INDEPENDENT AUDITORS' REPORT

To the Trustees of
Delta C, LP 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the financial statements of Delta C, LP 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from American United Life Insurance Company as of and for the years ended December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedules, schedule of assets (held at end of year) as of December 31, 2022 and schedule of delinquent participant contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DELTA C, LP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. Description of the plan and benefits

The following description of the Delta C LP (the Company) 401(k) Plan, named Delta C, LP 401(k) Plan (the Plan), is provided only for general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan covering all employees of Delta C, LP who have completed three months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan trustees are responsible for oversight of the Plan. An Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Eligible employees of the Plan must be at least twenty-one years of age and have completed at least three months of service. Employees may enter the Plan on a monthly basis. The entry date is the first day of the month following the date the employee meets the eligibility requirements.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined in the Plan, limited to a maximum amount specified by the Internal Revenue Service (\$20,500 in 2022 and \$19,500 in 2021 for employees under age 50 and \$27,000 in 2022 and \$26,000 in 2021 for employees age 50 and over). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at six percent of eligible compensation. Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. The Company may elect to make a discretionary matching contributions. Matching contributions, if any, shall be determined at the end of the plan year. The discretionary year-end matching contributions are allocated to eligible participants who are employed by the employer on the last day of the plan year. The Company made discretionary contributions of \$26,816 to the plan for the year ended December 31, 2022.

Participant accounts

Each participant's account is credited or charged with the amount of their voluntary contributions, the Company's matching contributions, an allocation of earnings or losses, and an allocation of Plan expenses. Allocations are based on participant account balances, as defined in the Plan articles. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants elect the fund(s) in which they invest.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service. A participant is 100% vested after four years of credited service.

Notes receivable from participants

Participants may borrow a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance and they may have one loan outstanding at any given time. Loan transactions are treated as a transfer to (from) the investment funds from (to) the participant loan fund. Loans must be fully repaid through payroll deductions within 5 years unless the loan is used for the purchase of a primary residence in which case it must be repaid within 30 years. The loans are secured by the balance in the participant's account and bear interest at certain bank lending rates. Principal and interest is paid ratably through payroll deductions.

Forfeiture accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$301 and \$415, respectively, available to reduce future Plan expenses. For the year ended December 31, 2022, \$403 of the forfeitures were used to reduce the employer contribution. In 2022, no forfeited nonvested accounts were used to reduce Plan expenses.

Investment options

The Plan provides a variety of investment options with differing risk and growth characteristics. As of December 31, 2022 and 2021, substantially all of the Plan's net assets available for benefits were invested in investment funds under the management of American United Life Insurance Company. Participants may change their investment allocation and/or transfer their account balances among the various funds at any time.

DELTA C, LP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS - Continued DECEMBER 31, 2022 AND 2021

1. Description of the plan and benefits - Continued

Investment management and administration

The assets of each fund within the Plan are invested under an arrangement with American United Life Insurance Company (AUL), the trustee. All expenses incurred in maintaining the Plan are paid by the Plan unless the Company, at its discretion, elects to pay all or part of the expenses.

Benefit payments and withdrawals

If a participant's employment ceases as a result of normal retirement, death, or disability, the participant or the participant's beneficiaries are entitled to receive the entire balance of the participant's account on a fully vested basis. If a participant terminates for any other reason, the participant is entitled to receive only the vested percentage of the account. Participants or their beneficiaries may elect to receive benefits in a single lump sum.

In-service distributions may be made from any of the participant's vested accounts at any time for a hardship. Events that qualify for a hardship withdrawal generally include the following: to cover necessary medical expenses, for costs directly related to the purchase of the participant's primary residence, for expenses related to post-secondary education, for payments necessary to prevent the participant's eviction from or foreclosure of the primary residence, payments for funeral expenses of a family member or expenses for the repair of casualty damage to the participant's residence.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, all amounts contributed to the Plan shall become 100% vested.

Subsequent events

The Plan Administrator has evaluated subsequent events through the date the financial statements were available to be issued, which was October 10, 2023, the date of the audit report for the year ended December 31, 2022. No subsequent events requiring recognition, were identified and therefore none were incorporated into the financial statements presented herein.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

3. Information certified and provided by American United Life Insurance Company

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information certified by American United Life Insurance Company, the trustee of the Plan. The plan administrator has obtained certifications from the trustee that information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

	December 31,	
	2022	2021
Investments at fair value:		
Mutual funds	\$ 1,388,160	\$ 1,308,243
Stable value accounts	\$ 7,238	\$ 4,079
Notes receivable from participants	\$ 166,097	\$ 76,037

American United Life Insurance Company also certified to the completeness and accuracy of \$272,539 of net depreciation in fair value of investments related to the aforementioned assets for the year ended December 31, 2022.

DELTA C, LP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS - Continued DECEMBER 31, 2022 AND 2021

4. Fair value measurements

The Plan follows Accounting Standards Codification (ASC) 820, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and consider assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

ASC 820 also establishes a fair value hierarchy that categorizes the inputs to valuation techniques that are used to measure fair value into three levels:

Level 1	Quoted prices for identical assets and liabilities traded in active exchange markets.
Level 2	Observable inputs other than Level 1 including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data. Level 2 also includes derivative contracts whose value is determined using a pricing model with observable market inputs or can be derived principally from or corroborated by observable market data.
Level 3	Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation; also includes observable inputs for nonbinding single dealer quotes not corroborated by observable market data.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

DELTA C, LP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS - Continued DECEMBER 31, 2022 AND 2021

4. Fair value measurements - Continued

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value accounts: the contract value is equal to the principal invested plus interest earned (also known as the participant's Fixed option "Account Value"). Pursuant to ASC 962 – Plan Accounting – Defined Contribution Pension Plans, the contract value is an appropriate determination of fair value for the Fixed Option. Participant-initiated benefit responsive Plan withdrawals from the Fixed Option and transfers between the Fixed Option and the variable investment options, as allowed under the term of the Plan and the Contract, are performed at contract value. The Contract's Fixed Option has no liquid market value because it is not tradable or assignable, and there are no defined maturities of the cash flows. The reported values for the Fixed Option are reported daily based on the valuation formula disclosed in the Contract.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTES TO FINANCIAL STATEMENTS - Continued **DECEMBER 31, 2022 AND 2021**

4. Fair value measurements - Continued

Changes in fair value levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

5. Participant loans

At December 31, 2022 and 2021, the Plan loans outstanding to participants totaled \$166,097 and \$76,037, respectively. The loans' interest rates range from 3.25% to 5.50% per annum. The unpaid balance of any loan is immediately payable back to the Plan upon termination of employment and may be offset against the participant's vested account. Participant loans are stated at cost, which approximates fair value.

6. Income tax status

The Plan has adopted a volume submitter plan sponsored by NFP Retirement, Inc. The volume submitter plan provider received an opinion letter from the Internal Revenue Service dated January 22, 2018, that the Plan and the relate trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

7. Accounting for uncertainty in income

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

DELTA C, LP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS - Continued DECEMBER 31, 2022 AND 2021

8. Party-in-interest transactions

The Plan's investment assets represent funds invested in or maintained by American United Life Insurance Company, the custodian of the Plan, and therefore these investments represent exempt party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than direct payment. For the year ended December 31, 2022, fees paid to the custodian totaled \$3,632 of direct fees and \$22,510 of indirect compensation. Cambridge Investment Research Advisors, a Registered Investment Advisor, was paid indirect fees of \$12,282 by the Plan for the year ended December 31, 2022. The third party administrator, NFP Retirement Inc., was paid by the Plan Sponsor for administrative fees that totaled \$6,250 for the year ended December 31, 2022.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

9. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Nonexempt transactions

For the year ended December 31, 2022, the Plan sponsor inadvertently failed to deposit \$320,141 of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Plan has an additional \$31,226 of untimely remittances from prior years pending correction. The Plan sponsor will reimburse the Plan for lost interest in 2023. These delinquent remittances are identified on the Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions.

For the year ended December 31, 2022, participant loans did not conform to the requirements of the Plan documents. Interest rates on new loans during the Plan year were not in compliance with the Plan documents. In addition, \$5,575 of initial loan payments were not made timely in accordance with the loan documents. The Plan sponsor intends to take corrective action by either using the IRS Voluntary Correction Program (VCP) to permit employees to include the loan amounts in income in the year of correction (as opposed to the year which the issue occurred), or request a relief from reporting the loans as taxable distributions to participants from the IRS under the VCP.
