Independent Auditor's Report

The Plan Administrator
Twenty Four Seven Hotels 401(k) Plan
Newport Beach, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Twenty Four Seven Hotels 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Twenty Four Seven Hotels 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Twenty Four Seven Hotels 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Twenty Four Seven Hotels 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Twenty Four Seven Hotels 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Twenty Four Seven Hotels 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Twenty Four Seven Hotels 401(k) Plan

Notes to Financial Statements

Note 1 - Description of plan

The following description of the Twenty Four Seven Hotels 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Twenty4seven Hotels Corporation (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company is a member of an affiliated group and any of the affiliated companies will be able to adopt the Plan as participating employers. The initial effective date of the Plan was January 1, 2022, and its administrative team is appointed by the Company. The Plan's trustee is Reliance Trust Company.

Except for union employees, non-US residents and residents of Puerto Rico, all employees are eligible to participate in all types of contributions after attaining the age of 18 and completing 3 months of employment. Once eligibility is met, entry date for participation is the first day of the month coinciding with or next following the date of meeting the requirements.

Contributions

Eligible employees ("participants") may contribute up to 90% of their annual compensation subject to certain limitations as defined by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. In addition to Roth elective deferrals, the Plan also allows for rollover contributions from other tax qualified plans.

In addition to any deferrals made by the participant, the Company, in its discretion, may make a matching contribution. The amount of the discretionary percentage will be determined each year. For the year ended December 31, 2022, the Company did not make a matching contribution.

The Company may also make a profit-sharing contribution to the Plan each year and the participant's allocation is determined based on a formula. For the year ended December 31, 2022, the Company did not make a profit-sharing contribution.

Participant accounts

Each participant's account is credited with the participant's and Company contributions and allocations of Plan earnings and charged with an allocation of administrative expenses. The contributions are allocated within each participant account based upon the participant's investment elections. All amounts in participant accounts are participant-directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions plus actual earnings thereon. With regards to employer profit-sharing and matching contributions, participants will be 100% vested at year 6 with 20% vesting each year starting in year 2.

A year of service is credited to a participant for each 1,000 hours of service completed during a 12-month period beginning on the first day of employment.

Twenty Four Seven Hotels 401(k) Plan

Notes to Financial Statements

Note 1 - Description of plan (continued)

Notes receivable from participants

Participants may borrow from their fund accounts a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. No loans in an amount of less than \$500 will be made and only one loan at a time can be issued per participant. The notes are secured by the vested balance in the participant's account and bear a reasonable rate of interest, which is commensurate with local prevailing rates of commercial U.S. banks and are determined at the time the note is made. Note transactions are treated as transfers to (from) the investment funds from (to) a participant's note receivable. Note terms cannot exceed 5 years, unless the note qualifies as a residential mortgage in which case a note term may qualify for a period up to 30 years.

Payment of benefits

Benefits are payable to participants or designated beneficiaries upon retirement, termination, death, hardship, disability, or in-service if the participant has attained age 59 ½. Distributions may be paid in a lump-sum amount equal to the value of the participant's vested interest in his or her account, payments over a fixed period, or they may be rolled over into another plan or an individual retirement account. Under the Plan, a participant reaches normal retirement at the later of age 65 or the fifth anniversary of your participation in the Plan.

Hardship withdrawals

Participants may withdraw their elective deferral contributions in the event of hardship as defined by the Plan agreement.

Administrative expenses

The Plan's recordkeeping and administration fees are paid directly by the Plan.

Forfeitures

Forfeitures are created when participants terminate employment before becoming 100% vested in their account balance for that portion related to employer contributions. The Company may use forfeitures to pay Plan expenses and, in some cases, forfeitures will be reallocated to Participants as additional employer contributions.

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting which is in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Twenty Four Seven Hotels 401(k) Plan

Notes to Financial Statements

Note 2 - Summary of significant accounting policies (continued)

Notes receivable from participants

Principal and interest are paid ratably through payroll deductions. Notes to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document. Plan management has evaluated the collectability of notes receivable from participants and, because they are secured by the participants' accounts, an allowance has not been recorded.

Investment valuation and income recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Contract value is the relevant measure for fully-benefit responsive investment contracts because it is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated all events subsequent to the statement of net assets available for benefits date of December 31, 2022 through October 11, 2023, which represents the date these financial statements are available to be issued. Except for the items described under Note 11, there were no material events or transactions occurring during this subsequent event reporting period which required recognition or further disclosure in these financial statements.

Note 3 - Information prepared and certified by trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2022.
- Net depreciation in fair value of investments, interest and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments reflected on the schedule of assets held on December 31, 2022.

Twenty Four Seven Hotels 401(k) Plan

Notes to Financial Statements

Note 4 - Fair value measurements

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual funds: Valued at the daily closing price, as reported by the fund. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 395,709	\$ -	\$ -	\$ 395,709
Investments at fair value	\$ 395,709	\$ -	\$ -	\$ 395,709

Twenty Four Seven Hotels 401(k) Plan

Notes to Financial Statements

Note 5 - Fully benefit-responsive investment contract

Invesco Stable Value Fund

The Plan entered a fully benefit-responsive investment contract with Reliance Trust Company. The contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract value of the investment contract at December 31, 2022 was \$535.

Investment contracts are carried at contract value which is equal to principal balance plus accrued interest plus deposits and less withdrawals. An investment contract is generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit-responsive and held by a trust offered only to qualified employer-sponsored defined-contribution plans. Investment contracts have elements of risk due to lack of a secondary market and resale restrictions resulting in the inability of a Trust to sell a contract. In addition, investment contracts may be subject to credit risk based on the ability of the wrapper providers to meet their obligations under the terms of the contract.

Traditional guaranteed investment contracts ("GICs") are backed by the general account of the issuer. A trust deposits a lump sum with the issuer and receives a guaranteed interest rate for a specified time. Interest is accrued on either a simple interest or fully compounded basis and is paid either periodically or at the end of the contract term. The issuer guarantees that all qualified participant withdrawals, as defined, will occur at contract value (principal plus accrued interest). Traditional GICs generally do not permit issuers to terminate the agreement prior to the scheduled maturity date. The fair value of traditional GICs is determined using an income approach where the individual contract cash flows are discounted at the prevailing interpolated swap rate as of year-end.

Issuances and redemptions of participant units are made on each business day ("Valuation Date"). As permitted under the Trust Agreement, participant units are issued and redeemed based upon the net asset value per unit of the Trust at contract value, determined in accordance with the terms of the Trust Agreement, as of the Trust's Valuation Date last preceding the date on which such orders to issue or redeem units received. A participating trust is required to give the Trustee 12 months' irrevocable written notice of intent to redeem all or a portion of its participation in the Trust.

Permitted participant-initiated withdrawals refer to withdrawals from the trust by an employer-sponsored defined contribution plan directly because of participant transactions allowed by the plan, such as participant withdrawals for benefits, loans, or transfer to other funds or trusts within the plan.

Note 6 - Income tax status

The Plan document is an Automatic Data Processing (ADP) Prototype Non-standardized Pre-Approved Profit-Sharing Plan with an Internal Revenue Service (IRS) opinion letter dated October 6, 2020, in which the IRS stated that the Plan, as then designed, followed the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax exempt.

The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's annual return/ report of employee benefit plan filings for the past three years are subject to examination by tax authorities and may change upon examination.

Twenty Four Seven Hotels 401(k) Plan

Notes to Financial Statements

Note 7 - Plan termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contribution accounts.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Related party and party-in-interest transactions

Plan investments were shares of mutual funds managed by Reliance Trust Company, the trustee and custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Also, fees paid to ADP, the recordkeeper, amounted to \$627 for the year ended December 31, 2022.

Note 10 - Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 to Schedule H of Form 5500:

Net assets available for benefits per the financial statements	\$ 376,636
Corrective distribution payable	19,608
Net assets per the Form 5500	<u>\$ 396,244</u>

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended December 31, 2022 to Schedule H of Form 5500:

Net increase in net assets per the financial statements	\$ 376,636
Corrective distribution	19,608
Net income per Form 5500	<u>\$ 396,244</u>

Note 11 - Subsequent events

The Plan Administrator has evaluated subsequent events through _____, the date the financial statements were available to be issued.

Effective July 1, 2023, the Plan was amended for the following:

- Employer will make a matching contribution equal to 50% of salary deferrals not to exceed 4% of the participant's compensation for each payroll period.
- Employees will share in the matching contribution regardless of the amount of service completed during the Plan year.
- Complete vesting of employer matching contributions will occur after 4 years of service with 25% vesting each year.
