INDEPENDENT AUDITORS' REPORT

To the Participants of
Fred C. Church, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Fred C. Church, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets in liquidation as of December 13, 2022 and December 31, 2021, and the related statement of changes in net assets in liquidation for the year ended December 13, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Fred C. Church, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 13, 2022 and December 31, 2021, and for the year ended December 13, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fred C. Church, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fred C. Church, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

FRED C. CHURCH, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION DECEMBER 13, 2022 AND DECEMBER 31, 2021

1. DESCRIPTION OF PLAN

The following description of the Fred C. Church, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Prior to termination, the Plan was a defined contribution plan established by Fred C. Church, Inc. (the Company) for the benefit of its eligible employees and their beneficiaries. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan had adopted the Great-West Trust Company's Defined Contribution Prototype Plan and Trust. Great-West Trust Company, LLC (Great-West) was the Trustee and Custodian. Great-West served as record keeper. The Company was the plan administrator.

Plan Termination

The Board of Directors of the Company approved a plan of liquidation on December 1, 2021. Effective with the Plan's termination, all participants with an account balance remaining in the Plan became fully vested. The Plan's termination also ceased employee and employer contributions into the Plan. Participants were notified that they were required to take a distribution. All assets were distributed by December 13, 2022.

Participation - Prior to Termination

The Plan included all full-time employees of the Company who attained age twenty. Employees contributed to the Plan through payroll deductions at a specified percentage (2% to 80%) of their base compensation subject to limitations established by the Internal Revenue Code (IRC). Participants directed their contribution into various investment options offered by the Plan.

The Plan adopted the automatic deferral provision. Eligible new employees were automatically enrolled in the Plan with a 4% deferral percentage. The deferral percentage automatically increased by 2% each year, on the anniversary date of the employee's entry date into the Plan until the rate of 10% was reached. If the employee did not want to participate a contrary election was required.

The Plan permitted catch-up contributions for eligible participants who were 50 years or older by the end of the calendar year and who were currently making deferral contributions.

1. DESCRIPTION OF PLAN (Continued)

The Plan adopted a qualified after-tax Roth contribution program. Under the program, participants could elect to treat all or a portion of compensation that would otherwise be eligible to defer as pretax contributions, as designated after-tax Roth contributions.

The Plan adopted the automatic escalation provision. Under the provision, the amount deferred would increase by 2% each plan year until the deferral reached 10%. The increase in the deferral % would automatically be effective on the anniversary of the participant's entry date. If the employee did not want to participate, a contrary election was required.

Company Contributions

Prior to termination, Company contributions to the Plan were based on participants' pretax contributions. The Company matched 50% of the participants' contributions up to 3% of compensation, subject to the limitations of Section 401(k) of the IRC.

Participant Accounts

Prior to termination, each participant's account was credited with (a) the participant's elective deferral contribution, (b) an allocation of the Company's contribution, and (c) plan earnings based on the participant's account balances. Investment fund management fees were also charged and reduced participant investment return.

Revenue Sharing Income

The Plan received revenue sharing income from Great-West that was deposited into an account and held as an asset of the Plan. Revenue sharing income was excess revenue generated by the Plan through fund revenue or plan fees.

Vesting

Prior to termination, participants were immediately vested in their elective deferral and rollover contributions, plus investment earnings thereon. Vesting in the remainder of their accounts was based on years of service. Participants vested 25% per year of credited service and were 100% vested after four years of credited service. Credited service was earned for each plan year in which the participant completed at least 1,000 hours of service.

In the event of death, retirement, or permanent disability, participants became 100% vested in all account balances.

Upon termination of the Plan, all participants became fully vested in their accounts.

Forfeitures

Prior to termination, accounts of terminated participants which were less than 100% vested were forfeited. Forfeitures were used to either (a) restore participant forfeitures (in the event a terminated employee is rehired), (b) pay administrative expenses, (c) reduce future employer contributions to the Plan, or (d) be allocated as an employer contribution.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Prior to termination, benefits were payable to eligible participants upon disability, death, early retirement, normal retirement at or after age 65, or termination of employment.

Benefit payments were made in a single lump sum payment, except for required minimum distributions which were required to commence no later than the attainment of age 72 and were made in installments.

In-Service Withdrawals

Prior to termination, participants could withdraw funds upon certain hardship situations defined by the Plan or upon attainment of age 59-1/2.

Notes Receivable from Participants

Prior to termination, participants could borrow up to the lesser of (a) 50% of their vested account balance or (b) \$50,000. In addition, the amount available to the participant would be reduced by the greatest outstanding loan balance within the previous 12 months. The Plan permitted only one participant loan at a time. Loans were due over a maximum of 5 years, or 10 years if the loan was for the purpose of acquiring a primary residence.

Administrative Expenses

Administrative expenses consisted of (a) investment management fees and audit and tax preparation fees paid from the revenue sharing income account held within the Plan. In the event the revenue sharing income account was not sufficient to cover these fees, the Plan sponsor would absorb such fees, and, (b) substantially all of the administrative fees such as recordkeeping, education, enrollment and legal services were paid by the Plan participants. During 2019, the Plan implemented plan fee levelization designed so that each participant pays the same portion of the plan-wide administration costs as all other participants in the Plan. For the year ended December 13, 2022, investment management fees were \$23,407, audit fees were \$22,850 and administrative fees were \$24,323.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan as of and for the years ended December 13, 2022 and December 31, 2021 are prepared on the liquidation basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events Review

In preparing its financial statements, the plan administrator has evaluated events and transactions for potential recognition or disclosure through October 13, 2023, the date the financial statements were available to be issued.

Investment Valuation, Methodologies and Income Recognition

As of December 13, 2022, the Plan had no assets or liabilities. As a result of the termination of the Plan, the investments at December 31, 2021 were stated at liquidation value, which approximated fair value.

The Plan's mutual funds were valued based on quoted market prices in an active market, which represented the net asset values of shares held by the Plan at December 31, 2021.

The Putnam Stable Value Fund was a common/collective trust, valued at fair value using the net asset value (NAV) practical expedient as determined by the issuer based on the current fair values of the underlying assets of the fund at December 31, 2021. It invested in high-quality guaranteed investment contracts ("GICs") and similar contracts issued by insurance companies, banks and other financial institutions. It also invested up to 75% of its assets in security-backed investment contracts ("SBICs"), including separate account products of insurance companies. The Fund invested at least 5% of its assets in high-quality money market instruments, cash, cash equivalents and stable value funds with investment policies and other provisions similar to those of the Fund, and may have invested without limit in these investments.

The Putnam Stable Value Fund attempted to maintain a stable price per unit of \$1.00; however, there was no assurance that the value of the units in the Fund would not fluctuate. Daily unit values were determined by dividing the Fund's net assets by the number of participating units outstanding on the valuation date. Contributions and redemptions to the Fund could be made daily at the current net asset value and were considered as made immediately after the daily valuation. Subject to certain restrictions, withdrawals from the Fund were generally permitted daily at contract value.

Purchases and sales of securities were recorded on a trade-date basis. Interest was recorded on the accrual basis as earned. Dividend income was recorded on the ex-dividend date.

Fair Value Measurements

The Plan adopted the provisions of the accounting standards regarding fair value measurements. The standard defines fair value, establishes a framework for measuring fair value under current accounting pronouncements that require or permit fair value measurement and enhances disclosures about fair value measurements. The standard defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical assets or liabilities as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes Receivable from Participants

Prior to termination, notes receivable from participants were loans valued at their unpaid principal balance plus any accrued but unpaid interest.

Benefit Payments

Prior to termination, benefit payments were recorded when paid.

3. FAIR VALUE MEASUREMENT

The Plan's investments, carried at fair value on a recurring basis by the fair value hierarchy levels described in Note 2, consisted of the following at December 31, 2021, with the exception of the common/collective trust measured at fair value using the NAV practical expedient. The fair value for the common/collective trust was provided below to permit reconciliation of the fair value hierarchy to the amount presented in the Statement of Net Assets in Liquidation.

Mutual funds (Level 1)	\$38,173,382
Common/collective trust (measured at net asset value)	<u>5,538,505</u>
Total investments at fair value	<u>\$43,711,887</u>

4. INCOME TAX STATUS

The Plan was adopted in the form of a prototype plan sponsored by Great-West Company, LLC that received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Plan is qualified in accordance with applicable sections of the IRC. Once qualified, the Plan was required to operate in conformity with the IRC to maintain its qualifications.

4. INCOME TAX STATUS (Continued)

Accounting standards require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 13, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan may still be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. INFORMATION CERTIFIED BY TRUSTEE (Unaudited)

The following is a summary of the unaudited information included in the Plan's financial statements that was prepared by Great-West Trust Company, LLC, Trustee and Custodian of the Plan (see Note 1), and furnished to the plan administrator. The plan administrator has obtained certification from the Trustee and Custodian that such information is complete and accurate:

Statement of Changes in Net Assets in Liquidation:
Net depreciation in value of investments
Interest and dividend income
Interest income on notes receivable from participants
Revenue sharing income
