INDEPENDENT AUDITORS' REPORT

Plan Administrator
The Armand Hammer United World College of the American West Retirement Plan
Albuquerque, New Mexico

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of The Armand Hammer United World College of the American West Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of the Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan does not have sufficient accounting records and supporting documents relating to the exclusion of eligible employees or the completeness of employee and employer contributions. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audits.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedules of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

1. Description of Plan

The following description of The Armand Hammer United World College of the American West Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all employees of the United World College of the American West (UWC), which was formalized and adopted by the UWC effective August 1, 1982. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2020 ("SECURE Act"), which contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act became effective on January 1, 2020, necessitating significant changes to plan administration and recordkeeping. In July 2022, the Plan was amended to incorporate the provisions of the SECURE Act.

In March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which included numerous employee benefit plan provisions to assist plan sponsors and participants. In July 2022, the Plan was amended to incorporate the provisions of the CARES Act.

B. Eligibility

Employees of the UWC may become a participant of the Plan when they have attained age twenty-one or older and as soon as administratively feasible on or after the employee's first day of employment. An eligible employee may enter the Plan on the first day of the month coinciding with or next following the date requirements are met. Matching contributions occur after the participant reached one year of service with the UWC.

C. Contributions

Each year, participants (non-highly compensated as well as highly compensated employees) may contribute up to the federal statutory limit. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. UWC offers a matching contribution equal to the sum of 100% of the participant's elective deferral up to 8% of the participant's compensation.

1. Description of Plan (continued)

D. Participant Accounts

Each participant's account is credited with the participant's contributions and UWC's matching contributions as well as allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

E. Vesting

Participants are vested immediately in their contributions and the UWC's contributions plus actual earnings thereon.

F. Investment Options

Upon enrollment in the Plan, a participant may direct contributions among 75 investment options. The investment options include mutual funds and fixed annuity contracts. Participants may periodically change their investment options.

G. Notes Receivable from Participants and Plan Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participants' account and bear interest of prime plus 1%, amortized over a period not extending beyond ten years. Principal and interest is paid ratably through bi-weekly payroll deductions.

Participants may also borrow amounts from the insurance company using the assets of the Plan as collateral for the loans. General guidelines are that the minimum loan amount be \$1,000, while the maximum is equal to the lesser of the \$50,000 or the 50 percent of their vested account balance. A loan does not reduce the balance of a participant's account unless the loan is in default at the time when the benefits are distributable. The loans bear interest at variable rates. Principal and interest is paid directly to the insurance company.

At December 31, 2022 and 2021, outstanding plan loans totaled \$93,800 and \$91,137, respectively. At December 31, 2022, there were nine participants with a plan loan(s) outstanding with three of the plan loans in default.

H. Rollovers

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

1. Description of Plan (continued)

I. Benefit Payments

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan agreement. The Plan provides for distributions at age 59½, while the participant is still currently employed. The total vested portion of a participant's account balance is distributed in the form of a lump sum payment, installments or an annuity. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan.

J. Forfeitures

The plan has no forfeited amounts as all contributions are immediately 100% vested.

2. Summary of Significant of Accounting Policies

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians and insurance companies. See Note 5 for discussion of fair value measurements.

RETIREMENT PLAN
Notes to Financial Statements
December 31, 2022 and 2021

2. Summary of Significant of Accounting Policies (continued)

C. Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable from Participants

The notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

E. Payment of Benefits

Benefits are recorded when paid.

F. Excess Contribution Payable

Amounts payable to participants in excess of amounts allowed by IRS are recorded as a liability with a corresponding reduction to contributions. There were no amounts accrued at December 31, 2022 and 2021.

G. Expenses

Administrative expenses for maintaining the Plan are paid by the Plan and UWC. Those expenses paid by the Plan typically consist of investment management, recordkeeping and custodian fees are allocated among the accounts of all participants in proportion to their account balances. Those expenses paid directly by UWC are excluded from these financial statements.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect participant's account balances, and the amounts reported in the statement of net assets available for benefits.

2. Summary of Significant of Accounting Policies (continued)

H. Risks and Uncertainties (continued)

At December 31, 2022 and 2021, the Plan had investments of \$2,465,661 and \$2,705,088, respectively, that were concentrated in two funds.

3. Information Certified by the Insurance Companies (Unaudited)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, TIAA-CREF Individual & Institutional Services, LLC and The Variable Annuity Life Insurance Company, the insurance companies of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statement of net assets available for benefits as of December 31, 2022 and 2021 and the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

4. Delinquent Participant Contributions

For the year ended December 31, 2022 and 2021, UWC did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions, which totaled \$46 and \$206, respectively, are going to be corrected outside of the Voluntary Fiduciary Correction Program in 2023. Additionally, UWC will compensate participants for lost earnings resulting from the delay in contributions.

5. Fair Value Measurements (Unaudited)

The Plan applies ASC 820, *Fair Value Measurements and Disclosures*, which establishes a framework for measuring fair value and expands disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

THE ARMAND HAMMER UNITED WORLD COLLEGE OF THE AMERICAN WEST
RETIREMENT PLAN
Notes to Financial Statements
December 31, 2022 and 2021

5. Fair Value Measurements (Unaudited) (continued)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed Annuity Contracts: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issues (see Note 3). In determining the reasonableness of the methodology, the plan administrator evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration of payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

5. Fair Value Measurements (Unaudited) (continued)

The following table set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,512,502	-	-	7,512,502
Fixed annuity contract	-	-	135,532	135,532
Total investments at fair value	\$ 7,512,502	-	135,532	7,648,034

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,543,432	-	-	8,543,432
Fixed annuity contract	-	-	123,775	123,775
Total investments at fair value	\$ 8,543,432	-	123,775	8,667,207

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following table sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2022:

	Level 3 Assets for the Year Ended December 31, 2022
Purchases	\$ 15,599
Issuances	(6,704)
Transfers in and/or out of Level 3	2,861

In estimating fair value of the investments in Level 3, the Investment Committee (or equivalent) may use third-party pricing sources or appraisers.

5. Fair Value Measurements (Unaudited) (continued)

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31:

2022				
	Fair Value Estimate	Valuation Techniques	Unobservable Inputs	Estimated Range
TIAA Traditional Non-Benefit Responsive Annuity	\$ 135,532	Discounted Cash Flow	Risk-Adjusted Discount Rate Applied	RA - 3.70% - 6.25% SRA - 3.00% - 5.50% GRA - 3.70% - 6.25% GSRA - 3.00% - 5.50% RC - 3.95% - 6.50% RCP - 3.20% - 5.75%
2021				
	Fair Value Estimate	Valuation Techniques	Unobservable Inputs	Estimated Range
TIAA Traditional Non-Benefit Responsive Annuity	\$ 123,775	Discounted Cash Flow	Risk-Adjusted Discount Rate Applied	RA - 3.00% - 4.45% SRA - 3.00% - 3.70% GRA - 3.00% - 4.45% GSRA - 3.00% - 3.70% RC - 2.50% - 4.40% RCP - 1.75% - 3.65%

6. Fully Benefit-Responsive Investment Contracts

The Plan holds a portfolio of investment contracts that comprises a traditional investment contract. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

Each participant maintains an annuities contract with the insurance companies. As part of the contracts, the insurance companies maintain a portion of the contributions in a "guaranteed account," which is called the traditional annuity. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by the insurance company. The guaranteed minimum rate of interest is based on a formula established by the insurance company and is between 1 percent and 3 percent. Any additional interest is not guaranteed. The traditional annuity does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

THE ARMAND HAMMER UNITED WORLD COLLEGE OF THE AMERICAN WEST
RETIREMENT PLAN
Notes to Financial Statements
December 31, 2022 and 2021

6. Fully Benefit-Responsive Investment Contracts (continued)

Certain traditional annuity individual annuity contracts are considered to be non-benefit responsive. These contracts are included in the financial statements at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering credit worthiness of the issuer. These contracts are subject to a 10-year withdrawal period. Upon termination of the contracts, the amount of each transfer payout annuity payment will be determined as of the annuity starting date for the transfer payout annuity by the amount of the traditional fixed account accumulation and the interest rates in the rate schedules under which any premiums, additional amounts and internal transfers were applied to the account.

Certain traditional annuity individual annuity contracts meet the fully benefit-responsive criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Upon termination of the investment contract, the lump sum liquidation value of the guaranteed account portion of the participant's accumulation value shall be equal to the product of (a) the participant's guaranteed account accumulation value of the liquidation date, reduced by the liquidation charge applicable on the liquidation date and (b) a market value adjustment percentage. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401 (a) of the IRC or the failure of the trust to be tax-exempt under Section 501 (a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

6. Fully Benefit-Responsive Investment Contracts (continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

7. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The plan administrator believes the Plan is operating in accordance with the applicable requirements of Section 403(b) of the IRC and therefore believes the Plan is qualified and the related custodial accounts are tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Administration of Plan Assets

The Plan's assets are administered under a contract with the insurance companies. The insurance companies invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

9. Related-Party and Party-In-Interest Transactions

Certain plan investments are shares of mutual funds and fixed annuity contracts managed by the insurance companies of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services totaled \$64,566 for the year ended December 31, 2022.

9. Related-Party and Party-In-Interest Transactions (continued)

UWC, which is a related-party under ERISA, provides certain accounting and administrative services to the Plan at no cost. Additionally, UWC pays for the Plan's administrative expenses that are not directly paid by the Plan. For the year ended December 31, 2022, UWC covered expenses totaling \$15,840.

10. Plan Termination

Although it has not expressed any intent to do so, UWC has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

11. Subsequent Events

Management of the Plan evaluated all events or transactions that occurred after December 31, 2022 through October 13, 2023, the date the Plan's financial statements were available to be issued.
