Independent Auditors' Report

To the Plan Administrator
J. F. Sobieski Mechanical Contractors, Inc.
401(k) & Davis-Bacon Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the J. F. Sobieski Mechanical Contractors, Inc. 401(k) & Davis-Bacon Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Prior Period Restatement

As described in Note L, the 2021 financial statements have been restated. Our conclusion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material

misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

To the Plan Administrator

Supplemental Schedule Required by ERISA

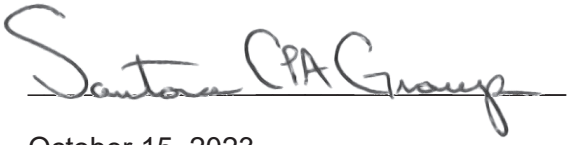

The supplemental schedules, Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to, or is derived from, the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note A - Description of the Plan

The following summary plan description of the J. F. Sobieski Mechanical Contractors, Inc. 401(k) & Davis-Bacon Plan (the Plan) is provided for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a participant-directed, defined contribution plan established by J. F. Sobieski Mechanical Contractors, Inc. (the Company) effective January 1, 1989. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The general administration of the Plan and the responsibility for carrying out the provisions of the Plan are maintained by a committee (the Committee) appointed by the Company. In accordance with the provisions of the Plan, Principal Life Insurance Company (Principal) is acting as the Trustee and Atlantic Pension Services as the third-party Plan Administrator. The third-party Plan Administrator assists the Committee with meeting all compliance requirements. The Trustee holds the assets of the Plan, maintains participant account records, and executes transactions at the direction of the Committee. The Trustee also reports to the Plan's management regarding investments and changes in these investments.

The assets of the Plan also include a Davis-Bacon component, where participants are 100% vested in amounts held by the Plan.

2. Eligibility

All employees are automatically enrolled upon date of hire at a 2% deferral rate, so long as they have attained the eligible age of 18. The age requirement does not apply to Qualified Non-Elective Contributions (QNEC), as described in the Plan document. Employees subject to QNEC are eligible immediately.

3. Contributions

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan, not to exceed $20,500 and $19,500 for the years ended December 31, 2022 and 2021, respectively. Plan participants over age 50 may defer an additional $6,500 in catch-up contributions for the years ended December 31, 2022 and 2021.

Note A - Description of the Plan (Continued)

3. Contributions (Continued)

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Pursuant to the terms of the Plan, the Company may elect to match a percentage of employer contributions up to a percentage of qualifying compensation for each contributory participant. The Company, at its discretion, may also make an annual contribution as determined by the Board of Directors, which will be allocated to each participant in the ratio that the participant's compensation bears to the compensation of all participants. The Company may elect to forego the matching and/or the discretionary contribution in any year. Additionally, as of January 1, 2012, the Company may, at its sole discretion, make QNEC to the Plan in an amount necessary to meet the Company's requirements under applicable prevailing wage statutes.

4. Participants' Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and account earnings, and charged with an allocation of certain fees. Allocations are based on the participant's earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in the Company's matching contributions, plus actual earnings or losses thereon, is based upon years of continuous service as follows:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 years, but less than 3	20%
3 years, but less than 4	40%
4 years, but less than 5	60%
5 years, but less than 6	80%
6 years or more	100%

Note A - Description of the Plan (Continued)

5. Vesting (Continued)

Additionally, participants have a fully vested and nonforfeitable interest in any QNEC allocated to their account.

6. Benefits

Upon reaching normal retirement age (age 65) or upon permanent disability, all vested amounts credited to a participant's account become distributable. Distributions will be made as soon as administratively feasible following a participant's request. Participants may elect to receive either a lump-sum distribution or annuity payments. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Upon a participant's death, the participant's beneficiary is entitled to 100% of the participant's vested account balance.

7. Forfeitures

Upon a participant's termination date and prior to the time the participant becomes vested in his or her account, the nonvested portion, if any, shall be forfeited. These forfeitures will first be used to pay Plan expenses. Any forfeiture left after paying Plan expenses is used to reduce the Company's contributions. Forfeited amounts totaled $7,946 and $18,906 at December 31, 2022 and 2021, respectively.

8. Administrative Expenses

All distribution and investment expenses are paid directly through the Plan and are allocated to the participants. All other administrative and professional fees are paid by the Company.

9. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's loan fund. Loan terms shall not exceed 60 months unless for purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing rates as determined

Note A - Description of the Plan (Continued)

9. Notes Receivable from Participants (Continued)

quarterly by the Plan Administrator. Outstanding loans to participants at December 31, 2022 and 2021 were $125,929 and $166,136, respectively. Interest rates ranged from 4.25% to 6.50% at December 31, 2022 and 2021. Principal and interest are paid ratably through payroll deductions.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Risks and Uncertainties

The Plan's assets are invested in funds that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these funds, it is at least reasonably possible that changes in the values of these funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Payment of Benefits

Amounts paid to participants are recorded upon distribution.

Note B - Summary of Accounting Policies (Continued)

5. Valuation of Investments and Income Recognition

As of December 31, 2022, the Plan's investments are primarily comprised of mutual funds, which are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are valued using quoted market prices from national exchanges. The Plan's investments at December 31, 2022 also include pooled separate accounts, which are valued using net asset value, as reported by the accounts, as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Pooled separate accounts are available for redemption on a daily basis.

As of December 31, 2021, the Plan's investments are primarily composed of pooled separate accounts.

See Note I for further discussion of the Plan's guaranteed investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

6. Fair Value Measurement

The Plan follows authoritative guidance issued by Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, which defines fair value, establishes guides for measuring fair value, and prescribes disclosures regarding fair value measurement.

FASB ASC 820 establishes a hierarchy for information and valuations used in measuring fair value, which is broken down into the following three levels:

Level 1: Valuations are based on quoted market prices in active markets for identical assets or liabilities.

Note B - Summary of Accounting Policies (Continued)

6. Fair Value Measurement (Continued)

Level 2: Valuations are based on inputs that are observable, either directly or indirectly, other than quoted prices included within Level 1.

Level 3: Valuations are based on information that is unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

7. Certifications

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. The assets of the Plan are held by the Trustee. Accordingly, the Trustee has certified that certain data included in the accompanying financial statements and supplemental schedules (see Note C) are complete and accurate.

8. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

9. Corrective Distributions

Corrective distributions are required in the event that employee contributions exceed contribution limitations of the Plan due to failed compliance tests. Corrective distributions are recorded as a liability in the

Note B - Summary of Accounting Policies (Continued)

9. Corrective Distributions (Continued)

year in which they were initially contributed to the Plan and are netted against contributions because the contributions were ineligible for that year. There were no corrective distributions for the years ended December 31, 2022 and 2021.

Note C - Information Certified by the Plan's Trustee

The following is a summary of the Plan's financial information as of and for the years ended December 31, 2022 and 2021, included throughout the Plan's financial statements and supplemental schedules, which was prepared by or derived from information provided by Principal and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to this information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following:

	2022	2021
Investments, at fair value		
Pooled separate accounts	$ 290,565	$ 12,578,502
Shares of registered investment companies	$ 10,530,028	$ -
Fully benefit-responsive investment contracts, at contract value		
Guaranteed investment contracts	$ 55,078	$ 54,886
Receivables - notes receivable from participants	$ 125,929	$ 166,136
Net depreciation in fair value of investments	$ (2,436,698)	
Interest income on notes receivable from participants	$ 6,688	
Dividend income	$ 179,450	

Note D - Plan Termination

Although there has been no expressed intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note E - Tax Status

The Company adopted a nonstandardized prototype plan provided by the Trustee, who received an Internal Revenue Service opinion letter dated June 30, 2020, which stated that the plan, as designed, is in compliance with the applicable section of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2019.

Note F - Party-In-Interest Transactions

Certain Plan investments consist of mutual funds, units of pooled separate accounts, and a guaranteed interest account administered by Principal. Principal is the Trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions.

Note G - Commitments and Contingencies

In the normal course of business, there are various commitments and contingencies outstanding that are not reflected in these financial statements. In the opinion of the Plan Administrator, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations.

Note H - Fair Value Measurements

For the year ended December 31, 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year, depreciated in value by $2,436,698.

The table below presents the Plan's investments measured at fair value on a recurring basis by level within the hierarchy established by FASB ASC 820.

	Assets at Fair Value at December 31, 2022			
Description	Level 1	Level 2	Level 3	Total
Investments measured at fair value				
Shares of registered investment companies	$ 10,530,028	$ -	$ -	$ 10,530,028
Investments measured at net asset value				290,565
Total investments, at fair value				$ 10,820,593

At December 31, 2021, investments measured at net asset value were $12,578,502.

Note I - Fully Benefit-Responsive Investment Contract with Principal

The fully benefit-responsive investment contract with Principal (Principal Guaranteed Interest) is a traditional investment contract issued by Principal. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this would be the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan:

Note I - Fully Benefit-Responsive Investment Contract with Principal (Continued)

	2022	2021
Traditional investment contract	$ 55,078	$ 54,886

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.

2. Premature termination of the contracts.

3. Plan termination or merger.

4. Changes to the Plan's prohibition on competing investment options.

5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note I - Fully Benefit-Responsive Investment Contract with Principal (Continued)

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines,

2. A breach of material obligation under the contract,

3. A material misrepresentation, or

4. A material amendment to the agreements without the consent of the issuer.

Note J - Prohibited Transactions

During 2022, the Company failed to remit to the Plan's Trustee, within the period prescribed by DOL regulations, certain employee contributions totaling $345,450. The Company also had $79,506, $66,423, $37,506, $67,986, $68,642, $87,552, $93,159, and $73,060 in late remittances of employee contributions for the years ended December 31, 2021, 2020, 2019, 2018, 2017, 2011, 2010, and 2009, respectively. Delays in remitting contributions to the Trustee were due to administrative errors. The Company has not reimbursed the Plan for lost interest on these remittances under the Voluntary Fiduciary Compliance Program.

Note K - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits for the years ended December 31,:

	2022	2021 (Restated)
Net assets available for benefits - as disclosed in the financial statements	$ 11,329,671	$ 12,806,718
Adjustment for deemed distributions	-	3,108
Net assets available for benefits - as disclosed in Form 5500, Schedule H	$ 11,329,671	$ 12,809,826

Note K - Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of total benefits paid to participants for the year ended December 31, 2022:

Total benefits paid to participants - as disclosed in financial statements	$ 727,255
Add: deemed distributions	3,108
Total additions - as disclosed in Form 5500, Schedule H	$ 730,363

Note L - Prior Period Adjustment and Restatement

The statement of net assets available for benefits as of December 31, 2021 has been restated to remove the employer match receivable of $319,767. The Company decided not to fund the discretionary 2021 employer match subsequent to the issuance of the 2021 financial statements.

The impact on the statement of net assets available for benefits as of December 31, 2021 is as follows:

	As Previously Reported	Prior-Period Adjustment	As Restated
Receivables - employer contributions	$ 319,767	$ (319,767)	$ -
Net assets available for benefits	$ 13,126,485	$ 319,767	$ 12,806,718

Note M - COVID-19 Pandemic

The full impact of the COVID-19 pandemic continues to evolve as of the date of this report. Management is actively monitoring the situation and its impact on the Plan. Given the nature of the situation, the Plan is not able to estimate any adverse effects the COVID-19 pandemic may have on its results of operations, financial condition, or liquidity in future periods.

Note N - Subsequent Events

The Plan evaluated subsequent events through October 15, 2023, the date the financial statements were available to be issued.
