INDEPENDENT AUDITOR'S REPORT

To the Administrators and Participants of the
Hahn Ready-Mix Company 401(k) Plan
Davenport, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Hahn Ready-Mix Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hahn Ready-Mix 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the years ended, December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hahn Read-Mix Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hahn Ready-Mix Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Auditor's Responsibilities for the Audit of the Financial Statements, continued

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hahn Ready-Mix Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hahn Ready-Mix Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2022, and assets (held at end of year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HAHN READY-MIX COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. Description of the plan

The following brief description of the Hahn Ready-Mix Company 401(k) Plan (the “Plan”), a contributory defined contribution plan, is provided for general information purposes only. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions. The Plan was adopted on January 1, 2013 as the Brilex, LLC 401(k) Savings and Retirement Plan. Effective January 1, 2016, the Plan changed its name to the Hahn Ready-Mix Company 401(k) Plan after a corporate reorganization of several of the participating employers.

The Plan covers any employee of BRELL LLC (d/b/a Edwards Ready Mix) and Hahn Ready-Mix Company (collectively, the “Company” or “Plan Sponsor”) who has three consecutive months of service, is not covered by a collective bargaining agreement, is not a leased employee, and is not a non-resident alien. Employees who do not complete three consecutive months of service become eligible on the one year anniversary of their hire date. Employees become participants on January 1, April 1, July 1 or October 1 immediately following completion of the service eligibility requirements. The Plan allows participants to designate all or a portion of their elective deferrals as ROTH elective deferrals. ROTH elective deferrals are accounted for separately in the respective participant’s account. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On March 27, 2020, The Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act provided fast and temporary relief for retirement plan sponsors and their participants. The provisions of the CARES Act were allowed to be effective and implemented immediately, prior to amending the plan document. The plan implemented the following relief provisions, which did not have a significant impact on the Plan’s net assets available for benefits. Impacted participants were allowed to make Coronavirus-related distributions of up to \$100,000 before December 31, 2020. In addition, required minimum distributions were waived for the 2020 calendar year. Plan management formally amended the Plan for these provisions November 12, 2021.

Contributions

The Plan is funded by contributions from participants in amounts up to 75% of eligible compensation limited to the maximum amount deductible by salary reduction under the Internal Revenue Code (“IRC”). The Plan includes an auto-enrollment provision which automatically enrolls eligible participants at 3% unless they make an alternative election or elect not to contribute. Participants may change their deferral election at any time, with it becoming effective with the following payroll. The Plan is a safe harbor plan and is also funded by 100% Company matching contributions not to exceed 3% of the participant’s compensation, plus 50% of employee deferrals in excess of 3%, up to 5% of the participant’s compensation, for the Plan year.

1. Description of the plan, continued

Contributions, continued

Participants are eligible for the Company safe harbor matching contributions as soon as they are eligible to make deferrals. The Company is also funded by discretionary matching contributions. Participants must have more than 1,000 hours of service and be employed on the last day of the Plan year to be eligible for discretionary matching contributions. These requirements are waived for participants who terminate service due to death, disability, or attainment of normal retirement age, as defined in the Plan Agreement. The Company made no discretionary matching contributions in 2022 or 2021. Participants may also rollover or transfer amounts representing distributions from other qualified retirement plans.

Participant accounts

Each participant's account is credited with participant contributions, the Company's matching contributions, an allocation of Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferrals, employer matching contributions and rollover contributions plus actual earnings thereon, as defined in the Plan Agreement.

Investment options

Upon enrollment in the Plan, participants direct the investment of their contributions into various investment options offered by the Plan. For participants who are automatically enrolled, their contributions are invested in a default investment, as defined in the Plan Agreement. Participants may change their investment options at their discretion; changes become effective on the next business day. An advisory committee, consisting of selected Company employees, meets periodically to review investment performance and change investment offerings as deemed necessary. During 2022, the advisory committee made no changes to investment options. During 2021, the advisory committee added one additional investment option in order to achieve better performance.

Forfeited accounts

Due to the fact that participants are immediately fully vested in all contributions to their accounts and earnings thereon, the Plan generally does not hold any forfeited accounts. However, in the event of incorrect contributions to a participant's account, such as an improperly calculated employer matching contribution or qualified non-elective contribution, the Company may elect to move these funds to a forfeiture account within the Plan rather than having them returned to the Company. The Plan held \$433 and \$428 in a forfeiture account as of December 31, 2022 and 2021, respectively. These funds will be used to reduce future employer matching contributions or pay plan expenses. During 2022 and 2021, the Plan used \$-0- and \$468, respectively, from the forfeiture account to reduce employer matching contributions. The Plan earned interest of \$5 and \$334 on forfeitures during 2022 and 2021, respectively.

1. Description of the plan, continued

Payment of benefits

Upon retirement, death, disability or termination of service, participants receive an amount equal to the value of their vested benefit. Participants receive their vested benefit in a lump-sum payment or can roll over their account to an individual retirement account or another qualified plan. For accounts with a value of \$5,000 or less, the participant's account will automatically be paid to the participant in a lump sum upon termination, if no election was completed.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the contract.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures in the financial statements. Actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 5 for discussion of fair value measurements.

2. Summary of significant accounting policies, continued

Investment valuation and income recognition, continued

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date.

Concentration of investment risk

As of December 31, 2022 and 2021, approximately 85% and 89% of the Plan's investments were held in two mutual fund families, respectively. In addition, approximately 47% and 51% of the Plan's investments were held in two individual mutual funds as of December 31, 2022 and 2021, respectively. These mutual fund families and the individual mutual funds identified held in excess of 10% of the Plan's total investments at December 31, 2022 and 2021.

Payment of benefits

Benefits are recorded when paid.

Income tax status

The Plan is a nonstandardized prototype plan. The Internal Revenue Service ("IRS") has determined and informed the custodian in a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been restated and amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent events

Management has evaluated subsequent events through October 4, 2023, the date in which the financial statements were available to be issued.

3. Information prepared and certified by Empower Annuity Insurance Company of America ("Empower Annuity"), and Empower Trust Company, LLC ("Empower Trust")

All investment assets of the Plan were held by Empower Annuity and Empower Trust, parties-in-interest, as of December 31, 2022 and 2021. Empower Annuity and Empower Trust were previously known as Great-West Life and Great-West Trust. All investment transactions during the years then ended were executed under formal custody agreements between the Plan and Empower Annuity and Empower Trust. All securities bought, sold or exchanged were executed under these agreements. Such financial information has not been audited by independent auditors.

3. Information prepared and certified by Empower Annuity Insurance Company of America (“Empower Annuity”), and Empower Trust Company, LLC (“Empower Trust”), continued

In accordance with the provisions of Section 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, Empower Annuity or Empower Trust have certified the following unaudited financial information to be complete and accurate with respect to the Plan’s assets held by them as of December 31, 2022 and 2021 and investment activity for the years then ended:

	<u>2022</u>	<u>2021</u>
Investments at fair value:		
Mutual funds	<u>\$ 5,327,185</u>	<u>\$ 6,393,685</u>
Investment at contract value:		
Guaranteed interest general account	<u>\$ 53,792</u>	<u>\$ 62,213</u>
Investment income (loss):		
Net appreciation (depreciation) in fair value of investments	\$ (1,342,390)	\$ 796,098
Interest and dividends	<u>111,905</u>	<u>186,349</u>
	<u>\$ (1,230,485)</u>	<u>\$ 982,447</u>

4. Risks and uncertainties

The Plan provides for investments in various securities, which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

5. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

5. Fair value measurements, continued

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual funds are categorized in Level 1 of the fair value hierarchy as of December 31, 2022 and 2021. The Plan held no investments in Levels 2 or 3 of the fair value hierarchy as of December 31, 2022 and 2021.

The Plan's policy is to recognize transfers between Levels as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2022 and 2021, there were no transfers.

6. Guaranteed interest general account

The Plan holds a fully benefit-responsive investment contract with Empower Annuity. Plan assets invested in the guaranteed interest fund are commingled with the assets in the general account. The account is credited with earnings at the interest rate based on an effective annual rate of interest established for the corresponding six month period following January 1 and July 1 and charged for participant withdrawals and administrative expenses. The Plan's ability to receive amounts due in accordance with this contract is dependent on Empower Annuity's ability to meet its financial obligations which may be affected by future economic and regulatory developments.

The investment contract is fully benefit-responsive for participant-initiated transactions. The average yield earned by the Plan under this contract was 1.18% and 1.15% during 2022 and 2021, respectively. The minimum interest rate under the contract is 0%. Certain events limit the ability of the Plan to transact at contract value with Empower Annuity. Such events include: termination of the group annuity contract, amendments to the Plan document including partial or complete termination, changes to the Plan's prohibition on competing investment options and failure of the trust to qualify for exemption from federal income taxes. The plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The contract may be terminated by the Plan or Empower Annuity with at least 75 days written notice.

7. Administrative expenses

During 2022 and 2021, administrative fees for the maintenance of investments, contribution and distribution records and the processing of related transactions were paid by the Plan to Empower Retirement, a party-in-interest. These fees were \$60,451 and \$57,714 for the years ended December 31, 2022 and 2021, respectively.

Other administrative expenses, including audit fees, are paid by the Plan Sponsor.

8. Related party and party-in-interest transactions

The Company has an agreement with The Finway Group to provide record-keeping services, and with Empower Retirement to provide record-keeping, administrative, and custodial and transaction processing services for the Plan's investments. The Plan also has an agreement with Strategic Retirement Partners to provide investment management services. Other party-in-interest transactions are described in Notes 3 and 7.

During the plan years ended December 31, 2022 and 2021, the Company failed to remit employee contributions totaling \$13,584 and \$5,665, respectively, to the trust within the timeframe required by the Department of Labor under the plan assets rules.
