INDEPENDENT AUDITOR'S REPORT

To the Employee Benefits Committee of
Open Society Institute Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of Open Society Institute Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2022 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Open Society Institute Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Open Society Institute Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Open Society Institute Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2022 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Open Society Institute Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Open Society Institute Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of Open Society Institute Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 13, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

OPEN SOCIETY INSTITUTE RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(1) Plan Description

The following brief description of the Open Society Institute Retirement Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document.

(a) General

The Plan is a defined contribution plan established by the Open Society Institute (the Sponsor) under the provisions of Section 403(b) of the Internal Revenue Code (IRC), for the benefit of eligible employees of the Sponsor to provide future financial security through a combination of personal savings, current tax savings and contributions made by the Sponsor. The Plan is known as Open Society Institute Retirement Plan. The effective date of the Plan was December 23, 1993. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which included several relief provisions available to tax-qualified retirement plans and their participants. The provisions of the CARES Act were effective immediately.

On August 3, 2021, the Plan amended the provision of Article XVIII effective May 1, 2021, establishing that all employees whose employment is terminated, either voluntarily pursuant to an employer-offered voluntary separation program or involuntary, in connection with the restructuring of the Open Society Institute and whose employment so terminates between July 1, 2021 and December 31, 2022, will become 100% vested in their account balance.

(b) Plan Administration

The Plan is administered by the Sponsor. State Street Bank and Trust Company (State Street) is a custodian of the Plan. Assets of the Plan are held in a custodial account by State Street and in group annuity contracts issued by Brighthouse Financial Life Insurance Company (Brighthouse) and Transamerica Financial Life Insurance Company (TFLIC).

(c) Eligibility

Prior to April 1, 2019, employees were eligible to participate in the Plan upon date of hire except excluded employees. For purposes of salary deferral contributions, an excluded employee is an employee who, as to the United States, is a nonresident alien.

For purposes of receiving Sponsor contributions, an employee, except for excluded employees, may enter the Plan on the first day of the month following (i) the month in which hired (if hired after March 31, 2007) or (ii) the first anniversary of date of hire (if hired prior to April 1, 2007). For purposes of Sponsor contributions, an excluded employee is an employee who normally works less than 20 hours per week, an employee who is a nonresident alien, an independent contractor later classified as an employee (unless the Sponsor consents in writing), and temporary or seasonal employees.

Effective April 1, 2019, an employee who normally works less than 20 hours per week, temporary, and seasonal employees are eligible to make Plan deferral contributions and to receive Plan employer contributions.

(d) Contributions

Participants may make tax-deferred elective contributions to the Plan as soon as administratively feasible after their hire date, subject to the limitations of the IRC. Participants age 50 or older or who attain age 50 during the Plan year may make a “catch-up” contribution as defined by the IRC. Effective April 1, 2019, participants may also defer salary to the Plan through Roth 403(b) after-tax contributions.

For those participants whose age is less than 45, the Sponsor makes contributions to the Plan equal to 10% of an employee’s compensation up to the maximum dollar limit set by the Internal Revenue Service (IRS) for that year. For those participants age 45 and older, the Sponsor contributes 15% of such eligible compensation. Compensation upon which contributions are calculated under the Plan cannot exceed the limitations of the IRC.

(e) Vesting and Forfeitures

Participants are fully vested in their contributions and Sponsor contributions (if hired before April 1, 2007), and earnings thereon. Participants hired on or after April 1, 2007, vest in the Sponsor contributions and earnings thereon based on years of service, according to the following schedule:

Years of service	Percentage vested
Less than 2	-%
2 or more	100

A participant will become fully vested in his or her account, if while employed by the Sponsor the participant dies, reaches normal retirement age or becomes fully disabled.

Forfeitures will first be used to restore previously forfeited amounts to Plan participant’s accounts. Any remaining forfeitures will be used to reduce future participating employer contributions to the Plan or used to offset Plan expenses. At December 31, 2022 and 2021, there were \$5,519 and \$577,205, respectively, of unallocated forfeitures. During the year ended December 31, 2022, \$352,870 was used to restore participant accounts, \$360,796 was used to offset employer contributions, \$3,258 was used for administrative expenses and \$145,238 of additions for nonvested contributions.

(f) Participant Accounts

Individual accounts are valued daily and maintained for each of the Plan’s participants to reflect the participant’s contributions, the related Sponsor contributions, and the participant’s share of the actual earnings (losses) incurred by the funds in which the account balance is invested. Participants may transfer amounts between investments anytime or allocate their future contributions to one or all of the investment options offered under the Plan.

(g) Benefits

Participants may receive all or a portion of their vested account balance resulting from participant elective contributions upon termination of employment, upon becoming disabled, upon reaching 72 years of age, upon incurring a hardship, or at any time with respect to pre-1989 elective deferrals invested in an annuity

contract. Participants may receive all or a portion of their vested account balances resulting from Sponsor contributions and participant mandatory contributions upon termination of employment.

Benefits are payable upon retirement under the following options: (a) single life annuity; (b) life annuity with 5 years guaranteed period; (c) single life annuity with a 10, 15, or 20 years guaranteed period; (d) joint and survivor annuity; (e) fixed period annuity with payments for any number of years between 5 and 30; (f) lump sum; or (f) the minimum distribution options which complies with federal tax law distribution requirements.

Participants who terminate employment prior to retirement may elect to have their balance distributed in a lump sum or transferred to an individual retirement account (IRA) or another employer's qualified plan. Death benefits are paid according to the benefits election in effect at the time of death.

(h) Hardship Withdrawals

Under certain conditions, participants, while still employed by the Sponsor, are permitted to make hardship withdrawals. Employees are permitted to withdraw their account balance attributable to their salary deferral contributions, and the vested portion of the Sponsor contributions as a "hardship withdrawal." A "hardship withdrawal" is a withdrawal made for an "immediate and heavy financial need," such as: unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of postsecondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence, or to prevent eviction or foreclosure from the participant's principal residence, other expenses which IRS may later define as constituting an "immediate and heavy financial need." As defined in the Plan, a participant's right to make deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

(i) Loans to Participants

Generally, participants may borrow a minimum of \$1,000 up to a maximum of \$50,000, subject to certain restrictions. Loans used to purchase a primary residence may have a repayment period of more than five years. Loans for all other purposes must be repaid within five years. The interest rate on participant loans is determined based on rates for comparable commercial loans, and has generally been set at the prime rate plus 1%, which becomes a fixed rate as of the loan transaction date. The interest rates on outstanding loans ranged from 4.25% to 8.0% at December 31, 2022 with maturities through February 2023 and November 2041. The interest rates on outstanding loans ranged from 4.25% to 6.50% at December 31, 2021 with maturities through February 2022 and November 2041. If the loan is considered in default then it is a deemed distribution and participants will have to pay income taxes on the amount that is deemed distributed. Deemed distributions for the years ended December 31, 2022 and 2021 were \$1,462 and \$15,631, respectively.

(j) Administrative Expenses

Administrative expenses related to investment management are borne by the various investment funds and are included as an offset to net depreciation in fair value of investments. Other administrative expenses of the Plan are paid from accumulated forfeitures, if available, or else paid by the Sponsor.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

(b) Benefit Payments

Benefits are recorded when paid.

(c) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Significant estimates include those related to fair value of investments. Actual results could differ from those estimates.

(d) Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value except for its investments in fully benefit-responsive investment contracts, which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions of the terms of the Plan. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts and transfers, if any, less withdrawals.

Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments represents the change in unrealized gain (losses) on investments from one period to the next and realized gains and losses.

(3) Information Certified (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. As permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to investments, interest receivable and loans to participants information, except for comparing this information to the Plan's financial statements and supplemental schedule. State Street, Brighthouse and TFLIC, the Custodians of the Plan, have certified as being complete and accurate the investments, loans to participants, and interest receivable on the statements of net assets available for benefits, the investment loss and interest income on participant loans reflected in the statement of changes in net assets available for benefits, and the investment and loans to participants information included in the supplemental schedule of the financial statements as of December 31, 2022.

(4) Fair Value Measurements

Financial Accounting Standard Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted or published prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2022 and 2021.

Registered Investment Companies: Valued at the quoted market prices held by the Plan at year end.

Pooled Separate Account: Valued at the net asset value (NAV) of shares held by the plan at year end as determined by the issuer. Pooled separate accounts directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers and considered to be Level 2. NAV is the readily determinable fair value of those funds as clarified in ASC 820.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

OPEN SOCIETY INSTITUTE RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>2022 Total</u>
Registered investment companies	\$	167,905,923	-	-	167,905,923
Pooled separate account		-	507,485	-	507,485
Total	\$	<u>167,905,923</u>	<u>507,485</u>	<u>-</u>	<u>168,413,408</u>

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>2021 Total</u>
Registered investment companies	\$	216,204,220	-	-	216,204,220
Pooled separate account		-	519,158	-	519,158
Total	\$	<u>216,204,220</u>	<u>519,158</u>	<u>-</u>	<u>216,723,378</u>

(5) Fully Benefit-Responsive Investment Contracts

The Plan holds two traditional investment contracts. A traditional contract provides the Plan with the ability to receive amounts due in accordance with the fully benefit-responsive investment contract and it is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. The following represents the disaggregation of contract value between investment contracts held by the Plan:

		<u>2022</u>	<u>2021</u>
Transamerica Financial Life Insurance Contract	\$	18,021,031	25,537,591
MetLife		120,926	116,803
Total	\$	<u>18,141,957</u>	<u>25,654,394</u>

The Plan noted that certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) failure of the Plan or its trust to qualify for exceptions from the federal income taxes or any required prohibited transaction exemption under ERISA. The Plan can also terminate the contracts with a written notice and if the cash value is less than \$500 and no contributions have been made in at least three-years, the issuer reserves the right to terminate the contract.

The Sponsor believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

OPEN SOCIETY INSTITUTE RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(6) Party-in-Interest Transactions

Certain plan investments are shares of registered investment companies, pooled separate accounts, and general insurance contracts managed by the Plan's Custodians. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services amounted to \$89,064 for the year ended December 31, 2022.

(7) Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances.

(8) Risk and Uncertainties

The Plan's assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan's investments in annuity contracts may be allocated to insurance company pooled separate accounts holding securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate values, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

(9) Tax Status

A tax determination letter program is not available for 403(b) employee benefit programs through the IRS. The plan administrator believes that the Plan is currently designed and operated in accordance with the IRC. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Subsequent Events

The Plan evaluated events subsequent to December 31, 2022 and through October 13, 2023, the date on which the financial statements were available to be issued and no additional disclosures were required.
