other termination unless the balance of the account exceeds \$5,000 and the participant has not attained age 65. In this instance, payout will not occur without the consent of the participant and his/her beneficiary, if applicable.

Forfeitures – Forfeitures are used to offset future Employer contributions or administrative expenses at the Company's discretion. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$2,534 and \$57,118, respectively. For the years ended December 31, 2022 and 2021, \$157,609 and \$83,504, respectively, were used to reduce Employer contributions or to offset administrative expenses.

Termination Provisions – The Company anticipates and believes that the Plan will continue indefinitely. However, the Company reserves the right to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, participants would become 100% vested in their accounts and the assets then remaining in the funds would be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income including participant loans is recorded when earned. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from such estimates.

Risks and Uncertainties – The Plan holds various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – All administrative expenses of the Plan are paid by the Company or the Plan at the option of the Company except for fees related to participant loans and distributions, which are paid by the affected participants.

Subsequent Events – The Company has evaluated subsequent events through October 5, 2023, which is the date the financial statements were available to be issued.

Note 3. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Newport Trust Company ("Newport") has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the statement of net assets available for benefits at December 31, 2022, the supplemental schedule of assets (held at end of year) at December 31, 2022, the related investment and loan interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022, and investment related information in the accompanying notes to the financial statements for the year ended December 31, 2022. PNC Bank, National Association ("PNC") has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the statement of net assets available for benefits at December 31, 2021, the related investment and loan interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021, and investment related information in the accompanying notes to the financial statements for the year ended December 31, 2021. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- The fair value of registered investment companies is determined based on their quoted closing market prices in active markets for identical investments and is classified as Level 1.
- The investment in the common/collective trust fund is held and managed by T. Rowe Price. The fair value of investments held in this account is based on their reported net asset value ("NAV"). The NAV is based primarily on observable inputs and the market value of the underlying investments is classified as Level 2.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2021 to 2022. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value at December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total

Total	<u>\$101,104,052</u>	<u>\$ 1,864,489</u>	<u>\$ -</u>	<u>\$102,968,541</u>

Note 5. Common/Collective Trust Fund

The Plan holds an investment in the T. Rowe Price Stable Value Fund, which is a common/collective trust fund.

Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balances. Transfers of assets from the T. Rowe Price Stable Value Fund to a competing investment vehicle are restricted. Company initiated withdrawals are subject to a 12-month advance notice requirement.

Note 6. Tax Status

The prototype on which the Plan is based obtained a determination letter on November 30, 2020, in which the IRS stated that the prototype document on which this Plan is based was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Company has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note 7. Party-in-Interest Transactions

Administrative expenses were paid to PNC (the Trustee for the year ended December 31, 2021), Newport (the Trustee for the year ended December 31, 2022), and Newport Group, Inc. (the Recordkeeper in 2022 and 2021). These amounts represent administrative fees and fees charged directly to participants for participant loans and distributions; therefore, these transactions qualify as party-in-interest transactions.
