INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees
Bulk Handling Systems 401(k) Profit Sharing Plan
Eugene, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Bulk Handling Systems 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bulk Handling Systems 401(k) Profit Sharing Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bulk Handling Systems 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bulk Handling Systems 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness Bulk Handling Systems 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bulk Handling Systems 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the table of contents, as of and for the year ended December 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Plan Trustees
Bulk Handling Systems 401(k) Profit Sharing Plan
Eugene, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Bulk Handling Systems 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bulk Handling Systems 401(k) Profit Sharing Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bulk Handling Systems 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bulk Handling Systems 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness Bulk Handling Systems 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bulk Handling Systems 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the table of contents, as of and for the year ended December 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**BULK HANDLING SYSTEMS 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS**

1. Plan Description

The following description of Bulk Handling Systems 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. The Plan's more recent restatement was effective January 1, 2021. The Board of Trustees oversees the governance of the Plan.

General

The Plan is a defined-contribution plan established on January 1, 1989, for the benefit of all employees of Emerging Acquisitions LLC dba Bulk Handling Systems and participating employers (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by a committee designated by the Company. Principal Life Insurance Company and Principal Trust Company are the custodians for the Plan. Prime Pensions Northwest, LLC provides third-party administrative services for the Plan.

Eligibility

Employees are eligible to participate by making salary deferrals when they have (1) attained the minimum age of 18 years and (2) been employed by the Company for 90 days. Once employees have satisfied the above conditions, their entry date is the first day of the Plan year quarter coinciding with or next following the date they satisfy the eligibility requirements. The age and service requirements are waived for any eligible employee employed on December 1, 2005. Such eligible employees shall enter the Plan on this date.

Employees are eligible to participate in the Company discretionary match/profit-sharing portion of the Plan when they have attained the minimum age requirement noted above and completed one year with at least 1,000 hours of service. Once employees have satisfied the above conditions, their entry date for the Company match is the date they satisfy the eligibility requirements, while their entry date for the profit-sharing portion of the Plan is the first day of the Plan year quarter coinciding with or next following the date they satisfy the eligibility requirements. The age and service requirements are waived for any eligible employee employed on December 1, 2005. Such eligible employees shall enter the Plan on this date.

Contributions

The Plan includes a salary-deferral provision which provides for pre-tax and after-tax (Roth) contributions. Each participant may elect annually to contribute up to the maximum allowed under the Internal Revenue Code (IRC). Such contributions are withheld from compensation as payroll deductions and are paid to the Plan by the Company. Participants who attain age 50 by the end of the Plan year may make additional "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified plans or IRAs (i.e., rollover contributions).

NOTES TO FINANCIAL STATEMENTS

1. Plan Description, continued

Contributions, continued

The Company may make a discretionary matching contribution equal to a uniform percentage of each tier of the employee's salary deferrals. Each year, the Company will determine the amount of the discretionary percentage. The Company retains discretion over the formula(s) for allocating the matching contribution under a flexible discretionary match provision. Eligible employees share in the matching contribution regardless of the amount of service they complete during the year. Matching contributions of \$175,603 and \$180,641 were made for the years ended December 31, 2022 and 2021, respectively. The Company may also make a discretionary profit-sharing contribution, with each participant constituting a separate class. There were no discretionary profit-sharing contributions in 2022 or 2021.

Participant Accounts

A separate account is maintained for each participant of the Plan. Each participant's account is credited (charged) with the participant's contributions and allocations of (a) the Company's contributions (if any), (b) the Plan's net earnings (losses), and (c) certain administrative expenses. Earnings (losses) for each investment fund are allocated to participants' accounts based on the individual participant's account balance as compared to the total balance of the related investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions plus the actual earnings thereon. To earn a year of service, the employee must be credited with at least 1,000 hours of service during a Plan year. The vested percentage for Company match and profit-sharing contributions vest as follows:

<u>Plan Years of Service</u>	<u>Vested Interest</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Loans are available to participants on a reasonably equivalent basis. Participants may borrow a minimum of \$1,000 from their fund accounts or up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's loan fund. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and will bear a rate of interest that is commercially reasonable. Principal and interest will be repaid ratably through payroll deductions over a reasonable period of time not to exceed five years. Loans for the purchase of a primary residence may be repaid over a period exceeding five years. Employees may have one loan outstanding at a time.

1. Plan Description, continued

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant (or their beneficiaries) may elect to receive part or all of their vested interest in their accounts in a lump sum, in accordance with the appropriate provisions of the IRC and applicable state laws. In-service distributions are allowed for employees who have reached age 59½. No more than two such distributions are allowed per calendar year. Also, hardship withdrawals of participants' contributions are allowed under certain circumstances, as described in the Plan document. In addition, participants may elect to receive withdrawals, at any time, of part or all of the vested interest in their accounts related to rollover contributions.

Forfeitures

Amounts that are not fully vested when participants terminate from the Plan are forfeited. Forfeitures arising during the Plan year from any contributions may be used for future Company contributions or to pay Plan expenses. For the years ended December 31, 2022 and 2021, \$4,380 and \$9,403, respectively, in forfeited amounts were used to offset match contributions and to pay Plan expenses. Unused or unallocated forfeitures totaled \$3,418 and \$-0- as of December 31, 2022 and 2021, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 7 for additional information on fair value measurements. The Plan's investments in guaranteed interest contracts, which are fully benefit-responsive, are reported at contract value which represents deposits, plus interest, less withdrawals. See Note 4 for additional information on investment contracts.

Interest and dividend income are recorded on the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid, principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Investment and Administrative Expenses

Fees for Plan administration, other than investment administration, are paid by the Company and are therefore excluded from these financial statements. Investment related expenses are included in net change in fair value of investments and investment income. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

3. Information Prepared and Certified by Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Principal Trust Company, acting as the custodians for the Plan, have certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate as of and for the years ended December 31:

	2022	2021
Investments, at fair value:		
Pooled separate accounts	\$ 9,826,931	\$ 11,752,140
Registered investment companies	2,602,597	3,400,655
Investments, at contract value:		
Guaranteed interest accounts	242,291	209,057
Investment income (loss):		
Net change in fair value of investments	(2,550,740)	1,874,724
Dividend income	84,203	240,243
Interest income	3,670	3,470

BULK HANDLING SYSTEMS 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

4. Investment Contract with Insurance Company

The Plan's guaranteed interest accounts are contracted with Principal Life Insurance Company and consist of investments in interest-bearing accounts, which are fully benefit-responsive and valued at contract value. Deposits are held in locked-in, 5-year interest rate guarantees; however, funds are available to pay benefits. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average interest rate for the contracts was approximately 2.16 percent and 1.68 percent for 2022 and 2021, respectively. Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value. The Plan Administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with the Plan participants is not probable.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of full or partial Plan termination, affected participants will become 100 percent vested in their accounts.

6. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

BULK HANDLING SYSTEMS 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

7. Fair Value Measurements, continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Valued at fair market value based on the net asset value (NAV) of the underlying mutual funds of units held by the Plan in a group annuity contract at the end of the year. Pooled separate accounts measured at NAV are considered to have a readily determinable fair value.

Registered investment companies: Valued at the NAV of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC and are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan Administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ 9,826,931	\$ -	\$ -	\$ 9,826,931

8. Related Party Transactions

Certain Plan investments are managed by Principal Life Insurance Company. Principal Life Insurance Company is a custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Administration fees paid from Plan assets to Principal Life Insurance Company for the years ended December 31, 2022 and 2021, totaled \$31,233 and \$32,488, respectively. These party in interest transactions are exempt from prohibited transaction rules of ERISA.

9. Tax Status

The Plan has adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA (the Pre-approved Plan) sponsored by Pension Planners Northwest. The Internal Revenue Service (IRS) has issued an opinion letter dated June 30, 2020, which stated that the Pre-approved Plan and related trust were designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and Plan sponsor's tax counsel believe the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

10. Non-exempt Transactions

During the years ended December 31, 2022 and 2021, participant contributions totaling \$1,447 and \$1,717, respectively, were not remitted to the Plan within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company has taken the appropriate steps to correct the situation in 2023 by reimbursing participant accounts for lost earnings and interest, and has further implemented a procedure to ensure that all future remittances are made within the prescribed time period.

11. Reclassifications

Certain items from the year ended December 31, 2021 have been reclassified to conform to current year presentation. These changes had no effect to previously reported changes in net assets.

12. Subsequent Events

Management evaluates events and transactions that occur after the statements of net assets available for benefits date as potential subsequent events. Management has performed this evaluation through the date of the independent auditor's report.
