INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
International Brake Industries Master Union Employees' Pension Plan
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of International Brake Industries Master Union Employees' Pension Plan (f/k/a Qualitor, Inc. Master Union Employees' Pension Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and of accumulated plan benefits as of December 31 2021, and the related statements of changes in net assets available for benefits for the year ended December 31, 2022 and of changes in accumulated plan benefits for the year ended December 31 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of International Brake Industries Master Union Employees' Pension Plan (f/k/a Qualitor, Inc. Master Union Employees' Pension Plan). In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 20, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

INTERNATIONAL BRAKE INDUSTRIES MASTER UNION EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – PLAN DESCRIPTION

The following description of the International Brake Industries Master Union Employees' Pension Plan (f/k/a Qualitor, Inc. Master Union Employees' Pension Plan) (the "Plan") provides only general information. Participants should refer to the Plan document for complete information. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

General

The Plan was established by Qualitor, Inc. (the "Company") effective May 14, 1999. The Plan is a non-contributory defined benefit plan which is administered by the Company, with input from affected union employees as part of the collective bargaining process, and covers certain Qualitor, Inc. union employees at International Brake Industries, Inc. and McGuane Industries, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). On May 20, 2011, the International Brake operation in Ohio was permanently closed. All International Brake Industries, Inc. participants were fully vested at termination of employment on the date of closure. Hourly union employees of the International Brake Industries, Inc. represented by UAW Local 1975, became active participants in the Plan immediately after a probationary period set forth in the collective bargaining agreement. Union employees of McGuane Industries, Inc., represented by UAW Local 708, become active participants in the Plan on the first day of the month after a probationary period set forth in the collective bargaining agreement. An eligible employee is an employee represented by a collective bargaining unit. On February 15, 2016, the McGuane facility was shut down and at this time, the remaining active participants benefits in the Plan were fully frozen and fully vested.

Funding Policy

All contributions to the Plan are made by the Company. The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The Company's contributions for 2022 and 2021 exceeded the minimum funding requirements of ERISA. The Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. No participant contributions are permitted.

Pension Benefits

Employees who reach the age of 65 will obtain non-forfeitable rights to a normal retirement benefit, provided the participant is employed by the Company until retirement. An employee with five or more years of service is entitled to early retirement benefits beginning at age 55, provided that the participant is employed by the Company at the time of early retirement. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity. When an employee terminates employment for any reason, they may elect to receive the value of their accumulated plan benefits as a lump-sum distribution upon retirement or termination, or they may elect to receive their benefits as a life annuity payable monthly from retirement. The benefit level received is based upon years of credited service times a benefit multiplier as detailed in the plan document.

INTERNATIONAL BRAKE INDUSTRIES MASTER UNION EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Death and Disability Benefits

Employees who die after retirement shall have their annual pension benefits paid to their surviving spouse. For employees who are vested and die prior to receiving retirement benefits and are survived by a spouse to whom the participant had been married for at least one year prior to death, annual pension benefits are paid to the participant's spouse. Employees with 10 or more years of service and are determined by the Plan administrator to have become totally and permanently disabled during the course of employment are entitled to annual pension benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements and the changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable to employees based upon services rendered under the Plan's provisions. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on a formula which includes years of service as defined in the Plan document, and years of credited service. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered through the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary from MWM Consulting Group. The latest actuarial valuation is dated December 31, 2021 and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected date of payment. The computations of the actuarial present value report of accumulated plan benefits were made as of January 1, 2022 and 2021. Had the valuations been performed as of December 31, there would be no material differences.

INTERNATIONAL BRAKE INDUSTRIES MASTER UNION EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Significant actuarial assumptions used in the valuations as of December 31, 2021 and 2020 are as follows:

Actuarial Present Value of Accumulated Plan Benefits

Long-term rate of return:	3.25% as of December 31, 2021 and December 31, 2020
Mortality:	For 2021 Pri-2012 projected to 2022 with scale MP-2021; For 2020 RP-2014 projected to 2021 with scale MP-2020
Normal Retirement Age:	65 years of age for both periods

Payment of Benefits

Benefit payments are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investments related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

NOTE 3 – INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fifth Third Bank (the "Trustee") certified that the following data included in the financial statements and supplemental schedules is complete and accurate:

- a) Investments, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021;
- b) Net investment income, as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2022 and 2021;
- c) Schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2022; and
- d) Schedule H, part IV, line 4j - schedule of reportable transactions for the year ended December 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 26,358	\$ -	\$ -	\$ 26,358

Mutual funds	1,629,186	-	-	1,629,186
Total investments at fair value	<u>\$ 1,679,611</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,679,611</u>

NOTE 5 – TAX STATUS

The Plan obtained its latest determination letter as of September 24, 2012, in which the Internal Revenue Service (“IRS”) states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company’s management is not aware of any uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PLAN TERMINATION

In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of Plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder and the Plan document, in the order indicated below:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (“PBGC”) (a U.S. government agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All non-vested benefits.

INTERNATIONAL BRAKE INDUSTRIES MASTER UNION EMPLOYEES' PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. The Plan also holds investment shares in a money market fund managed by the Trustee. These transactions are party-in-interest transactions under ERISA.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan's contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9 – SUBSEQUENT EVENTS

In September 2023, the Company approved a merger of the Plan into the Cardone Industries, Inc. Union Employees' Pension Plan, another qualified Plan sponsored by parent of the Company. The merger is expected to occur during November 2023.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Description of Weighted Average
Retirement Age

**INTERNATIONAL BRAKE INDUSTRIES MASTER UNION EMPLOYEES' PENSION
PLAN**

EIN/PN: 38-3464466 / 002

For the Plan Year Ending December 31, 2022

The retirement age shown is based on an employee who fulfilled the minimum requirement for early eligibility and is calculated in accordance with the following formula which generally assumes employees terminate at the middle of the year.

$$\sum_{t=0}^{FRA-ERA} ({}_t p_{ERA}) * (q_r ERA + t) * (ERA + t + \frac{1}{2})$$

Note (1)

$$\sum_{t=0}^{FRA-ERA} ({}_t p_{ERA}) * (q_r ERA + t)$$

Note (1) the $\frac{1}{2}$ in the formula shown above is not used for $t = FRA-ERA$.
In the formula shown above ${}_t p_{ERA}$ is calculated using all of the decrements, and the $q_r ERA + t$ represents the sum of the applicable retirement decrements.

Also, ERA represents the earliest retirement age and FRA represents the age at which everyone is assumed to retire.
