INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees
California Overland, Ltd. Plan
Wabasha, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of California Overland, Ltd. Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of California Overland, Ltd. Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of California Overland, Ltd. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about California Overland, Ltd.'s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the California Overland, Ltd. Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about California Overland, Ltd. Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Other Matter — Supplemental Schedules Required by ERISA (Continued)

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CALIFORNIA OVERLAND, LTD. PLAN

NOTES TO FINANCIAL STATEMENTS

1. Plan Description and Summary of Significant Accounting Policies

The following description of the California Overland, Ltd. Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General Information

The Plan is a defined contribution 401(k) plan which was established on September 1, 2013, and was restated effective January 1, 2016. The Plan covers substantially all employees (other than union employees, leased employees, and non-resident aliens) of California Overland, Ltd. and CA Overland Solutions, Ltd. (collectively, the Company) who have attained the age of 21 and have completed the required employment term. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Administration

The Custodian of the plan's assets is John Hancock USA. The Plan is administered by the trustees of the Plan along with plan sponsor personnel designated by the trustees. The trustees and designated personnel have the authority to control the operation, management and administration of the Plan.

Participation

All employees over age 21 (other than union employees, leased employees, and non-resident aliens) who have completed the required term of employment during a plan year are eligible to make salary deferral contributions to the Plan. Effective July 1, 2022, the required term of employment is 60 days of service. Prior to that date, the required term of employment was one year of service in which 1,000 hours are worked.

Effective July 1, 2022, once eligibility requirements have been met, an eligible employee can enroll on the first day of the next month. Prior to that date, once eligibility requirements were met, an eligible employee could enroll on the first day of the next calendar quarter.

The Plan includes a provision for automatic salary deferrals. Each participant will have 4% of eligible compensation contributed to the Plan as an employee deferral, unless a different deferral rate is elected by the participant. Elective deferral contributions may be changed or stopped on any date.

CALIFORNIA OVERLAND, LTD. PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Contributions

Each year, participants may contribute up to the maximum allowable amount not to exceed the limits of Internal Revenue Service (IRS) Code Section 401(k) on a pre-tax or after-tax (Roth) basis, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are also eligible to make catch-up contributions in any amount up to the limits prescribed by law. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants direct the investment of their account into various investment options offered by the Plan.

Each year the Company may make a discretionary matching contribution to eligible employees. All employees enrolled in the Plan are eligible for matching contributions. Matching contributions were 50% of each employee's contributions up to 2% of eligible wages for the years ended December 31, 2022 and 2021. Participants direct the investment of employer contributions allocated to them into various investment options offered by the Plan. The Plan does not include a provision to allow the plan sponsor to make profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's elective deferrals, employer matching contributions and an allocation of Plan earnings and expenses. Allocations of Plan earnings are based on the valuation of the investments held in each participant's account. Participants' accounts are valued on a daily basis. The benefit each participant is entitled to is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their elective deferral contributions and rollover contributions. Full vesting in Company matching contributions plus earnings thereon is based on a three year cliff schedule. One year of service is any Plan year in which the employee worked at least 1,000 hours. Participants are 0% vested in Company matching contributions until three years of service, at which point participants become fully vested. Participants are also fully vested upon reaching age 65, upon death or upon permanent disability.

CALIFORNIA OVERLAND, LTD. PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Forfeited Accounts

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan agreement, represents a forfeiture. Forfeitures are used for paying reasonable Plan expenses, the restoration of participants' forfeitures and/or reducing the employer's contribution to the Plan. Forfeitures totaled \$4,640 and \$2,143 for the years ended December 31, 2022 and 2021, respectively. Forfeitures in the amount of \$12,954 were used to reduce employer matching contributions during the year ended December 31, 2022. No forfeitures were used to reduce employer matching contributions during the year ended December 31, 2021. At December 31, 2022 and 2021 there were unallocated forfeitures of \$3,360 and \$11,647, respectively, available to be used to reduce employer contributions and/or plan expenses.

Payment of Benefits

Upon termination of employment, disability or reaching normal retirement age, participants or their beneficiary(ies), where applicable, may receive the value of the accrued vested benefit in the form of a lump sum payment or partial payments or may elect to defer the distribution in accordance with Plan guidelines if the balance in the participant's account exceeds \$5,000. Distributions due to the death of the participant are paid in the form of a lump sum payment or over extended payments to beneficiaries in accordance with the Internal Revenue Code. Balances less than \$5,000 may be distributed in the form of a lump sum payment and may be distributed by the plan administrator to an IRA set up for the benefit of the participant with or without the election of the participant.

The Plan allows for hardship withdrawals from the elective deferral portion of the participant's account, including Roth deferral contributions and in certain situations such withdrawals may be made from the employer matching contribution portion of the participant's account. The Plan also allows for in-service distributions of all fully vested accounts if the participant has reached the age of 59 and ½ years old.

Benefit payments are recorded upon distribution to participants.

Notes Receivable from Participants

The Plan does not allow for participants to borrow from their fund accounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

CALIFORNIA OVERLAND, LTD. PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Plan Description and Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

All purchases and sales of securities have been recorded on a trade-date basis. Income is recorded as earned. The increase or decrease in the fair value of investments represents the net difference between the current value of securities held at the beginning of the year or cost of securities purchased during the year and the current value of securities held at the end of the year.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan. Expenses paid by the Plan are included in the statement of changes in net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants become 100 percent vested in their accounts.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 12, 2023, the date the financial statements were available to be issued.

CALIFORNIA OVERLAND, LTD. PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Certification of Investments

The Trustees of the Plan appointed John Hancock USA (John Hancock) as Custodian of the Plan's assets. John Hancock has supplied the Plan Administrator with a certification as to the completeness and accuracy of Plan non-interest bearing cash and investments aggregating \$4,039,683 and \$4,319,932 as of December 31, 2022 and 2021, respectively, and the related investment income (loss) of (\$776,427) and \$364,966 for the years then ended. Such amounts and all related financial data are included in the accompanying financial statements and supplemental schedule of assets (held at end of year) based on the certification from John Hancock.

Under the terms of the Custodial agreement, the Custodian manages investment funds on behalf of the Plan. The Custodian has been granted non-discretionary authority concerning the purchases and sales of the investment of the investment funds.

3. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CALIFORNIA OVERLAND, LTD. PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although not based upon quoted prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

The methods described above may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables reflect the Plan's investments within the fair value hierarchy at December 31, 2022 and 2021:

As of December 31, 2022				
	Assets Measured at Fair Value	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3
Pooled Separate Accounts	\$ 4,036,323	\$ 4,036,323	\$ -	\$ -
As of December 31, 2021

4. Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. John Hancock is the Custodian of a portion of the Plan's assets and manages certain Plan investment transactions; therefore, the transactions qualify as party-in-interest transactions and are indicated as such on the supplemental schedule of assets (held at end of year). However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Additionally, certain employees of the Company provide certain accounting and administrative services to the Plan for which no fee is charged.

5. Plan Tax Status

The plan document utilized by the Plan obtained its latest Internal Revenue Service (IRS) opinion letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2022, the Plan does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months.

The Plan's informational returns are subject to examination by the appropriate regulatory authorities as of December 31, 2022, and the Plan's federal informational returns generally remain open for a period of three years.

6. Reportable Transactions – Delinquent Participant Contributions

In 2023, it was determined that \$6,820 of employee deferral contributions were not remitted to the Plan within the time period prescribed in the Code of Federal Regulations during 2022. These contributions were remitted to the Plan during 2022 and the related lost earnings will be remitted to the Plan during 2023.

In 2022, it was determined that \$21,314 of employee deferral contributions were not remitted to the Plan within the time period prescribed in the Code of Federal Regulations during 2021 and 2020. These contributions and related lost earnings were remitted to the Plan during 2022.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

7. Risk and Uncertainties

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Reconciliation of the Financial Statements to the Financial Information Required on Form 5500

The following is a reconciliation of net assets and changes in net assets available for benefits per the financial statements to Form 5500 for the years ended December 31, 2022 and 2021.
