Wagner College Defined Contribution Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We were engaged to perform audits of the financial statements of Wagner College Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for disclaimer of opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matter – supplemental schedules required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and of delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Wagner College Defined Contribution Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Wagner College Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Wagner College (the "College"). All eligible employees are required to contribute to the Plan after one year of service with the College. The College will also contribute to the Plan on behalf of each eligible participant who has attained eighteen years of age and completed one year of service. The one year service requirement is waived if the employee has met the one year service requirement at another institution of higher education. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The College's Pension Committee is responsible for oversight of the Plan. The Pension Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the College's Audit Committee, who then reports to the full Board of Trustees.

Contributions

Each participant is required to make Mandatory Employee Contributions in the amount of 5% of eligible compensation as a condition of continued employment once satisfying the eligibility requirements. The amount of compensation that is contributed to the Plan as a Mandatory Employee Contribution will be contributed on a pre-tax basis. Employees may also make a supplemental employee contribution, up to Internal Revenue Service ("IRS") limitations. Employees are eligible for the supplemental contributions at the start of employment at the College. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants who have satisfied the eligibility requirements receive Employer Contributions after one year of service. The Employer Contributions made by the College to the Plan will be determined using a service-graded formula. Under this formula, the Employer Contribution will vary depending upon the number of years worked at the College and/or another accredited institution. A year of service under this formula will be measured in the same way as a year of eligibility service is calculated. If an employee has worked between one year and seven years, the Employer Contribution will be 9% of eligible compensation. If an employee has worked for more than seven years, the Employer Contribution will be 10% of eligible compensation.

Wagner College decreased its employer contribution for calendar year 2021 from 9%/10% to 3% for all employees. Effective January 1, 2022, if an employee has worked between one year and seven years, the Employer Contribution will be 6% of eligible compensation. If an employee has worked for more than seven years, the Employer Contribution will be 7% of eligible compensation. This was a budget savings mechanism to help navigate through the pandemic.

Participants have the ability to direct both the investment of their contributions and the College's contributions into the various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the College's contributions and earnings thereon. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, as well as the College's contributions, plus actual earnings thereon.

Benefit Payments

Upon termination of service due to disability or retirement, participants may choose from four different options for payout, which include lump sum, partial payments, installment payments, and an annuity contract. If a participant dies before withdrawing all their assets from the Plan, the remaining balance will be paid to the participant's designated beneficiary. If the Plan balance is \$5,000 or less at the time of death, the beneficiary will generally have the same options regarding the form of distribution that are available for participants. If the balance is greater than \$5,000, the beneficiary may be required to take the payout in the form of a life annuity, unless the annuity has been properly waived by the employee and his or her spouse during the employee's lifetime. The beneficiary may also have the option of rolling the distribution into an Individual Retirement Account ("IRA"). The individual agreements governing the investment options selected for the employee's contributions may further restrict the beneficiary's options regarding the manner in which the accumulation will be distributed. In addition, participants may elect in-service withdrawals of their elective deferral account balances after reaching age 59½ or for hardship purposes.

Plan Loans

Loans are available to participants through Teachers Insurance and Annuity Association ("TIAA"), subject to certain limitations. Plan loans are issued directly from the funds owned by TIAA and loan proceeds are not removed from a participant's account balance. However, a portion of a participant's TIAA Traditional Annuity Contract ("Traditional Annuity") account balance is reserved, or held in collateral, to cover 110% of the outstanding loan amount for the period of time the loan is outstanding.

At December 31, 2022 and 2021, participants had outstanding Plan loan balances due to TIAA of \$349,402 and \$246,332, respectively. These loans were collateralized by Traditional Annuity account balances of \$384,343 and \$270,965 as of December 31, 2022 and 2021, respectively. These amounts are included in the investment balances reported in the accompanying statements of net assets available for benefits. Plan participants pay interest on their Plan loans to TIAA, and this interest expense is offset by the income received by the participants on the collateralized annuity contracts.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES BASIS OF ACCOUNTING

The Plan's financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates and assumptions

Investment Valuation and Income Recognition

The fully benefit-responsive portion of the Plan's fully benefit responsive investment contracts with TIAA is reported at contract value. Contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals (see Note 4). All other Plan investments, including the Plan's interest in non-fully benefit-responsive contracts, are reported at fair value. Fair value is the price that would be

Wagner College Defined Contribution Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies utilize information provided by its trustees and custodians. In determining fair value, the Plan uses various valuation approaches including the observability of prices and inputs as well as net asset value ("NAV") per share, or in the case of insurance products and annuities, its equivalent, as the practical expedient. See Note 5 for additional fair value disclosures.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the College and are excluded from these financial statements. Other expenses are paid directly by the Plan and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - INFORMATION CERTIFIED BY TIAA AND CREF

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and College Retirement Equities Fund ("CREF"), have certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate (this certification extends to investments that were record kept by TIAA, but were held by TIAA, FSB as directed trustee or custodian):

- Investments, at fair value, and fully benefit responsive investment contracts, at contract value, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022; and
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent accountants did not perform auditing procedures with respect to this information.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENTS, AT CONTRACT VALUE

The Traditional Annuity is a guaranteed fixed annuity contract that is available to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including the Supplemental Retirement Annuity ("SRA") and the Group Supplemental Retirement Annuity ("GSRA") that are fully benefit-responsive. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the Traditional Annuity (accumulation phase of the contract), they may elect at retirement to purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's

Wagner College Defined Contribution Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For SRA and GSRA contracts, the crediting interest rates for regular annuities were 5.50% and 3% for the years ended December 31, 2022 and 2021, respectively.

All SRA and GSRA contracts provide for full participant directed liquidity. When a participant's accumulation in the Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, nor limit the ability of the Plan to transact at contract value with its participants.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Wagner College Defined Contribution Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

TIAA Traditional Annuity:

The TIAA Traditional Annuity is a fixed-rate contract-based investment for which observable prices for identical or similar investments do not exist and is classified as Level 3. The Plan's TIAA Traditional Annuity investment is through the Retirement Annuity ("RA"), a non-fully benefit-responsive contract. Investments in the TIAA Traditional Annuity earns a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The accumulated crediting interest rates were 6.25% and 3.00% net of annual fees for the years ended December 31, 2022 and 2021, respectively. The crediting interest rate is calculated on a daily basis. The RA does not allow lump-sum cash withdrawals and transfers must be distributed over ten annual installments.

TIAA Real Estate Account: (a pooled separate account):

The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV. The unit value of the fund is calculated daily and available to plan administrators and client investors on NASDAQ's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemption, transfer or cash withdrawal requests. Although this interest has a readily determinable fair value, management has classified this within Level 2 as a result of the associated redemption provisions.

Mutual Fund Investments:

The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

CREF Registered Investment Companies (Variable Annuity Accounts):

The fair values of accumulation units held by the Plan in CREF accounts are valued at quoted market prices, representing the NAV of the units, and classified as Level 1. Data for NAVs are available daily to plan administrators and client investors on NASDAQ's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

NOTE 6 - ACCOUNTING AND PAYROLL RECORDS

In November 2007, the DOL issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of the ERISA, as amended. Prior to the amended regulations, the Plan (established in 1946) was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan sponsor. Accordingly, various accounting and payroll records related to the Plan's 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not sufficiently maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by plan management. As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Plan investments include investment contracts, variable annuity accounts, a pooled separate account, and shares of mutual funds managed by TIAA and CREF. TIAA and CREF are the custodians and trustees of the Plan and, therefore, transactions pertaining to these investments qualify as party-in-interest transactions. Additionally, the Plan engaged Sentinel Benefits and Financial Group as investment advisors during the year.

NOTE 8 - PLAN TERMINATION

Although it has not expressed a desire to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

NOTE 9 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan was restated effective January 1, 2010 using a volume submitter plan document for which TIAA received an advisory letter dated August 7, 2017 from the IRS stating the form of the plan was acceptable under Section 403(b) of the IRC. The Plan administrator believes the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified, and the related accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - PROHIBITED TRANSACTIONS

For the years December 31, 2022 and 2021, there were untimely deposits of participants deferrals into the Plan. Pursuant to Section 406(a) of ERISA, this constitutes a loan between the Plan Sponsor and the Plan, which is prohibited transaction and is disclosed in the supplemental Schedule H, line 4a – schedule of delinquent participants contributions. The Plan administrator has corrected these late remittances as of December 31, 2022 and will take the necessary corrective actions to maintain the tax-exempt status of the Plan.

NOTE 12 - SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 13, 2023, the date the financial statements were available to be issued. There have been no subsequent events that required adjustment to or disclosure to in the financial statements as of and for year ended December 31, 2022 except for the following:

Effective January 1, 2023, Wagner College are restoring the full college employer contribution match for calendar year 2023 back to 9%/10% (based on years of services) for all employees.
