INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Tapecon, Inc. 401(k) Profit Sharing Plan
Buffalo, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Tapecon, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with Generally Accepted Accounting Standards ("GAAS") will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TAPECON, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following description of the Tapecon, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. A copy of this document is available from the Plan Sponsor.

General – The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Tapecon, Inc. (the “Company”) is the Plan Sponsor. All full-time employees of the Company who have completed at least six months of service and are at least 19 years old are eligible to participate. The administrative committee of the Company is responsible for the administration of the Plan.

Contributions and Earnings – Participants may elect to contribute up to 100% of their eligible compensation subject to Internal Revenue Service (“IRS”) dollar limitations. The Company matches 50% of the first 3% of participant contributions. The Company may also make an additional discretionary contribution and the amount may vary from year to year. This contribution is determined at year end by the Board of Directors and is paid in the succeeding year. In order to share in the discretionary contribution, a participant must be credited with at least 1,000 hours of service, as defined during the Plan year, and be a participant on the last day of the Plan year. There were no discretionary contributions made for the years ended December 31, 2022 and 2021.

Contributions received from participants are net of \$1,525 and \$17,729 for the years ended December 31, 2022 and 2021, respectively, for payments made during 2023 and 2022, respectively, to active participants to return excess deferred contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are also included in the statements of net assets available for benefits as excess contributions payable at December 31, 2022 and 2021.

Participant Accounts – Participant accounts are held in a variety of investment funds as directed by the individual participants. Each participant’s account is credited with the participant’s contributions, applicable Company contributions and an allocation of applicable investment fund earnings, based on participant fund balances. The benefit to which a participant is entitled is that which can be provided from the participant’s vested account.

Vesting – Participants are automatically fully vested in their own contributions, earnings and any rollover contributions. Company contributions and earnings vest over five years of service. Regardless of years of service, participants are fully vested upon retirement, disability or death.

Notes Receivable from Participants – Participants may borrow from their vested accounts a maximum of \$50,000 or 50% of their vested account balance. Note terms range from one to five years or up to ten years for the purchase of a primary residence, are secured by the balance in the participant’s account, and bear interest at a rate commensurate with a local prevailing rate as determined by the trustee, which ranges from 4.25% to 7.25% as of December 31, 2022 maturing through April 2031. Principal and interest are paid ratably through monthly payroll deductions.

1. DESCRIPTION OF THE PLAN (continued)

Payment of Benefits – The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for disability and termination benefits for those participants who are eligible to receive such benefits. The Plan provides for payment of benefits equal to the value of a participant's account in the form of a lump-sum distribution, the purchase of an annuity, or a combination of these.

Withdrawals and Distributions – Participating employees may make financial hardship withdrawals up to the value of their vested employee contributions. In addition, the Plan allows for in-service withdrawals for employees who attain the age of 59½.

Benefits Payable – Net assets available for benefits included benefits of \$249,391 and \$308,943 due to participants who have withdrawn from participation in the Plan as of December 31, 2022 and 2021, respectively.

Forfeited Accounts – Forfeited non-vested accounts available to offset administrative expenses or future employer contributions totaled \$4,680 and \$683 at December 31, 2022 and 2021, respectively. There were forfeitures of \$1,533 and \$684 used to offset administrative expenses during the years ended December 31, 2022 and 2021, respectively.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Life Insurance Policies – The Plan owns whole life insurance policies for participants who have elected to purchase them using their contributions. This investment option was frozen in 1997 and is no longer offered to the participants.

Tax Status – The Company has obtained an IRS determination letter, in which the IRS stated that the Plan, as designed, is in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan Sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – Accounting principles generally accepted in the United States of America require the Plan to determine the fair value of assets and liabilities which are subject to reporting at fair value. These standards establish a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded, on an exchange. Level 2 inputs generally consist of market prices for identical assets which are not actively traded or market prices of similar assets or liabilities which are actively traded, on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2, and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2022 and 2021:

Mutual funds: Valued based on quoted market prices available on an active market, which represents net asset values ("NAV") of the shares held by the Plan.

Cash surrender value of life insurance policies: Value determined by the underwriting insurance company's valuation models and represents the guaranteed value to be received upon the surrender of these policies.

The preceding methods described may produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in fair value of investments, which includes realized and unrealized gains and losses on investments that were held or sold during the year.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recognized on the ex-dividend date and is included in net appreciation (depreciation) in fair value of investments in the accompanying statements of changes in net assets available for benefits.

Guaranteed Interest Account – This account is fully benefit-responsive and is valued based on contract value. Contract value represents contributions made under the contract plus credited interest less participant withdrawals and fees.

Payment of Benefits – Benefits are recorded when paid.

Expenses of the Plan – The majority of Plan administrative expenses, which consist principally of trustee, legal and accounting fees, are paid by the Company and are excluded from these financial statements. Certain expenses are paid by the Plan. Loan fees are paid from the respective participant's account. Fees paid during the year for these and other services were based on customary and reasonable rates for such services.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events – Management has evaluated the effects of all subsequent events through October 10, 2023, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures (as discussed in Note 2). The following table sets forth, by level within the fair value hierarchy, the Plan's assets that are measured at fair value as of December 31:

	2022	2021
<i>Level 1:</i>		
Mutual funds	\$ 6,385,569	\$ 7,473,624
<i>Level 3:</i>		
Cash surrender value of life insurance policies	<u>58,734</u>	<u>60,408</u>
Total investments at fair value	<u>\$ 6,444,303</u>	<u>\$ 7,534,032</u>

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investments for the years ended December 31:

	2022	2021
Beginning balance	\$ 60,408	\$ 103,473
Unrealized gains	3,294	4,561
Withdrawals	<u>(4,968)</u>	<u>(47,626)</u>
Ending balance	<u>\$ 58,734</u>	<u>\$ 60,408</u>

4. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. CERTIFIED INVESTMENT INFORMATION

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedules. The information was prepared by Empower Retirement Company, the trustee of the Plan, and furnished to the Plan administrator for the years ended December 31, 2022 and 2021, respectively. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate:

a. Current value of assets held by trustees at December 31:

	2022	2021
Mutual funds, at fair value	\$ 6,385,569	\$ 7,473,624
Guaranteed interest account, at contract value	2,003,836	1,850,699
Notes receivable from participants	43,664	39,213

b. Additions to (reductions from) net assets available for benefits for the years ended December 31:

Net appreciation (depreciation) in fair value of investments	\$ (1,656,818)	\$ 1,116,960
Interest and dividend income	318,986	49,217
Interest earned on notes receivable from participants	2,033	2,608

c. Schedule of Assets (Held at End of Year) See supplemental schedule, page 12.

d. Fair value of investments disclosed in Note 3 at December 31, 2022 and 2021, with the exception of the classification of investments within the fair value hierarchy.
