Independent Auditor's Report

To the Administrator
Productivity, Inc. Savings and Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Productivity, Inc. Savings and Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Productivity, Inc. Savings and Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Productivity, Inc. Savings and Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Productivity, Inc. Savings and Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Productivity, Inc. Savings and Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Productivity, Inc. Savings and Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at Year End) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Productivity, Inc. Savings and Profit Sharing Plan and Trust

Notes to the Financial Statements

December 31, 2022 and 2021

1. Description of Plan

The following brief description of the Productivity, Inc. Savings and Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, eligibility requirements, and other matters.

General

The Plan is a defined contribution plan sponsored by Productivity, Inc. (the "Employer" or "Company"). The Plan was created on April 1, 1978. The Plan was amended in its entirety effective August 1, 2022. The Plan adopted the Automatic Data Processing Non-Standardized Defined Contribution Pre-Approved Plan.

Plan Operation

The Company is the Plan Administrator; Reliance Trust Company (the "Trustee") is the trustee of the Plan. The Trustee held the Plan assets and executed investment transactions as of and for the year ended December 31, 2022 and 2021. Automatic Data Processing (ADP) is the recordkeeper of the Plan.

Eligibility

Employees, other than part-time, temporary, or seasonal employees (as defined by the Plan document), who have completed one year of service are eligible to participate in the Plan on the entry date coinciding with or following the satisfaction of such requirement. Plan entry dates are the first of each month following the date the employee meets the eligibility requirement.

Contributions

Employer discretionary nonelective contributions are determined by the employer's Board of Directors. These contributions are first allocated to participants' accounts according to a formula integrating compensation with the Social Security Taxable Wage Base and then according to a formula based on compensation. Participants must be employed by the Employer on the last day of the Plan year or, if not employed at the end of the year, be credited with at least 501 hours of service during the Plan year to be eligible to receive a portion of the nonelective contribution. There were no discretionary nonelective contributions for the year ended December 31, 2022.

Participants may contribute up to 50% of their eligible compensation to the 401(k) portion of the Plan. Beginning March 2020, upon eligibility, participants are enrolled in the Plan by the administrator, automatically deferring 3% of their eligible compensation as a pre-tax deferral. Employees may elect not to defer into the Plan and may change their deferral percentage at any time.

The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participant's deferral. During 2022, the Company provided an employer match contribution of 100% of the first \$2,000 of participants' contributions.

Participants may elect to make Roth contributions to the Plan and in-Plan Roth rollover transfers.

All contributions are subject to certain limitations under the Internal Revenue Code.

The Plan allows rollover and catch-up contributions.

1. Description of Plan (Continued)

Vesting and Forfeitures

Participants are immediately fully vested in their elective deferral contributions, employer matching contributions, and any rollover to the Plan, including earnings thereon.

The participants' vesting in employer discretionary nonelective contributions is twenty percent per year for each of the second through sixth years of service until fully vested. A participant's account also becomes fully vested upon reaching normal retirement age of 65 or upon death, disability, or termination of the Plan. Forfeitures of employer discretionary nonelective contributions are treated as an additional nonelective contribution and allocated to participants' accounts in the same manner as nonelective contributions.

Allocations

The allocation of contributions to various funds is made by the participants. Participants can change their allocation to the various funds at any time. Company discretionary matching and nonelective contributions are allocated to the participants' accounts based on the participants' investment elections.

Net investment gains and losses are allocated based on participant balances in each fund.

Participants may redirect the balances of their account among the Plan's investment options daily.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the vested account value or \$50,000. The terms require monthly principal and interest payments through payroll deductions, and participants must repay the notes within five years, unless it is for a personal residence. The notes receivable are secured by the balance in the participants' vested account. At December 31, 2022, the notes bear interest from 3.25% to 8.00%, which are commensurate with the prevailing interest rates. The notes receivable mature at various dates through April 2040.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, participants will become fully vested in their account balances.

Distributions

A participant's vested benefit is distributed upon death, disability, retirement, or termination of employment as soon as administratively feasible following the date on which a distribution is requested or otherwise payable, in either a single lump-sum payment or in monthly installments. The distribution will be involuntarily rolled over into an individual retirement account established for the benefit of the participant if the participant's vested benefit is under \$5,000, unless the participant timely elects a distribution or direct rollover of the vested account balance.

In-service distributions are allowed under the Plan upon attainment of age 59 ½.

The Plan allows for hardship distributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period, and the changes therein, and when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. The most significant estimate relates to the valuation of investments carried at fair value. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies - mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction (that is, not a forced liquidation or distressed sale) between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The net investment appreciation or depreciation represents the net realized gains or losses on investments sold during the year and the unrealized gains or losses on assets held at the end of the year.

Fully Benefit-Responsive Investment Contracts

In accordance with generally accepted accounting principles, investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through common/collective trusts.

Notes Receivable from Participants Valuation

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded when checks are issued or an electronic funds transfer has occurred.

Contributions

Participant contributions and Company matching contributions are recorded in the period the employer makes the payroll deductions. Discretionary nonelective contributions are recorded for the period the Board of Directors authorizes the nonelective contribution.

Administrative Expenses

Substantially all administrative expenses incurred by the Plan are paid by the Company. Investment transaction fees and record keeping service fees are paid by the Plan.

Notes to the Financial Statements

December 31, 2022 and 2021

2. Summary of Significant Accounting Policies (Continued)

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Company at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies - mutual funds are valued at the net asset value (quoted prices) of shares held by the Plan at year end.

SECURE 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 CARES Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

Subsequent Events

In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 12, 2023, the date the financial statements were available to be issued.

3. Certified Investments

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, Line 4i - schedule of assets (held at year end) as of December 31, 2022.

5. Tax Status

ADP has obtained an Internal Revenue Service ("IRS") opinion letter dated October 6, 2020, in which the IRS stated the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS.

The Plan has been amended since receiving the opinion letter. However, the Plan's management and Trustee believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. None of the Plan's previously filed tax returns are currently being examined. The Plan Administrator believes it is no longer subject to income tax examinations for the years prior to 2019.

6. Party-In-Interest Transactions

Notes receivable from participants qualify as party-in-interest transactions. However, the ERISA regulations provide an exemption for such transactions.

Notes to the Financial Statements

December 31, 2022 and 2021

7. Risks and Uncertainties

The Plan offers a number of investment options to participants that are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and participant accounts.

The recordkeeper receives revenue sharing from certain mutual funds and the collective trust fund for administrative services the recordkeeper provides to the funds.
