INDEPENDENT AUDITOR'S REPORT

To the Trustee,
City Winery 401(k) PS Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of City Winery 401(k) PS Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of City Winery 401(k) PS Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of City Winery 401(k) PS Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about City Winery 401(k) PS Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of City Winery 401(k) PS Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about City Winery 401(k) PS Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of the City Winery 401(k) PS Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established on January 1, 2016. Activity in the Plan commenced on November 14, 2016, upon transfer of assets from City Winery NY 401(k) Plan. Between November 14, 2016 and December 31, 2021, the following affiliated employer groups joined the Plan (collectively the "Sponsor" or "Company"): City Winery, LLC, City Winery New York, LLC, City Winery Nashville, LLC, City Winery Atlanta, LLC, City Vineyard, LLC, City Winery Napa, LLC, City Winery Chicago, LLC, City Winery DC, LLC, CWBR, LLC, City Winery Hudson Valley, LLC, City Winery Philadelphia, LLC, and City Winery NY - Pier 57, LLC. During the year ended December 31, 2022 City Winery Grand Central LLC, an additional affiliated employer, joined the Plan. Prior to November 14, 2016, there were no participants in the Plan. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees and their beneficiaries funds for retirement.

Eligibility

Employees of the Sponsor, with the exception of non-resident aliens, who are at least 21 years of age and have completed 1 year of service based upon hire date, are eligible to contribute to the Plan, starting the first day of the month following the completion of these 2 eligibility requirements.

Participant Accounts

Individual accounts are established for each participant. Each participant's account is credited with the participant's pre-tax contributions, Roth contributions, employer contributions and plan earnings. Each participant's account is reduced by withdrawals, losses on investments, forfeitures and plan administrative expenses. Allocation of plan earnings (losses) is based upon the relationship of a participant's account to the accounts of all participants in each investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Employee Contributions

Each year, eligible participants may make salary deferral contributions in any whole percentage from 1% to 90% of eligible compensation, as defined by the Plan, subject to Internal Revenue Service ("IRS") limitations. Under the Plan, participants may make tax deferred contributions, qualified rollover contributions and Roth elective contributions. Any participant, age 50 or over, may make an additional "catch-up" contribution as determined by the IRS. A participant may suspend contributions or may increase or decrease their level of participation at any time.

Employer Contribution

Effective January 1, 2022, the Plan has elected safe-harbor status, and therefore, an employer safe harbor matching contribution of 100% of each participant's elective deferrals not exceeding 3% of the participant's compensation, plus 50% of each participant's elective deferrals in excess of 3% but not in excess of 5% of the participant's compensation is calculated and made each payroll period. Safe harbor matching contributions made to participants' accounts are fully vested when contributed to the Plan by the Company. For the year ended December 31, 2022, the Company made safe harbor matching contributions of \$169,009 to the Plan.

City Winery 401(k) PS Plan
Notes to Financial Statements
December 31, 2022 and 2021

The Company may make a discretionary additional matching contribution. If the Company elects to make a discretionary additional matching contribution, the contribution may not exceed 4% of the participant's compensation and may not be calculated on deferrals exceeding 6% of the participant's compensation and will be calculated and made on each applicable payroll period. For the year ended December 31, 2022, the Company did not make additional discretionary matching contributions to the Plan.

The Company may also make a discretionary nonelective contribution to the Plan. If the Company elects to make a discretionary nonelective contribution, the contribution will be made regardless of participant service during the plan year and will be allocated based on the participant's compensation in proportion to total compensation for the plan year. For the year ended December 31, 2022, the Company did not make nonelective contributions to the Plan.

Distributions and Withdrawals

Prior to age 59 ½, distributions and withdrawals are not permitted from the Plan except in the instances of hardship, death, disability, or termination of employment. After attaining age 59 ½, participants may elect to withdraw an amount not to exceed 100% of the participant's vested account for any reason. In the event of termination of employment, a participant shall receive, as a lump-sum distribution, their participant contributions and earnings thereon and vested Company contributions and earnings thereon. Upon termination of service due to death, disability or early or normal retirement, a participant will automatically become 100% vested in his or her account balance. For termination of service or for other reasons, a participant will receive the value of the vested interest in his or her account.

Participants' Investment Options

Participants must either direct their salary deferral contributions to selected investments as made available and determined by the Sponsor or their contributions will be invested in a default investment fund selected by the Sponsor. Participants may change their investment options at any time throughout the year.

Vesting

A participant is fully vested in the portion of his/her account attributable to participant contributions and safe harbor matching contributions. The Company's contributions prior to January 1, 2019, additional discretionary matching and discretionary nonelective contributions are 100% vested after the completion of 6 years of continuous service based upon the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures are utilized to reduce employer matching contributions or plan expenses. During the year ended December 31, 2022, approximately \$0 and \$3,900 of forfeitures were used to offset employer contributions and pay Plan expenses, respectively. At December 31, 2022 and 2021, the balance in the forfeitures account was approximately \$2,200 and \$3,200, respectively.

City Winery 401(k) PS Plan
Notes to Financial Statements
December 31, 2022 and 2021

Notes Receivable From Participants

Participants with a minimum vested account balance of \$1,000 may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loans must be fully repaid within 5 years, unless the loan is utilized for the purchase of a primary residence, which must be repaid within 30 years. The loans are secured by the balance in the participant's account. Principal and interest are paid through weekly payroll deductions. The Plan allows 1 outstanding loan per participant. At December 31, 2022, interest rates ranged from 4.25% to 5.00% with various maturity dates through June 2027.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully-benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned and dividend income is accrued on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

The expenses necessary to administer the Plan, including but not limited to, retaining necessary professional assistance from an attorney, an accountant or an investment advisor are paid by the Company. In addition, participants are charged service fees for any loan and distribution transactions they request which are reflected in the financial statements as administrative expenses. Other investment related expenses have been offset with net investment income reported by the Plan and are not readily determinable. All other expenses of the Plan are paid by the Plan Sponsor.

Notes Receivable From Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant notes are reclassified as distributed based upon the terms of the Plan document.

City Winery 401(k) PS Plan
Notes to Financial Statements
December 31, 2022 and 2021

Excess Contributions Payable

Amounts payable to certain participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks and domestic and global market conditions. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could significantly affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. INFORMATION CERTIFIED BY THE CUSTODIANS (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by Great-West Annuity & Insurance Company of New York and Great-West Trust Company, LLC ("Great-West"), the custodians, for the years ended December 31, 2022 and 2021, except for comparing such information with the related information included in the financial statements. Based on information provided and certified by the custodians, there are no fixed income obligations, leases of debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2022 and 2021.

The following information, as of and for the years ended December 31, was prepared from reports certified by the custodians as complete and accurate:

4. FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Registered Investment Companies: Investments in registered investment companies consist of shares of mutual funds that are valued at quoted market prices, which represent the net asset value of the shares held by the Plan at year-end.

Common Collective Trust (“CCT”): The fair value of participation units in the CCT is based upon the net asset values of such fund. The net asset value (“NAV” or “contract value”) is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Contract value of the CCT represents contribution made under the contract, plus earnings, less Plan withdrawals and administrative expenses. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the CCT, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

City Winery 401(k) PS Plan
Notes to Financial Statements
December 31, 2022 and 2021

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31.

2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 516,043	\$ -	\$ -	\$ 516,043
Investments measured at NAV (a)				1,218,600
Investments at fair value				<u>\$ 1,734,643</u>

2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 631,862	\$ -	\$ -	\$ 631,862
Investments measured at NAV (a)				1,420,448
Investments at fair value				<u>\$ 2,052,310</u>

(a) In accordance with Subtopic 820-10, certain investments that are measured at NAV value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. FAIR VALUE OF INVESTMENTS IN CERTAIN ENTITIES THAT CALCULATE NET ASSET VALUE PER SHARE

The following table sets forth the Plan's investments for which fair value is estimated using the NAV per share (or its equivalent) practical expedient as of December 31:

<u>2022</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trust	<u>\$ 1,218,600</u>	None	Daily	None

<u>2021</u>	<u>Fair Value</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trust	<u>\$ 1,420,448</u>	None	Daily	None

6. INVESTMENT CONTRACT WITH INSURANCE COMPANIES

The Plan has a fully-benefit responsive group annuity contract with an insurance company, which is called The Key Guaranteed Portfolio Fund. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan with no conditions, limits or restrictions. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The guaranteed account is included in the financial statements at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy and (6) early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average rate for 2022 was 0.93%

7. PLAN TERMINATION

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend or terminate the Plan at any time by resolution of its Board of Trustees. All participants shall receive a total distribution of their accounts as described in the Plan document.

8. TAX STATUS

The Plan adopted a prototype non-standardized profit sharing 401(k) plan. By letter dated June 30, 2020, the IRS has determined that the prototype plan and related trust are designed in compliance with the applicable sections of the IRC. The Plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Furthermore, there are no tax related interest or penalties included in the financial statements presented.

9. PARTIES-IN-INTEREST

During the year ended December 31, 2022, there were transactions involving the investment of Plan assets in a money market fund and a CCT with Great-West, the custodian of the Plan, that qualify as party-in-interest transactions. Fees paid to Great-West by the Plan for services amounted to approximately \$39,000 for the Plan year ended December 31, 2022. These fees are paid directly by the Plan as part of administrative expenses. Payments of these fees qualify as party-in-interest transactions. Fees are deducted from account earnings prior to allocation of investment returns. Transaction fees incurred by the Trustee and registered investment companies are absorbed in investment income and are not readily determinable. Notes receivable from participants are transactions with participants which qualify as exempt party-in-interest transactions.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The financial statements utilize the accrual basis of accounting, whereas Form 5500 is reported on the cash basis of accounting.

The following is a reconciliation of amounts per the financial statements to Schedule H of Form 5500 at December 31:

	<u>2022</u>	<u>2021</u>
Net assets available for plan benefits per the financial statements	\$ 1,941,792	\$ 2,148,922
Contributions receivable	<u>(7,912)</u>	<u>(43,987)</u>
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 1,933,880</u>	<u>\$ 2,104,935</u>

The following is a reconciliation of the net change in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2022:

	<u>2022</u>
Net change in net assets available for benefits per the financial statements	\$ (207,130)
Add: prior year employer qualified non-elective contributions	
receivable remitted in the current year	<u>36,075</u>
Net change in net assets available for benefits per Schedule H of Form 5500	<u>\$ (171,055)</u>

11. QUALIFIED NON-ELECTIVE CONTRIBUTION

For plan years prior to 2022, the Company determined it had inadvertently failed to correctly calculate deferrals for certain employees. The Company determined that the qualified non-elective contribution required to correct the errors totaled \$43,987, which is accrued as employer contributions receivable at December 31, 2021. During 2022, the Company corrected \$36,075 of qualified non-elective contributions originating prior to 2022 in addition to \$2,357 of additional qualified non-elective contributions identified during the correction process. The Company intends to take corrective action relating to the remaining missed deferrals as soon as administratively feasible, which are accrued as employer contributions receivable totaling \$7,912 at December 31, 2022.
