Independent Auditors' Report

To the Trustee and Plan Administrator of the Impact 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed audits of the financial statements of Impact 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2022 and 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Impact 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Impact 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Impact 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Impact 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 – Schedule H, Line 4i, Assets Held for Investment Purposes as of December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

IMPACT 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 1: Description of Plan

The following description of the Impact 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the adoption agreement and the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan with 401(k) provisions for eligible employees. The Plan is a single employer plan naming Impact Tech Inc. as the Plan Sponsor (the “Employer”).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA Section 404(c)).

Historically, the Employer has absorbed a significant portion of the costs of administering the Plan.

Contributions

Active participants may elect to contribute up to a maximum of \$20,500 during the 2022 calendar year. Total contributions to a participant’s account in a given plan year may not exceed 92% of the participant’s compensation for the Plan year. Individuals who are at least 50 years of age are permitted to make “catch-up” contributions. In 2022, the maximum catch-up contribution to a 401(k) was \$6,500. Such contributions are excludable from the participant’s taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. A participant may elect to increase or decrease the amount of their salary deferral at any time; the election will take effect in the pay period in which the change in deferral was made.

Each pay period, the Employer makes a matching contribution to each participant’s account equal to 100% of the first 3% of contributions and an additional 50% for deferrals between 4%-5%. The Employer made \$1,450,726 of matching contributions for the year ended December 31, 2022.

Rollover Contributions

If a participant receives an eligible rollover distribution from another qualified retirement plan the participant may, with approval from Fidelity Management Trust Company (“Fidelity”), the Custodian, rollover any portion of that distribution to the Plan, either directly or within 60 days after they receive it. The Plan accepted \$570,341 in rollover contributions for the year ended December 31, 2022.

Investment Elections

Effective August 1, 2022, the Employer adopted a new plan agreement with Fidelity. All of the terms and conditions of the new plan agreement with Fidelity are substantially the same as the previous agreement with The Standard. In conjunction with the adoption of the new plan agreement with Fidelity, the Employer entered into a new Trustee agreement and a new third-party administrator agreement with Fidelity. All plan assets held at The Standard were converted and transferred to Fidelity.

Participants direct the investment of their contributions into one or more of the investments offered by Fidelity. Target-date funds are collective and common trusts that have a mix of underlying assets in the fund that are structured to address a future retirement date. A participant may transfer funds from one investment option to another and obtain information about their account directly with Fidelity, including options for the participants to transfer funds and obtain information about their accounts through Infoline, an interactive voice response system, or through the Net Benefits Center on Fidelity's website.

Eligibility and Vesting

Employees become eligible for the Plan when they have completed 90 days of service and are at least 21 years old, at which point the employees may make Participant Elective Contributions. Employees become eligible for Employer matching contributions and Discretionary Profit-Sharing Contributions after one year of service. Entry dates to the Plan are the first day of each month.

Participants' contributions are always fully vested. The Employer matching contributions and the Discretionary Profit-Sharing Contributions to each participant's account are subject to vesting requirements according to the following schedule:

Completed Years of Service	Percentage of Employer Contribution Vested
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Eligibility and Vesting - continued

In the event of death or upon plan termination, participants also become fully vested in Employer matching contributions and Discretionary Profit-Sharing Contributions if employed by the Employer.

Participant Accounts

Each participant's account is credited with their Participant Elective Contribution, their respective employer matching contributions, an allocation of their respective Discretionary Profit-Sharing Contributions and plan earnings. Allocations of investment earnings are based on participant account balances or participant earnings, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. At December 31, 2022 and 2021, there were 457 and 359 participants with assets in the Plan, respectively.

Payments of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Accounts balances with less than \$5,000 will automatically receive a lump-sum distribution.

Amounts contributed through salary/wage reductions may be withdrawn by, or distributed to, a participant only upon (1) termination of employment, (2) attaining the age of 59 ½, (3) death or (4) disability. Upon proof, to the satisfaction of the Plan Administrator of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Certain income tax penalties apply to withdrawals or distributions prior to age 59½.

Benefits are recorded as deductions when paid.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 100% of their vested account balance.

Loan terms range from 1-5 years or may exceed 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. The interest rate will be determined with the intention of providing the Plan with a return commensurate with the interest rates charged by a person in the business of lending money for loans, which would be made under similar circumstances. As such, the interest rates are the prime rate of interest charged by banks as of the calendar quarter preceding the issuance of the loan. The rate of interest will be constant throughout the term of the loan. Principal and interest are paid ratably through semi-monthly payroll deductions.

Participant notes receivable are valued at amortized cost.

Forfeitures

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents forfeiture. Forfeitures are utilized to offset any employer contributions. Forfeitures used to offset employer contributions were \$86,204 for the year ended December 31, 2022.

Termination of Plan

Although the Employer has not expressed any intent to do so, it reserves the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, all amounts credited to a participant's account become 100% vested.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis method of accounting, which is in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Mutual funds are stated at fair value based on quoted market prices for similar assets please see Note 5 for a discussion of fair value measurements. Participant notes receivable are valued at amortized cost. The aggregate change between years in the market value of investments (net unrealized appreciation or depreciation) is included in investment income.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Trustee to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Note 3: Income Tax Status

The Plan obtained its latest determination letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits of any tax periods in progress.

The Plan Sponsor has elected to adopt the provisions of the CARES Act. The CARES Act allows until December 31, 2025, for the Plan document to be amended for provisions implemented in 2020.

Note 4: Investment Information

Investments consist of mutual funds.

During the year ended December 31, 2022, plan investments in mutual funds, including investments bought, sold, and held during the year, decreased in fair value by \$3,147,273.

Note 5: Fair Value Measurements of Investments

U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. U.S. GAAP also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets, which are unadjusted and accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices for identical assets and liabilities in markets that are not active, quoted prices for similar assets and liabilities in active markets or financial instruments for which significant inputs are observable, either directly or indirectly; and

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 5: Fair Value Measurements of Investments - continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value, as of:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Fair Value
Mutual funds	\$ 16,045,957	\$ -	\$ -	\$ 16,045,957
Total	\$ 16,045,957	\$ -	\$ -	\$ 16,045,957

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Fair Value
Mutual funds	\$ 13,496,076	\$ -	\$ -	\$ 13,496,076
Total	\$ 13,496,076	\$ -	\$ -	\$ 13,496,076

The following is a description of the valuation methodologies used for assets measured at fair value:

Position	Valuation Technique
Registered Investment Companies (mutual funds) Level 1:	Registered investment companies (or mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 6: Certification of Investment Information by Custodian

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a summary of the Plan's financial information and data certified by the Custodian as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 7: Parties-In-Interest

Certain shareholders, officers, and board members of Impact Tech Inc. are participants in the Plan. The members and their relatives qualify as parties-in-interest. The Plan Custodian and the Plan Administrator, Fidelity Investments, is also parties-in-interest.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest.

Fees paid during the year for accounting and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 8: Subsequent Events

The Plan has evaluated subsequent events through October 11, 2023, the date which the financial statements were available to be issued.
