INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Management
Luminate Home Loans Retirement Plan
Minneapolis, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of Luminate Home Loans Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit (ERISA Section 103(a)(3)(C)). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2022 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an independent auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

INDEPENDENT AUDITORS' REPORT

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplementary Information Required by ERISA

The accompanying supplementary information, Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITORS' REPORT

Other Matter – Supplementary Information Required by ERISA (Continued)

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Compiled Statement of Net Assets Available for Benefits as of December 31, 2021

We have compiled the accompanying statement of net assets available for benefits of the Plan as of December 31, 2021, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying statement of net assets available for benefits as of December 31, 2021 and, accordingly, do not express an opinion or any form of assurance on it.

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN

The following description of the Luminate Home Loans Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering substantially all employees of Luminate Home Loans, Inc. (the Plan Sponsor) and other adopting employers, including Luminate Bank (collectively, the Company), who have completed two months of service and attained the age 21. Plan entry date is the first day of the calendar month coinciding with or following the date eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's board of directors is responsible for oversight of the Plan. The Plan's management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's board of directors.

2. Contributions

Each year, participants may contribute before-tax and qualified Roth deferrals to the Plan, up to 100% of annual eligible compensation, as defined in the Plan documents. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan within 2 months of date of hire unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants may change their elective deferral percentages and may terminate their elective deferrals at any time. The Company may elect to make discretionary matching contributions, qualified matching contributions, discretionary nonelective contributions, and qualified nonelective contributions each Plan year. For the Plan year ending December 31, 2022, the Company matched 100% of the participant's deferred compensation that is not in excess of 3% of the participants' compensation, plus 50% of the participants' deferred compensation that exceeds 3% of the participants' compensation but not in excess of 5% of the participant's compensation, up to \$6,000 to all eligible participants. The Company did not make any qualified matching contributions, discretionary nonelective contributions or qualified nonelective contributions during the Plan year ended December 31, 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

LUMINATE HOME LOANS RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN (Continued)

3. Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's discretionary matching, qualified matching, discretionary nonelective, and qualified nonelective contributions, as well as allocations of the Plan's earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are vested immediately in their contributions, the Company's qualified matching contributions, and qualified nonelective contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

5. Notes Receivable from Participants

Participants may borrow from their fund accounts at a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts. The loans bear interest based on the rates available for similar notes from commercial lending institutions. Principal and interest is paid ratably through monthly payroll deductions.

6. Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments over a specified period of time (annually, quarterly or monthly), not exceeding the participant's life expectancy or joint life expectancy with their designated beneficiary, or as part lump sum and part installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

7. Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$77,730 and \$632, respectively. These accounts may be used to pay future Plan expenses. Any forfeitures left after paying Plan expenses will be used to reduce future employer contributions. During 2022, no forfeitures were used to reduce Plan expenses or employer contributions.

NOTES TO FINANCIAL STATEMENTS

B. SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Certain adjustments have been made to the financial statements in order for them to conform to the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses on the statement of changes in net assets available for benefits and are expensed when they are incurred.

5. Payments of Benefits

Benefits are recorded when paid.

6. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses on the statement of changes in net assets available for benefits. Investment related expenses are included in net depreciation in fair value of investments on the statement of changes in net assets available for benefits.

LUMINATE HOME LOANS RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

C. CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the Trustee).

D. FAIR VALUE MEASUREMENTS

Financial Accounting Standard Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements* (ASC 820), defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not assumptions specific to the entity.

ASC 820 specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon the market data obtained from independent sources (observable inputs). In accordance with ASC 820, the following summarizes the fair value hierarchy:

Level 1 – Unadjusted quoted market prices for identical assets in an active market that the Plan has the ability to access.

Level 2 – Inputs other than the quoted market prices in active markets that are observable either directly or indirectly.

Level 3 – Inputs based on prices or valuation techniques that are unobservable and significant to the overall fair value measurements.

ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

D. FAIR VALUE MEASUREMENTS (Continued)

While the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methods or assumptions to estimate the fair value of certain financial statements items could result in a different estimate of fair value at the reporting date. Those estimated values may differ significantly from the values that would have been used had a readily available market for such items existed, or had such items been liquidated, and those differences could be material to the financial statements.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Assets Measured at Fair Value

The following are the major categories of assets measured at fair value on a recurring basis as of December 31, 2022:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,854,529	\$ -	\$ -	\$ 7,854,529
Self-directed brokerage account	\$ 90,095	\$ -	\$ -	\$ 90,095

The following is the major category of assets measured at fair value on a recurring basis as of December 31, 2021:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,054,199	\$ -	\$ -	\$ 9,054,199

Fair Value of Other Financial Instruments

Due to their short-term nature, the carrying value of short-term receivables approximate their fair value as of December 31, 2022.

E. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as risk of foreign currency fluctuations relative to the U.S. Dollar, interest rate risk, credit risk, issuer going concern risk, and overall market volatility. During the year ended December 31, 2022, net depreciation in fair values of investments approximated \$2.43 million. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) contains various provisions impacting qualified retirement plans and their participants. These provisions may be adopted by plans immediately while implementing amendments at a later date. Where amendments to the Plan would be required, the CARES Act permits employers to formalize the amendments as late as the last day of the plan year beginning on or after January 1, 2022. All such amendments will be retroactively effective to May 1, 2021, or a later stated effective date.

On December 29, 2022, the SECURE 2.0 Act of 2022 was signed into law. The SECURE 2.0 Act contains provisions designed to make retirement plans more accessible to employees and less complicated for employers to establish and administer. While plan amendments are not required immediately, they must be adopted by the end of the first plan year beginning on or after January 1, 2025.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

G. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee and therefore these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments on the statement of changes in net assets available for benefits, as they are paid through revenue sharing, rather than direct payment. The Company pays directly any other fees related to the Plan's operations. These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

The Company pays certain Plan accounting and administrative fees. The Company incurred \$9,972 for accounting and administrative fees during the year ended December 31, 2022. These fees are not reflected in the accompanying financial statements.

H. TAX STATUS

The Plan uses a prototype plan document sponsored by FMR LLC. FMC LLC received an opinion letter from the IRS, dated June 30, 2020, which states the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the prototype plan received a determination letter, the Plan's management believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2022:

	Amounts
Net assets available for benefits per the financial statements	\$ 8,213,198
Less: participant contributions receivable	(49,547)
Less: employer contributions receivable	(20,288)
Net assets available for benefits per Form 5500	<u>\$ 8,143,363</u>

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2022:

	Amounts
Net decrease in net assets per the financial statements	\$ (937,272)
Less: employer contributions receivable	(49,547)
Less: participant contributions receivable	(20,288)
Net decrease in net assets per Form 5500	<u>\$ (1,007,107)</u>

J. SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 11, 2023, the date on which the financial statements were available to be issued.
