INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Casino Vicksburg, LLC Employees 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Casino Vicksburg, LLC Employees 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Casino Vicksburg, LLC Employees 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Casino Vicksburg, LLC Employees 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe

that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Casino Vicksburg, LLC Employees 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Casino Vicksburg, LLC Employees 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Casino Vicksburg, LLC Employees 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Assets (Held at End of Year) and Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1) Description of plan

The following description of the Casino Vicksburg, LLC Employees 401(k) Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan document for information regarding the Plan's provisions.

a) General

The Plan is a defined contribution plan covering substantially all regular full-time employees of Casino Vicksburg, LLC d/b/a Waterview Casino and Hotel and Majestic Mississippi, LLC d/b/a Fitz Tunica Casino and Hotel (the "Employer" or "Company") who are 21 years of age and have met the service requirement of two months and are not specifically excluded by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b) Contributions

Participants can elect to contribute to the Plan by reducing a percentage of their compensation in increments of whole percentages or set amounts as either pretax or Roth deferrals. Participants who have attained age 50 before the end of the calendar year are eligible to catch up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans (rollover contributions). The amount of all contributions is not to exceed the maximum deferral amount indicated by the Internal Revenue Service (IRS). The Company may also make a discretionary matching contribution. The Company elected to match \$0.25 to the \$1.00 up to 6.00% of participants compensation.

c) Participant accounts

Each participant's account is credited with the participant's and Employer contributions and plan earnings and charged with any distributions made to the participant. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may select from various investment funds in which their accounts may be invested. If a participant does not choose investment funds their contributions are deposited into the American Balanced Fund.

d) Notes receivable - participant loans

Participants may borrow from their fund accounts up to a maximum of 50% of their vested account balance or \$50,000. Loans must be at least \$1,000. The maximum number of loans outstanding at any one time is two. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% above prime rate as of the day on which the participant applies for the loan. The interest rates for the current loans outstanding ranged from 3.50% to 8.50%. Principal and interest are paid ratably through biweekly payroll deductions over a period established at the time the loan is made, ranging from one to five years, except for loans for the purchase of principal residence may be longer.

e) Vesting

Participants are fully vested in the portion of their account representing their contributions plus actual earnings thereon at all times. The portion of each participant's account representing Company matching contributions, discretionary contributions and related income vest based on years of continuous service. The Plan utilizes a five-year graded vesting schedule.

1) Description of plan (continued)

f) Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested balance in their account or substantially equal installments over a set period of time. A participant may withdraw all or part of their rollover contributions at any time. Balances under \$1,000 may be paid out at the discretion of the Company, as defined in the Plan documents.

g) Forfeitures

Forfeitures are used to reduce administrative expenses and Employer contributions. There were \$32,001 and \$22,945 of forfeitures available for use at December 31, 2022 and 2021, respectively, to offset future Employer contributions and administrative expenses. There were no forfeitures used to reduce Employer contributions during December 31, 2022 and 2021, respectively.

2) Summary of significant accounting policies

a) Basis of accounting

The financial statements of the plan are prepared using the accrual basis of accounting.

b) Use of estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

c) Payment of benefits

Benefits are recorded when paid.

d) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

e) Notes receivable - participant loans

Notes receivable from participants are recorded at the unpaid principal balance plus unpaid accrued interest. Defaulted loans are deemed distributed and recorded as benefits paid to participants based upon the terms of the plan document. For the year ended December 31, 2022 there were no deemed distributions recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

2) Summary of significant accounting policies (continued)

f) Plan administrative costs

The Company absorbs significant administrative costs of the Plan. Administration expenses paid by the Plan arise from recordkeeping fees and processing fees for loans and distributions that are charged to their respected participants' accounts. In addition, certain investment accounts charge asset and participant fees that are allocated among the respected participants.

3) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants become 100% vested in their account balance.

4) Risks and uncertainties

The Plan provides for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

5) Information certified by the Plan's custodians (unaudited)

The following is a summary of the investment information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedules that were prepared by or derived from information prepared by Old Second National Bank of Aurora and Old Second Wealth Management, the custodians of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodians that such information is complete and accurate.

6) Related party transactions

Certain Plan investments are managed by Old Second Wealth Management as custodian and Charles Schwab Trust Bank as sub-custodian. Such transactions while considered as party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7) Federal income taxes

The Plan adopted a prototype plan document effective July 21, 2021. The prototype plan has received a letter from the Internal Revenue Service dated November 30, 2020, as to its qualified status. The Plan has been amended since receiving the tax determination letter. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes had been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Department of Labor and Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to U.S. federal and state income tax examinations by tax authorities for a period of three years from the filing of those returns.

8) Fair value measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

8) Fair value measurement (continued)

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for measuring assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual fund and money market accounts: Valued using quoted prices in the active markets in which the funds are traded.

Common collective trust: The Plan uses net asset value (NAV) per unit to value the collective investment trust funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value as of December 31, 2022

	Level 1	Total
Mutual funds	\$ 7,674,024	\$ 7,674,024
Money market accounts	466,606	466,606
Total investments at fair value		<u>\$ 8,140,630</u>

Assets at Fair Value as of December 31, 2021

	Level 1	Total
Mutual funds	\$ 8,867,707	\$ 8,867,707
Money market accounts	855,062	855,062
Investments measured at net asset value (a)		131,948
Total investments at fair value		<u>\$ 9,854,717</u>

- (a) Certain investments are measured at fair value using the NAV per share (or its equivalent) practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

8) Fair value measurement (continued)

The following table sets forth additional disclosures of Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2022 and 2021:

	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Common collective trust	\$ -	\$ 131,948	NA	Daily	NA

9) Prohibited transactions

Participant contributions and loan repayment totaling \$23,133 were withheld from participants' pay during 2021 but were not remitted to the Plan's trust within the time frame required by the Department of Labor under the Plan asset rules.

10) SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

11) Subsequent events

The Company has evaluated subsequent events through the date of the auditors' report, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosures in these financial statements.
