Plan Trustees and Participants
Berner Food and Beverage, LLC Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Berner Food and Beverage, LLC Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2022, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Berner Food and Beverage, LLC Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Berner Food and Beverage, LLC Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined-contribution plan sponsored by Berner Food & Beverage, LLC (the Company). The Plan covers substantially all employees but excludes collectively bargained employees and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's board of managers is responsible for oversight of the Plan.

Eligibility: Employees of the Company who are 21 years of age and have completed three months of service, as defined, are eligible to participate in the 401(k) deferral portion and the safe harbor company match portion of the Plan and enter the first day of the month following completion of the service requirement. Effective January 1, 2022, the plan was restated and the age requirement was removed and the service requirement was lowered to one month. Employees of the Company who are 21 years of age and have completed a year of service, as defined, are eligible to participate in the Company non-safe harbor match and profit sharing portions of the Plan as of the earlier of the first day of the Plan year or the first day of the seventh month of the Plan year after having met the eligibility requirements. Effective January 1, 2022, the plan was restated and the age requirement was removed for all employee and employer contributions.

Contributions: Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code (IRC) limitations, provided these contributions will not cause the Plan to exceed the discrimination limits. Participants who will attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. The Plan allows Roth elective deferrals to be made to the Plan. Company safe harbor matching contributions are made quarterly using a safe harbor formula based on a percentage of compensation deferred by each participant. The formula is calculated as a 100% match up to 3% of compensation and 50% match on the next 2% of compensation, for a maximum matching contribution of 4%. For 2022, the safe harbor match was approximately \$533,000. The Plan also provides for a discretionary non-safe harbor match and a profit sharing contribution. For 2022, the Company made no such discretionary non-safe harbor match and profit sharing contributions. Generally, to receive an allocation of the discretionary contributions, participants must be employed on the last day of the Plan year and complete 1,000 hours during the Plan year.

Participant accounts: Each participant's account is credited with the participant's deferral contributions and the Company's match contribution, and an allocation of: (a) the Company's non-safe harbor match and profit sharing contributions, if any, and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their participant deferral contributions and safe harbor company match contributions plus actual earnings thereon. Vesting in the Company discretionary contributions and company match contributions made prior to the change to safe harbor contributions portion of their accounts plus earnings, is based on years of continuous service. For those contributions subject to vesting, a participant is 100% vested after six years of credited service based on a graded vesting schedule.

Berner Food and Beverage, LLC Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Investment options: Each participant has the option to invest their account balance and contributions in selected investment options as made available and determined by the Plan Administrator. Each participant has the option to transfer monies between funds and change their investment options daily.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested interest in his or her account reduced by other outstanding loans. Participants are limited to two loans outstanding at any one time. The \$50,000 maximum aggregate loan amount is reduced by any loan balance on the date a new loan is made. Note terms may not exceed five years, except for the purchase of a primary residence, in which case the note term cannot exceed 30 years. The notes are secured by the balance in the participant's account and bear an interest rate equal to the prime rate as published in the Wall Street Journal. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: Upon termination of service for any reason, participants may elect to receive a lump-sum cash amount equal to the value of their vested account or partial withdrawals. A participant with a vested balance between \$5,000 and \$1,000 will automatically receive a single lump-sum rollover into an individual retirement account. A participant with a vested balance less than \$1,000 will receive a single lump-sum cash distribution. In addition, in-service withdrawals at age 59½ and hardship withdrawals are allowed by the Plan from vested accounts.

Forfeited accounts: At December 31, 2022 and 2021, forfeited nonvested accounts totaled approximately \$3,600 and \$0, respectively. These accounts will be used to pay plan expenses and then to reduce employer contributions. During the year ended December 31, 2022, no forfeitures were used to reduce the employer contribution or pay Plan expenses.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's board of managers determines the Plan's valuation policies utilizing information provided by the investment custodian and investment advisor. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accounted for on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Berner Food and Beverage, LLC Profit Sharing Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Payment of benefits: Benefit payments to participants are recorded when paid.

Administrative expenses: All administrative expenses incurred by the Plan, including audit fees, can be paid by either the Company or the Plan. Expenses paid by the Company are excluded from these financial statements.

Cash, interest-bearing: The carrying amount approximates fair value because of the short maturity of the instrument.

Subsequent events: Plan management has evaluated subsequent events through October 10, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by AdvisorTrust, Inc. (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplementary schedules, that were prepared by or derived from information provided by AdvisorTrust, Inc., the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets, is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedules related to the following assets:

	2022	2021
Investments at fair value:		
Cash, interest bearing	\$ 24,242	\$ 18,792
Shares of registered investment companies	8,404,177	9,541,267
Notes receivable from participants	380,792	*

* Notes receivable from participants were not certified in 2021.

AdvisorTrust, Inc. also certified to the completeness and accuracy of \$12,196 of interest on notes receivable from participants, \$1,482,904 of net depreciation in fair value of investments, and \$254,747 of interest and dividends related to the aforementioned Plan assets for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable by the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Shares of registered investment companies: Shares of registered investment companies are valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies	\$ 8,404,177	\$ 8,404,177	\$ -	\$ -

	2021			
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies	\$ 9,541,267	\$ 9,541,267	\$ -	\$ -

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of Level 3.

Note 5. Related Party and Party-In-Interest Transactions

Fees paid by the Plan to Savant Capital, LLC for investment advisory services amounted to approximately \$54,000. Fees paid by the Plan to PCS Retirement, LLC for recordkeeping services amounted to approximately \$24,000. These transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company for which they receive no compensation from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan and are excluded from these financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their accounts.

Note 7. Income Tax Status

The Plan has adopted a pre-approved defined contribution plan sponsored by DWC The 401(k) Experts. The pre-approved defined contribution plan has received an opinion letter from the Internal Revenue Service as to the pre-approved defined contribution plan's qualified status. The pre-approved defined contribution plan opinion letter has been relied upon by the Plan. The Plan has been amended since the pre-approved defined contribution plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

Benefits paid directly to participants	5,669
Administrative expenses	(9,713)
Net income (loss) per the Form 5500	<u>\$ (1,231,915)</u>

Note 9. Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Prohibited Transactions

During 2022, there were \$8,062 of participant contributions and loan repayments that were not funded within the required timeframe as stated by the United States Department of Labor regulations. The Plan was reimbursed for lost earnings in 2022 to correct these failures. The Form 5330 was filed and applicable excise tax paid in 2022. The correction and any excise tax payments were made on behalf of the Plan and not from assets of the Plan.

During 2021, the Plan Sponsor inadvertently failed to deposit \$8,588 of participant's contributions and loan repayments within the required timeframe as stated by the United States Department of Labor regulations. The Plan Sponsor reimbursed the Plan for lost earnings to correct these failures in 2022. The Plan Sponsor filed the Form 5330 and paid applicable excise tax in 2022. The correction and any excise tax payments were made from the Plan Sponsor's assets and not from assets of the Plan.
