INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Dreamstyle Remodeling, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Dreamstyle Remodeling, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of November 30, 2022 and December 31, 2021, and the related statements of changes in net assets available for benefits for the eleven month period ended November 30, 2022 and for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dreamstyle Remodeling, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of November 30, 2022 and December 31, 2021, and for the eleven month period ended November 30, 2022 and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dreamstyle Remodeling, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As described in Note 1 to the financial statements, the governing body of Dreamstyle Remodeling, Inc. 401(k) Plan Profit Sharing Plan approved a Plan amendment to merge into the Mercer Wise Pooled Employer Plan. As a result of this transaction, the Plan assets were transferred to Mercer Wise Pooled Employer Plan on November 30, 2022. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dreamstyle Remodeling, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dreamstyle Remodeling, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dreamstyle Remodeling, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

DREAMSTYLE REMODELING, INC. 401(K) PLAN
Notes to Financial Statements
November 30, 2022 and December 31, 2021

Note 1 – Description of Plan

The following description of the Dreamstyle Remodeling, Inc. 401(k) Plan (the “Plan”) was adopted by Dreamstyle Remodeling, Inc. (the “Company”) and covers virtually all of its employees. The following description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Merger - On November 22, 2021, Renovo Home Partners entered into a Stock Purchase Agreement to acquire 100% interest in the Company. As a result of this transaction, a Plan amendment was approved to merge the Plan into the Mercer Wise Pooled Employer Plan effective November 30, 2022.

General

The Plan is a defined contribution plan. All permanent employees who have completed at least 1,000 hours of service in their initial year of employment or in a subsequent plan year are eligible to enter the plan on the first day of the month coincident with or following completion of the year of service. If actual hours worked records are not maintained, then if an employee works at least one hour in a month, he is credited with 190 hours for eligibility purposes. The Plan is designed to comply with Section 401(a) of the Internal Revenue Code (the “Code”). The Plan is established with potential profit sharing, however there were no employer profit sharing or matching contributions for the eleven-month period ended November 30, 2022 and year ended December 31, 2021.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum amount allowed by law of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

For each year end of the Plan, the Company contributes amounts laid out by the Board of Directors. The amount contributed may not exceed the maximum amount deductible under the limitations prescribed by law or set forth in the Plan. Due to financial circumstances, the Company made no contributions for the eleven-month period ended November 30, 2022 and year ended December 31, 2021.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary contributions, if any and (b) plans earnings and charged with an allocation of administrative expenses paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed ten years. Under the terms of the Plan agreement, plan loans will bear interest based on prime rate as published by Wall Street Journal plus 1%, which will vary. Principal and interest is paid ratably through payroll deductions. As of December 31, 2021, the rate of interest on outstanding loans is 4.25% with maturity of March 2023.

Notes to Financial Statements
November 30, 2022 and December 31, 2021

Note 1 – Description of Plan (continued)

Vesting

Participants are immediately vested in their salary deferral, in addition to actual earnings thereon. Vesting in Company matching and profit contributions in addition to actual earnings thereon is based on a multiple year vesting schedule. A participant is 100 percent vested after six years of service, 80% at five years, 60% at four years, 40% at 3 years, 20% at two years, and zero before that time.

Payment of benefits

Upon death, disability, retirement, or termination of service a participant may receive a lump-sum amount equal to the value of his or her account. Distributions are accounted for by the Plan in the period they are made.

Investment Options

A participant may direct employee and employer contributions into any of the investment options offered by the Plan. Participants may change their investment options each business day. See the Plan agreement for a more complete description of options available.

Forfeitures – Forfeitures are the non-vested portion of a participant’s account that are lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to restore forfeited account balances of rehires who are eligible for a restoration of forfeitures, with any remaining amount used to reduce future Company contributions. There are no forfeitures for the eleven-month period ended November 30, 2022 and year ended December 31, 2021.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – Investments are reported at fair value. The Plan’s custodian, Capital Bank and Trust Company, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. All Plan assets were transferred to Mercer Wise Pooled Employer Plan before close of business on November 30, 2022.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

DREAMSTYLE REMODELING, INC. 401(K) PLAN
Notes to Financial Statements
November 30, 2022 and December 31, 2021

Note 2 - Summary of Significant Accounting Policies (continued)

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Excess contributions payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable, with a corresponding reduction to contributions.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan’s financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 13, 2023, which is the date the financial statements were available to be issued.

Note 3 – Information Certified By the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the Custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of November 30, 2022 and December 31, 2021.
- Net appreciation in fair value of investments, dividends and interest income from notes receivable from participants reflected on the accompanying statements of changes in net assets available for benefits for the eleven-month period ended November 30, 2022 and for the year ended December 31, 2021.
- Investments reflected on the supplemental schedule of assets (held at end of year).

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a hierarchy that priorities the inputs to valuation technique used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3):

DREAMSTYLE REMODELING, INC. 401(K) PLAN
Notes to Financial Statements
November 30, 2022 and December 31, 2021

Note 4 - Fair Value Measurements (continued)

Basis of Fair Value Measurement –

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets liabilities in active markets; inputs other than quoted prices that are observable for the asset or liabilities; and inputs that are derived principally from has a specified (contractual) term.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 30, 2022 and December 31, 2021.

Registered investment companies (mutual funds):

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The registered investment companies are classified within Level 1 of the valuation hierarchy.

Money market account: Money Market accounts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

All Plan assets were transferred to Mercer Wise Pooled Employer Plan before close of business on November 30, 2022.

The following table discloses by level, the fair value hierarchy, of the Plan’s assets at fair value :

Investment Assets at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 1,110,307	-	-	\$ 1,110,307
Money market account	199,494	-	-	199,494
Investment at fair value	\$ 1,309,801	-	-	\$ 1,309,801

DREAMSTYLE REMODELING, INC. 401(K) PLAN
Notes to Financial Statements
November 30, 2022 and December 31, 2021

Note 4 - Fair Value Measurements (continued)

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statements of the changes in net assets available for benefits.

Note 5 - Tax Status

On January 1, 2007, the Plan adopted a prototype plan, which was constructed and amended to comply with changes to the Code effective January 1, 2007. The Plan has a determination letter dated March 31, 2014, which states the Plan, as written, complies with IRC Section 401(a). The Plan administrators believe the Plan is designed and operated in compliance with the applicable requirements of the code. No provisions for income taxes have been included in the Plan's financial statements as a result. Individual employee tax amounts were verified within the plan.

The Plan income tax returns are subject to examination by the appropriate tax jurisdictions. As of November 30, 2022, the Plan's tax returns generally remain open for the last three years.

Note 6 – Party-in-interest Transactions

At December 31, 2021, all Plan investments are shares of mutual funds managed by Capital Group, entity related to Capital Bank and Trust Company. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments in the statements of changes in net assets available for benefits. Capital Bank and Trust Company is the Custodian of the Plan and, therefore, these are party-in-interest transactions.

Note 7 – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, which change in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.
